

By WILLIE MORRIS

Today's platform is tomorrow's driftwood. They have such refined and delicate palates. That they can discover no one worthy of their ballots. And then when some one gets elected they say, "There, that's just what I expected."

At 7 p.m. or thereabouts tonight Election Premier Joe Tupin and his service-weary regiments of APO's and Orange Jackets will rip into a few dozen ballot boxes, spread them on dignified tables, and settle down to a brisk and dignified evening of prodding fickle old democracy into action.

BY THEN the Mall will be stripped bare of its gaunt cardboard invaders, mile-long qualifications will be tucked gently away for posterity in scrapbooks, and University-town will retire like an unshaven old man with his pipe, all too happy for another generation of campus politicians to fold their wigmans like Inguns and noisily steal away.

That, for the time, will be it. THEN, some years later, a gentleman named Joe (McCarthy or Friday as you like) will begin dipping into UT's secret files. One day, rather suddenly, he will chance upon a few long-forgotten campaign promises, scrawled on the backside of a discarded old Spudnut sack. He will examine the sack, and find it moldy and mildewed, the sugar turned rancid and bitter.

Odds-on this will be a typical UT election day. Apathy among the masses, per usual, will be the prime feature. The right-wing Representative party will stir up some interest and bring out some voters. The right-wing Student party will stir up some interest and bring out some voters. The middle-of-the-roads will stay home in bed. There are no left-wingers on the Texas campus.

WHEN THE CIGARS burn low and the oldtimers reminisce a bit, they'll always recall how elections in bygone days took on the flavor of the real thing. The Slum dwellers down at the Men's Tri-Dorms, sour on society because of iceberg rolls served at the Commons Annex and a thousand other nameless grievances, once openly flayed anyone who voted in a campus election. Smoke-filled rooms behind the Toddler House and impromptu caucuses in unswamp dorm rooms once were known for their Tammany-like methods. And in the real old days, unless one owned an orange T to sew upon a milk-white sweater, he had just as well nestle into a corner with the latest Frank Merriwell tale and forget about acquiring fame through student elections.

TALK TO the third-year laws. Excuse their senility for the moment, and listen to a few stories they'll doubtless tell. Tie a nuclear equation on a fish hook and lure a few greying graduate chemists from their laboratories. Both will agree the old spark, the old flare of temper, the old sincerity has vanished from campus elections.

Yet just as emphatically they will concede that UT election season, with all its ills and shortcomings, is indeed a tradition, one that perennially supplies the campus cynics with grumbles, the idealists with praises, and the groundkeepers with enough sweeping up to keep them away from the family for a month.

MARION CATHORN, freshman engineer from Paris, was in a Drag coffeeateria the other night. "How fresh are your eggs?" he asked the waiter.

Whereupon his attendant turned and shouted: "Hey, Ben, feel those eggs and see if they're cool enough to sell yet."

ROLLY WESTER, man-about-campus, reports a rather unusual chain letter he received last summer. The same letter, so it seems, enjoyed widespread circulation hereabouts. It read:

"This chain letter is unlike any other you've ever received, in that it won't cost you a cent. Copy down this letter and send it to five male friends. Then bundle up your wife or sweetheart and send her to the fellow at the top of the list. When your name comes to the top you will receive 12,756 women."

'Time' Tryout Sessions Planned This Evening

Second evening of tryouts for "Time Stagers On," University musical show, will be held Wednesday from 7 to 9:30 p.m. in Texas Union 311. Another tryout session is scheduled for Thursday at the same time.

Theta Sigma Phi, national honorary journalism fraternity for women, presents the campus musical satire each January. Proceeds go to scholarships and the Journalism Library.

Ousted Grididders Leave Hill Hall

Can't Stay But Can Play

Nine chastened Texas football players left Hill Hall Tuesday after violating curfew and training rules. Disciplinary action by the Longhorn coaching staff sent the players looking for another place to room and board, still at University athletic scholarship expense.

