

PHI GAMMA DELTA WINS TRACK MEET BY LARGE MARGIN

Sigma Chi Second; Sigma Alpha Epsilon Third; Phi Delta Theta Fourth

MANY EVENTS HARD FOUGHT

Allen and Goddard of Phi Gamma Delta High Point Men

Phi Gamma Delta won the Interfraternity Track Meet Thursday afternoon by a big margin. Hicks Allen starred for the winners and was high point man of the meet. "Doc" Goddard also scored many points for the victors. Sigma Chi took second and S. A. E. third.

All final events in the interfraternity track meet were held Thursday afternoon at 4 o'clock on Clark Field. Many good records were made by the contestants in both the track and field events.

All of the races were hotly contested and a good spirit of sportsmanship was shown by nearly all of the entries. Two finals were held Wednesday afternoon in the broad jump and the discus throw. All of the preliminaries were held at that time. The two best men in each of the heats of the 180 yard low hurdles, 100 yard dash, and 221 yard dash were qualified to participate in the finals Thursday. This meet meant much to all of the fraternities for it went a long way toward winning or losing for them points toward the big cup which is annually awarded to the fraternity having the best all-round athletic standing in the University. This meet puts the Phi Gamma Delta fraternity way in the lead toward winning the cup again this year, as they did last year.

The most interesting event of the meet was the pole vault which was tied by Allen of Phi Gamma Delta and Johnson of Delta Theta Phi. They had to vault for at least forty-

ED RATHER CUP GOES TO PHI GAMMA DELTA

Cup for Most Popular Side Show Also Goes to Fijis

Phi Gamma Delta won her third first place in the Varsity Circus of 1921 last night when the judges made their last decision and awarded her the big, beautiful Ed Rather Cup which was to be given to the most popular side show in the Circus. This was decided by the fraternity whose net receipts were the largest. The delay in awarding this cup was due to the fact that all of the fraternities had up until last night not turned in an itemized statement of all their receipts and expenditures.

John Moon, manager of the Varsity Circus, stated last night that the greatest amount of credit was due to Ralph Fowler for the diligent manner in which he worked on the side show and did everything in his power to make the Varsity Circus as well as his own side show a great success.

Besides winning the big cup offered by Ed Rather of the Co-Op for the side show which took in the most money, the Fijis won the Everts' Cup for the best, most meritorious side show, first place for the best comic entry in the Varsity Parade, and second place for the comic entry in the main show.

Sigma Chi was conceded by all to have had the second best side show on the midway and they took in the second largest amount of money. The Phi Gams had a net proceeds of \$102.50. The Sigma Chis' gross receipts were about \$90.00. The Deks took in about \$85.00 in gross receipts.

Students Asked to Aid Starving Chinese With Gifts to National Fund

GOVERNOR NEFF'S STATEMENT

My attention has been called to the extraordinary emergency existing in North China, caused by a successive series of droughts. It is reported to be the worst calamity in World History. Nearly 15,000,000 people are destitute.

In spite of several million dollars already forwarded by the churches, Red Cross, Y. M. C. A., and other relief organizations, there are still between five and six million people at the point of starvation and must be fed until the July harvest.

The State of Texas is asked by the American Committee to feed 250,000 people for three months at a cost of \$3.00 a person. Our State has never failed to hear the cry of distress, nor will we turn the deaf ear to China's present appeal for help.

PRESIDENT VINSON'S STATEMENT

I think the call which comes to us from China presents the most pathetic appeal which has faced the American people for more than a generation. The toll which death has already taken in China far surpasses the total casualty list of the world war, and the end is not yet. The need of China, if met by America, will give to this nation an influence in the Far East of inestimable value.

ROBERT E. VINSON.

Therefore, the people of Texas, in addition to the liberality already demonstrated, will in my opinion render a great service to humanity by continuing their contributions that China may be relieved in her darkest hour of distress and woe.

(Signed) PAT M. NEFF.

TWELVE HUNDRED DOLLARS SET AS UNIVERSITY GOAL

Students Will Speak to Morning Classes Favoring the Cause

Today the students of the University will be given an opportunity and urged to take part in a great nationwide campaign in the interest of suffering humanity.

This school is asked for twelve hundred dollars for the starving Chinese. A campaign for the same purpose is being held in every city in the United States. The work is under the supervision of the government and is being carried out by the biggest men in our country.

Terrible Conditions
The condition of China today is due to a very extraordinary emergency. The crops have been destroyed by drought for two successive years in five provinces in the north of China.

A cablegram was received this week from United States Ambassador Crane at Peking, stating that this is the crucial hour for China.

Why does China not help herself? The Chinese government is now feeding more than one million people. Much has been done and will be done by China, but she is not a rich country and can not handle the situation. The one chance of life for these people is help from America.

