Dr. Henryk B. Stenzel
Shell Development Company
Exploration and Production
P.O. Box 481
Houston 1, Texas

Dear Dr. Stenzel:

We have had word from the editor that Dr. Turner's Catalogue will not be sent off to the printer before her return from India. In your last letter to her you mentioned that you might like to go over the Fossil Section again. She received your letter only the day before she was to leave and so was unable to do anything at that time. We have learned since then that the Catalogue will be held up with the editor, so that further comments are still possible.

Enclosed is a copy of the fossil section if you would like to read it over again.

Sincerely,

Carol Sacha Martin

Carol Sacha Martin,