The ousted players were named as: Herb Gray, No. 1 tackle; Jim Rosser, No. 2 guard; Dick Miller, No. 3 quarterback; Joe Youngblood, No. 2 halfback; Larry Graham, No. 4 tackle; Dick Hopking, No. 4 tackle; Charlie Dollar, No. 3 halfback; and Charlie Travis, No. 4 fullback.

Gray received prominent mention as a possible all-American in most pre-season selections. He has ranked along with teammate Buck Lansford as one of the outstanding tackles in the nation.

The disciplined players said they had been informed by the coaches that they will have a chance to "mend their ways."

Coach Ed Price said "nothing is being really taken away from these boys as far as their scholarships and a place on the team is concerned—they all have a future if they want it."

All of the boys may work out with the squad and possibly regain their places in the lineup. "They

can have a chance to return to a starting place if they work hard enough to show us they have really learned their lesson," said Price. One player ousted from Hill Hall said, "I know I did the wrong thing. My fault was missing curfew here at the dorm. I'm determined to make up for my mistake, and I'm just grateful that we have coaches here who are willing to give us another chance."

Many Longhorn fans felt the changes would give the team the spirit it has lacked in losing to Notre Dame, Oklahoma, Arkansas, and Rice. Not since 1938 has Texas lost three straight games.

In pre-season ratings the Longhorns were ranked No. 4 in the nation. They were also the most overwhelming favorites to win the Southwest Conference championship since the 1941 Texas team that met a similar fate.

After dropping their first two SWC games, the Steers are already counted out of the conference race.

Some sort of action has been contemplated since the defeat by Oklahoma, but the Texas coaching staff wanted to give the boys every chance to get into top condition.

During the opening games of the season it was apparent that some members of the team were not in top shape, so the coaches began checking.

The coaches did not want to discipline any innocent players. They looked into every case thoroughly, not going on hearsay alone.

Authorities close to the coaching staff believe that the team as a majority was sticking to the training rules, but a minority had practically abandoned all pretense of keeping in condition.

The net effect of having to move out of Hill Hall was loss of the privilege and honor of living in the athletic dormitory.

Some observers thought the coaches were worried that the players who broke curfew and violated training rules would be an unfavorable influence on the other grididders.

The lineup changes will alter the second and third teams but will have only a slight effect on the starting eleven.

Ben Woodson, sophomore right guard, was moved down—but not for violation of training rules. "He is just missing too many blocks and tackles," Price said. "The only thing to do is give another boy a chance."

See COACH PRICE, Page 2

Tickets Are Selling Fast For SMU, A&M Games

Tickets are going fast for the SMU and Texas A&M home games, Al Lundstedt, assistant ticket manager, said Tuesday.

"We're expecting around 45,000 people at the SMU game Saturday," Lundstedt said. That is considered a good crowd, since the Longhorns are no longer strong title contenders.

A capacity crowd is expected for the A&M game, since Texas fans have already purchased most of the 30,000 seats allowed and reports from College Station indicate that most of the Aggie block is also sold out.

Three students are unopposed for positions as graduate Assemblymen. They are Edwin Hale Connell, Kenneth J. Cox, and Jack B. Smith.

Their platforms: EDWIN HALE CONNELL, nominated by the Student Party: I believe that the Student Assembly should back the ending of segregation at the University. I don't give a Continental if the Union is expanded or not.

JACK SMITH, nominated by the Student Party: To be of help to all veterans, married students, and graduates by bringing their particular problems to the attention of the Assembly. By representing this group I hope

to create among them a greater interest for their participation in campus activities. Realizing that married students, especially those with children, are under a great financial strain, I am for a Blanket Tax that will enable wives to attend various athletic and entertainment functions with their husbands without additional expense. Also with the University's enrollment on the increase, I see an even greater need for Union expansion and a solution of the lingering problem of inadequate parking facilities in the University area. I intend to work co-operatively with the present student government administration that is doing a splendid job. I shall continually strive to properly fulfill the expectations of the Graduate School I choose to represent, and most important, I shall always have as a primary goal the best interests of The University of Texas.

