COLUMNE XX.

CHANCE FOR PENNANT NEARS FOR LONGHORNS

Defeating Aggies Texas Can Clinch the Baseball Championship

(By H. R. Cox)

By defeating A. and M. in one of two games which the Farmers play on Clark Field Friday and Saturday the Longhorns can clinch the A. C. championship in baseball. The present standing of the three teams, the only ones anywhere near striking distance, is:

Teams	P.	W.	L.	Pct.
Longhorns	10	8	2	.800
Aggies	11	8	3	.727
and M.	13	8	5	.615

All other teams in the Conference have been so far outstripped in this race that they do not need to be considered. As far as Baylor is concerned the best she can hope for is a chance to tie for second place. If A. and M. loses to Texas in both games, the Farmers will have a percentage of 50, which will tie the Bears. One victory in these next two games will give the Texas nine first place. On the other hand, if the Farmers should happen to annex both games they would come out victorious. The standing would be:

Teams	P.	W.	L.	Pct.
Longhorns	13	10	3	.769
Aggies	12	8	4	.667
and M.	13	9	4	.692

The odds are all in favor of Texas. Each of the two reliable of Coach Gillett's pitching staff—Bus Gillett and Bib Falk—are fresh and ready for action. It was not necessary to work either of them last week or for the game with S. M. U. Monday, so they are both in good running order. These two pitchers are the ones who defeated A. and M. in two games on their own home grounds. Their team mates are still backing them up with big league exhibition of hitting, and on their home diamond they should be able to win again. Unless things go wrong, the Farmers will have to definitely give up all hope of four championship teams this year.

NEWMAN CLUB DEFEATS ST. EDWARDS IN BASEBALL

A fusillade of hits and runs in the fourth inning enabled the Newman Club to put six runs across the plate Sunday afternoon against the St. Edwards team. The final score was 11 to 7 in favor of the University men. Sunday's game was the second between the two clubs, St. Edwards winning the first by a 5 to 4 score a month ago.

Long pitched a steady game for the Newman Club and consistent hitting by Hartel, Mulcahy, Quinn, and Mares put the game on ice early. St. Edwards filled the bases in the ninth inning but could score only one run. Long who was very effective in the eighth.

Batteries for the game were Long and Peters for Newman Club; and Reiser, McNamara and Lacy for St. Edwards.

TWO NAMES ADDED TO HALL OF FAME

One more tablet has been hung in the Longhorn hall of fame in the athletic office. This tablet bears the legend that Section 6 of Freshman gym with W. E. Brown as captain won the indoor baseball championship in 1920 and it gives the names of the members of the team. The others are: T. A. Lando, T. P. McCord, C. M. Miller, J. N. Marshall, Jr., N. Armstrong, J. B. Williams, W. H. Wilson, I. M. Woode, P. C. Walthall, E. E. Birmingham, and O. T. Lightner.

STUDENT-FACULTY RELATIONS DIAGNOSED

The committee, of which Dr. J. W. Calhoun is chairman recently appointed by the president to investigate the relations between the faculty and the student body will meet Thursday afternoon. This committee has been divided into three separate sub-committees for expediency. These are to consider student publications, the honor system, and the administration of self-government among the students.

STATEMENT MADE ON STATE LEAGUE

Dr. Shurter Reports Success and Gives Figures on Inter-scholastic Meet

In point of attendance, organization and cooperation by the University community, the citizens of Austin, and friends out in the state, the tenth Inter-scholastic League State Meet held at the University last week was the most successful of any yet held. The schools belonging to the League total 3345 this year as compared with 2432 last year.

There were 305 schools represented by the delegates at the state meet as compared with 245 last year. We had in attendance 1259 contestants and 305 teachers, or a total of 1564 official delegates to whom rebates on their traveling expenses will be paid. Adding visitors who accompanied the delegates, there were in attendance upon the meet upwards of 2000 outside of Austin. The receipts from the sale of patrons' and contributors' tickets, together with the gate receipts from the literary and athletic events, total approximately \$3000.

We have about \$4000 in the membership fee fund (paid by the schools belonging to the league) and this sum, plus the contributions—a total of about \$7000—will be devoted to assisting the delegates on the score of their railroad fares. The amount of the fares paid by the official delegates totals approximately \$1400. Contributions are still coming in, and we are in hopes that the delegates may be paid one-half of their traveling expenses.

The state executive committee desires to make grateful acknowledgment of the assistance rendered by individuals and organizations in pulling off the state meet. It would, indeed, be impossible to conduct the meet successfully without such cooperation. Without attempting to list individual names, special acknowledgment is made to the purchasers of patrons' and contributors' tickets, the Austin Chamber of Commerce, the Mothers' Clubs of Austin, the Boy Scouts, the Rotary, the Lions, and the Kiwanis clubs, the University Y. M. C. A., the vestry of All Saints Chapel, Saint Edwards College, Adjutant General Cope, Col. J. T. Stockton, Roland Windrow of the State Highway Commission, the faculty and student committees, the student motor truck squad under the direction of Captain John K. Weber, and the citizens of Austin who opened their homes to the delegates and assisted in transportation from the train to the League headquarters.

