FIRST COLLEGE DAILY IN THE SOUTH
AUSTIN, TEXAS, FRIDAY, JANUARY 8, 1915.

VOL. XV.

NO. 73

REGULATIONS FOR ORATORICAL MEET ARE MADE KNOWN

Prizes Amounting to \$375 Will Be Given to Participants in Evans and Peace Speaking Contests.

The University Oratorical Association is a member of two State organizations,—the Texas Intercollegiate Peace Association and the Texas Oratorical Association. The Texas Peace Association offers prizes aggregating \$175 in amount and the State Oratorical Association offers a final prize of \$75. As was the case last year, the public contest at the University, which is scheduled to be held the night of March 1st will determine the selection of representatives to both of the State contests. At the same time the Evans prize in oratory (a first prize of \$50 and second prize of \$25) will be awarded. Following are the detailed rules to govern the preliminary contests at the University:

Not later than February 16th, each of the men's four literary societies shall select two representatives for the State Oratorical and two for the State Peace Contest. Each society shall determine its own method for selecting such representatives.

The eight speakers in each class selected as provided in Rule I. shall engage in semi-final contests on Saturday, February 20, in the auditorium of the Law Building. As a result of these semi-finals the judges shall select three from each group.

3. The six speakers selected as provided in Rule 2 shall engage in a final public contest the night of March 1st, in the auditorium. The ranking speakers in this contest shall receive the prize offered by Ira H. Evans in the sum of \$50 and \$25, respectively; and the highest ranking speaker in each class shall represent the University, respectively, in the district contest of the Texas Intercollegiate Peace Association and in the State contest of the Texas Oratorical Association.

The orations in each case must not exceed fifteen minutes in length.—1500 to 1800 words. (Contestants with orations on Peace please see Extension Bulletin No. 367.) Those entering for the State Oratorical contest select their own subjects.

The Student Volunteer Band meets in the Y. M. C. A. at 5 p. m. Cordial invitation to visitors.

The S. A. E. Fraternity announces the pledging of Ed Tarrant of San Antonio.

CHAPEL NOTICES.

The means and methods of home missions was the particular phase of the general subject being discussed by Dr. Bishop this week. All the means and methods mentioned were in keeping with his general thesis that the church is to reach out and solve the social problems of the community and not confine itself to individuals. Civic responsibility was one thing noted. Man is just as much obligated to vote and labor for the good of the state as to work for the church. Another important thing is to propagate the principles of Christianity among the people on this subject as opposed to Communism and Socialism. Other helpful suggestions were made. Today closes Dr. Bishop's talks. Be sure to hear him.

FIVE IN CORRESPONDENCE.

Irvin Lange Takes and Makes Five Courses by Mail.

Taking five courses by correspondence and working at the same time is not so very easy, nevertheless, the Correspondence Division asserts that such has been done by Irvin Lange. Mr. Lange took the fall term of History 1, 2, and 4; English 1, and German 2 by correspondence, and has now entered the University in residence to continue with the winter term of the same courses.

GLEE CLUB WILL TOUR NORTH TEXAS

Trip Will Be Made During Spring Term—Forty-five Men are Trying Out.

Definite plans are being formed for the tour of the University Glee Club which will be made about the second week in the spring term. On last year's trip the Club had engagements at Temple, Waco, Corsicana, Ennis, Sherman, and Fort Worth. Efforts are being made to secure dates at all the towns with the possible exception of Ennis in whose place Dallas or Waxahachie will probably be selected. Denton, Greenville, and Mineral Wells are making efforts to secure visits from the club.

On account of the faculty ruling restricting Glee Club trips to six days, only six engagements will be contracted for.

For the last three years there has been a remarkable growth of the University Glee Club in both numbers and ability. Many candidates for the club this year have displayed extraordinary talent. Three years ago the Glee Club was composed of only twelve members whereas this year there will probably be forty-five men on the club. As yet no final selection of members has been made and the personnel of the club will not be determined until just before the tour.

