DIPLOMAT TALKS TO STUDENTS ON WORLD PROBLEMS

Need for Anglo-American Rap-
prochement Is Stressed by
Sir Aukland Geddes

PROPGANDISTS ARE BUSY

Peoples Are Dissatisfied and
Nations Are Observing Each
Other With Suspicion

"Of all things important at the present time, the most important is that there should be a complete, profound understanding between the United States and Great Britain, because, whatever happens in the future, the main burden of the world will fall on you and us."

So stated Sir Aukland Geddes, British Ambassador to the United States, in the course of his address delivered before about 2500 University students and faculty members assembled in the men's gymnasium Saturday morning.

Is Guest of President

The speaker was introduced by Dr. R. E. Vinson, President of the University. Sir Aukland and Lady Geddes were guests of Dr. and Mrs. Vinson, and of members of the faculty and Austin citizens, at the Faculty Club Saturday afternoon.

The ambassador and party leave the city today for Kansas City and Chicago, where Sir Aukland will speak before returning to Washington.

Texas Has Vast Resources

"You have a vast territory of rich resources here in Texas," he began in the direct, slow and forceful British manner. "And you students have gathered here at the University to learn how to make the most of this country."

Economic Conditions Abnormal

"From the economic and industrial points of view, the present state of the world is highly abnormal, and we are going to elapse before we come back to natural conditions."

"You students will have gone out into the world by then, and will have met this economic condition, which embraces the globe. Nations have become so economically interwoven that conditions in one land effect another."

Result of War

"This present abnormal condition is partly a result of the war, and partly a result of what developed a century ago."

"In Europe, a hundred years back, many industrial changes were taking place. Steam was being introduced extensively, and there were many new mechanical processes in industry. But industry itself was developing also, until, in most nations of Europe, except Russia, the soil could not support the people, and so the people had to depend upon foreign trade for a living."

Emigration Increased

"This dependency increased, especially with the enormous increase in population which occurred in Europe. With the coming of the latter condition, thousands left the old country, and emigrated to the United States and the British Dominions."

"Commerce attempted to increase with this growing dependency of Europe upon the outside world for food, and intercourse with every part of the earth was inaugurated."

The titled diplomat emphasized his statements, and his audience was sympathetic. His enunciations were clear and studied and concise. Turned to the present generation, he continued.

Many Ports Closed

"One-half of the principal ports of the world, which used to absorb exports, are closed. Russia, India and China were great markets formerly, but were the United States and the countries of South America."

"More than one-half of the principal ports of Britain have vanished. Apart from the loss of man-power, and the suffering of the women and children during the war is that other reason for the closing of these commercial outlets, the end of the ability."

SENIOR GIRLS GIVEN RARE ENTERTAINMENT AT GRAND RECEPTION

Toasts Are Rendered by Girls
Who Are Dressed to Per-
sonify Flowers

The junior and senior cabinets of the Young Women's Christian Association were hostesses to the girls of the senior class of the University at a banquet at the Y. M. C. A. Saturday night.

A reception preceded the banquet. The reception line was made up of the girls of the senior and junior cabinets.

The banquet hall was a veritable fairyland in which the spirit of springtime, as toastmistress, Miss Betty Bert Smutz, reigned as queen with her attendants, the flower girls. The room was decorated with butterflies, rainbow streamers, and maiden-hair fern.

The toasts were given by the flower girls and the whole was worked out in allegorical form. The action all took place in the garden before the palace of flowers and butterflies. The personnel of the court consisted of: Trumpeter of springtime, Etta Bain; The Spirit of springtime, Betty Bert Smutz, toastmistress; Bluebonnets, to the seniors, Birdie Grant; response to the hostesses, Y. W. C. A., Helen Mather; Lily, to the fairy godmother, Mrs. Kirby, Elsie Crowder; Pansy, to Miss Casis, Lois Porter; Forget-me-not, to Miss Davidson, Nettie Sue Bledsoe; Rose, to the "all-round" girl, Louisa Roth; Sunflower, to the athlete, Helen Kahn; Violet, to the modest girl, Faith Adams; Butterfly, to the society girl, Thelma Dillingham; Four o'clock, to the grind, Dagmar Carlson; Spirit of Water, to the faculty, Eleanor Boldrick; Spirit of Texas, The Guide through the Palace of Life, Elizabeth Vinson.