Five persons are seeking two places as Law Assemblymen. They are John L. Estes, Byron Fullerton, Paul Kirtin, Jim D. Lovett, and J. W. Stuckey.

Platforms and pictures were not received from Kirtin, Fullerton, and Stuckey.

KENNETH J. COX: To continue to improve parking facilities by supporting the Parking Problem Committee.

To support basic ideas behind core curriculum, but to oppose any measure which would require the

"JITTER" NOLAN INTRODUCES STUMP SPEAKERS ON THE EVE OF ELECTION DAY

Parents to Flock to Campus Saturday for 7th Dads' Day

The University will celebrate its version of Father's Day and reveal the latest trends in its program and how they may affect student careers Saturday in the seventh annual Dad's Day program.

Franklin Lanier Cox, assistant to President Logan Wilson, and J. Brown Cutbirth of Houston, president of the UT Dads' Association, will be principal speakers at the business meeting of the Dads at 10 a.m. Saturday in Hogg Auditorium.

While fathers are attending the business meeting, mothers will be entertained at an informal coffee in the Rare Books Room of the Library. The women may also attend the meeting in Hogg Auditorium.

Presentation of awards to outstanding students will also be on the meeting agenda. The Dads will choose the best all-around boy and girl and trophies will be given to them. There will be an election of officers, discussion, and approval of Dads' Association activities for 1954.

Highlight of the seventh annual celebration will be the Southwest Conference football game between Texas and SMU Saturday afternoon at 2 o'clock in Memorial Stadium.

Dad's Day officially begins with registration in the Main Lounge of Texas Union from 8 to 11 a.m. Saturday. Every Dad who attends should register, since an important attendance award will be given to organized units having the largest number of fathers present and registered.

From 9:30 to 11 a.m. the informal coffee hour for UT mothers will be held in the Rare Books Room. At 10 a.m. the annual business meeting will be held in Hogg Auditorium.

No formal luncheon has been planned for noon, as the parents will be with sons or daughters preceding the football game.

On Friday the Executive Committee of the Dads' Association will hold its annual meeting in the English Room of the Union.

All parents are invited and urged to attend the pep rally at 7 p.m.

al of Dads' Association activities for 1954.

Highlight of the seventh annual celebration will be the Southwest Conference football game between Texas and SMU Saturday afternoon at 2 o'clock in Memorial Stadium.

Dad's Day officially begins with

Chemistry Day Features 'Wonders' in Action

Chemistry Day will be observed on the UT campus Wednesday with an open house in the chemistry department's 54 laboratories and 16,000 volume library.

Phi Lambda Upsilon, honorary chemistry fraternity, is sponsoring the informal project. Chemistry majors and the public are invited to drop in and see the wonders of experimentation in action prepared by 100 graduate students and 20 faculty members.

Coffee will be served visitors in Chemistry Building 118.

registration in the Main Lounge of Texas Union from 8 to 11 a.m. Saturday. Every Dad who attends should register, since an important attendance award will be given to organized units having the largest number of fathers present and registered.

From 9:30 to 11 a.m. the informal coffee hour for UT mothers will be held in the Rare Books Room. At 10 a.m. the annual business meeting will be held in Hogg Auditorium.

No formal luncheon has been planned for noon, as the parents will be with sons or daughters preceding the football game.

On Friday the Executive Committee of the Dads' Association will hold its annual meeting in the English Room of the Union.

All parents are invited and urged to attend the pep rally at 7 p.m.

By JIM TEMPLIN

Election day at Texas is a busy one for candidates and their loyal backers. Before the end of the day some 25 will be elected to the Student Assembly out of 45 hopefuls.

The polls will be open from 8:30 a.m. until 3 p.m. and will be manned by the Orange Jackets and the APO's campus service organizations.

Voters Act Today On Amendments To Constitution

Votes "For" Amendment 1 in today's election will be votes for removal of discrepancies between the Constitution and the Board of Regents' rules for eligibility for extra-curricular activities.

