

# The Daily Texan

When will the whirlpool of varsity activities slacken for a while? To our minds it seems that the fall term is one darned thing after another.

First College Daily in the South.

Member United Press.

"Oh, please get me one of those attractive frosh caps," exclaimed the pretty co-ed to the sophomore, who immediately jumped his freshman for the chase.

VOL. XX.

AUSTIN, TEXAS, MONDAY, NOVEMBER 24, 1919.

NO. 46

## HEROIC VICTORY OF 1916 IS RE-ENACTED FOR TEXAS ROOTERS

Will Witness 21-7 Texas Victory Tonight at "Y"; Boys Tomorrow Night.

Scenes of old glorious times will be re-enacted in the Y. M. C. A. Auditorium tonight at 7 p. m. when the members of the University will assemble to witness on the screen the immortal performance of 1916 when the Texas football team gored the Longhorn aggregation to death in that famous 21-7 fight-to-the-finish.

### Frosh to Get Texas Spirit.

The same performance will be staged tomorrow night at 7:15 in the Y. M. C. A. Auditorium for the freshmen. Casey Jones sends out a long appeal for a large attendance at these rallies, especially the one Tuesday night when varsity freshmen will be on hand strong in order to become the more instilled with the Texas traditional spirit of "over-say-die."

### A Prelude for Thursday.

The showing of this picture furnishes an unexcelled opportunity for followers of the orange and white to see with their own eyes one of the grandest struggles ever recorded in Texas gridiron history. In order to get into the spirit of the approaching battle, it is considered essential that all rooters be on hand for this preparatory step toward the coming red-for-defeat of the Texas Aggies.

## Dangerous Radicals Being Smuggled in U. S. Is Report

United Press  
NEW YORK, Nov. 24.—Dangerous radicals are being smuggled into the United States at a rate of one hundred per day, according to data collected by the house immigration committee here. They are now investigating the alleged failure of the department of labor to deport alien radicals. Chairman Johnson said that at numbers are entering Mexico from both coasts and are then being smuggled across the border by Soviet agents.

## LONGHORN RIFLE CLUB ELECTS OFFICERS AND PLANS ACTIVE SEASON

At a meeting Sunday night in the Y. M. C. A. auditorium the Longhorn Rifle Club elected the following officers: W. E. Lowry, president; S. H. Sey, vice-president; W. B. Treadwell, secretary; and Scott Anderson, treasurer.

After several years of inactivity, a general reorganization was found necessary; and a committee was appointed to secure new affiliation with the National Rifle Association and procure Springfield or Enfield rifles in place of the Kraggs now used by the club. It was decided to make arrangements so as to allow the members to shoot as often as they wished, and in order to do this a number of requests are required. Everyone interested is requested to attend the next meeting which will be announced shortly.

## President Will Consider Strike Troubles Tomorrow

United Press  
WASHINGTON, Nov. 24.—The element of the coal strike is expected to be put squarely to the president after meeting his cabinet tomorrow. The cabinet is slated to review the whole situation with both the coal miners and the operators, including the operators' contention that the public will be forced to pay the wage increases if granted. Operators say that they will not give more than a twenty per cent increase as so ordered by the government.

## DELAYED DIRECTORY MAKES APPEARANCE

Guide to University Students Being Distributed From Registrar's Office.

After numerous delays the directory of the University of Texas is at last ready for distribution, according to information received this morning from Mr. Graff, secretary to the president. These directories are given out free of charge to those connected with the University. Four thousand copies have been printed and are now waiting for callers at the registrar's office.

### Contains New Feature.

The directory this year includes a new feature in the addition of one hundred and fifty names of those students and faculty members of the Mines and Metallurgy Department, located at El Paso. The main university and the Medical Department are treated separately.

The directory is published in condensed form, giving the Austin residence and phone number of every student and faculty members in the University of Texas. The home address of students is also included opposite the names, which are arranged in simple alphabetical order.

## FROSH FAIL TO SHOW CLASS ENTHUSIASM

Little class spirit is being shown by the freshmen this fall. President Roy Walker called a meeting for 4 o'clock Friday in the Law Auditorium, but not enough members of the class were present to form a quorum.

