

The Department of American Studies Presents

Walker

Starring
ED Harris

Before the Iran-Contra scandal, before Operation Condor, before the Bay of Pigs, even before Teddy Roosevelt's "big stick" and the Panama Canal...there was William Walker. Director Alex Cox's magical realism evokes not just a forgotten figure from American history but a whole legacy of U.S. intervention.

Wednesday, November 16 7:00PM
Mezes Hall, Room 1.306