E. D. SHURTER,
Chairman.

DELTA SIGS, KAPPA ALPHAS AND BETAS WIN OUT IN TENNIS

Delta Sigma Phi, Kappa Alpha, and Beta Theta Pi won the first three matches played on the interfraternity tennis schedule Tuesday afternoon. Kappa Alpha beat Delta Tau Delta; Beta Theta Pi put it over Acacia, and Delta Sigma Phi beat Delta Chi. These games were the first preliminaries, the rest of which will be played this week. The teams defeated today are eliminated from the contest. The winners will play eliminations for the semi-finals after the other teams play their prelims.

The Delta Sig-Delta Chi match proved to be the closest of the afternoon resulting in scores of 7 to 5 games in the first set and 6 to 4 in the second set. The first two sets were taken by Delta Sigma Phi, so the third was not played. This occurred in the other two matches of the afternoon also. White and Cocke played for Delta Chi and Templeton and Caldwell represented the Delta Sigs.

McCullough and O'Keefe for the K. A.'s took the first two sets from Angly and Joplin for the Delta Taus by a score of 6 to 3, and 6 to 3. Bailey and Ash for the Acacias took the count from Turner and Bell for the Betas in two 6 to 1 sets.

This afternoon Chi Phi will play Sigma Chi, Lambda Chi Alpha, Kappa Sigma, and Phi Kappa Psi will meet Delta Theta.

TENNIS LIVENS UP WITH MEETS AHEAD

Four Men to Represent Varsity at Houston and Probably Two at Atlanta

Texas will be represented by four men in the tennis meet of the Southwestern Conference which meets at Houston on Friday and Saturday of this week, four men being all that are allowed to be entered under the conference rules. Dr. D. A. Penick, coach of tennis, is awaiting a wire from Atlanta deciding whether Texas will send a team to that city to take part in the tennis meet of the Southern Intercollegiate Athletic Association, to be held there on Thursday, Friday and Saturday of this week. Only two men will go to Atlanta.

Should Granger and Drumwright go to Atlanta, the four men to go to Houston will be selected from the rest Wednesday's workouts. The squad, at present, consists of Granger, Brown, Klatt, and Yeager, letter men from last year; Gregory, on the squad of year before last; Drumwright, Payne, Taber and Bell. Schools in the Southwestern Conference are Texas, Rice, S. M. U., T. C. U., Baylor, Southwestern, A. and M., and Arkansas.

Dr. Penick states that the tennis squad is working under a great handicap, due to the fact that but one meet is definitely scheduled, the Southwestern meet at Houston. Should this be the only meet participated in by Texas, only four men would receive letters, as a man must play intercollegiate tennis in order to be eligible to receive a letter. However, should a Texas team have an opportunity to take part in other intercollegiate meets, then more members of the squad would be eligible to receive letters in tennis.

As we go to press, it is learned that Granger and Drumwright have left for Atlanta to take part in the tennis meet there. It was necessary to secure permission from the Southern Conference to send a team to their meet as Texas is not a member of the Southern Association. Much interest is manifested in the account that these two wielders of the racquet will give of themselves at Atlanta.

Elaborate Pageant Will Be Presented By Bonny Y Girls

In keeping with the missionary spirit which the World Fellowship committee of the Y. W. C. A. advocates as its policy, the committee will present a pageant to take the place of the next regular vesper service. This pageant promises to be an elaborate one, featuring the Eastern countries, the European nations, America, in a program and in costumes appropriate to the countries represented. To make the affair a success there is the added attraction of the trunk owned by the national Y. W. C. A., which contains the costumes representative of the various foreign nations.

The scene opens with the spirit of Fellowship entering the hall where the altar has been erected. As the pageant progresses the spirit of Fellowship changes to Christianity. One by one the nations of the Orient enter to lay their sacrifice upon the altar erected. Each of the nations is costumed according to the style of the country which is represented. The entire procession being upon the stage and all the sacrifices being made, the pageant closes with a tableau.

The Choral Club will furnish the music for the occasion. Every girl is invited to attend the pageant which is to be given in the Y. M. C. A. auditorium.

The cast as it will present the pageant is as follows: Fellowship, Sadie Scovell; America, Helen Kettler; Belgium, Eudora Hawkins; France, Monna Bates; England, Katherine Elliott; Italy, Iris Shuffer; China, Lola Bess; Japan, Helen Davidson; Korea, Irma Gesche; South America, Grace Gorman; Liberty Bond, Jack Hatcher; Red Cross, Mary Barbour Taylor; Mother, Frances Shive; Farmerette, Keith Coppage; Munition Worker, Mary Rice; Overseas Worker, Laura Thompson; hand maidens, Misses Thomas, Worley, Emma Coyle, Emma Harrell.

NEW RECORD MADE IN POLE VAULTING

Gilbert Jackson, Formerly of Garland, Establishes Inter-scholastic Record

GILBERT P. JACKSON of Dalhart

Gilbert P. (Gib) Jackson, who represented the Garland High School last year in the Inter-scholastic meet, broke the pole vaulting record then held by Therron Brown of Temple, did a like feat in the meet which ended last Saturday, and broke his own record of 11 feet 5 1/2 inches, making the mark reach an even 12 feet. Jackson also broke the records at the final meet this year at A. and M. College.

The new record falls short of the Southwestern Intercollegiate record by only one-half (1-2) inch. Jackson failed on 12 feet 2 inches after several attempts. He was credited with a record of 11 feet 7 1/2 inches, making the higher record after the event had already been won by him.