CHORUS TO PERFORM AT GRADUATING EXERCISES

Rehearsals for Two Chorus
Will Begin Immediately;
All Singers May Aid

For the purpose of furnishing music for the baccalaureate service on June 12, a large chorus is being formed to sing under the direction of Irving W. Jones, adjunct professor of music. A nucleus composed of the men of the Glee Club and girls from the chorus class and the vocal students of the Institute of Applied Music will be augmented by men and women from faculty and students of the University, the choirs of city churches, members of the Amateur Choral Club, and individuals of experience.

Two choruses will be performed, in addition to the hymns which will be sung by the audience. These are Gounod's "Babylon's Wave," a setting of the One-hundred Thirty-seventh Psalm, and "O Gladsome Night," from Sullivan's setting of Longfellow's Golden Legend. The latter will be given unaccompanied.

Personal invitations have been extended to many by individual call. But the invitation is cordially given to any who may be interested but who may not be personally approached according to those in charge.

The first rehearsal will be held Tuesday evening, May 17, in S Hall, on the campus. Subsequent rehearsals will be planned at that time. Singers who are desirous of assisting may present themselves at that time, whether they have received a personal invitation or not, it is announced. Those who find themselves unable to attend the first rehearsal should communicate with Mr. Jones, either by mail or by phone, 7916.

PICTURES WILL BE SHOWN AT VESPER

Monday's vesper program will vary somewhat from the ordinary in the presentation of some scenes and incidents in connection with former Young Women's Christian Association conferences, which have been held at Estes Park. This program will be rendered at K Hall 5 at 5:00 o'clock.

Politics Is Under The Bed

NEW SCHEDULE CALLS FOR BIG GAMES WITH FOUR MAJOR SCHOOLS

Whitaker Announces Schedule
for Coming Season; Train-
ing May Start Sept. 10

Varsity will play against four first class Universities and colleges next year, as shown by the schedule which is given out by Berry M. Whitaker, football coach.

All of the games will be in Austin except the game against Vanderbilt, which will be played in Dallas, and the game with A. and M. which is to be played at College Station on Thanksgiving Day.

The schedule includes eight games which are as follows:

October 1: Simmons College at Austin.

October 7: Austin College at Austin.

October 15: Howard Payne at Austin.

October 22: Vanderbilt at Dallas.

October 29: Rice Institute at Austin.

November 5: Southwestern at Austin.

November 12: Mississippi A. and M. at Austin.

Thanksgiving: Texas A. and M. at College Station.

Mr. Whitaker announced that according to the Southwestern ruling, fall practice may be started this year on September 10 instead of September 15 as heretofore. Mr. Whitaker stated that it had not been decided whether Texas would start her training on the tenth or the fifteenth.

Notices will be sent out to about forty men, who have shown up in the spring training, inviting them to attend fall training.

FRATERNITY TENNIS TOURNAMENT STARTS

Preliminaries are being played off in the inter-fraternity tennis series, which started on the tenth of this month. Twenty fraternities were represented in the contests, and all save two will be eliminated before the finals which will be played on the 20th of May.

All games are played at 5 o'clock in the afternoon, and teams are required to be present within twenty minutes of that time or forfeit the game.

DRUMWRIGHT WINS CHAMPIONSHIP IN TENNIS SINGLES

Granger and Drumwright De-
feat Gregory and Taber,
in Doubles Contests

WACO, Texas, May 14—Playing phenomenal tennis Varsity racquet wielders fought their way to the Southwestern Championship in both singles and doubles at Cameron Park in Waco Saturday, thus adding one more laurel to their line of victorious achievements.