Numbers of the green "overseas" freshmen caps are appearing about the campus, and the leading men of the class are out trying to get more to wear them, securing co-operation and fellowship and class spirit at the very first of their University career. Another meeting will be called during the coming week, and all freshmen are urged to be present since entertainments will be discussed and ways and means for securing class spirit adopted.

## MAY INSTALL GEOLOGY FRATERNITY AT TEXAS

Arthur C. Deen, tutor in geology, has written to the Sigma Gamma Epsilon honorary geologic fraternity at the University of Oklahoma at Norman, Oklahoma, petitioning that a chapter be established in the University of Texas.

This fraternity is one of the highest student honorary fraternities in the field of science, and only students who have reached sophomore standing, and who have completed at least three courses in geology with high standing, are eligible for membership.

It is felt that since there are over five hundred students in the University taking geology, and many more specializing in other branches of the subject, that a chapter will be secured.

## MILAM COUNTY CLUB MEETS.

Additional officers were elected at a meeting of the Milam County Club last Friday, as follows: Social committee, Agnes Cook and Hilton E. Howell. Elliott Atkinson was elected sergeant-at-arms. Plans were discussed at this meeting for having a picture made for the Cactus. It was decided that the social committee should begin to make plans in the near future for some kind of social affair whereby all students from Milam County might be brought together for a jolly good time.

## SOCIAL CALENDAR FOR WEEK ENDING NOV. 29.

Wednesday, Oct. 26—Thanksgiving reception at House of Representatives.

D. K. E. Dance at Elks' Hall. Friday, Oct. 28—Thanksgiving German at K. C. Hall.

LILA CASIS, Dean of Women.

## VANDERBILT MAN SPEAKS TONIGHT

Dr Edwin Mims to Lecture on "Imagination in Life and Literature."

Dr. Edwin Mims, of the English faculty of Vanderbilt University, who is to lecture tonight at 8 o'clock at the University Y. M. C. A. auditorium on "Imagination in Life and Literature" arrived in Austin this morning and is the guest of Dr. L. W. Payne, Jr.

It is stated that this lecture will be of interest to every member of the student body. It will be of popular type. Dr. Mims is widely known as a platform speaker. The lecture will be free to all.

## "Y" BUREAU HELPS STUDENTS GET JOBS

Statements from the secretarial force of the Young Men's Christian Association of the University are to the effect that between 150 and 200 students have been placed in jobs this year which will probably net these students not less than \$4,000. It is estimated that at least one-half of these positions are permanent, and those holding them are able to earn enough to pay the monthly board bill and in many cases considerably more.

### Need Men to Fill Positions.

More jobs are on file at the Y. M. C. A. than the employment bureau is able to find men to fill, and they are still coming in. Austin employers are always desirous of employing students when it is at all feasible, according to James Anderson, Jr., assistant secretary.

One Austin manufacturer is calling for fifteen men to work in his plant, and is offering employment for all the time the students can put in from now until Christmas and probably later.

The employment bureau is a regular part of the work of the local association for the benefit of those students who are earning a part or all of their school expenses, and proves especially useful to such students who are in the University for the first time. No charge is made for the service.

## PRESS CLUB TO HEAR VINSON

Prexy Will Outline Scope of Work at Meeting Tonight.

All students of the University who are interested in newspaper work and who are especially interested in furnishing the news of the University to the papers of their home counties are invited to attend the open meeting of the Press Club in main building, 157, tonight at 7.

President R. E. Vinson will address the meeting on the subject of the value of such work to the University and the need of it to the University.

### Representative Members Elected.

The committee on the selection of the members for the organization took into consideration in the choice of members the journalistic record of the student, his willingness and desire to work, his executive ability in organization, and the representation of every section of the state.

Local reporters from various sectional clubs who were not elected to membership, and who are interested are urged to keep up their work, as a record is kept in the club of all work done by those not members, the names of the writers are signed to all the stories, and the records thus kept in the publicity office will likely furnish valuable information to the club when vacancies are to be filled.

### To Organize Permanently.

The plans of the organization will be made at the meeting this evening and permanent officers will be elected, according to the statement made by Ruby A. Black, temporary chairman.