SUNNY WEATHER IS ENCOURAGING FOR TOURNAMENT

Tennis Matches Will be Held for Those Who Failed to Win in Former Games—Many Men Trying.

Unusual interest is being manifested by the University tennis enthusiasts. The warm weather has brought the players out in droves and the courts are taxed to their capacity.

A number of events of special importance are scheduled in the near future. Next week the Consolation singles that were not finished before the holidays will be completed. All players that are entered and eligible for the Consolation singles must report on Monday or be forfeited. There is some speculation as to who will be the winner of this event. Jones and J. Thomas seem to be the popular favorites for the coveted place.

Challenge matches for a place on the first ten will be also played next week. It is imperative that these matches be played as soon as possible as the management has a full slate of tennis events. The matches that should be completed in the challenge round early in the week are: Jones vs. Calhoun, the winner to play Clemens, and Thomason vs. Dodd, the winner to play Moss.

Plans are already under way to secure as good Intercollegiate matches for the season as possible. It is said that efforts are being made to arrange a trip through South Texas, Louisiana, Mississippi, etc. All University tennis players expecting to try out for the team should hand in their name to Dodd and have their eligibility attended to at once. The method for picking the team has not been definitely decided on.

Sellers Thomas, and Tom Broad are the two letter men of last year that will be back in harness. Bradley and J. Thomas are playing good tennis.

SOCCER PRACTICE STARTS.

About 20 Men Report for First Soccer Practice.

Soccer practice started Wednesday afternoon in earnest with about twenty men reporting. The practice is going on under the direction of Manager Griffin. All new men are urged to report at once.

Manager Griffin is in correspondence with the Athletic Director of the University of Missouri and it seems extremely likely that a game will be arranged either at Columbia or here.

FORTY RECRUITS HEED FIRST CALL

All New Men Tryng for Team Appeared Yesterday for Roll Call. Regulars Monday.

Coach Disch had the baseball squad out for their first practice of the season yesterday afternoon. There were only new men out. The regulars will start practicing Monday.

As this was the first time this year, the coach only had a short practice, the men tossed the ball for a few minutes to warm up and then were divided into squads of four to work out with the bat.

About forty men came out and showed good spirit, but the weather was too cold to permit of any exhibitions of skill. However, if the candidates keep coming out, there will be some good material developed.

Coach Disch said that he would not be able to give out any statement of the ability of the team until he had seen them in practice for a couple of weeks. He seemed pretty well satisfied with the appearance of the recruits at their first tryout.

The diamond is being laid out as rapidly as possible and will probably be completed by the first of next week. The ground is in good shape and everything will be ready by the time the squad is developed enough to start work in earnest.

THORNTON READ SAYS AMENDMENTS ARE THE SOLUTION

Problem Confronting Texan Can Best Be Solved by the Adoption of the Amendments, which are Now Being Circulated.

After making a study of the proposed constitutional amendments regarding The Daily Texan, W. Thornton Read has given to The Texan a Statement unqualifiedly endorsing them. Mr. Read's statement is of considerable importance in journalistic circles for the reason that he is the most experienced newspaper man in the University. His experience as a professional includes editorship of a country weekly and also correspondent for the State dailies after he entered the University. While at Austin College he was made secretary and in connection with this was the publicity man.

During the time that he has been in the University of Texas Mr. Read has sacrificed his work in Chemistry to aid the student publications. He has been a contributor to The Magazine, staff artist of The Cactus, and for two years has served as student member of the Advisory Board of The Texan. Mr. Read's efforts and advice were a big factor in the success of a daily paper.

His statement follows:

The Advisory Board of The Texan seems to offer best possible solution of the financial problem confronting the University student publications. The amount of money is too large and the responsibility is too great for the present system to continue. The Advisory Board is the logical place for the responsibility to rest. The editor-in-chief has the real and permanent success of the paper as his prime motive. The alumni member is appointed by the President of the University, and serves out of pure loyalty. The students can always be sure of getting an experienced man as the third member by their own ballots. No man is going to offer for this office who is not capable and who does not have the best interests of the publications at heart. It seems to me to be the fairest possible way to deal with managers and the student body in general."