A very small amount of money

Faculty Members Go to Engineer Meeting in Houston This Week

Dean T. U. Taylor of the College of Engineering has returned from Houston, where he was present at one day's proceedings of the meeting of the American Society of Civil Engineers, which is being held there. E. C. H. Bantel and S. P. Finch, professors of civil engineering, are remaining for the entire meeting.

This is the first time the convention of this national society has ever been held in Texas. According to Dean Taylor, the delegates from the north were especially pleased with Governor Neff's address of welcome.

The members of the convention will spend four days in Houston. While there they will visit Rice Institute, and will also visit for inspection the ship canal, the Galveston sea wall, docks, harbors, and sewerage plant.

The last annual meeting of the society was held at Portland, Oregon. This national society of engineers is an old and well founded one, having been incorporated in 1852.

PROGRAM FOR LEAGUE MEET IS ANNOUNCED

Events Begin Morning of May 5th and Continue Through May 7th

The general program of the eleventh annual State meet of the University Interscholastic League to be held in Austin on May 5, 6 and 7 has been announced by Roy Bedichek, vice chairman of the League.

Fourteen student committees have been appointed to arrange for the registration, lodging, transportation and entertainment of the approximately fifteen hundred official delegates to the meet. Students have also been co-operating with the League officials in the raising of the \$16,000 necessary to finance the meet. The program follows:

Thursday, May 5

2:00 p. m.—Preliminaries in boys' tennis doubles.

4:00 p. m.—Preliminaries in girls' tennis doubles.

Friday, May 6

8:30 a. m.—All delegates assemble at Auditorium of Law Building for group picture and preliminary organization.

9:00 a. m.—First preliminaries in debate. First preliminaries in declamation. Preliminaries in track events, Clark Field. Preliminaries in tennis continued.

10:30 a. m.—Second preliminaries in debate.

2:00 p. m.—Final preliminaries in declamation. Semi-final preliminaries in debate. Preliminaries in tennis singles.

3:30 p. m.—Final preliminaries in debate, Law Building.

3:5 p. m.—Inspection of Mechanical Engineering Department.

4:00 p. m.—Reception to the girl delegates by the Pennybacker Debating Club, Girls' Study Hall, Main Building.

8:00 p. m.—Final public contest in declamation. High school division in Hall of Representatives. Rural school division in Senate Chamber, capitol.

Saturday, May 7

9:00 a. m.—Meeting of all teachers, superintendents and principals to discuss League rules, Auditorium, Law Building.

11:00 a. m.—Finals in debate, boys at Auditorium of Law Building; girls at Y. M. C. A. Auditorium.

2:30 p. m.—Final track meet, Clark Field.

8:00 p. m.—Final debate for all-State honors between girls' and boys' winning teams, Hall of Representatives, capitol.

SENIOR HONORARY SOCIETY CHOOSES JUNIOR MEMBERS

Four Applicants for Academic Degrees in 1922 Selected by Friar

FRIAR ELECTS:

James R. Beverley

Joseph F. Ellis

Everett H. Jones

William H. Potts

Friar, the honorary senior academic society, announces its selection of men from next year's senior class. These men are picked for their general character, ability, and attainments in University life.

It is customary for this body to choose four men from the senior class each year in the winter term and four men from the junior class each spring term. This is a recognition of a man's success as a leader in student activities and is considered one of the big honors to be gained.

BOARD IS NOW RECEIVING BIDS FOR COMING YEAR'S PUBLICATIONS MANAGERS

There Are Three Places That Are to Be Filled by the Publications Board

Bids are now being received by the Publications Board for business managers of the various University publications.

Managers of the publications work on a contract basis and are required to give a non-deficit bond, as any employee of a bank or large firm who is in a responsible position. This giving of a bond secures the Publications Board from any loss on account of absconding business managers.

The manager receives a stipulated amount of the profit, assuming that there is a profit, and then of the remaining profit, if there is any, he receives a certain per cent. After his per cent has been taken out the rest of the money is turned over to the Publications Board in the name of the publication and the board in turn hands the money to the Students' Association.

It is important that the bids be gotten in as soon as possible, so that the board may act upon them and let the managers begin at once to make contracts with the printing and publishing houses.

The places for which bids are now called are 1922 Cactus, 1921-22 Daily Texan and 1921-22 Longhorn Magazine.

Not only students, but outsiders as well are eligible to apply for and fill these positions. All bids and communications should be addressed to the Chairman, 2208 Nueces Street. The bids must be in before May 5, 1921.