## SHORTHORNS TRIM SAN ANTONIO 'Y'

Varsity Men Run Wild With Alamoites Saturday; Score 34-0.

The Shorthorns journeyed to San Antonio Saturday and easily defeated the Y. M. C. A. by the score of 34 to 0. Approximately fifteen hundred persons witnessed the game, and formed a favorable impression of the material that may compose next year's Longhorns.

### Two Touchdowns First Quarter.

At the beginning of the affair, the Shorthorns had some trouble in getting their plays off properly. But when they began to run true to form, nothing could stop them. A couple of passes in the first quarter to McCullough netted two touchdowns while during the remainder of the game Watson's brokenfield running resulted in three more. All of the goals after touchdowns were kicked with the exception of one.

### Watson Stars.

"Rat" Watson stood supreme as the star of the game. All of the touchdowns were based upon his passing and brokenfield running. He displayed

(Continued on page 2.)

## Baffling Bill Carlisle Is Believed by Officials To Be on Way to Texas

By United Press

DENVER, Nov. 24.—Baffling Bill Carlisle is still A. W. O. L. from the Wyoming penitentiary. The Phantom train robber was last reported in a telegram from Calumet, Okla., as if en route to Texas.

Letters have been received from Carlisle addressed to his pursuers, one being mailed in Denver and the other from Omaha. The Denver note read, "please give my regards to the Union Pacific officials," and was in Carlisle's handwriting. Detectives combed the city in their efforts to capture the robber.

Other clues which have been received by the officers are regarded as the work of practical jokers. The hunt for Carlisle in Wyoming continues with the guarding of trains. However, the officials believe that he has escaped from the state.

## Lansing Expects Mexico's Reply to U. S. Demand Soon

By United Press

WASHINGTON, Nov. 24.—Mexico's reply to the American note demanding the release of Jenkins is expected to be placed before Lansing today or tomorrow it is learned at the White House. It is reported that the answer will be evasive and release of Jenkins will be refused on the ground that he is alleged to have conspired with Anti-Carranza rebels. The United States government still believes that the will be released and possibly an apology will be made.

## Delegates of National Labor Party Complete Organization

By United Press

CHICAGO, Nov. 24.—Delegates attending the National Labor Party Convention completed their organization today. A platform is being drafted and will probably be submitted tomorrow.

### NOTICE.

There will be a mass meeting of the men students of the University at the men's gymnasium on Tuesday, November 25, at 12 o'clock, to consider with the president certain matters of vital importance to the University. All classes are suspended at that hour in order to enable the men to attend.

ROBERT E. VINSON, President.

## LIEUT. DAVID CARB LECTURES TUESDAY

Former Student Who Saw Service in France Speaker at "Y."

Lieutenant David Carb, who attended the University of Texas one year, will deliver a free public lecture at the University Y. M. C. A. auditorium next Tuesday night at 8 o'clock. He comes here under the auspices of the French High Commission.

Lieutenant Carb has had a notable career. He is a native of Fort Worth and took his degree at Harvard in 1909. For the next five years he was an instructor at the Massachusetts Institute of Technology. In January, 1915, he went to France to drive an American ambulance. He returned to America and sought to enlist in the army but was rejected for physical reasons. He went back to France for the American Red Cross. He was rejected at American G. H. Q. in France and volunteered in the French Foreign Legion where he saw hard service.

Lieutenant Carb has contributed articles to the Century, the North American Review, the New Republic, Collier's and other magazines.

## ZOOLOGY PROFS. WILL READ PAPERS BEFORE ST. LOUIS GATHERING

Dr. J. T. Patterson, chairman of the school of zoology, and Dr. T. S. Painter, professor of comparative anatomy, have been invited to attend the annual meeting of the American Association of Zoologists during the Christmas holidays at St. Louis, Mo., for the purpose of presenting their latest discoveries in experimental zoology.

Dr. Patterson will deliver a talk on polyembryony in various insects which he has been carefully studying for the past eight or ten years, and on which he has published some very important papers in the leading American journals.

### An Authority on Reptiles.

Dr. Painter, a captain in the air service, on his discharge from the army, returned to his special field in zoology, spermatogenesis, in which he specialized at the Sheffield Scientific School of Yale, and has given all his time to the spermatogenesis of reptiles, which are very common about Austin.