NEW MEMBERS OF LANIER ARE ENTERTAINED AT PARK

New members elected to Sidney Lanier Society were initiated and entertained with the annual picnic on Tuesday afternoon in Jesse Park. Novel initiation ceremonies were held in which the new members were asked to recite poetry that the honored poet, Lanier, would approve. From the nursery rhymes submitted, the reputation of this literary man must rest on his efforts at children's poetry. After the newly initiated girls had been properly decorated with the insignia of the society, refreshments were served.

The following named girls have been elected to Sidney Lanier Society: Birdie Grant, Vivienne Howell, Brownie Graves, Mary Estill, Katharine Estill, Bernice Cox, Pensie Coke, Irene Spence, Frances Scarbrough, Eugenia Marshall, Eugenia Porter, and Floyd Hassell.

FIRST YEAR H. E. STUDES ENTERTAIN CLASSMATES

First year students in home economics will entertain the seniors in that school with an informal banquet to be given Thursday evening at 7 o'clock in the dining room of H. E. shack. Seniors in regular academic courses who are registered for H. E. work are also invited to attend.

SOCIAL CALENDAR FOR THE WEEK ENDING MAY 15.

Friday, May 14—Phi Gamma Delta dance at Country Club; Lambda Chi Alpha barge ride. Saturday, May 15—Skull and Bones dance at Country Club; German at K. C. Hall; Pre-Med Banquet at Driskill Hotel.

SOCIAL CALENDAR COM.

RUSK TAKES FINAL INTER-CLUB DEBATE

Merrem of Rusk and Jackson of Athenaeum Win Prizes Tuesday Night

Rusk Literary Society won the final inter-club debate last night against the Athenaeum. L. C. Merrem of the Rusk and J. D. Jackson of the Athenaeum won prizes of \$50 and \$25 respectively.

Erle M. Racey, Ben F. Wright, Jr., and L. C. Merrem of Rusk upheld the negative and defeated E. G. Floyd, Stanley Eddins, and R. D. Jackson of Athenaeum. The question was, "Resolved that the United States should adopt the League of Nations as submitted by President Wilson."

This victory makes the fourth consecutive time the Rusk has won the H. A. Wroe cup. Out of eight chances the Rusk has won the cup six times.

Other prizes awarded were cash prizes, also offered by Mr. Wroe, for the two best speakers. L. C. Merrem was declared best speaker and was awarded \$50. R. D. Jackson received the second prize of \$25.

The judges for the debate were Judge Townes, Dean of the Law Department; Judge Victor L. Brooks, J. H. Hart.

SCHULER TO PREACH TO STUDENTS TONIGHT

This evening at eight o'clock Rev. R. P. Shuler will preach at the University Methodist church. This service will take the place of the weekly prayer meeting, and all University students are cordially invited to be present. Rev. Shuler will preach on a topic that will be of interest to all.

It will be remembered that Shuler was pastor of the University Methodist church for four years, and doubtless many of the older students will remember him as an earnest and enthusiastic speaker.

Since the political campaigns are over it should be a real treat for the students to hear something that has no bearing whatever on politics, and something from which they will derive real help and enjoyment.

Raw Cubs, Old Newspaper Men and Journalists Go Up Bull Creek on Picnic

Press rats of the University enjoyed a picnic day before yesterday given by the Press Club of the University. A good crowd of student journalists, from the greenest of cubs to the most hardened press workers in school, assembled at the car shed west of the campus and went out to the Dam. Eats were brought along, with the design of making them the feature of the evening.

At the dam transportation across the lake was secured and the crowd landed on the shore of Bee Creek to cook supper. When the bacon and pickles and rolls and other provisions were ready for consumption, the crowd laid to and ate what they all voted as a thoroughly enjoyable supper. When everything in sight had been cleaned up, and the picknickers grew tired of viewing the scene of the battle, they returned to the boathouse, made the trip back to the campus and dispersed.

CAP AND GOWN WILL INITIATE THURSDAY

Cap and Gown, the senior girls' club, will hold its annual spring initiation Thursday, May 13, in the Girls' Study Hall, at 7 o'clock. On account of the large number of junior girls and the insufficient number of seniors, individual invitations which have been previously sent to the girls to be initiated, will not be sent this time.

Every junior girl who is a candidate for the degree next June is urged to be present at the initiation on Thursday.

The senior girls have been urged by the president of the organization to wear old clothes, for this one time they will lose all dignity and have rough play with their junior sisters. All glasses, watches and similar paraphernalia should be left at home by the seniors, for these might be broken in the tussel of initiation stunts.

The junior girls will meet at the Y. W. C. A. office at 7 o'clock Thursday to go through the initiation ceremonies.

BIG STUDENT VOTE GIVES MORGAN LEAD IN RACE

Second Ballot Count Is Necessary to Determine Winner. Johnson Follows Closely. Hayden, Mayes, Cox, Simmons, Giesecke, Dittmar, Thames Are Winners, According to Unofficial Returns.

INFANT AUSTIN IS SUBJECT OF BOOK

Unpublished Manuscript in Possession of University Is Noted For Quaintness

The University of Texas is in possession of an interesting and comprehensive history of Austin and the surrounding Colorado valley. This history, compiled by Frank Brown who was for fifty-six years a resident of Austin, extends from the earliest explorations of the Colorado valley down to 1875 and is said to be the only connected and continuous record of this section. This manuscript when published will include about 1000 pages and will be a valuable source for research study of early Spanish and Texas history. The University School of History has temporary possession of the manuscript through the courtesy of Mrs. Henry Hutchings, of Austin, daughter of the compiler.