In the singles Drumwright of Texas stood out pre-eminently as the star of the occasion. To win the championship in the singles it was necessary for the veteran Drumwright to play four matches or sixty-seven games. Of this number the Texas representative counted heaviest in fifty-five and conceded a round dozen encounters to various opponents. No contestant was on a par with the sensational Longhorn ace who demonstrated remarkable accuracy and commendable head-work. Drumwright gained the title by defeating Coleman of Rice in the final series by the score 6-0, 6-3, 6-1.

In the doubles the University players again mounted to the top and took possession of the conference title in that department of the sport. Granger and Drumwright emerged as victors over Gregory and Taber, also of Texas, in a fiercely and evenly contested set. These games gave more show of real effort and hard fighting. The count in the match was as follows: 6-3, 6-4, 6-3.

GRAY HOUSE WINS

In a fast inter-boarding house baseball game played on Clark Field on Friday afternoon the Gray House nine emerged as victors over McCabe Mansion by the close score of 8 to 6. Batteries for the contest were: for McCabe, Leatherman and "Shorty" Nowotny; for Gray House, D. D. Jackson and Roy Stephenson.

Jackson received twelve strike outs to Leatherman's eight. The game was featured by the heavy slugging of Chamberlin, Leatherman, Harkrider, Williams, and Jackson.

BRITISH AMBASSADOR EXPRESSES VIEWS ON COLLEGE EDUCATION

Sir Aukland Geddes Draws
Differences Between In-
struction and Education

(By Marjorie Mathis)

Declaring education to be his process in spite of his present "job" as ambassador to the United States from Great Britain, Sir Aukland Geddes sharply differentiated between education and instruction.

"An educator," Sir Aukland declared "is an indefinable rarity. There are very few educators among hundreds of instructors. An educator does not teach anything. An instructor may incidentally give something education along with his instruction but the two are very different things."

One is simply one part of the process of attaining the other."

Sir Aukland divides the purpose of education along with his instructor's definition.

"Education," he explained, "takes a child and puts it through a process for the purpose of giving it first an understanding of the Divine, second, an understanding of itself and its relation to the Divine and to the world about it, third, an understanding of the spirit and of the age in which it lives; not that it may agree to and conform with that age; that perhaps, it may disagree, but essentially that it may understand."

Sir Aukland divides colleges into two classes, those supported by State or city and those supported by private corporation or recurrent donations. Colleges in the former class he said, are forced to accept all material, hundreds of young people for whom it must do its best. Such institutions are necessarily held to the level of instruction, largely technical instruction. "Training for a physician or an engineer may or may not be an education, but the training does not itself imply an education. The instructor is the most important factor. He may be able to give something of education along with his instructions."

Although he regards the co-educational question in education as settled, Sir Aukland made the general

FIFTH PLACE IS WON BY VARSITY IN TRACK MEET

Loop Breaks Conference Rec-
ord in Two-mile Run by
Twenty-one Seconds

WACO, Texas, May 14—Leading their nearest opponent by a total of 22 points, Texas A. and M. won the track championship of the Southwestern Conference by a wide margin. Texas University was only able to take fifth place. The Aggies piled up a total of 54 points; Rice came next with 32; Baylor 24 5-6; Oklahoma A. and M. 18; Texas 17 2-3; S. M. U. 8, and Arkansas 4 1-2.

The most sensational event of the whole meet was the breaking of the Conference record in the two-mile run by Loop of Texas. He lowered the old record by 21 seconds, his time for the two miles being 10 minutes 6 3-5 seconds. Besides the new record in the two-mile event, three other records were broken. Dickerson of Oklahoma A. and M. set a new record for the mile, nosing out Neely, the star Texas miler by a narrow margin.