Dr. Painter has made some very interesting discoveries which will aid zoologists in solving the problems of heredity. He will present a paper before the national meeting on reptilian spermatogenesis, using material secured through work on the little green lizard chameleons which he secured in East Wood, northeast of the University campus.

## CURRIE REPORTS GOOD TEXAS REPRESENTATION

Late word from Thomas W. Currie, secretary of the local University Y. M. C. A., who is in attendance upon the International Convention of Young Men's Christian Associations at Detroit, states that there is a large representation of Texas men at the conference.

Mr. Currie, who is one of the oldest men in Y. M. C. A. work in point of continuous service with one college association, is in conference with John R. Mott, international secretary, and L. A. Coulton, Texas state secretary, on the question of continued leadership for college associations.

Mr. Currie has been actively identified with the University Y. M. C. A. as general secretary since 1912.

## Peace Conference Receives Bulgarian Representative

By United Press

PARIS, Nov. 24.—The Peace Conference today accepted the credentials of M. Stambouliski, Bulgarian representative, who is to sign the Bulgarian treaty Thursday it was announced.

## HARD SCRIMMAGE MARKS LONGHORN WORK PAST WEEK

A. & M. Strong but Texas Relies on Superior Team Work.

(By Scott Anderson.)

Clark Field during the past week has been the scene of bustling activity. Texas coaches, the Juneau-Van Gent-Whittaker combination, have been driving the Longhorn squad at a fast clip in preparation for what is conceded to be no easy task, that of trouncing the Farmers on Thursday. The week was spent in signal drill and in hard scrimmaging with the Shorthorns. The three days remaining before the game will be taken up with light scrimmage and signal practice.

### Opponent Strong.

That Texas will face a formidable opponent in the Aggie team on Kyle Field is generally conceded. It is obvious that the Farmers have never had to display their full strength this year. They can be depended upon to fight harder in the Thanksgiving day game, and they will also have the advantage of being on their own grounds. Aggie football stock has taken a decided advance in the eyes of Texas sport writers within the last few weeks. Scribes from many of the large state dailies have been on the grounds at College Station for a week and the gist of their comment is that Coach Bible has developed a powerful machine.

### A. & M. Outweighs Texas.

Figures recently compiled as to the weights of the players of the two teams reveal the fact that the Aggies will outweigh the Longhorns on the average of fifteen pounds to the man. From tackle to tackle the A. and M. line will average near the 190 pound mark. Farmer linesmen have always been noted for their brawn and this year's team is no exception. The charging of the Aggie line has been compared with that of a squad of 3-ton trucks. Very few opposing lines have been able to stand before them this season.

### Bible Has Good Defensive.

It has been said that the A. and M. players swear by their coach, the crafty Bible. He is one of the most

(Continued on page 3.)

## DANCE CHAPERONS WILL BE AIDED BY MINIATURE ARMIES

Small chance will ambitious young dancers about the University of Texas have to get away with sensational displays of cheek-dancing to function under the direction of scrutinous chaperones, as now contemplated by the faculty committee on social affairs. The plan is to utilize a well organized machine to overlook and suggest concerning the proceedings of large dances or social functions to be given about the University.

The following rule of action has been approved by the faculty committee on social affairs:

In the case of large dances there shall be a floor committee of at least three to assist the chaperones in the performance of their duties. This committee shall be appointed by the president or by the chairman of the group or by the individual giving the dance or function. This committee shall be introduced to the chaperones before the beginning of the dancing, and it shall be the duty of the individual members of this committee to ask the chaperones at intervals during the affair if they have any suggestions to make, and it shall be the further duty of the members of this committee to carry out the request of the chaperones. A floor committee must be present from the beginning until the close of the affair. The Dean of Women of the assistant dean of women, as the representative of the faculty committee on student social affairs, is empowered to decide at what affairs there shall be provided a floor committee.

## A LITTLE CONSIDERATION

The Students' Assembly and the majority of the students expressed themselves as wanting the Freshmen of the school to wear distinctive caps. The Freshmen complied with this wish by voting to wear the caps six days a week, which is going just a bit farther than any other Freshmen classes that we know of at this institution. The caps have all arrived, and most of the members of the Freshmen class wear them religiously.