The second amendment increases the number of students serving on the Board of Directors of the Union.

The amendments are as follows:

Amendment 1—For an act relating to defining minimum standards for candidates for offices in the Students' Association, amending Article VI by adding section 13, to read as follows:

A candidate for any office in the Students' Association of the University of Texas must at the time of filing complete the following requirements: Subdivision A. He must be registered for (a) 12 hours if he is an undergraduate, (b) 10 hours if he is a law student, and (c) 9 hours if he is a graduate student.

Subdivision B. He must have passed: (a) 3 hours with a "C" average if he is an undergraduate or law student; (b) 9 hours with a "B" average if he is a graduate student, his last semester in residence.

Subdivision C. He must have a minimum "C" average on all scholastic work taken.

Subdivision D. He must not be on scholastic or disciplinary probation.

Subdivision E. He must also fulfill whatever additional requirements are set down for the particular office for which he is filing, and he must meet all requirements set down by the Board of Regents that are not covered in this constitution.

Subdivision F. Withdrawal from The University of Texas in the course of a semester for any cause except sickness, military service, or other emergency, debars a student from filing for any office in the Students' Association until another semester has been successfully completed by the student so withdrawn.

In case of withdrawal on account of sickness, military service, or other emergency during any semester, the work of his last semester in residence shall be the basis for participation in the election.

Amendment 2—For an act relating to executive powers of the president of the Students' Association, amending Article VI of the Constitution of the University of Texas to read as follows:

To appoint three members of the Board of Directors of the Texas Union. Two of these members shall be appointed for a term of one year and one for a term of two years.

Platforms and pictures of each candidate may be found on pages 4 and 5 of this issue.

Stump Speaking, the place for the candidates to be questioned on their platforms and ideas, started with a group of some 500 students. However, it was soon obvious that the masses attending came only to yell their campaign cries for their candidate, listen to his speech, and leave promptly.

Although most of the candidates came to Stump Speaking, there was no active interest in the group of onlookers present as to their feelings on certain issues.

Two questions were asked. Bob Jones, Business Administration candidate for Student Assembly, was asked: "When did you return to the University?"

To this Bob replied, "I returned this summer after being in the service and I feel that I can work hard for students in Business Administration and that I am qualified."

Tom K. Barton, Arts and Sciences candidate for Student Assembly, answered a question directed to him on segregation by saying, "I am in favor of a resolution by the Student Assembly standing up for integration. It will come eventually and I feel the students should be a part of it."

How to Vote

How to vote? Easy—with these instructions.

If a ballot is not marked preferentially, it will be disregarded in the vote count. Voters must place a number instead of a check mark by the candidate's name. For example, a number 1 should be placed by the first choice, a number 2 by the second, etc.

Students should vote for all the places in their school. All students may vote in the associate-justice races. Polls will open at 9 a.m. and close at 3 p.m.

APO or Orange Jackets members will check the student's auditor's receipt against a roster of the different schools. He will then stamp it, enabling a student to vote—but only once.

Polling booths for the respective schools will be located at various spots on the campus. Students can vote only at the booth designated for their college or school.

Where to Vote

With polling booths scattered over the campus, it'll be no trouble to vote in Wednesday's campus election. So that each student can find his correct polling place, a complete list follows.

THREE ARTS AND SCIENCES booths will be on the campus: one to the west of the Main Building for A&S voters whose names begin with A through F; another located east of the Main Building for G through P; and a third for Q through Z west of Batts Hall.

TWO BUSINESS ADMINISTRATION polls will be located at the northwest and southwest doors of Waggener Hall. Voters whose names begin with A through L will vote at the northwest booth and the rest will vote at the southwest booth.

THE EDUCATION poll will be at the northeast door of Sutton Hall and two booths in front of the Main Engineering Building will serve engineering students. Fine Arts and Graduate students can vote in front of the Main Building.

THE LAW BOOTH will be located at the west door of Townes Hall.

PHARMACY voters will find their booth to the west of the Pharmacy Building, and the Architecture poll is located at the north door of the Architecture Building.

