3836 Bellaire Blvd.
Houston 25, Texas

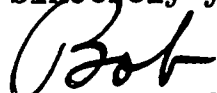

Dear Henryk:

Thank you for your letter of 28 October 1958. As you know, I have already sent in the general report that we drew up and I will now communicate your additional thoughts to Gordon Rittenhouse as I agree fully with the opinion that both you and Francis Pettijohn have expressed.

I am sorry to hear that you will not be coming to St. Louis, but I am much relieved to hear that the operation saved your eyesight and that you are rapidly recovering.

I hope that by the time the Dallas meeting of the A.A.P.G. rolls around ~~that~~ you will be your old self again and that we can have another of our mutually beneficial discussions.

Sincerely yours,

Robert R. Shrock
Chairman