EX-STUDENT OFFERS PRIZES FOR THESES

Mr. H. B. Thomson, a prominent architect of Dallas, who is a graduate of the Texas School of Architecture, is offering two prizes of \$50 and \$25 for the two best graduating theses of the senior architectural class. The thesis is to consist of complete plans for an elaborate home in either Southern Colonial or Italian, French, or Spanish Renaissance style.

Mr. Thomson has prepared a careful set of specifications, emphasizing special features that he wishes to be embodied in the students' plans. The approximate number and nature of the rooms on each floor, and porch arrangements are especially stressed.

TOURNAMENT TO MARK CLOSE OF SPRING TRAINING

Cups to Be Awarded to the Men Who Make Best Showing

The spring football tournament marking the close of the spring football training season will be held on Saturday at 4 o'clock, linemen, punting, and field goals being the events on that day. The other events will be held on Monday.

This season is one of the most successful spring training seasons ever held at the University. All the men have worked hard, and are in first class shape. The tournament will enable the coaches to pick the best men for the next year's squad. They already have a pretty good line on the men, but the point system used in the tournament will show the men up to a better advantage. Any man eligible for the 1921 football team who has not received a "T" in football is eligible for the tournament.

Due to the hard schedule for next year, including Mississippi A. and M., Vanderbilt, and Texas A. and M., the team will have to play harder and better football than ever before.

Seven beautiful cups will be given to the best men in the following events:

- Center: donated by _____
- Lineman: donated by J. G. Bass.
- Ends: donated by E. E. Bewley.
- Backs: donated by D. C. Bland.
- Punting: donated by B. L. Glascock.
- Field goals: donated by _____
- Passing: donated by Milton Daniels.

Events for Saturday are as follows:

- Linemen—Guards and Tackles—**
- Blocking: first five places counting 30, 25, 20, 15, 10—shoulder block; body block; hook block; long body block.
 - Defense: five places counting 30, 25, 20, 15, 10—studying opponent and taking advantage of his position; ability to outguess your opponent; ability to charge through; readiness to tackle man after getting through.
 - Interference: first five places 25, 20, 15, 10, 5—rolling block; shoulder block; hamstring; body block.
 - 50 yard sprint, carrying ball correctly: first five places 15, 12, 9, 6, 3.
- Punting—**
- All punts to be gotten off within 2 seconds and with good height.

(Continued on Page Four)

Campbell Reads From Walt Whitman's Work for Public Reading

Dr. Killis Campbell of the English department read from the works of Walt Whitman at the public reading hour on Thursday afternoon. As an introduction, Dr. Campbell gave a short sketch of the poet's life and a general criticism of his poetry. He first showed some of resemblance between Whitman and Carl Sandburg, Whitman being superior to Sandburg in that he had more to say.

Dr. Campbell read some comments by Perry showing the essentially democratic spirit of Whitman. He is the chief figure of all poets who have produced free verse. Whitman had a disposition to catalogue, to bring together beautiful things.

"In the year 1880 of the States" was the first selection which Dr. Campbell read. Others were "Burial Hymn for Lincoln," "Dead Carol," "O Captain, My Captain," and "Out of the Cradle, Endlessly Rocking." The latter has been said to be his masterpiece; it contains all the best elements of his poetry.

LONGHORNS DEAL DEFEAT TO OWLS ON HOME FIELD

WRESTLING TEAM IS VICTORIOUS AGAINST AUSTIN KANGAROOS

Texas Men Won Every Match Gaining Only One Fall

Varsity wrestlers defeated Austin College last night by nine decisions and a fall. The Texas men were in the best of condition and found no trouble in overcoming their opponents in one-two-three order. The match between Frank Scurlock and E. A. Moore was by far the best from the spectators' standpoint, Moore being the captain of the Austin College team and fighting all the time through the two bouts.

Gus Basse was the only man to win a fall from his opponent, downing Volney Cavitt in the first of the two bouts which they wrestled.

Seven minutes was allowed for each bout and the best two out of three bouts decided the match. The Texas men each wrestled but two bouts; as they won every time, making a third bout unnecessary.

The meet took place in the men's gymnasium, and a fair sized crowd of wrestling enthusiasts was present, both boys and girls, which kept up a fire of comment and encouragement from the side-lines. During the meet it was announced that Texas would meet Austin College at Sherman next year in a match meet.

Meet by Matches

The meet opened with the bout between Albert Nash, feather-weight and J. D. Miller. Nash had no trouble

(Continued on Page Four)

CAP AND GOWN HOLDS ANNUAL INITIATION

Future Senior Girls Are to Learn the Secrets This Afternoon

Cap and Gown will hold initiation this afternoon at 5 o'clock in the Girls' Study Hall. All junior girls who expect to receive degrees in 1922 are eligible to membership.