It is only fair to the first year men after they have shown this commendable spirit, to tion not to steal their caps. It can scarcely be called sport-manlike to insist that men wear caps; then steal the caps that they have bought, and then beat them for not wearing one after it has been stolen.

There will be a large crowd of Freshmen going to A. & M. and their caps will add an attractive bit of color to our rooting section at Kyle field. Don't take any of them before the game, or at any other time. After all, the Freshmen are fellow students, and we want them to make a good showing both when away from home and when on our own campus.

Have you ever attended a lecture since you have been at the University? Try it once, and find out if it hurts. The men who are brought here by the committee of public lectures are human beings who generally have a very human message, and who often sugar-coat it so so that it will not in the least seem like a pill. People have even been known to laugh, and to applaud vigorously at lectures. Of course, you say that those people are "different." Step in at the "Y" tonight, and hear Dr. Mims lecture. The chances are that he will not be nearly as boring as the show you were thinking of seeing.

## SHORTHORNS TRIM SAN ANTONIO 'Y'

(Continued from page 1)

his old time form that had formerly enabled him to make the strong 2d Texas Infantry and the 36th Division teams. McCullough came a close second as being the outstanding star. His spearing of the sailing oval caused dread to his opponents. Other stars for the Shorthorns were Elam and Coit.

The lineup of the respective teams is as follows:

Shorthorns	Y. M. C. A.
McCullough	Seng
Left end.	
T. Newman	Pancoast
Bradford	Ilfield
Left guard.	
Center.	
Hulsey	J. Davis
Right guard.	
P. Newan	Lozano
Right tackle.	
Window	Haines
Right end.	
Elam	R. Davis
Quarter.	
Watson	Rusterbach
Left half.	
Eckhardt	Schorp
Quarter back.	
Payton	Lutz
Right half.	

## FIRING LINE

The article in the Firing Line of the Daily Texan of Nov. 19 was a very strong one, and consisted of many admirable suggestions and cogent arguments. Every man who has had his hand on a "joy stick" has an itchy feeling to play with one again, and I am sure all ex-aviators will respond enthusiastically to the suggestion of forming an aviators' club.

In such a club the bonds of common interest would afford a large number of topics for mutual discussion. In the first place some of us may have attended the same ground school and flying fields; and the exchange of reminiscences of our former experiences would be delightful. It is said that when human beings have been through hardships together they are drawn into a closer intimacy and friendly union. There is no doubt that cadet aviators, looking back over their experiences in the classroom, on the drill ground, in the guard house, and in the air, can vouch for the accuracy of this observation. Besides, if we happen to be from different ground schools and flying fields we shall be able to gain much by exchanging ideas and drawing comparisons. I have noted that whenever two aviators are thrown together they have much in common to talk about.

Moreover, as Mr. Dawson so admirably says, aviation is yet in its infancy and there is much yet to be learned. Unless we form some kind of club and keep up with the latest improvements and advances, we shall all soon become back numbers in aviation. Some of us are in the Reserve Corps and doubtless will be called out for short periods of active flying service under government direction. Nothing could be better for such men than the mutual study and discussion of the most recent discoveries in the science of aviation and of the newer types of planes and engines, as they are being developed from time to time.

I quite agree also with Mr. Dawson that the regular social gatherings of the aviators and their friends would enhance the gaiety of University life. Imagine, if you please, an aviators' dance with tailspin whirls, immelmann turns, the bumble bee twist, the hesitation loop, the side slip tickle-toe, and the death glide waltz! I venture to suggest to Mr. Dawson that at an early date he issue a call for the R. M. A's of the University to meet some evening for the purpose of forming the aviators' club.

B. P.

## MIDNIGHT MAUNDERINGS

By Buck

This is about the time of the year when somebody tries to get funny and pulls the old one about a co-ed wearing tortoise-shell spectacles.