Saunders upset all the dope when he won the quarter from McNatt of Texas, breaking the conference record to do so. Another upsetter of the dope was Dietrich of A. and M. who broke the record in the javelin throw, and contrary to all expectations won the event from his teammate Mahan.

Although he has done so frequently in dual meets, Lindsey of Rice, failed to lower the record for the

BARN DANCE TO OPEN JUNIOR FESTIVITIES

Person Having Most Genuine
Hayseed Costume to Be
Given Prize

In the announcement of final arrangements for Junior Week, those in charge of the event stated that the big barn dance Monday night, which inaugurates the annual season of festivities, will be open to all students of the University. This is the only event to which students other than juniors are especially invited.

The committee decided that at this time the class would act as hosts to any who desire to join in the rustic celebration. The dance is being given in the men's gymnasium. It will begin at 9 o'clock, and all who attend are expected to array themselves in attire suitable to the occasion. Music will be furnished by Jimmie's Sole Killers.

Jodie Thompson, chairman of the committee for the dance, has announced that the gymnasium will be decorated in appropriate style, that refreshments will be served during the evening, and that special programs have been prepared for the event. He also stated that a prize would be awarded the person adjudged as having the most genuine hayseed attire.

Tickets for the dance will be on sale Monday in the rotunda of the Main Building and by Jodie Thompson, Emil Klatt, Everett H. Jones, Brady Cole, William L. McGill and others of the junior committees. The price is one dollar each and each ticket admits a couple. Tickets may be bought at the door of the dance tomorrow night if they are not secured before, it is announced.

Launched by the dance tomorrow night, Junior Week will continue with a picnic and swim Monday afternoon at 6 o'clock at Barton Springs, a barge ride Thursday night on Lake Austin, and the Junior Prom in the men's gymnasium and Smoker for men in the Y. M. C. A. auditorium Friday night. Lloyd Gregory is chairman of the picnic committee, Harold Broome of the barge ride, Elizabeth Harcourt of the Junior Prom, and Thomas F. Nash of the smoker. Details and preparations for these events will be announced during the week.

SECOND GAME IS WON FROM TEXAS BY WILDCAT NINE

Sprague Keeps Longhorn Hits
Well Scattered and Allows
Only Three Runs

DWYER KNOCKS HOME RUN

Texas Shows Effects of "Let
Down" From Nervous Strain
of Hard Season

Texas A. and M. batters got an early lead yesterday afternoon at College Station when they scored three runs off Pitcher Leissner, of Texas, in the opening inning, and the University Longhorns lost their last game of the season to the Aggies, 9 to 3.

Texas won the Southwestern conference championship Friday afternoon by humbling Henderson, A. and M.'s pitching ace, 10 to 6. Yesterday the Longhorns showed the effects of a "let down" from the intense strain they were working under Friday and with Sprague pitching a mighty pretty game for the Farmers, Texas lost.

McCalla Takes Mound

McCalla went into the box in the sixth inning after A. and M. scored four more runs off Leissner in the last of the fifth inning. McCalla allowed but two hits and two runs in the three innings he worked. He struck out two men. Leissner fanned one.

Much pep was shown throughout the game, and the A. and M. rooters were there with the spirit that has always characterized their sports.

Dwyer Gets Homer

Dinan, who was shifted behind the bat yesterday, led the Aggie batters with three singles. Dwyer, Farmer first baseman, knocked a home run. Morris, Aggie shortstop; Smith, A. and M. third baseman, and Henderson, who played right field yesterday, each knocked out a two-bagger.

Nowlin Clouds Three-Bagger

Nowlin made Texas' longest hit, a three-base clout. English knocked a single and a double. Auler, playing right field, also knocked a single and a double. Here's the Texas batting order, together with the number of hits and runs scored by each man:

| Player | Hits | Runs |
|-----------------|------|------|
| English | 2 | 1 |
| Ellis, ss. | 0 | 0 |
| Johnson, cf. | 1 | 0 |
| Fitzgerald, 1b. | 0 | 0 |
| Cox, 3b. | 1 | 0 |
| Nowlin, 2b. | 1 | 1 |
| Auler, rf. | 2 | 1 |
| Hart, c. | 1 | 0 |
| Leissner, p. | 1 | 0 |
| McCalla, p. | 0 | 0 |

Sanford batted for McCalla in the ninth, but went out.