Cap and Gown is a society composed of senior girls, and in the spring term, of girls who expect to receive their degrees the following year. It was organized several years ago with the purpose of promoting class spirit among senior girls, and to bring about closer co-operation among them.

One meeting is held each term, when plans for the society are submitted by the Inner Council, a group composed of the officers of the organization, together with six girls of the society.

The latest project of Cap and Gown is the sponsoring of the Big Sister movement. Under this plan, each senior takes the name of a freshman girl to whom she becomes responsible for general helpfulness and counsel in a "big sister way" during the year.

Prospective seniors are initiated in the spring term that they may organize and begin their plans for the next session.

TALKS ON EARLY PUBLISHING

Dr. E. L. Bradsher gave the library science students an interesting survey of early American publishing and publishers Wednesday. The last volume of the Cambridge History of American Literature containing Dr. Bradsher's chapter on this subject, and an extensive bibliography relating to it, has recently come into the library.

SEE-SAW GAME IS WON BY DISCHMEN IN NINTH INNING

Gillett Strikes Out Thirteen Men Allowing Only Five Hits

Special to The Texan.
HOUSTON, Texas, April 28.—In an exciting game featured by the excellent pitching of Bus Gillett, who was supported by a team that played almost errorless ball, and by the fighting spirit of Texas, the Longhorns yesterday defeated the Rice Owls on their home grounds with a thrilling ninth inning finish.

Although the game was rather long, lasting two hours, it was exciting from start to finish, for first one team and then the other held the lead. The see-saw scoring kept the spectators at a high nervous pitch all during the performance.

Bus Gillett surpassed himself by striking out thirteen Owl batsmen during the conflict, while his opponent, Dyer, succeeded in retiring only four Longhorns by the zephyr route. Gillett was given excellent support by his teammates, for only one error was chalked up against the Longhorns. Moreover, the Texas men gathered in ten safeties, while the Owls were able to touch Gillett for only half that number of safe hits.

Nowlin, of Texas, secured the longest hit of the game when, in the eighth inning, he connected with one of Dyer's offerings for a circuit clout.

Score in Second

Neither team scored in the first inning, but the Longhorns started off with a rush in the second and crossed the plate twice, thus taking what looked to be a safe lead, considering the class of ball that both teams were playing. But the Owls came back in the next inning and pushed three men across the plate.

Both the Owls and the Longhorns then settled down to hard work and played almost air-tight ball. For

(Continued on Page Four)

CO-EDS REVERT TO OLD TIME BABY DIVERSIONS TONIGHT, WOMAN'S GYM

Negro Mammies and Mother Goose Help Make the Illusion Complete

In memory of childhood days before text-books began to supplant Mother Goose in the nursery, the co-eds will don small-girl dresses and sally forth tonight to celebrate the annual "Baby Party" at the woman's gymnasium. At 7:30 o'clock when all such small folk should be peacefully dreaming, these sojourners into the happy past will be revelling in the glories of old time negro mammies and even the deserted Mother Goose herself, not to mention candy and soda pop and similar enticements—bought with stray pennies which should go to the poor little children of China.

For many years the girls of the University have looked forward to the "Baby Party" along with all the other attractions of spring, and some of the most unique happenings in the history of Varsity have taken place at these events. Much preparation has been made for this one, and postmen all over the city have been busy for days delivering "specials" containing either little sister's Sunday School dress or her raggedest every-day school apron.

THIRTY CENTS AND THE CAUSE OF HUMANITY.

The student body will this morning be called upon to support a campaign for some twelve hundred dollars for the purpose of aiding the Chinese famine relief fund.

The attitude assumed by the average student has come to be that since he is solicited for so many and such varied causes he will compromise by supporting none of them. Particularly is this true with respect to appeals for aid that come from a distance and which do not touch the student directly, since it is mere human nature that one should be more interested in things that touch him vitally.

It is true that for some years the student body has been over solicited for financial assistance for this cause and for that and the average student is hardly to be blamed for his attitude. But there should be discrimination in the matter of those things which are supported. Even among worthy causes there are those which are more worthy. In reality more money is foolishly and uselessly expended in a day by many students individually than would be included in the total if they should support every cause which is presented.

The cause which is to be presented this morning is the cause of humanity. It is the call of human beings who are actually in need of the necessities for mere existence and for the mere keeping of body and soul together, a condition which the mind of the average well clothed and well fed student has difficulty in grasping. A contribution of thirty cents from each student in the University this morning will almost complete the quota which has been assigned to the University.

Every man and woman will do well to think twice this morning before rejecting the opportunity to assist in the promotion of this cause of humanity. The good which will be done by a contribution is out of all proportion to the relatively negligible sacrifice necessary.