Mr. Brown undertook the collection of material for this history many years ago at the request of the Texas Historical Society and the Daughters of the Republic. Much of the material was collected from old settlers. Other sources were the state records and earliest newspapers of Texas, and the broad personal knowledge of the writer. Thorough descriptions of the country, its streams, hills and natural plant, together with interesting sketches of early leaders in the settling of the country around Austin are given.

Perhaps the most interesting parts of the manuscript are in quaint, old-time illustrations and the realistic accounts of early encounters with the Indians. These accounts give very valuable information as to the mode of life of the Indians, their government, religion and attitude toward the intrusion of the white race.

RUSK BANQUET TO BE HELD AT THE DRISKILL HOTEL

Tonight at 7:45 the Rusk Literary Society will hold its final banquet of the year at the Driskill Hotel. Ernest May who is in charge of the affair promises it will be as great a success as it has always been in the years apast. After the feast the annual Morris Sheppard after-dinner speaking contest will be held. For a number of years Senator Sheppard, who was at one time president of the Rusk, has offered a sum of \$25 in the hope of encouraging ability in after-dinner speaking, an art which is rather neglected in the field of forensics and oratory. Fifteen dollars will be given to the best speaker and ten dollars to the speaker who wins second place.

Six men will compete in the contest and the following program will be rendered:

Ernest May, "We, the People." Frank K. McGehee, Americanism. Owen D. Barker, Drifting. Robert M. Fields, General Rusk. Jerome J. Byrne, Something for Nothing.

Judson Francis, America and Ireland. The Rusk has been very fortunate in securing as its toastmaster Judge John W. Brady. Several other men of importance will be guests: Judge O. S. Lattimore, Attorney General Cureton, Professor W. A. Wreigh of the law department, and Professor J. Frank Dobie of the School of English. An attendance of approximately one hundred is expected.

OVER TWENTY-FIVE HUNDRED BALLOTS ARE RECORDED

Black, Chenault, Ling, Price, and Massey Step Into Office Without Opposition

Unofficial reports given out at a late hour last night indicated that James Benton Morgan will be the next president of the Students' Association. All first ballots were counted and these gave Morgan 1052 votes as against his next opponent, Albert S. Johnson, 898. Field followed up with 675. Upon the second count, which was still in progress when the Texan went to press, Morgan and Johnson were running neck and neck, the indications being that Morgan would maintain a sufficient lead to place him in office.

Mayes secured a landslide of 1568, more than both of his opponents. Foster got 327 and Belcher 695. This insures Mayes' election.

H. R. Cox took the lead over Hill Cocke, the staff nominee, for managing editor of the Texan, carrying nearly every box and coming out with 1477 as against Cocke's 1041.

Simmons sacked the office of editor of the Magazine. He secured 1580 over Miss Alice Ballard's 962.

Miss Arlee Thames was elected to the chairmanship of the Woman's Council. Misses Collins, Carter, Harris, Foster and Sykes were seemingly assured positions on the council for women.

Miss Minnie Giesecke scored over Miss Annie Bennett by approximately 300 votes. The count here was 1,399 to 1,093.

Tom Hayden got 807 votes for chairman of the Men's Council while McIntire received 743. Dittmar received 525 for senior councilman and Strackbein 346.

The race for junior councilman from the academic department was undetermined at a late hour. Nowotny leading on the first ballot with 661 votes, Wood following up with 480 and Cole with 358. It was necessary in this race to resort to counting of the seconds between the two highest.

Other candidates were without opposition.

Election judges were on the job late into the night counting and re-counting on the two and one-half thousand ballots that composed the largest student vote ever polled for a student office here. Every effort was made to get fuller reports for Texan readers but it was impossible to secure the returns by departments for this morning's issue.

LATE BULLETIN (1 A. M.)

Final returns—	1sts.	2nds.	Total
Morgan	1052	339	1391
Johnson	898	320	1218

Junior Councilman-at-large:
Wood 675
Nowotny 802

SIMONDS LECTURES

Monday night Dr. W. H. Simonds, of the Geology department, delivered a lecture to the Science Club of A. and M. College. The lecture was in support of the oil proposition and its development in the state of Texas. A very large and enthusiastic attendance from the student and faculty were present.

FACULTY MEETS

At the regular meeting of the University faculty yesterday afternoon, nothing of permanent importance was affected. The R. O. T. C. situation was presented, but after much discussion and no action taken, the matter was postponed until next meeting.

BREVITY AND VARIETY.

Brevity has always been considered to be the soul of wit. But not only is it the soul of wit, but of divers things as well. It is the soul of after-dinner speeches, musical entertainments, poetry, sermons, telephone calls, social visits during business hours, engagements—and from the student viewpoint, midterms.

Especially in this day of reconstruction and unrest is this craze for brevity marked. Our most noticeable characteristic today is a nervousness, a jumpiness, a kind of irritability which will not permit anything to engage our attention for a great length of time. We are living in a frenzied, racy sort of period, in mad pursuit after the Goddess Variety.