Numerous sleuths from Scotland Yard and the well known Mr. Pinkerton's office who have been working on the mystery are at last about decided upon the solution of the perplexing and distressing question of why the Texan columns recently have been so jammed with wedding announcements. They furiously urge that the cause of it all is a large billboard on 23rd Street, demanding that somebody "Please Get Married."

The woman's athletic council is to give a "T" in canoeing, warbles the first college daily in the South. The notice further indicates that in order to win this letter the candidate must

## SPORT BRIEFS

By Scott Anderson.

### SPORT BRIEFS.

Texas features team-work. A. and M. features individual stars. Which is the best system?

The affair on Clark Field last Thanksgiving was a tame one in comparison with what the melee next Thursday will be.

This is one game in which the dopsters don't dare figure out the winners before the game. Some consolation in that.

It is reported that the wise ones from Houston are expecting to recuperate from their recent losses by staking their all on Texas.

The Shorthorns have been furnishing powerful opposition for Juneau's men in recent scrimmages. And they do it in a way as to cause no injuries to the first string men. Some spirit, that.

Van Gent has developed a line that has been a source of much comfort to Texas followers. Some material worthy of All-Southwestern honors is found among his proteges.

A number of positions on the mythical All-State and All-Southwestern elevens will be filled according to the showing made by players in the Kyle Field exhibition on Thursday.

The Longhorns have gained wide fame this season for the power and versatility of their offensive tactics.

pass, among other tests, "the bow and stern test." I beg your pardon?

The Pre-Meds will give a barn dance at the Woman's Gym. They could indulge their terpsichorean tendencies in several other campus structures and "barn dance" would still be appropriate.

Maxims of a campus bum: Some coeds think they are putting something over when they stay away from the library and study at home on the nights when there is a Majestic or a dance.

Every-day scene on the campus: Pig of the House of Bellmont (that's the bob-tailed bulldog, freshman), amusing himself by playing with a loafing stude.

No, Celeste, everybody in the library is not looking right at you while you are waiting for your book at the desk. It just feels that way.

Young lady of this great institution writes this column (page Dorothy Dix!) to know why the young men habitually make a date with her upon meeting her, call once, maybe twice, and then fail to return. I'll bite—why don't they come back?

Well, I'll be going.

GAM—PI PHI DANCE.

of the prettiest dances of the was given by Mr. and Mrs. Stary on Friday evening, members of Pi Beta Phi and Gamma Delta. The affair was at the Country Club. Chrysanthemums, ferns and palms were lavishly and the effect produced an attractive garden scene. Light lunch of chicken salad, sandwiches, coffee, almonds and was served. Punch was served out the evening.

Following guests were present: Jones, Miss Lilia M. Casis, Mrs. Morgan, Katherine Parker, Dick Mc-

Brush, Mrs. Homer Hill, and Mr. and Mrs. Luther Stark; Eleanor Carter, Ben Smith, Elizabeth Wroe, L. McGregor, Aubrey Wilkerson, Billie Chumney, Dorothy Markle, Ernest Gruene, Edith Gross, Jack Vowell, Jules, Hubert, J. J. Walker, Mary Louise Gardner, William Holland, Sidney Grogan, Dennis Stater, Bess Hines, Reese Cleveland, Isabelle Camp, Carl Weller, Mary Johns, Lee Lockwood, Mary Page Maltby, Bach Greer, Laura McGee, George Willard, Mildred Norwood, C. R. Allen, Alethea Sleeper, A. Gauge, Jane White, Bryan McAdams, Nancy Wynne, Taps Stafford, Blossom Wooten, Bill White, Emily Wurzbach, D. Weeks, Virginia Allen, C. Scott.

## ACACIA DANCE.

The Acacia Fraternity entertained Saturday evening with a dance at the Elks' Club. The music for the occasion was furnished by the Theo. Myer orchestra. Dr. and Mrs. G. C. Butte, Mr. and Mrs. Fred Rightor, Mr. and Mrs. Hubert B. Jones, Mr. and Mrs. Joe Muenster, Mr. and Mrs. Hal C. Weaver and Mr. and Mrs. Bert Giesecke chaperoned.