Coach Price Reveals More Lineup Changes

(Continued from Page 1)

Disciplinary action greatly cuts down on the number of available right halves with Youngblood, Graham, and Dollar among those charged with breaking training.

Billy Quinn is the only remaining right half. He alternated with Ed-

ward Hawkins in practice Tuesday afternoon. Hawkins scored the only Texas touchdown in the Rice game when he subbed for the injured Quinn.

Price plans to move Fred Weir and Bo Sexton to bolster the weakened right half berth.

The only changes in the starting eleven are the demotion of Gray and Woodson, but the second and third teams were hurt by the losses of Rosser and Youngblood.

Bob Flinn and Langford Sneed will leave the second team to replace Gray and Woodson in the starting lineup, taking four men from the No. 2 unit.

Hardly any of the No. 3 backfield unit will remain with Miller, Graham, and Dollar lost. Most of the third team line will move up to fill the gaps in the second team forward wall.

Price indicated other lineup changes are anticipated, but they will not necessarily be caused by lack of condition.

"Every position in the starting backfield could be termed a close race," said Price. "Pat Tolar is pushing Charley Brewer at quarterback, Chester Simcik and Delano Womack at left half aren't too far apart, and the race between Don Maroney and Bill Long at fullback is about even."

Price said he will decide this week about the proposed lineup changes. The Longhorns will continue preparation for Saturday's crucial battle with SMU in Austin.

Arkansas Moves Up In Weekly AP Poll

By The Associated Press

Ohio State, Oklahoma, and UCLA ranked 1-2-3 Tuesday in the weekly Associated Press college football poll, and Coach Woody Hayes of the No. 1 team said "that's too bad."

Ohio State displaced Oklahoma, leader in the nationwide balloting for the last three weeks, jumping all the way from fourth place on the strength of a 31-14 victory over Wisconsin.

"I know everyone is talking about national ratings and Rose Bowl and all those things, but to us the season is merely half over," said Hayes. "That's how we look at it. Four important ones yet to go."

Texas Golf Meet Draws Big Names

FORT WORTH — Qualifying rounds were scheduled Tuesday in the 19th annual Women's Texas Open Golf Tournament at River Crest Country Club here.

The tourney is expected to draw more than 100 entries, including defending champion Betsy Rawls of Spartanburg, S. C.; Betty Hicks of Manhattan Beach, Calif.; Betty Mims Danoff of Dallas; Betty Jameson of San Antonio; Betty Dodd of San Antonio and Betty MacKinnon of Savannah, Ga.

Passing up most of the competition will be Mrs. Babe Zaharias of Tampa, Fla., a five-time winner of the tourney. The Babe toured the course yesterday with a five-under-par 70 and said she would remain for today's round but would leave tomorrow for a dinner engagement Thursday at the White House.

Some 46 players, none seeking medalist honors, qualified Monday, and another 56 or more were expected to fire Tuesday.

Match play begins Wednesday.

Army advanced to the No. 5 spot from ninth, and West Virginia jumped from 10th to seventh. Notre Dame is sixth, Wisconsin eighth, Purdue ninth, and Miami of Florida, 10th.

Ohio State is favored to defeat Northwestern. In other games for the leaders this Saturday Oklahoma plays Colorado, a Big Seven toughie; UCLA meets always-dangerous California; Arkansas plays Texas A&M; Army tackles Virginia; West Virginia may have trouble with Pitt; Wisconsin encounters Iowa; Purdue meets Illinois, and Miami plays Fordham.