Just recently a well known musical director made this statement: "Several years ago people thought nothing of going to a concert at 7:30, expecting to be entertained until 11 p. m. Today there is a different spirit altogether. It is 8:30 p. m. before the concert begins, and by 9:30 the audience is restlessly awaiting the final number. Instead of going directly home as in former years, they now complete the evening at a cabaret, dance or moving-picture show. It is one thing after another in whirlwind succession, with little patience for delays."

Perhaps out of this period of maladjustment between employer and employee, of instability of governments and finance, of rising prices and a shortage of essentials, it may be that there is arising among us a slight degree of fatalism. "Who knows what of evil the future has in store?" people ask.

Verily, it's "Drink and be merry, for tomorrow we die."—Ohio State Lantern.

THE AMERICAN BOY.

One of the disastrous effects of the high cost of living is shown in the large number of children who are leaving the schools as soon as they are permitted to go to work under the child labor laws in the various states. Investigation by the United States Bureau of Education shows that children of fourteen are leaving school by increasingly large numbers and taking jobs in factories or wherever they can earn money. Many of these children are still in the grades.

This is a great mistake, and one that will make an impression upon the future life of the nation unless it is checked. It will mean a less intelligent citizenship, and a consequent economic loss.

The Bureau of Education has prepared figures which show that it pays to keep a boy in school until he is at least eighteen. The boy who leaves school at fourteen receives an average wage of eighteen dollars a week at the age of twenty-five, compared with an average of more than thirty dollars a week among the men who remain in school until they are eighteen or until they complete their high school education.

In many cases keeping a boy in school after he is old enough to obtain a job will entail a sacrifice and the boy's own desire must be overruled, but for both

the sake of the boy and that of the country it is necessary that something be done to keep the American boy in school.—University Daily Kansan.

Diamond Dust

"By Bill."

"Rube" Leissner is slowly but surely entering the Hall of Fame. A four hit game one day and a three hit game the next is some record even in collegiate baseball.

So famous has the big righthander become that one co-ed admirer in the grandstand was observed yesterday afternoon taking "Rube's" picture while he was winding up for his spit ball delivery.

It wasn't the Mustangs fault that they lost. Pitcher Scott aviated high enough in the third inning that he will probably drop out of the clouds in time to go against the Southwestern Pirates this afternoon.

The Rixmen played the entire game without even a scratch error marring their fielding record.

Cooper, Mustang rightfielder, made the most sensational play of the season when he made a one handed running catch of Falk's long bingle against the right field wall.

Umpire Ashton nearly had a run in with third baseman Bishop in the third inning when the guardian of the hot sack urged his ribs to get a pair of glasses.

Moore's hit to the center garden was the longest triple ever hit to that part of Clark Field according to many fans who have witnessed baseball on the local lot for the past decade.

Dudley English pulled a circus catch himself when he came in from center to make a catch of Pierce's fly at second base in the eighth inning and doubling Bigger at first.

Most of the fans were ready to agree with the band about "We Won't Go Home Until Morning" when the Mustang pitcher ascended in that fatal third ining.

Cannon slipped one by the Mustang catcher by coming home in the eighth on an attempted double steal.

Be there next Friday at 4 o'clock. A. and M. on deck with Henderson and Crawford as the Aggie batteries and Falk and Hart for Texas.

ARNOLD DISCUSSES MANDATORY SYSTEM OF WORLD LEAGUE

At a meeting of the Government Seminar on Monday evening, M. L. Arnold, Professor of History and Government at the San Marcos Normal College, who spoke on the mandatory system as established by the League of Nations, emphasized the objects and purposes of the mandatory system as an arrangement to develop colonial people and to diminish opportunities for war.

"The United States has virtually been a mandatory through the Monroe Doctrine," Professor Arnold said as he traced the mandatory system from the Treaty of Westphalia, calling attention to the fact that the mandatory system of the League of Nations is an extension of our system over the Philippines.

For the protection of the colonies against usurpation by the mandates, there is an annual report of the administration of the mandatory to be made to the Council of the League. There is a member of the Secretariat who acts as intermediary between the mandatory and the Council, and who delivers the report of the one to the other.

Professor Arnold believes that the mandatory system is one of the greatest and most constructive features of the League of Nations. He feels that the United States should help Great Britain and the Allies "bear the white man's burden."

INSTRUCTORS SECURED FOR EDUCATION COURSES

Miss Lucy White, educational director for Meacham's department store, Fort Worth, will conduct the educational director's course at the summer session of the University of Texas. Miss White is a graduate of Mrs. Prince's school, Boston. She is a native Texan and is familiar with state trade conditions. Her work will be adapted to the needs of local stores.

A series of lectures especially adapted to executives will be given by Miss Grace Walton, also a graduate of

Mrs. Prince's school. Miss Walton is educational director for Sanger Bros. at Dallas.

Miss Helen Lehman, educational director for Titcher-Goettinger, Dallas, will give a series of lectures. Miss Lehman is a graduate of New York University, and has had experience in writing as well as in teaching.

Miss Edna Tice, another Prince

school graduate will assist in the work. She is now in charge of cooperative salesmanship classes in Houston, under the Smith-Hughes law.

MUSIC PROGRAM TO BE GIVEN FOR REED

Mrs. Sander, voice teacher in the School of Music, will give a program

---heres some good news for MEN!