The guest of the fraternity were: Almedia McGregor, Louise Bell, Eloise Morrison, Elizabeth Penn, Mary Maude Castle, Elizabeth Baker, Willie Baker, Mildred Hagy, Fay Lightfoot, Joe Kinnery, Anna May Patterson, Francis Carter, Flossie Brown, Janice Easterling, Ester Smith, Wenda Doty, Francis Lewis, Mary Helen Jones, Cytha Well, Minnie Giesecke, Mary Hardy, Bessie Calloway, Anna Bennett, Louise Burke, Zac Drummond, Mamie Drummond, Emmy Luckenbach, Catherine Herring, Louise Gladney, and Mallene Wiles.

## ALPHA DELTA PI ENTERTAINS.

Alpha Delta Pi entertained informally Saturday afternoon, honoring patronesses and local alumnae. The house was simply decorated with chrysanthemums and psalms. During the afternoon Miss Louise Evans, accompanied by Septima Smith, gave several songs. A salad course, with sherbet, was served.

The guests were: Mesdames H. W. Harper, T. W. Riker, Killis Campbell, J. F. Royster, W. D. Hart, W. F. Mayne, P. Daniels, Charles Love, S. C. Clark, H. Wilcox, L. H. Montgomery, R. M. Penick, Robbins, Mack Hodges; Misses Madge Davis, Linda Giesecke, Camille Daniels, Hallie Walker, Marie Wallace.

## BOWLES-BROWN.

Mrs. W. S. Brown 2102 Rio Grande, has announced the engagement of her daughter, Leona, to Carey E. Bowles of Phoenix, Arizona. The wedding will take place on December 24, at the First Baptist Church.

Both the young people are former students of the University. Miss Brown is a graduate of Whitis and spent three years in the University. She was especially interested in music, and was a member of the Reed Music Society. Mr. Bowles, who took his degree in June, 1919, was prominent in University journalism, being issue editor of the Texan and belonging to the Magazine staff.

## PRE-MEDS GIVE BARN DANCE.

On Saturday evening from 8 to 11 o'clock, members of the Texas Pre-Medic Society had the pleasure of indulging in the freedom and hilarity of an old-fashioned "barn dance" at the woman's gym.

All co-ed pre-meds wore aprons and sun bonnets and the boys wore overalls. It was a merry occasion, with a resurrection of the old style of dancing—squares, quadrilles and Virginia reels and yes, there was "some" jazz. Refreshments of apples, doughnuts and candy were served.

The committee for the dance consisted of Robert Gowan, general chairman; Mary Louise Gardner, chairman of entertainments, with Enid Lany, Hilda Molesworth and Layton Cochran Ben Primer, music; and Stuart Foster and T. A. Westinkine, refreshments.

Rabbit Foot initiation was held on Saturday afternoon at the home of the president, Louise Montgomery, for Lucy Clift, Georgia Calvin, Margaret Kelley, Galey Wilkes, Marjorie Watson, Amanda Howze, Dorothy Cox, Marguerite Kerr, Marjorie Blakeny, Lucile Witherspoon, Ann Hamilton, Bess Hines, Margaret McDonald, Fritz Childress, Aileen O'Brien, Nell Smith.

Marian Clark spent the week-end with Marjorie Lewis in Houston.

Florence Ellen Criswell is ill at the hospital with diphtheria.

Margarete Carson will visit in San Marcos this week.

Gordon Hughes of New Orleans was a week-end visitor on the campus.

Lucile Lancaster will visit friends in Beaumont this week.

Mildred Desenberg, Ingeburg John-

son, and Evelyn Livingston will attend the Thanksgiving hop at A. and M. College.

Morris Johnson of San Antonio was the guest of University friends this week-end.

Hubert Gillespie of S. M. U. spent Saturday in Austin.

Rose Johnson of S. M. U. will visit Anna May Leary on Thanksgiving.

Mr. and Mrs. Lee Backham of Belton will visit friends in Austin Wednesday.

Horace Martin of T. C. U. will spend several days here this week.

Miss Janet Alvord has had as her guest her mother who has just returned from Washington, D. C.

Nora Hayward of Grand Rapids, Michigan, is the guest of Frances Dohoney.

Miss Catherine Galbraith of New York City, is the guest of Elizabeth Harcourt at the woman's building.