The leading teams are:

1. Ohio State 64 (5-0)	1858
2. Oklahoma 74 (5-0)	1834
3. UCLA 45 (6-0)	1800
4. Arkansas 16 (5-0)	1351
5. Army 1 (4-1)	974
6. Notre Dame 1 (3-1)	727
7. West Virginia 6 (4-0)	478
8. Wisconsin 4 (1-1)	460
9. Purdue 3 (1-1)	393
10. Miami of Florida 5 (5-0)	369

THE SECOND TEN

11. Michigan 4 (1-1)	344
12. Mississippi 5 (1-1)	318
13. Southern California 5 (1-1)	184
14. Virginia Tech 1 (5-0)	124
15. Navy 4 (1-1)	78
16. Duke 3 (1-1)	57
17. Texas Christian 4 (2-1)	57
18. Southern Methodist 3 (1-1)	53
19. Rice 3 (2-1)	51
20. Cincinnati 6 (0-0)	39

Port Arthur Still No. One 4-A Club

DALLAS — District 8 lost a little of its dominance last week but still kept three teams among those rated the 10 class AAAA schoolboy football squads by the sportswriters of Texas.

Polled by the Dallas Morning News, the state's scribes kept Port Arthur in first place in the weekly rankings, but dropped Baytown from second to seventh after the Ganders were upset by Galveston Ball, another 8-AAAA power.

Ball, in ninth place last week, jumped to fourth. Midland moved into the second spot.

The top ten:

1. Port Arthur 8-AAAA	727
2. Midland 1-AAAA	460
3. Abilene 1-AAAA	460
4. Galveston Ball 8-AAAA	393
5. Waco 5-AAAA	393
6. Houston Lamar 7-AAAA	369
7. Baytown 8-AAAA	369
8. Corpus Christi Ray 6-AAAA	318
9. Tyler 6-AAAA	184
10. Dallas Sunset 4-AAAA	124

Others getting votes included Dallas Forest and San Antonio Brackenridge tie; Wichita Falls; Highland Park; Corpus Christi; Miller and San Angelo tie; Odessa and Pasadena tie.

A's Buyer Prepared For Thursday Sale

PHILADELPHIA, Oct. 26 — The eight-man Philadelphia syndicate seeking to purchase the Philadelphia Athletics should learn Thursday if its bid has succeeded or failed.

President Will Harridge of the American League announced today that club owners would meet at the Waldorf Astoria Hotel in New York at 10:30 a.m. EST to consider the sale of the Philadelphia club stock.

Roy Mack, who is representing his family in the sale, will be on hand presumably to ask the league to approve the sale of the franchise to the prominent Philadelphia.

Just what will happen at the league meeting Thursday, not even a Philadelphia lawyer was prepared to say.

Several of the lawyers involved in the proposed sale of the A's to an eight-man Philadelphia syndicate—and they outnumbered the would-be buyers—said they don't

know what to think. Or at least they weren't saying so if they did know.

Everybody connected with the deal sat back and waited. All sources here agreed that the next move is up to the American League and its president, Will Harridge.

The contract of sale is signed, so they say. The purchase money is in escrow in a midtown bank, so they say.

Nobody doubts that all this is true, but the complexion of this story has changed so often that observers are beginning to wonder if they can tell black from white even when they see it.

The latest rumor, fresh in from Baltimore, said that the A's are again headed toward Kansas City. Sports Editor Jesse A. Lintchum of the Baltimore Sun wrote today that "Roy Mack is reported to be backing out of the deal to sell the A's franchise to an eight-man group Philadelphia syndicate."

Fraser Tops Hargrove, 15-0 To Move into League Finals

By EDDIE HUGHES

Texas Intramural Co-ordinator

All intramural touch football winners Tuesday advanced into the semi-finals of their respective divisions, except for one Class B club which reached the finals of their division.

That club was Fraser who slipped by Hargrove, 15-0, and advanced into the finals against the Robinson Rebels. B. M. England was the lad that led the winners to victory with two scoring passes, one each to Pete Wayland and Kenneth Chapwin.

All Class A games Tuesday advanced the winners farther in league play, with the San Gabriel Raiders squeaking past the S. W. Spouses, 6-0; Schoen defeating Moneyhon, 12-6; Air Force ROTC edging Theleme, 19-14; Newman Club whipping Navy ROTC, 37-0;

PEM white-washing Wesley Foundation, 46-0; and Westminster dumping TLOK on penetrations after a 6-6 tie.