"W. T. READ."

OFFICIAL NOTICES.

Delta Sigma Rho.

There will be an important meeting of Delta Sigma Rho in Dr. Shur's office Saturday afternoon at 1 o'clock.

R. L. SKILES.

The Pierian Literary Society will meet at Elliott's Studio Saturday afternoon at 1 o'clock to have the picture for Cactus made. Members please wear white waists.

THE PRESIDENT.

Winsonians Notice.

All members will meet at Mr. Houston's residence, 2601 University Ave., at 8 o'clock tonight. An important meeting will be held.

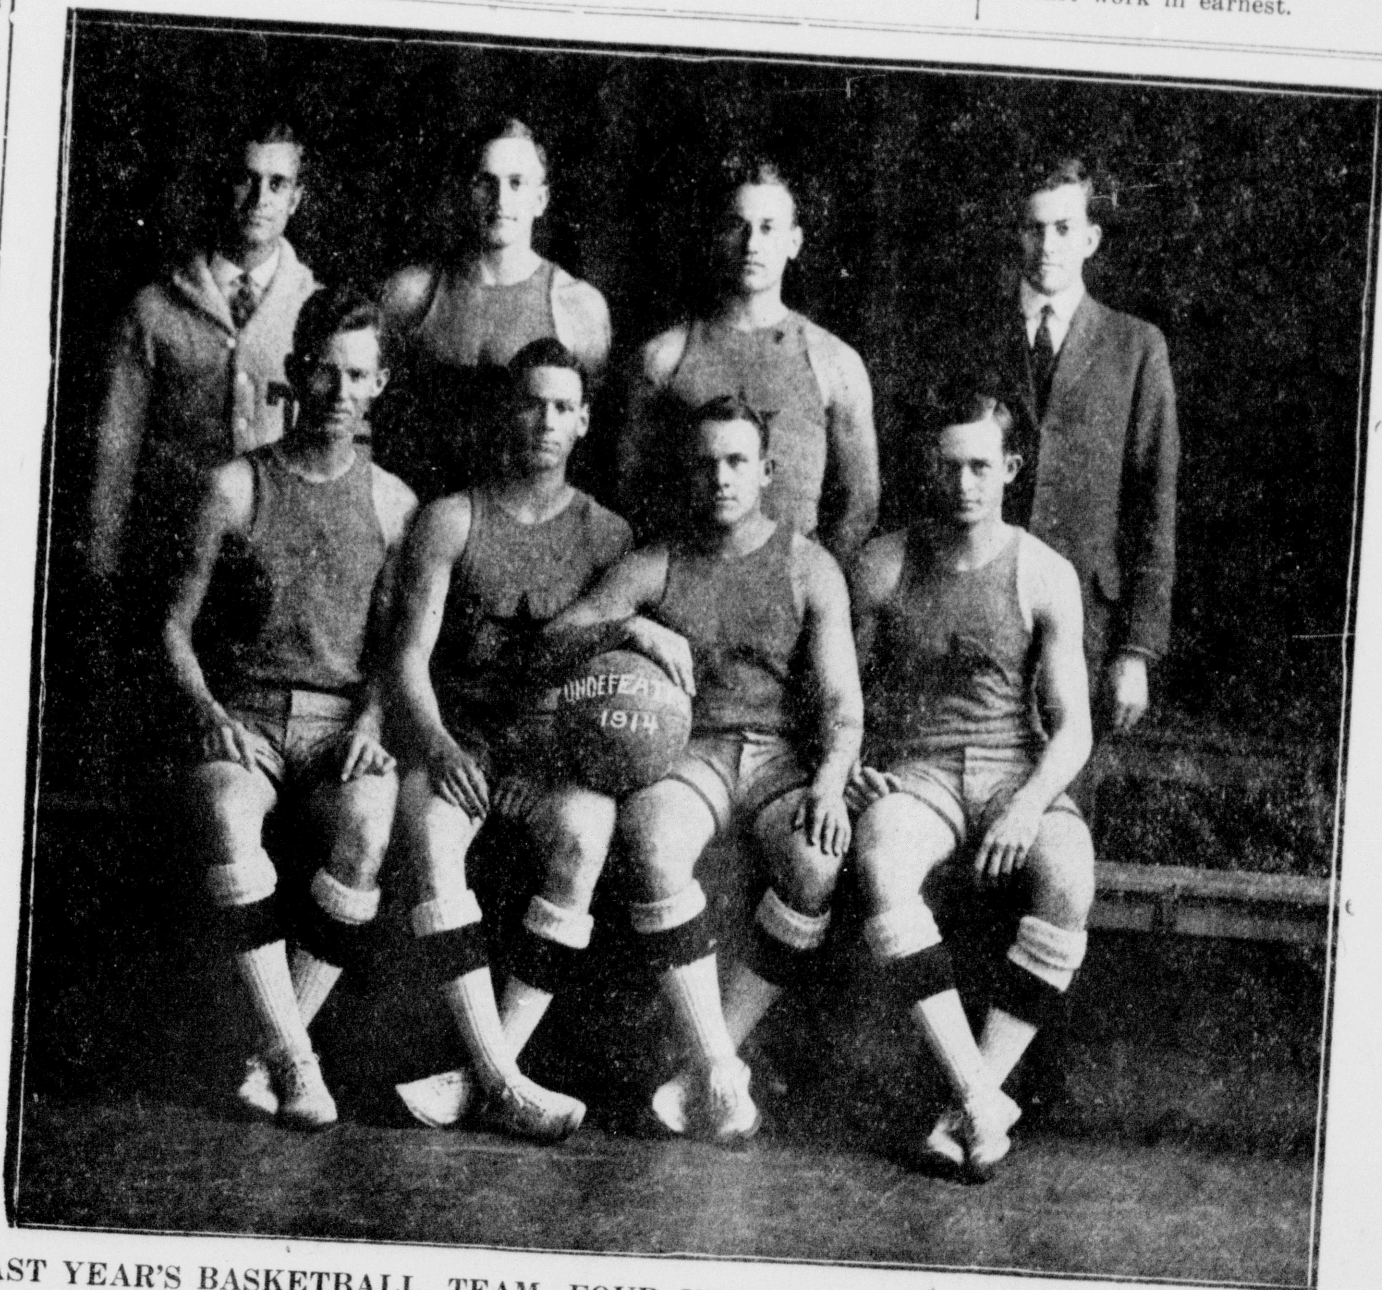

All tryouts for M. E. Baracca basketball report at 4 o'clock on tennis court near "Y".

MANAGER.

Sigma Upsilon Banquet Tonight.

At the last meeting of Scarab Chapter of the Sigma Upsilon Fraternity, a committee was appointed to make all necessary arrangements for the banquet to be held at the Driskill on the evening of January 8, at 7 o'clock sharp. Many matters of importance are to come up for discussion, such as our relation to the National Fraternity.

FLOYD SMITH,
Treasurer.

LAST YEAR'S BASKETBALL TEAM, FOUR VETERANS OF WHICH ARE OUT AGAIN THIS SEASON.

Clark Field was the scene of activity yesterday afternoon. With the first baseball practice in progress, that did not have its share of athletes.

The basketball team showed excellent form. All of the men are getting into fine condition for the first game Saturday. Four of the "Old Guard" are back this year and several other members of the squad.

The new men are making a creditable showing against the ones who were on the squad last year, and the competition for places on the team will be keen. The prospect for a record-breaking year in athletics for Texas are getting brighter every day.

THE DAILY TEXAN

The Student Daily Publication of the University of Texas.

Published every morning except Monday during the college year. Entered as second-class matter at the Postoffice at Austin, Texas, under the Act of Congress, March 3, 1879. Subscription price \$2.50 if paid before December 1, otherwise \$3.00.

WHAT THE AMENDMENTS DO NOT MEAN.

Read this editorial if you want to know what the proposed constitutional amendments do NOT mean.

