THE UNIVERSITY OF TEXAS BULLETIN

No. 3002: January 8, 1930

THE UNIVERSITY OF TEXAS BULLETINS FOR 1929

List With Index

PUBLISHED BY THE UNIVERSITY FOUR TIMES A MONTH, AND ENTERED AS
SECOND-CLASS MATTER AT THE POSTOFFICE AT AUSTIN, TEXAS,
UNDER THE ACT OF AUGUST 24, 1912

The benefits of education and of useful knowledge, generally diffused through a community, are essential to the preservation of a free government.

Sam Houston

Cultivated mind is the guardian genius of democracy. . . . It is the only dictator that freemen acknowledge and the only security that freemen desire.

Mirabeau B. Lamar

EXPLANATION

The University bulletins are so numbered that the first two digits of the number show the year of issue, the last two the position in the yearly series. For example, 2901 is the first bulletin of the year 1929. These comprise the official publications of the University, publications on humanistic and scientific subjects, and bulletins prepared from time to time by various divisions of the University.

Any bulletin will be sent to a citizen of Texas free of charge, unless its number is preceded by a dagger in this list. A nominal charge is made for all bulletins sent out of the State except for catalogues, etc., and except for bulletins sent to an institution on the exchange list of The University of Texas. Money for these bulletins must be sent with the order, as it has been found impracticable to send bulletins on account.

The omission of a number from its place in the consecutive order indicates that the number has not been used. The following serial numbers have not been used for 1929:

2904	2924	2940
2906	2925	2942
2909	2928	2945
2914	2930	2946
2915	2932	2947
2920	2938	2948

The following bureaus and divisions distribute bulletins issued by them; communications concerning bulletins in these fields should be addressed to The University of Texas, Austin, Texas, care of the bureau or division issuing the bulletin: Bureau of Business Research, Bureau of Economic Geology, Bureau of Engineering Research, Interscholastic League Bureau, and Division of Extension. Communications concerning all other publications of the University should be addressed to University Publications, The University of Texas, Austin, Texas.

The sales price listed applies to orders from without the State of Texas unless the bulletin number is preceded by a dagger (†), in which case the price is charged both within and without the State.

†2901: January 1, 1929.

Contributions to Geology, 1929. Bureau of Economic Geology, Division of the Conservation and Development of the Natural Resources of Texas. 226 pp., 15 figures, 6 plates. Price, paper, \$1; buckram, \$1.75.