ENGINEERS HAVE LECTURE

"City Water Supplies" will be the subject of the lecture to be delivered at 8 o'clock this evening at K. Hall by Mr. Edard E. Wall, water commissioner of St. Louis, Mo. Mr. Wall is one of the most distinguished civil engineers in America, being vice-president of the American Society of Civil Engineers, an extremely select body.

Problems connected with the obtaining of a pure supply, distribution and pumping systems, and late improvements in that special field will be discussed. This lecture is held to be very important by members of the engineering faculty, who are requiring attendance of all students in that department, but the general public will find it both interesting and informational.

OFFICIAL NOTICES

Meeting of Masonic Study Club tonight at 7 to 8. Room 312 of Education Building. Work in MM. degree. All master Masons invited to be present.
PRESIDENT.

ALL COSTUMES that were used in the Circus have not yet been returned. Please turn them in today without fail at the University Business Manager's Office, just across from the postoffice.
CIRCUS MANAGEMENT.

DIPLOMAS: The following candidates have not filled out diploma cards. They should call at Dean Benedict's office at once and fill out the cards.

Bachelor of Arts: W. B. Backus, H. W. Black, F. E. Boldrick, F. D. Booth, F. M. Collom, G. A. Edman, T. Gatlin, A. R. Kelly, R. G. Lubben, R. F. Rabke, Lydia Wiseman.
Business Administration: H. W. Black, W. C. Mathes, Zoe F. Kinnery.
T. U. TAYLOR,
Chairman Committee on Diplomas.

JUNIOR GIRLS: There will be a Cap and Gown initiation on Friday April 29, in the girls' Study Hall. Girls who will receive degrees in June or August of 1922 are eligible for membership.
PRESIDENT.

JUNIOR CABINET meeting on Friday afternoon at 5 o'clock in the Y. W. room.
CHAIRMAN.

LUTHERAN STUDENTS and their friends are cordially invited to a box supper given by St. Martin's Luther League at Barton Springs, Friday, April 29. Meet at south end of Congress Avenue bridge at 6:30 p. m.

PENNYBACKER Debating Club will hold open meeting in the girls' study hall Friday, April 29, at 5:00 o'clock. All members are urged to be present.
PRESIDENT.

CIRCUS COSTUMES should be left in the office of Business Manager, Main Building, today.
CIRCUS MANAGEMENT.

MEMBERSHIP COMMITTEE OF Y. W. C. A.: Meeting Friday afternoon at 4 o'clock in association room. Very important that every member be there.
CHAIRMAN.

THERE will be a 10-mile paddle Saturday. All girls who wish to go sign on bulletin board at Woman's Gym, before 12:00 Saturday. Party will leave dock promptly at 3 o'clock.
MANAGER.

E. E. LEE B. Y. P. U. will meet at church Saturday at 4 p. m. for trip out to Bull Creek. Everyone be on time.
CHAIRMAN.

SUMMER BOARDING HOUSES: All persons desiring to take Summer School students for board and lodging, or for either, and wishing to have their names on the printed list, will please mail all necessary information at once to the undersigned.

CHapel NOTICE

Father Handley in continuing his series of talks on "Love, Courtship, and Marriage," urged yesterday that early marriages were preferable to delayed marriages if the object of the delay was to secure abundant riches with which to live in affluence and luxury. He urged that it was better for the two to struggle together through poverty and thereby become closer linked together because of mutual service. He also spoke in opposition to long engagements. His reason was that long engagements tend to cheapen the proper deportment of the sexes toward each other. He urged that engagements should not constitute a sanction for familiarity. Father Handley made his points quite impressive and is filling the Chapel room by his interesting subject and presentation. His talk this morning will be on "The Right Relation to Married Life" and on Saturday "Why Preachers Do Not Marry."

During the Summer School it is permissible for one house to take both men and women as boarders but not as roomers. The list will go to the printer on Tuesday, May 3.
DEAN OF WOMEN,
Main Building 111.

PANHELLENIC will meet Friday at 5 o'clock, M. B. 157.
PRESIDENT.

SOPHOMORE BASEBALL TEAM meet on Jordan Field at 4 o'clock for practice.
MANAGER.

BUSINESS MANAGERS' bids for management of 1922 Cactus, 1921-22 Daily Texan, and 1921-22 Longhorn Magazine, must be sealed and delivered to the chairman, Publications Board, on or before Thursday, May 3, 1921. Address all communications to the Chairman, 2208 Nueces Street. Lowest estimates must be given. For further information phone 3720 or 7529.

Summer School Offers Home Nursing Course to Fill Obvious Need

Home Nursing is to be offered as a course in the summer school this year. Prerequisites for the course will be sophomore standing and one course in zoology. The new course will be known as Home Economics 123.

