

# THE OHIO STATE UNIVERSITY

HOWARD L. BEVIS, *President*

COLUMBUS 10

DEPARTMENT OF GEOLOGY

December 16, 1947

Dr. Henryk B. Stenzel  
Bureau of Economic Geology  
Austin 12, Texas

Dear Doctor Stenzel,

If you are planning to attend the Geological Society meetings in Ottawa I should like very much to discuss with you an important opening in this department, with the intent of mutual determination whether you might be available to fill the position. I shall not go further into detail here but shall stipulate at least that if we reach agreement as to the academic and professional interests involved I feel fairly sure that we can make it financially worth while for you.

It would be highly desirable, if you are going to Ottawa, for you to stop in Columbus for a day, either going or returning. This university will be glad to pay all expenses of the round trip between Austin and Columbus. If you are not going to Ottawa, I hope we may arrange for you to make the trip at the earliest date convenient in January.

Sincerely yours,

Edmund M. Spieker  
Chairman, Department of Geology

EMS/S