Here's the Aggies' record:

| Player | Hits | Runs |
|----------------|------|------|
| Morris, ss. | 2 | 2 |
| Guynes, cf. | 2 | 0 |
| Matthews, lf. | 1 | 2 |
| Dinan, c. | 3 | 1 |
| Dwyer, 1b. | 1 | 2 |
| Smith, 3b. | 1 | 0 |
| Wilson, 2b. | 0 | 1 |
| Henderson, rf. | 1 | 1 |
| Sprague, p. | 0 | 0 |

Wildcats Score Three in First

A. and M. started off in the lead with three runs in the first. Morris singled. The Aggie short went to second on a fielder's choice. Guynes was out, Leissner to Fitzgerald. Matthews singled and then stole second. Dinan singled, scoring Morris and Matthews. Dwyer flew out to Auler. Smith tripled, scoring Dinan.

Texas scored her first run in the fifth when Auler doubled and Hart sent him home with a single.

In the eighth Texas scored once. English doubled to deep center. Ellis flew out to left. Johnson singled, scoring English.

The Longhorns scored one in the ninth, but with Sprague pitching well they were able to do no more. Nowlin tripled and scored on Auler's single in this frame.

The game yesterday took 2 hours and 30 minutes to play. Friday's game occupied two hours and 25 minutes.

The score by innings:

JUNIOR WEEK

Beginning tomorrow, members of the junior class of the University will celebrate what has come to be more than a custom of the campus and has taken on the aspect of a school tradition, namely Junior Week. The week of enjoyment begins with a dance on Monday evening and continues through Friday with the exception of Wednesday.

It is true that this celebration is one which directly touches only a relatively small portion of the student body but its spirit and import bear upon all. Student life during the present year has been strikingly devoid of any class unity or expression of class spirit. If the members of the junior class are able to promote this sort of spirit in a wholesome way their efforts will be well worth while.

The size of the University and the manner in which it is organized, coupled with the lack of any central gathering place for the entire student body or any considerable part of it, result at best in a decided lack of the group spirit and the advantages which should result therefrom. A large part of the student body fail to realize what is being missed because of this lack of community spirit, the spirit which is bigger than the individual and bigger than the circumscribed organization.

The sole purpose for which the celebrations of Junior Week are given is that members of that class may brush elbows with each other, become acquainted and to some extent get the other fellow's view and at the same time really enjoy themselves.

Members of the junior class should remember that the entertainments to be given are their entertainments and should give them hearty support.

BAD CHECKS

According to a statement issued by the president of the University Co-operative Society, there have been since last September 1 a total of 1500 checks aggregating \$3500 cashed at that store and returned unpaid by the banks upon which they were drawn. Of this amount some \$300 is still outstanding and uncollected. Approximately one hundred persons gave more than one bad check, the number varying from two to nine, according to the statement. Several individuals were guilty of this practice as many as four or five times.

The actual loss to the Co-op on this score is comparatively small, aggregating for the year probably \$200 plus the cost of collection of checks which are eventually redeemed and paid. This, however, is not the point in question. Of course those persons who draw and cash checks which they know to be worthless, or which they may think are good but which they never pay after their rejection by the banks, are purely and inexcusably dishonest. That type of individual is nothing more than a crook and he constitutes such an exceedingly small part of the student body that it is hardly worth while to spend time in his consideration. There is another type of student who for one reason or another occasionally is

mistaken as to his bank balance and once in a great while unintentionally writes his check for more than his balance will stand, and who after the discovery covers the check immediately.