Aims of the home nursing courses are two-fold, according to Miss Jane Duffy, director of public health nursing at the University. One is to give theoretical and practical knowledge of the care of the sick and to give an understanding of the principles of health and right living so that health may be promoted and sickness prevented in the home and community. In addition, the course is designed to prove useful to those who are qualifying for teaching. The health department ascertained by investigation that 90 per cent of the sick of the state are cared for in the homes, and need of teachers for this subject is now being felt.

Class work and laboratory together will take up the hours from two to four each day during the first term of summer school.

When it's hot and you are tired, you naturally think of the Refreshing Qualities of Ice Cream. Why not HOME-MADE ICE CREAM. The very best. The kind at the Bluebonnet Shop.

SUNDAY CLUB TO PICNIC

This Sunday if the weather permits, the Sunday Club will go to East Woods on a picnic. Instead of the usual meeting in the parish house the members and the visitors will leave the house at 4:30 and go to the woods where they will cook supper.

At the last meeting, Miss Lockett gave an interesting talk on student life.

Mrs. Lee Knight of Temple, is visiting her daughter, Tyler Lee Knight at the Alpha Delta Pi house.

Miss Rose Egan has returned to Waco after a visit with Betsy Fuller.

Mary McBride has gone to her home in Port Arthur.

Mrs. Buchanan of Houston is visiting her daughters, Eulalie, Luta, Mary Adele Buchanan, at the Woman's Building.

Katherine Keller will go to Georgetown Friday for the May Fete.

Virginia Carroll and Doris Smith of Fort Worth, are visiting at the Kappa Kappa Gamma house.

Agnes Allison has returned to her home in Taylor after a visit at the Chi Omega house.

Georgia Calvin has gone to Brenham to visit Mrs. Arthur Holt.

Mrs. J. W. Hampil has returned to her home in Thompson after a visit with her niece, Ruby Hampil.

Eugenia Weaver has returned to Sherman after a visit with her sister, Elizabeth Weaver, at the Tri Delta house.

Miss Mary Washington Ball is ill and has been unable to meet her classes for two days.

Elizabeth Peak has returned to Dallas after a visit with her sister, Helen Peak, at the Tri Delta house.

Mr. A. A. Farley of Brenham, visited his niece, Nella Wilkins, Wednesday.

Bill Bromley has withdrawn from school and has gone to Phoenix, Arizona.

Marjorie Mankin and Louise Walker will spend the week-end in Georgetown.

Mary Emma Arbuckle and Mary Lynn Lanfear will spend the week-end at their home in Elgin.

Mary Frances McAskil and Jim Manes will spend Saturday and Sunday in Georgetown.

Among the University girls over Georgetown for the May Fete this week-end are Elinor Boldrick and May Bell Thrasher.

Alpha Tau Omega will hold initiation this week-end for Hugh McGee

of Marshall, R. M. Brian of Yoakum, and M. T. Doak of Clarksville.

R. L. Gross will spend the week-end in Galveston.

Jack Phillips spent the week-end at the Alpha Tau Omega house.

Homer Mason will spend the week-end at San Antonio.

Delta Theta Phi announces the pledging of Miller F. Armstrong of Mission.

Mac Russ is spending the week-end at San Antonio.

Brice Ferguson of Temple has been a visitor for the past few days at the Delta Theta Phi house.

Wendell Mayes has returned from a visit to Jackson City, Missouri.

Mr. Frank Rogers, the national secretary of Delta Tau Delta, who has been visiting at the Delta Tau house this week, has left for a visit in New Orleans.

E. P. Craig of Dallas is visiting at the Delta Kappa Epsilon house.

Lillian Baldwin will spend the week-end at her home in San Antonio.

Cecil Oliphant is spending the week-end at Houston.

Pi Beta Phi announces the initiation of Jean Guthrie of San Angelo and May Bess Huberich of Austin.

Tesmer Lane of Houston will arrive today for a short visit with Thelma Dillingham.

Nell Collins is able to return to classes after a brief illness.

Kappa Alpha will be at home Friday night to a few of their friends.

Art Exhibit Will Be Held in Girls' Study Hall Monday

One of the most interesting and effective undertakings of the Young Women's Christian Association of the year will be the art exhibit to be held in the girls' study hall on Monday afternoon from 4 to 5 o'clock. The purpose of the exhibit will be to demonstrate the value of beauty to the home and to the individual and its comparative expense.

Demonstrations will be made with permodello, a self-hardening clay, from which can be made beads, candle sticks, pin traps, and the like. Along with the permodello display, will be samples of Parisian ivory—all to be presided over by Mrs. McLeod Greathouse, Mary Lee Scovell, and Katherine Carothers.

