

13/12/43 - No. 21

ARMY WALL-NEWSPAPER SERVICE FOR THE MINERS

By arrangement between the War Office and the Ministry of Fuel & Power, the A.B.C.A. Map Review of the War is to be made available to miners through their Pit Production Committees and Miners' Institute.

This fortnightly pictorial wall-newspaper, which is issued by the Army Bureau of Current Affairs to all units of the Fighting Forces, is a first class example of modern adult education technique, and will provide an up-to-date and objective survey of events as a basis for discussion among the miners.