But the type of individual who causes most of the trouble and who constitutes by far the greatest per cent of the bad check writers is the one who habitually and often draws money which he has no reason to believe is in the bank to his credit, and who is slow in rectifying even an allowable mistake. This is the individual who takes undue advantage of accommodation which the local merchants offer to the student body, or who, in common parlance, rides a good horse to death. This is the individual who is responsible, doubtless, for most of the \$3500 of returned unpaid checks which have caused the Co-op such trouble and expense during the year which is drawing to a close, and for the same sort of trouble caused to other merchants.

To put it mildly, this is poor business. It does not display the kind of care and business attention which should characterize a University student in his personal dealings or in his dealing with others. In a large number of instances it is merely a matter of carelessness, but carelessness often gets to the place where it is no longer excusable with a mere word or expression of flippancy.

In order for a great part of this bad practice to be corrected, it should need only to be brought with sufficient force to minds of those concerned. Let those students who have been engaging in this sort of thing give serious thought to the matter of doing entirely away with it.

CHAPEL NOTICE

The subject of Mr. Currie's talks during the week has been "The Experiences of Man in Relation to God." Illustrations have been taken from the writings of Paul and James and Habakkuk. Yesterday's remarks were based upon the Thirty-fourth Psalm which Mr. Currie ranges among the greatest of the Psalms. The jest of the whole matter seems to be that without experience no man has a right to pass judgment upon man's relationship to God.

On Monday there will be the usual song service in charge of Dr. Battle.

9:30 a. m., preaching by Dr. D. A. Penick in the morning and evening. Dr. Penick will preach in at 11:00 a. m. on "What the Church May Expect of Her Men," and at 8:00 p. m. on "Christian Education. Christian Endeavor meeting at 7:00 p. m.

Miss Decherd's Sunday School class meets at 9:30 in the Y. M. C. A. auditorium. Everyone is urged to be present.

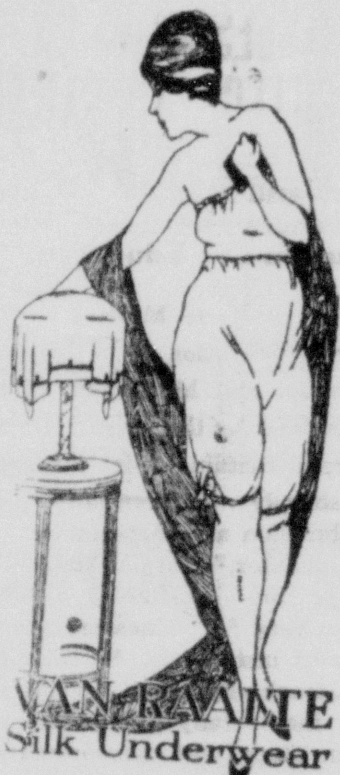

HIGHLAND CHRISTIAN ENDEAVORERS: Be a Highland Church promptly at 6:30 p. m. next Sunday, May 15, to go in a body to the First Presbyterian Church for the joint C. E. meeting. We expect you. PUBLICITY COM.

Freshmen Will Hear Lectures on Hygiene by Doctor Goddard

Roy McLean, instructor in physical training, announces that all freshmen will be excused from physical training during the week beginning May 16 in order that they may attend a series of lectures on hygiene to be given by Dr. Charles W. Goddard, physician-in-chief of the University.

The lectures will be given on Monday, Wednesday and Friday in the men's gymnasium on Speedway. They will begin at 5 o'clock in the afternoon. Mr. McLean stated that no freshman will be excused from these lectures and that cuts will count double.

Freshmen who were on the freshman football, basketball or baseball teams and those who came out for spring football training are also required to be present.

DIPLOMAT TALKS TO STUDENTS ON WORLD PROBLEMS

(Continued from page 1)

ity to purchase, the question of world credit.

"Great efforts have been made to sell cotton and other products, all to no end, because of the closing of European markets."