The first few paragraphs that refer to the Magazine have been misconstrued. Now the only purpose of those clauses which refer to the Magazine is to put into the constitution what is already a matter of fact, viz: the consolidation of these two publications. The first paragraph of the amendments reads as follows: "Amend Art. II, Sec. 2 (b) to read: 'The Association shall elect a board of editors, consisting of an editor-in-chief and eight associate editors, of which number three associate editors or the editor-in-chief and two associate editors shall be women.'" Some people have wondered why anything is said about "women." The answer is, that in drawing up the amendment it was not the purpose to change anything about the editorial end. That this is true will be seen by comparing the above change with the present provision of the constitution, which reads as follows: "(b) The Association shall elect A BUSINESS MANAGER AND a board of editors, consisting of an editor-in-chief and eight associate editors, of which number three associate editors or the editor-in-chief and two associate editors shall be women." Only the words capitalized were eliminated. This is merely writing into our constitution what the Students' Assembly put into effect last year by a bill.

The proposed amendments do not affect the editors nor their manner of election in any way.

Do not read the amendments as printed in yesterday's Texan and try to judge them. Look up the sections in the constitution that are affected and study the proposition out. Try to get at what the meaning of the change is.

G. W.

WHAT THE AMENDMENTS DO MEAN.

The purpose of this editorial is to pick out the issues involved by the proposed constitutional amendments.

The first aim of the amendments is to write into the constitution Assembly Bill No. 10, according to which "The business management of The Magazine shall be merged into the business management of The Texan, and the latter shall have control of all business affairs of The Magazine, as well as The Texan." (The quotation is from Sec. 1 of Bill No. 10) This makes no change of conditions as they now exist.

The second purpose is to eliminate the existing contradictions in the constitution as far as the control of The Daily Texan is concerned. In one section it says the advisory board shall prescribe rules and regulations for the staff and managers. In another section it says the Students' Assembly shall have control over the managers. The truth of the matter is that nobody knows who is running the paper. It is the purpose of these amendments to locate and centralize the authority and the responsibility.

The third purpose of the amendments is to change the business management. At present there is elected by the students a business manager, an assistant manager, and a circulation manager. We will assume that all of these men are honest and that they are loyal to University institutions. But, nevertheless, the only economic motive these men have is to cut down expenses, increase the revenue, and make the job pay the most possible. Now the proposed amendments will change all this. The business management will be under the control of the Advisory Board. This board of men, who are most familiar with the paper's affairs, will, by a system of competition, select the men who have shown their ability to solicit advertising, keep books, rustle subscriptions, or do whatever else is necessary, and will pay them what the job is worth and no more. If one man proves incompetent they will "fire him" and hire another.

The present system worked very poorly even when the Texan was a semi-weekly. Now that it is a daily newspaper, it is a huge business venture and must be run according to the best business methods. It has outgrown its swaddling clothes. An enterprise that has a budget of over one thousand dollars a month should not be run on the present haphazard system.

It is impossible to point out in this editorial that as long as things remain as they are there will be conflict between the editors and the managers, between the manager and the circulation manager, the interests of the Texan and the Magazine, and a dozen other inconsistencies. The amendments will harmonize all interests; will make all interests second to the welfare of the paper itself.

G. W.

DIFFERENCE OF OPINION.

It is all well and good for a man to have the strength of his convictions, to know what he believes and believe it firmly. That is every man's right, but it is also the right of every other man to entertain opposite opin-

ions.

Honest difference of opinion is no crime. It is the height of folly for two well-meaning men to fall out and resort to abuse and innuendo because they should happen to hold diverging opinions about their favorite beverage, the best shade of neckties, the expense of fraternities, or the hardest course in the University. If you believe every student should drink buttermilk, it is your blessed privilege to make such converts as you can. But if your neighbor thinks every upstanding man should wear sky blue cravats, don't deny him the pleasure of his infatuation. Thank God that that is only one man's opinion, and continue to wear your old polkadot.