A Sale with Big Savings to You

Every thrifty man will direct his steps toward this Economy Event

This stirring economy event, which begins today, is invested with a real bargain interest, affording men a wonderful opportunity to economize—It would be impossible for us to replace any of this merchandise of like quality for anything near these prices today—

We Have Selected 50 Men's and Young Men's

Fine All-Wool Spring Suits

Regular \$50.00 to \$57.50 Suits For

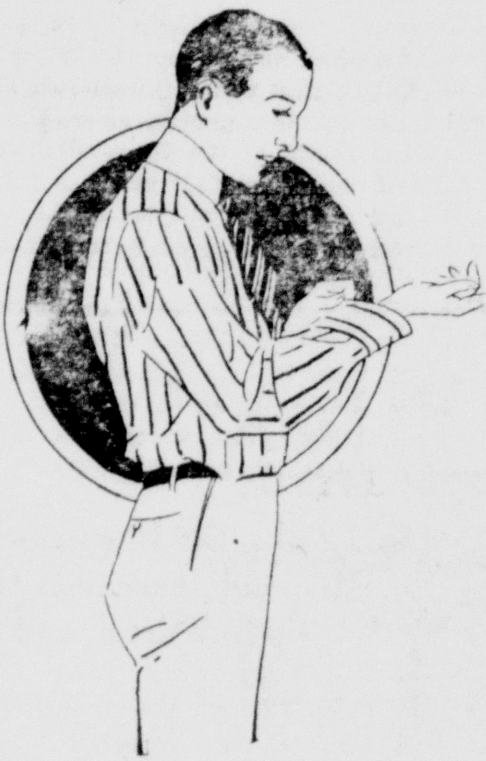

\$39.75

Frankly, we could not buy these suits today for "forty-five" dollars—So you can readily realize the remarkable savings to those who buy one or more of these high-grade "Three-Piece Wool Suits" in spring and summer weights—We have them in "single and double breasted" models—Every garment strictly high-grade and modish—Shrewd men will buy these suits as soon as they see them at this price—\$39.75. Sizes from 34 to 40 only.

Men's Extra Trousers for \$3.75

Which are Remarkable Values

In this group of Men's Hard-finished Worsted Faced Trousers you will find another real saving—It will be economy to any man to buy two pairs at least—When they are to be had for \$3.75—Shown in stripes and mixtures—Well tailored and will give unusually good wearing service—Regular \$5.00 values—Come in while your size is here.

Another Stirring Economy Event

Sale Extraordinary--Silk Shirts

Our Entire Stock of Colored Silk Shirts

Men can select from this immense stock of high-grade Silk Shirts—Fill their needs for the entire year—We have all sizes from 14 to 16 1-2—All new, fresh and clean.

Arranged in Three Sales Groups

\$7.50
Silk Shirts\$10.00
Silk Shirts\$12.50 to \$14.50
Silk Shirts

\$5.75

\$7.50

\$9.75

Remember, your unrestricted choice of our entire stock of fine Silk Shirts which includes a beautiful selection of patterns, in every desirable color and color combination.—Materials—Heavy all Silk Crepe de Chine, Jersey Silk, Satin Striped Baby Broadcloth Silk, Habutia, Pongees and Shantung—In colors only—Sizes 14 to 16 1/2.

Announcement Extraordinary—Men Take Notice

Sale of Men's Oxfords

153 Pairs—Mostly Odds and Ends

We have gone through our stock of Men's Oxfords and selected all the odds and ends left from fast selling lots—Oxfords carried from last season and piled them out on sales tables—for your selection.

Arranged in Three Selling Groups

IN GROUP ONE

IN GROUP TWO

IN GROUP THREE

\$4.75 pair

\$5.75 pair

\$7.25 pair

Men, the size range runs from 5 1/2, 6, 7, up to 10—Yet most of the sizes are from 5 1/2 to 7—You will find most all kinds of leathers and both black and tan.

The man who is fortunate enough to be fitted should buy three or four pairs as this price will not appear again soon on men's real leather shoes. Come today, don't wait, for at these prices real leather shoes will go like hot cakes.

E. M. Scarbrough & Sons

A Big Bargain
For Small Men

\$1.50 Unions for 98c

Men who are able to wear size 34 will be in luck as these are all splendid cross-barred and plain nainsooks, soisettes and dimities—All well tailored and neatly made.

Training College Men for Business

The Graduate School of Business Administration of Harvard University offers a two-year course to college graduates. The course is designed to give a broad fundamental training for business together with specialization in those fields in which the student is most interested.

College men, looking to a business career, feel the lack of adequate preparation which enables them to deal effectively either with general business problems or with the problems of their own special fields. The Harvard Business School aims to fill this need.

Special emphasis is placed upon the application of business theory to actual business problems. For this purpose the "problem method" of instruction is used. The Boston territory affords an excellent business laboratory.

Courses offered: Accounting, Business Law, Banking and Finance, Marketing, Advertising, Industrial Management, Employment Management, Business Statistics, Foreign Trade, Transportation, Insurance, Lumbering, Income Taxation, Office Organization, Printing and Publishing.

Completion of the two-year course leads to the degree of Master of Business Administration.