The use of enamalac for decorating jars and boxes will be illustrated by Miss Logan of the home economics department. namalac is oil paint mixed with varnish, which makes very striking decorations. There will also be in this display effective scarfs in tying and dying.

Miss Shearer of the home economics department and Miss Margaret Robertson will show the use of Batik for decorating blouses, dresses, curtains, panels, tapestries, and table

covers. Batik is the old Japanese art for the painting and dying of fabrics. The design is drawn on a very thin fabric such as crepe de chine, and is covered with molten wax to preserve such parts of the design in the original colors as are to be contrasted with the background of dyed colors. After dying, the wax is removed with gasoline or benzine, and the pattern appears in silhouette.

There will also be an Exhibit of Industrial Art originally from New Jersey, but coming from the University of Arkansas at Fayetteville. This exhibit was furnished the Prong Company by the supervisor of industrial art in Jersey City. It covers various lines of work and contains many new ideas.

During the exhibit, punch will be served by the members of the Advisory Board. Amid the decorations of palms and ferns Vesper Services will be held at 5 o'clock, with Mrs. Alex Spence, formerly Miss Ruth Potts, in charge, her subject being the "Value of Beauty to the Individual and to the Home."

Twelve Hundred Dollars Set As University Goal

(Continued from Page One)

will be a great help in saving the lives of the starving Chinese. Three cents will save a life one day. One dollar will save a life for one month. Three dollars will save a life until the next harvest, and then the people can help themselves.

President Vinson is vice-chairman of the executive committee for the state in this work. He is appealing to the whole state for aid; let the students show the citizens of the state that they are behind their leader.

To Speak to Classes

This morning speakers will visit the various classes and ask for small donations. No one is asked for a large amount; it is hoped that every student will have a part in this great campaign even if it is only to save one life for one day. There is no student but what could save one life for a few days or for one month by unnoticeable self-denial.

The following appeal is sent out by President Harding:

"The cry for succor comes to us from a people far distant; but linked to us by manifold ties of friendly association, confidence and good will. The American nation has never failed to demonstrate its friendship for the people of China and that friendship has always been reciprocated in a manner which I feel justifies the hope that in this hour of China's great distress our people will do everything in their power for its amelioration."

Let the students of the University of Texas show its support of the government by coming forward with the small gifts that will be asked for this morning.

SEE-SAW GAME IS WON BY DISCHMEN IN NINTH INNING

(Continued from page 1)

the next three innings it was a pitcher's battle, with the odds slightly in favor of Gillett. But the Longhorns were not able to overcome the lead that the Owls had gained in the third inning.

In the eight inning, however, Nowlin, the Longhorn second sacker, stepped to the plate and connected with the ball for a home run, which tied the score. Again it looked as if the Longhorns might win, but the Owls again came back in the same inning and took the lead by working one man around the bases.

Longhorns Fight

The Longhorns showed their old fighting spirit when their last opportunity came to win the game. Each man that Billy Disch sent to the plate followed instructions so well that when the inning was finished, the Longhorns had scored twice and had taken a one-run lead.

Gillett did not by any means weaken in this last inning, for the Owls were able to do nothing with his delivery. Try as they might, they found that the Texas team intended to defend their lead with everything they had, and the Owls were unable to put the necessary two runs across the plate. The game ended Texas 5, Rice 4.

Spectators declared this to be the best college game that has been seen in Houston this year, and the Texas fighting spirit in pulling the victory out of the fire was very much in evidence.

The score: R Texas 5, 020 000 012-5
Rice 4, 003 000 010-4
Batteries: Texas, Gillett and Hart; Rice, Dyer and Walter.
Time of game: two hours.

BOTANICAL DEPARTMENT DISCOVERS NEW FUNGUS

One of the recent results of research work being carried on by the botanical department of the University of Texas, is the discovery of a fungal growth on the mulberry.

This fungus has its habitat in the berry and destroys almost completely the seed growth. It has been particularly virulent and well distributed in certain sections of the state. The berry is turned into an irregular shaped fungal mass that turns black as the season advances. In this mass are produced the spores through which the fungi are reproduced and distributed.

Close study of this fungus is being made since it is considered probable that it bears a very near relation to other blights of more general economic importance, thereby opening up a wider avenue for a study of methods of control of these plant diseases.

Have you seen those wonderful new creations in glove silk at the Bluebonnet Shop? It is Van Raalte, the utmost in silk underwear.

PHI GAMMA DELTA WINS TRACK MEET BY LARGE MARGIN

(Continued from Page One)

five minutes and then were unable to out-do one another so split the points. Another very exciting race was the 880 yard run, which was won by Purk Nelms of the Phi Gams. Buckley of Pi K. A. and Boldrick of Sigma Alpha Epsilon fought hard fights for first place but were unable to overcome the big lead taken by Nelms at the beginning. The Sigma Chis took good places in all of the weight events, which won second place for them in the meet.