The constitutional amendments that are now being discussed are a case to the point. The salvation of the University does not depend on their passage, (although it is our private opinion that the hope of The Daily Texan does rest on them). Likewise, it is equally certain that there is some ground left on which to base an optimistic philosophy of life even if they should be enacted into a part of our organic law.

Take up these constitutional amendments, take up the fraternity issue, take up the other student problems, and reason

them out coolly. If someone says that this councilman, that editor, or the other representative is a scoundrel who is trying to ruin the student government, don't take him too seriously. The chances are he's either excited or mistaken.

And if you don't believe this editorial, at least remember that the writer had good intentions, even if he was in a hurry.

G. W.

ON THE FIRING LINE

Class Contest in Rowing.

The completion of the dam opens up to the University an entirely new line of sport, that of rowing. This branch of athletics is well established in all the Eastern colleges and is one of the important major sports, arousing keen interest and competition. The 25 mile stretch of lake at the dam offers ideal opportunities for the development of sculling at the University of Texas. Climate and water conditions are ideal for this sport. The class contests for the championship of the University have been discontinued. These contests are carried on at A. & M. College and several other schools in the State and arouse a great deal of class and college spirit. A class contest for the championship of the University in rowing, to be held sometime in the spring would supply this need for inter-class contests and should speedily become one of the popular sports

at the University. The cost of equipment is comparatively slight and would be well worth the money in the results accomplished.

G. C. ARNOUX.

It is certainly a deplorable state of affairs when a student has to wait for three weeks to ascertain whether or not he passed his courses. The suspense is something awful. Such delay in grading papers and posting the student's average indicates that some negligent persons are decidedly lacking in enterprise and are uselessly slow in the prompt performance of their duties.

Since the fall term examinations most of the students in the Law Department were uncertain as to their standing in several courses for an unreasonably long time, and in many instances they were unable to form definite plans for the future until the appearance of a long-delayed report on their studies.

By ordinary application and energy, these conditions could be alleviated, and the instructor on the one hand would have a large mass of work off their hands, and the students on the other hand would be relieved of much worry and suspense by the appearance of an early report.

GORDON SIMPSON.

SIDNEY LANIER MEETS.

The Sidney Lanier Literary Society held its first meeting of the new term Wednesday afternoon at 5 o'clock in the Cesbel Room. The program consisted of a discussion of Maeterlinck, his life, style, and works. Miss Rose Zelosky told in a most interesting manner the story of the Blue-bird, one of the writer's famous plays. After the regular meeting a short business meeting was held in order to discuss the coming of Helen Keller.

ARBUCKLE REPORTS NEW CONFERENCE

Coach of Rice Institute Explained Stand Taken by S. W. I. A. On Summer Baseball.

The organization of a Southwest intercollegiate athletic conference along the lines of the Southern Intercollegiate association and the Missouri valley conference was announced in the report of the seventh district presented by Prof. P. H. Arbuckle of Rice Institute, Texas, to the meeting of the National Collegiate Athletic association.

Difficulties of distance between the institutions were overcome, said Prof. Arbuckle, and a working organization effected. The charter members of the new conference are the University of Oklahoma, Oklahoma A. & M. in Oklahoma, University of Texas, Texas A. & M., Southwestern University, Baylor University and the Rice Institute in Texas.

The organization, Professor Arbuckle said, had incorporated in its rule whatever features careful study had shown to be for the best in athletics. Because of the prevalence of summer baseball in the Southwestern district, the report said, the rule again this sport had been modified so that only those college men who have played under the National Association or in any outlaw league recognized by the National Association, would be barred from participating in the conference games.

"The Southwest plays possibly more baseball of various classes than any other section of the country, due, of course, to its climatic conditions as well as to the natural keenness of its men for sport in all its different phases," said Professor Arbuckle. "The rule prohibiting the playing of summer baseball has never been a success in Texas."

BULLETIN BEING PREPARED.

Health and Sanitation Will Be Discussed at Length.

The Extension Department is now preparing a bulletin to organize Friday afternoon meetings in 8000 rural schools in the State. In these meetings, it is proposed to bring the members of the community together to discuss important matters bearing on every day life. A special program will be prepared for each meeting and a bulletin will be issued with the topic for discussion at that meeting.