Economic Morale Lowered

"We have now in Europe a mass of people of unknown numbers who have felt a complete break in the economic change which carried goods away from, and food to them."

"Numbers will emigrate, and wherever they go they will create new conditions, since they come from this abnormal atmosphere."

"Many will go to Canada, the United States and South America. But the lowering of economic morale for those remaining at home will continue."

"So, you students here, shall be profoundly affected. No part of the universe can be insulated from conditions. Immigration laws will make little difference. You will be deeply interested in the settlement of Europe's affairs."

Europe Exhausted

"As to the mental state of Europe, the victor nations are all exhausted. They lost tremendously in men."

"France lost one and one-half million men, Britain, with a population one-half of yours, sustained over a million dead. Your own death list totaled one-half million."

Shortage of Men

"This makes a terrible shortage of men of the fighting age. In Scotland, for instance, there are villages after villages where there is not a single man remaining between the ages of 21 to 58."

"These people are feeling that now that they have won the war, why should they suffer more? Conditions should be better, they insist. Work is scarce now, widows in the war-stricken countries are trying to support their children."

Governments Can Do Nothing

"It is inevitable, but is difficult to make people understand it all, and then like it."

"The 'man in the street' is convinced that he won the war, and that other nations will help his own reconstruction, with the result that he does nothing himself."

"This leads to the present feeling among the common people that they are not getting a square deal. There is much discussion today in the press about it, but the governments can do nothing for the public."

Propagandists Busy

"Last week a typical German effort was made to create differences between the United States and Great

Britain, and being German, will not be difficult to deal with."

"The press in this country is continually offering suggestions of British-French differences; those making them are fishing to get something for themselves."

Nations Are Suspicious

"There is a great deal of industrial unemployment in your country, but it is nothing to that in Europe."

"We've got, in every country, this feeling of suspicion against our neighbors. In some places it is localized and restricted, but it is generally present everywhere among the working men."

Best Brains Required

Summing up the problem of the future, the speaker asserted: "It is going to take the best brains of the world, and the closest cooperation in the world between nations, if the way to peace is to be found. It will take years to get harmony."

University Masonic Lodge Will Confer Degree on Student

Members of the University Masonic Study Club, which is composed of students in the University who are master masons, will confer the master's degree upon a student candidate on Monday night, at 8 o'clock at the Masonic Temple, Eighth and Colorado streets, it was announced yesterday. The work will be conferred entirely by students, in behalf of Austin Lodge No. 12, A. F. and A. M. Besides a large delegation of masons from the University, it is expected that several hundred masons from the city will be present to witness the unique event.

The conferring of this degree will end one of the most fruitful years of the University Masonic Study Club. According to John K. Weber, president of the club, its splendid progress has been made possible only through the cooperative efforts of the local masonic bodies. Following the conferring of this degree, refreshments will be served by Austin Lodge No. 12.

observation that wherever women made up the majority of students, the more earnest and capable students both men and women sought other institutions. He did not attempt to explain the fact in full but suggested that it was due to the fact that a majority of girls detracts from the earnestness and unity of the school atmosphere by mixing social considerations into the life of the student.

New Event Added to List in Contest for Bellmont Loving Cup

One more event has been added to the list which was printed as being the required number in the try-outs for the Belmont Cup, to be given to the best all-round athlete in the University. The new event is the 880-yard run.

Also it is announced that special medals will be awarded for the winners in the shot put and the broad jump. Those events for which the cup is to be awarded are the 75-yard dash, 75-yard low hurdles, broad jump, pole vault, shot put and the 880-yard run. The cup is to be awarded to the try-out making the highest percentage in all the events.

Try-outs are to be held on the 21st of May, and Coach Clyde Littlefield, who is in charge of the events, urges that all men sign up who have any intention of trying for the cup.

Qualifications for entrance are that the student be passing in three and one-third courses.

FIFTH PLACE IS WON BY VARSITY IN TRACK MEET