The final standings of the fraternities were as follows: Phi Gamma Delta, 32; Sigma Chi, 20; Sigma Alpha Epsilon, 18 1-4; Phi Delta Theta, 12 1-4; Delta Tau Delta, 11; Lambda Chi Alpha, 9; Dekes and Sigma Nus tied for seventh place with 7 points each; Delta Chi, 5; Delta Theta Phi, 4 1-4; Pi Kappa Alpha, 3; Phi Kappa Psi, 2 1-4; Delta Sigma Phi, 2; Kappa Alpha, Kappa Sigma, Chi Phi, Beta Theta Pi, Acacia, Alpha Tau Omega, and Theta Xi did not enter teams.

Following are the results by events:

180 yard dash: Patton, S. A. E., first; Leissner, Lambda Chi Alpha, second; Gardier, Sigma Chi, third; McKinney, Lambda Chi Alpha, fourth. Time: 23 seconds.

100 yard dash: Goddard and Chambers tied for first; McCarty, Delta Tau Delta, third; Townsend, S. A. E., fourth. Time: 10 4-5 seconds.

220 yard dash: Goddard, Phi Gamma Delta, first; Chamber, Phi Delta Theta, second; Schmidt, Sigma Nu, third; Patton, S. A. E., fourth. Time: 24 2-5 seconds.

440 yard dash: Gardier, Sigma Chi, first; Hury, S. A. E., second; Moursund, Deke, third; Hopkins, S. A. E., fourth. Time: 57 2-5 seconds.

880 yard run: Nelms, Phi Gamma Delta, first; Buckley, Pi K. A., second; Boldrick, S. A. E., third; Ragland, Delta Tau Delta, fourth. Time: 2 minutes 14 4-5 seconds.

Half mile relay: S. A. E., first; Phi Gamma Delta, second; Lambda Chi Alpha, third; Deke, fourth.

Field Events

Discus: McCallum, Sigma Chi, first; Lockwood, Phi Gamma Delta, second; Russell, Deke, third; Hill, Phi Psi, fourth. Distance: 96 feet.

Shot put: Allen, Phi Gamma Delta, first; Hulsey, Delta Tau Delta, second; McCallum, Sigma Chi, third and fourth. Distance: 32 feet 5 inches.

Javelin: McCallum, Sigma Chi, first; Leissner, Lambda Chi Alpha, second; Burns, Deke, third; Morgan, Phi Gamma Delta, fourth. Distance: 136 feet 2 inches.

Broad jump: Robertson, Sigma Nu, first; Champers, Phi Delta Theta, second; Allen, Phi Gamma Delta, third; Garrison, S. A. E., fourth. Distance: 19 feet 4 inches.

High jump: Smith, Delta Chi, first; Gammon, Delta Tau Delta, second; Witt, Delta Sigma Phi, third; White, Bowman, Shumaker, Johnson, all tied for fourth.

Pole vault: Allen, Phi Gamma Delta, and Johnson, Delta Theta Phi, tied for first; Wilkins, Walker and Apperson, tied for third.

WRESTLING TEAM IS VICTORIOUS AGAINST AUSTIN KANGAROOS

(Continued from Page One)

in winning the decision after the seven minutes. Nash also won the decision in his second bout, making the score 12-0 for Texas.

Nelson Scurlock in the 125 pound class won both bouts from H. W. Greenup on decisions. Scurlock had the best of his man from the beginning. Score 24-0 for Texas.

In the lightweight class, Frank Scurlock defeated E. A. Moore by two decisions making the score 36-0. These two bouts were the hardest fought of the evening.

Gus Basse in the 145-pound class scored a fall against his opponent, Volney Cavitt in their first bout and a decision in the second bout, making the score 49-0.

The final bout of the evening came between George Hill, middleweight, and J. W. Donnell. Hill won both bouts on decisions making the final score for the meet 61-0.

J. H. Cayce of Ft. Worth refereed the meet.

This meet was not in the Southwestern Conference so it has no effect on the Conference score for the year.

NEW COURSES GIVEN BY CORRESPONDENCE

According to the new correspondence catalog of the University of Texas, recently released from the press, thirty new courses are now offered, bringing the total to 285.

Among the new courses added this year is popular astronomy under the direction of Professor J. N. Michie. The Department of Journalism also Feature Writing for Newspapers, and given by W. D. Hornaday. The remaining new courses are in departments already represented in correspondence work.

Approximately 2200 students are now enrolled in the correspondence department, according to Miss Julia Vance, registrar of the Correspondence Division.