In these meetings will be discussed such topics as Health and Sanitation on the Farm; the Improvement of the Rural Schools; the Introduction of the Circulating Library in the Rural Schools; the Use of the School-house as a Social Center; the Improvement of the Farm Home; the Organization of Farmers for the Proper Marketing of their Products and the Buying of Materials, and a long list of other topics of vital interest to the people in the rural districts.

For the first two months, the meetings will discuss questions raised by the present cotton situation and financial depression, and will consider such topics as: How to produce a living at home at least expense; how to find substitute crops for a large part of the cotton; How to find quick crops and other methods of securing ready money. The Extension Department of A. & M. College is at present co-operating with the University of Texas in the preparation of topics that will deal with agricultural products, and later, the College of Industrial Arts will co-operate with the University in the preparation of articles dealing with industrial welfare.

Erwin Lange of San Antonio is a recent pledge of the Sigma Mu Fraternity.

DEAN'S REPORT.

The reports of the dean's office show that to date there have registered two thousand and two hundred forty-six students in the University of Texas. Out of those enrolled the fall term forty-five failed beyond hope of reinstatement and have been definitely dropped from the rolls of the University. Fifty more are found to be slightly below the passing line but many of these may be reinstated.

Looking at the bright side of the grade proposition, one finds that of the freshmen boys ten have been commended for high average. Of the freshmen girls thirteen have been commended for high grades. Of the older students twenty-four boys and forty-four girls have been commended for high averages. This shows a total of ninety-one commendable grades in contrast to sixty-nine at the same time last year.

ROBINSON VISITS SCHOOL.

Mr. A. J. Robinson, of the Extension Department, left Austin Thursday morning on an extended tour of the Travis County rural schools. Mr. Robinson is accompanied by Miss Maude Douglass, County Superintendent of schools. The trip is being made in the interest of The Inter-scholastic league.

MISS RICH LECTURING.

Miss Rich, of the Extension Department, is with the Cotton Belt train lecturing on Domestic Science, during this week. Next week, Miss Rice, assisted by Dr. Hurd and others, will have charge of the Better Baby contest at Galveston.

Miss Pansy Campbell of Palestine has pledged Tri Delta.

Miss Myrtle Brown has returned from Denton to resume her work for her M. A. degree.

LIBRARY IS A SUCCESS.

The Package Library Department of the Public Discussion Department is doing a record breaking business in the loaning of packages. This

department furnishes packages of literature, dealing with various important current subjects, to those that request them. During the last two days 31 packages have been loaned. The most popular subject is the literary test for emigrants, which is the subject of the Interscholastic debate. Woman Suffrage is the next most called for subject over which a great deal of interest has been aroused throughout the State. The total number of packages loaned since August is 424.

PREXY SENDS GREETINGS.

While in New York for the Christmas holidays Miss Casis of the Spanish Department saw former President Mezes, of the University. The president sent his greetings to the Texas students. Miss Casis says that most of the president's time since he took up the active duties of the College of New York had been spent in banqueting and enjoying life of the new city.

NOTED COACHES ON PROGRAM AT ATHLETIC MEET

Harvard, Minnesota and Yale Coaches Attend, Making Reports and Recommending No Changes in Football Regulations.

College athletics received a complete overhauling at the ninth meeting of the College Athletic Association of America held in Chicago on the 29th of last December. Percy D. Haughton, head coach at Harvard discussed the game from a mercenary standpoint, and pointed to the flagrant violations of hired players by many of the teams of the country. The coach spoke of football from a standpoint of mental training, saying that it was as valuable as books for that purpose.

Dr. H. L. Williams of Minnesota reported on last year's change of rules, but recommended no changes for this year.

The report of the committee on football fatalities showing that only one of the 13 deaths credited to football in the past year was of a trained player, was accepted, but the recommendation of the committee that it be discharged from further consideration was disregarded and instead the executive committee was empowered to consider the advisability of extending the work for the fatalities committee to include deaths from all forms of sports, including hunting, canoeing, swimming, baseball and skating, so that a definite defense might be made to the charge that football is a "brutal and degrading sport."

