Dr. H. B. Stengel
Department of Geology
University of Houston
Cullen Boulevard
Houston 4, Texas

Dear Dr. Stengel:

Clifton Q. Miller, who has applied for a position teaching geology at this College, lists your name as a reference.

I would very much appreciate your opinion of Miller, as a geology student, as a person, as an assistant in your department, and your estimate of him for instructing students in the subject of petroleum geology.

Thank you in advance for your trouble.

Yours very truly,

George M. Stanley
