PETROLEUM SCIENCES & ENGINEERING

Dr. H. B. Stenzel  
Bureau of Economic Geology  
Austin, Texas

Dear Dr. Stenzel:

I am desirous of having your manuscript of the paper you are presenting at the S.E.P.M. symposium shortly after the paper has been presented. I have in mind publication of the five contributions to the symposium in the August number of the JOURNAL OF SEDIMENTARY PETROLOGY and have planned to reserve the entire number for these papers. I would greatly appreciate your handing me the manuscript, together with abstract, at the close of the meeting.

Sincerely yours,

W.H. Twenhofel  
Department of Geology