Keep the physically unfit and the untrained player out of football and the game will be free from danger, was the opinion set forth in the report of the committee on fatalities.

Dr. George W. Ehler of the University of Wisconsin, chairman of the committee, in the report, urged that all candidates for teams submit to a rigid physical examination. Investigation by the committee, the report set forth, showed that the cause for an outcry against the game as a "brutal and degrading sport" can not be maintained.

Of the 13 players reported to have died during 1914 from the results of participation in football games or practice, Dr. Ehler said only three of these were college men and only one was a member of a regular Varsity team. All other deaths reported, he said, were of boys under 20 years of age, who played on high school, athletic club and irregular teams.

"One of these deaths among the boys," Dr. Ehler said, "occurred as the result of blood poisoning from a scratch on the arm received in a game. So far as can be learned this boy was the only trained and fit athlete of the ten non-college men who have died from football."

Walter Camp of Yale attended the conference and discounted any idea of material change in the present football rules.

For flashlight picture, or other views any where, any time, see Phil Cook, at the Cozy Corner.

A meeting of the Debatin Council is called for today (Friday) at 5 p. m. sharp in Room 12 I Hall.

E. D. SHURTER,
Chairman.

UNIVERSITY STUDENTS.

You can save money or get money for your books at the

PUMPS A SEASON IN ADVANCE

DILLINGHAM'S

We do not hold the record for turning out work in the shortest time. Neither are our prices the lowest. We do guarantee the best possible results from every exposure, and as prompt delivery as is consistent with such results.

For the best and surest results, bring us your films.

THE JORDAN CO. 610 CONGRESS AVE.

Branch Store at the Cozy Corner, 24th and Guadalupe.

AUSTIN SANITARIUM LAUNDRY

Corner 14th and Avenue. Phone 3086
We do family washing. Students' laundry a specialty. Shirts 9 cents, 3 for 25 cents; underwear, 12½ cents per suit. All work strictly guaranteed.

G. W. VARDEN, Proprietor.

FORMER PRESIDENT HERE.

C. K. Lee of Fort Worth, former president of the Alumni Association is in the city visiting Dr. Battle.

Mr. Lee was two years president of the association, and is now assistant general attorney for the Santa Fe.

Mr. Lee has been in California, accompanied by his wife, for several months. He reports his condition improved and will return to Fort Worth sometime this week.

SIX NEW JOURNALISTS.

The winter term has added half a dozen students to the Department of Journalism, and although this is but its first year, there are already 40 students registered in the Department.

The courses of the greatest attraction are Magazine Making; History and Principles of Journalism.

Prof. Will H. Mayes, head of the Department, announces this to be a very enthusiastic year on the part of the students and faculty alike, and expects a great increase in the student body next year.

ALUMNI PRESIDENT HERE.

John W. Philp, president of the Ex-Student Association will be in the city today to hold conferences with Mr. John La Prolle of Austin and Frost Woodhull of San Antonio with reference to the building of the new gymnasium by former students of the University.

Mr. Philp will spend Saturday on the campus with his friends.

PEDESTRIANS Safety First

The pedestrian has the first right on the sidewalk, the vehicle (except at crosswalks) has the first right in the street. Don't be a "jay-walker." Go to the street intersections.

AUSTIN STREET RAILWAY CO.

TEXAN WANT ADS

Texan wants ads will bring results. The price is 1c per word for the first insertion, three insertions for 2c. No ad taken over the phone. No ad taken for less than 25c. Call at room 120 Main Bldg. Pay in advance.

DENTISTS.

DR. H. E. BAXTER, dentist, 512 Scarbrough Bldg. Old phone 1316.

Dr. E. C. Berwick, dentist, suite 521 Scarbrough Bldg. Old phone 3150.

DR. W. W. KILLIAN, dentist, room 505 Littlefield Bldg. Phone 1009.