## HARD SCRIMMAGE MARKS LONGHORN WORKOUT PAST WEEK

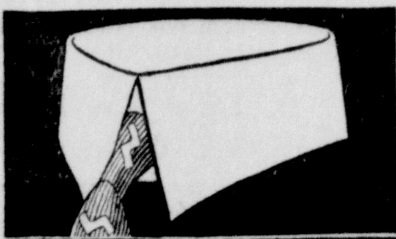

(Continued from page 1.)

popular coaches the Aggies have had since Charlie Moran left the College as coach. During the time that he has had control of the football situation at College Station, the Aggie goal line has not been crossed. In his coaching policy he has always placed great reliance in a strong defensive. Straight football, line plunging and end runs are his main offensive methods. In teams that he has coached in the past, he has usually developed a dependable drop or place kicker. It is not improbable that the Aggies will resort to this method of scoring next Thursday. It is known that "Chick" Harrison, Aggie halfback, has a well educated toe. That the Texas line will be put to a hard test is unquestionable. Mahan and Higginbotham, assisted by their powerful linesmen, have been a terror to opposing lines in their games of the past.

## Heavy Longhorn Schedule a Help.

Despite all the so-called adverse dope of the wise ones, and despite the strength of the opposition that they are to encounter, there is a distinct spirit of optimism on Clark Field among the Longhorns these days, and this feeling is shared by the Texas coaching staff. Followers of the Orange need have no fear as to the outcome of the game when it is considered that on Thanksgiving Day, an offensive that has been found effective against a powerful team is to be pitted against a defensive that has not been submitted to a real test.

## ARE YOU READY FOR THANKSGIVING?

If you are going to take that trip to College Station the hurrahing and excitement may keep you comfortable enough during the game, but one of our new warm, attractive overcoats or one of our sweaters you'll find a necessity for the home trip.

They are both here—also suits, shoes, hats, caps, cloth hats and everything else a man wears.

Come in and let us fix you up right.

## Halifax Gives Second Joyous Welcome to Prince

By United Press

HALIFAX, Nov. 24.—For the second time Halifax turned out to welcome the Prince of Wales when the cruiser Renown arrived here at eight this morning. Salute guns from the Citadel were fired, factory whistles were blown, and steamship sirens sounded, all of which made up the noisy greeting. The Renown will weigh anchor tomorrow evening for England.

## CANOE ENTHUSIASTS MAY STILL SIGN FOR 'T'

Katherine Carothers has been appointed manager of canoeing, and within a short time another opportunity will be given those who have not signed up for a "T" in this sport to do so. Requirements are not

unusually hard, and canoeing offers a great deal of real pleasure to those interested.

Official requirements are as follows:

1. Thirty practices during the year.
2. Must pass the docking test.
3. Must pass the bow and stern test.
4. Must be able to jump from a canoe and swim to shore.
5. Must be able to manage a canoe alone.
6. Must be able to climb into a canoe from the water.
7. Two five mile paddles with three in canoe.
8. One ten mile paddle.
9. Good carriage; good habits in eating and sleeping.
10. Must have the sport spirit.
11. Must be passing in three University courses.

An official notice will announce the date for signing up for a "T."

## Chiropractic Is Convincing

Because it is Nature's true way. All medicines are eliminated. Have you so-called Rheumatism, Catarrh, Asthma, Hay Fever, Constipation, Rupture or Piles, or a constant Headache? Chiropractic is the only science that will positively remove the cause and give you permanent relief. If you have stiff joints in the arms or legs, that you can not use them naturally, this system brings forth a transformation. My method not only stimulates, but eliminates the cause, then Nature makes you well.

STYLE HEADQUARTERS  
WHERE Society Brand Clothes ARE SOLD

## Something More Than All-Wool!

Young men and men who cling to youth want an overcoat to be something more than "just an outside garment." A smart appearance is important. You'll find it in these overcoats with all the comfort, too, of genuine warmth against winter weather.

## Society Brand Clothes

FOR YOUNG MEN AND MEN WHO STAY YOUNG

Never were styles more inviting. You'll agree to that when you see the new models. A splendid variety. Some quite conservative, others a little more daring. With and without belts. Plain or fancy weaves.