TEXAS SOCIETY OF CIVIL ENGINEERS: Called meeting on Friday, May 14, at 7:15, in room 209, Engineering Building, to discuss a social affair. **A. W. BUNSEN, President.**

REED MUSIC SOCIETY: Special musical program today, Wednesday May 12, at 5 o'clock. All dues and initiation fees are due at this meeting. It is urged that all new members be on hand. **PRESIDENT.**

A kodak and a roll of films from the Shinepar, a girl and a boy in a canoe on the lake. Gee, but that makes a perfect afternoon of pleasure. And then when they brought their films to the Co-Op, Shinepar, or Y. M. C. A. to be developed; that was the "end of a perfect day."

Is it easy for a young fellow to cause a girl to propose to him? See "The Fortune Hunter."

Do you know "Where Everybody Goes?"—the Majestic of course. Watch the crowds and be convinced.

Who does the best developing? The Students Photo Club of course, at the Co-Op, Shinepar, Y. M. C. A.

HOUSTON MEET TO BE KEEN CONTEST

Best Effort to Be Put Forth in Southwestern Meet There Next Saturday

Members of the University track team who will have to compete in preliminaries of the Southwestern Conference meet will leave for Houston at noon Thursday. They will reach that city late Thursday evening in time to rest up well for the preliminaries which start Friday morning. After these are over, they rest until Saturday afternoon, when the meet proper takes place.

Men who do not have to take part in the preliminaries will leave at noon Friday. They will then join the rest of the team in Houston early that night. The meet itself will be held Saturday afternoon.

Those who will leave Thursday are entries in the dashes, the hurdles and the middle distances. Those who leave the following day are contestants in distance runs and in field events.

Close competition is expected in all these events. The Conference meet is the place where contestants put their greatest possible efforts into their work, and it is hence usually the place where the season's best records are made. This season has been one of upsets straight through, and it devolves upon this meet to decide the championship. The result is that a fast, hard fought struggle is expected.

AERO CLUB MEMBERS STEP OUT FOR BANQUET

Members of the Aero Club entertained last night at the Cactus Tea Room in the last meeting of the season. The special guests were Colonel Archie Miller, Major Schofer, Captain Bissell and Lieutenant Duston of Kelly Field, and young lady friends of the members. The guests from Kelly Field came up in planes yesterday to attend the banquet.

Special addresses were given on bombardment and coast protection. As this was the last meeting of the session plans were made for next year. About fifty people attended the banquet.

Lambda Chi Alpha Men Attend Conclave

The second conclave of the southern chapters of Lambda Chi Alpha national fraternity met at Tuscaloosa, Alabama, April 30 and May 1. The Texas delegates upon their return stated that the convention was a grand success, and that too much praise cannot be given to the students of the University of Alabama for the manner in which they entertained their visitors. The men who attended the convention from the Texas chapter at the University of Texas were Floyd Smith and Robin M. Pate.

Ashbel Tea

Ashbel Literary Society will entertain with a tea on Wednesday afternoon from 4 to 6 at the Woman's Building in honor of the new members.

Mary Hobbs of San Angelo is the guest of Elizabeth Abbott at the Kappa house.

Mrs. R. O. Allen, who has been visiting her daughter, Martha Rivers, at the Woman's Building, has returned to her home in Bryan.

Mrs. R. W. Cochran of Del Rio is visiting Miss Madge Kirchgraber.

Mr. and Mrs. Arthur Eidson of Hamilton have been visiting their daughter, J. A.

Miss Eloise Matthews of Southwestern was the guest of Tommie Woolsey on Monday.

Mrs. A. M. Fischer of San Antonio arrives today to spend a few days with her daughter, Katherine, at the Woman's Building.

Frances Mike spent the week-end at her home in Bryan.

Alice Schlieblich, an ex-University student who is now reporting for the Waco Tribune, has been visiting Zac Drummond.

Mr. George Lovett of Texarkana was the guest of his daughters, Ruth and Dolly, on Sunday.

Cecil Street of Southwestern was a visitor on the campus yesterday.

Lucy Harper of Galveston is the guest of Erin Miller.

Miss Florence Malone has returned from Houston where she represented

The Pleasure of Traveling With Good Baggage

There is far greater pleasure in traveling when you know your baggage will arrive unharmed. Baggage must go through many severe tests in the rush and wear of every day handling, and handling is what does the damage.

If you need an inexpensive piece of baggage it is here, as good as can be sold for the price. If you want the best, regardless of price, you will find it here.

Wardrobe Trunks, Suit Cases, Hand Bags, Fitted Cases—everything for the traveler.

TREASURE ISLAND.

Its a tale of wicked pirates, a search for buried treasures, and a romance that will live forever in the hearts of those who have read "Treasure Island," the Robert Louis Stevenson masterpiece, that will be presented in picture form at the Majestic Theater today.

In making the screen production, Maurice Touhneur had the experience of other classes of the sea including "The Life Line" and "Victory," and his latest efforts excel even these former successes.

Remember Bill Jones and Black Dog, Pew, Long John Silver, and that other wild band of pirates who would scuttle a ship or cut a throat for a pastime? They are made to live again, just as if they had walked from the pages of Stevenson's book onto the screen.

There are critics who say that "Treasure Island" is the greatest adventure story ever written, and who believe them will have an opportunity to see the picture just as it is told in the book, with all the realism and fidelity of detail which the motion picture art permits.

