Mr. Otto Majewski, Graduate Student
Geology Department
Rice University
Houston, Texas

Dear Otto:

Well here I am, sitting in a large airy office with 3 windows looking out on the campus. The address is on the stationary; my room number is 354. The office phone is Area Code 504, 388-2131. My home address is High Point Apartments, Apt. #9, 3000 July Street, Baton Rouge, La., 70808. My home phone number is .

I am enclosing my house key for 3726 Colquitt in Houston and a check for \$10.00, in case you run into expenses for my house. You are very kind in taking care of some of the chores. Believe me moving is quite a task. Our packing was done not very precidently; at every step I miss some temporarily important items. However, these jolts don't last long.

Classes start on Friday for me at 9:30 a.m. I have to get going to put books on the reserve shelf in the library and other preliminary chores.

Bob Perkins and I had a reunion already. He drove us (Sonya and me) to New Orleans.

With many thanks

Sincerely,

H. B. Stenzel
