GEOLOGICAL SURVEY

7-11-49

Dear Dr. Stenzel:

Your letter was forwarded to me in the field in Baldwin Co., Ala. I am pleased to hear that you may be able to spend some time with us on the Choctaw Co. field trip.

Because of a conflict with the Miss. Geol. Soc. field trip in Ala., we may set our trip up a day and meet Sunday, Aug. 21. At any rate we will have transportation for you and can meet you in Meridian, Miss., or York, Ala. I will advise you of the exact day of meeting at a later date.

Sincerely,
Phil Lamoreaux