Shirley Mason, the dainty little screen star has been selected to play the role of Jim Hawkins, the boy of the story who hides away on the ship bound for the island where the treasure is sought, and she gives a more faithful interpretation than any boy could give. Lon Chaney, whose inimitable character acting in "The Miracle Man" is said to give a sterling performance of the dual parts of Pew and Morry. Charles Ogle is Long John Silver. Others in the cast are Josie Melville, Al Filson, Wilton Taylor, Joseph Singleton, Harry Holden and Sydney Dean.

Are pretty heiresses left to become old maids in small towns? See "The Fortune Hunter."

Can a man ever marry for money and defeat the onslaught of love? See "The Fortune Hunter."

COMMITTEES MAKE REPORTS ON WORK

Oglesby at Y. M. C. A. Tells of Missionaries, Jones Says Finances Coming Slowly

Committee reports at the weekly cabinet meeting of the University Y. M. C. A. show organization covering actively several phases of student life.

Jack Oglesby, president of the association, gave a report of the missionary committee. Conferences have been held at different homes; mission study classes organized, and fine results are already visible.

Everett Jones reported that work of the finance committee is progressing slowly. The committee is at present busy itself collecting the pledges made last fall. Everyone who has not paid his pledge is urged to do so at once.

Reed Granbury reported that the committee on visiting the sick had been to the hospital every day this week. Several University students will be discharged from the hospital today, according to the committee.

The committee on religious programs reported that active work is being done to get a man for the annual evangelistic meetings. Word has just come from Sherwood Eddy that he was to sail immediately for Europe and that he will spend next year in Asia. Many students have been interested in Eddy and will be disappointed at his being unable to come to Austin. He stated that he would let the Y. M. C. A. know as soon as he returned to this country to take up work again in American Colleges.

During the past three days valuable posters which were borrowed from New York have been on display in the Y. M. C. A. and in the Main Building.

WOMEN SCHOLARSHIPS ARE ANNOUNCED

In a bulletin recently received from the American Council on Education, scholarships were announced by the French institutions to women students in the American colleges. This idea is a follow-up on the exchange of students proposed by France. Many of her young women are being educated in the American colleges.

The institutions of France offering the scholarships are located at Paris, Tours and Caen, and offer twenty-two fellowships and scholarships—nineteen in Lycées and three in an Ecole Normale.

To secure a fellowship or a scholarship in these French institutions, necessary credentials must be sent in not later than May 25. Only American born women are eligible. Applications should be sent to Professor Margaret E. Maltby, 419 West 117th Street, New York City.

ODE TO A FOOL.

A haunted tower, the witching hour,
The glimpse of a fair young face,
Her wondrous hair, in tresses rare
Like a veil of golden lace;

Our hero bold as a knight of old,
Mailed,—eager for the fray,
She wins his heart from the very start
And there's the deuce to pay.

They are parted soon, someone said—
"A Fool and His Money"—'tis true!
But a fool like he, we'd like to be
All of us—me and you.

At Queen Theatre, Tuesday and Wednesday.

VARSITY PROFS TO MAKE CHANGE DURING SUMMER

University of Texas faculty members who will teach in other schools this summer are: J. F. Royster, professor of English, who will be on the teaching staff of the University of North Carolina; Spurgeon Bell, professor of business administration, will offer a course in business administration at the University of Chicago; H. G. James, professor of government, will also teach at the University of Chicago; E. R. Sims, adjunct professor of romance languages, will teach Spanish in the University of Chicago and will also take work to complete his Ph.D. degree. E. D. Shurter, professor of public speaking, will teach in the University of California and A. B. Wolfe, professor of economics and sociology, will teach in the southern department of that institution.

M. S. Handman, professor of sociology, will teach in the University of Texas for the first term, and expects to visit France during the remainder of the summer. T. W. Riker, associate professor of European history, will visit England during the summer months. A. C. Judson, adjunct professor of English will go to England and study in the British literary and art museums. Miss Dorothy Schoens, instructor in romance languages, will make a tour of Europe, visiting Spain especially.

GERALDINE FARRAR
AND LOU TELLEGEN
AT CRESCENT TODAY

Men who are successful in winning the lady of their dreams would give anything to learn the art of the world's most famous lover, Lou Tellegen. The Goldwyn star is famous for his portrayals of romantic roles on stage and screen, for he is supposed to be the ideally gracious courtier every woman hopes some day to meet. With his wife, Geraldine Farrar, the famous prima donna, he is starred in the latest Goldwyn photoplay, "The Flame of the Desert," which will be shown at the Crescent Theatre today.

Lou Tellegen makes an unusual appeal in this new role, for he is a British officer, acting as spy with the Bedouins of the Sahara Desert, who are planning to revolt against their English rulers. Garbed in the flowing robes and turban of the Egyptian, Sheik Essad (Lou Tellegen) is considered by all his acquaintances to belong to the dark-skinned peoples of the Nile. When he meets and falls in love with Lady Isabella Channing (Geraldine Farrar) it is difficult for him to hide his real identity, and when his strong personality and the atmosphere of Cairo and the desert combine to convince Lady Isabella that he is the one man in her life, the situation becomes tense with emotion. The woman fights to uphold her pride of race.

People you would like to know. Mary Roberts Rinehart—A Bray comedy and other interesting subjects are shown as an added attraction.

Where is the best place to find marriageable heiresses? See "The Fortune Hunter."

"Where Everybody Goes"—the Majestic—the finest show South.

Must a man keep his pledge if the wrong girl proposes to him? See "The Fortune Hunter."