San Gabriel won their game when Charles Lunsford passed 10 yards to Winston Warr for the only score, which came in the first half of play.

Schoen when Edgar Phillips passed 25 yards to Shirling Garrison, but flinging Bill Russell sent the winners into the lead by passing to Jimmy Murphy and Robert Green for touchdowns and a 12-6 victory.

John Coates passed for touchdowns of 40, 30, and 50 yards to E. L. Muleahy to give the Air Force ROTC their thrilling 19-14 victory over Theleme. Arthur Zebal's 40-yard scamper for a Theleme score was the highlighting play for the losers.

Spectacular running and passing by Bill Greve led Newman Club to their victory over Navy ROTC. Greve ran for one score, and passed for five others. His running helped to set up many Newman touchdowns.

The passing and running of Johnny Lowry led powerful PEM to their 46-0 route of Wesley. Lowry passed six times for scores, and ran for another.

Westminster tied TLOK, 6-6, when Howard Husspith found his way for 35 yards and a score, following TLOK's score when Oran Reese passed to Bill Marsh for a touchdown.

Class B teams which advanced to the semi-finals were Brunette, Moneyhon, Tejas, Roberts Hall, and Canterbury, who won their game by default over Campus Guild.

Brunette defeated Blocker House, 13-0, when Bill Crabtree passed to Jim Terrell for a score, and John Dawson intercepted a Blocker pass and returned it 30 yards for a score.

In a see-saw battle, Moneyhon finally won out over Blomquist, 24-12, with Arthur Cain and Ken Kennerly leading the way with two touchdowns passes apiece. Richard Ehler passed for both Blomquist scores.

Tejas shutout AIME, 6-0, on the strength of a Jot Hodges-to-George Cape pass.

Roberts Hall relied on the passing of Hestor Stewart to hand Little Campus a 21-7 defeat.

Mississippi Center Lineman of Week

By The Associated Press

Hal Easterwood, Mississippi State's center who apparently takes special pride in dumping Alabama players for losses, earned the designation as Associated Press Lineman of the Week for his terrific defensive play against the Crimson Tide last Saturday.

Easterwood, 21, who played a great game when Mississippi State tied Alabama a year ago, was even better as he engineered a 12-7 upset victory last week.

For that performance, sports writers and broadcasters singled him out ahead of Ohio State end Dean Dugger, who did an outstanding all-around job in the big game against Wisconsin, Baylor tackle James Ray Smith and a flock of other fine linemen.

Easterwood, a 190-pound senior, stopped Alabama three times inside the 20-yard line to clinch State's first triumph over the Tide in thirteen years. He threw 'Bama quarterback Albert Elmore for losses almost as often as Elmore threw the ball.

Dugger, who wears contact lenses while playing and thick specs off the field, played a slightly tremendous game against Wisconsin, both on offense and defense.

All Tickets Taken For Owl-Hog Game

LITTLE ROCK, Ark., Oct. 25 — Tickets to the Arkansas-Rice football game—still two weeks away—already were at a premium here Tuesday as victory-happy Razorback fans "licked the kettle clean."

Hog backers, waiting in line when the doors opened at two ticket-selling stations in greater Little Rock, swept more than 7,000 tickets from the board to tie up the last reserved seat. Allan Berry, manager of War Memorial Stadium here, said the last reserved seat ticket was purchased at 2:15 p.m. for the game scheduled Saturday Nov. 6.

Stadium and university officials were host to a capacity crowd here Saturday.

"Men's Shop"

up at 26th and Guadalupe—Ph. 2-2300

the case of the stuck-up salesman

When police arrived at the college haberdashery, they shook their heads in disbelief. Instead of being gagged and bound, the salesman was actually *glued* to the floor. They took quick stock of the clues... an empty glue pot, several odd-shaped pieces of cloth scattered about, an empty show-case, an empty cash drawer. Ingenious shirt-robbery!

"Ugg glory!" said the salesman, still all stuck-up... stuck down, rather.

When they finally got him extricated with hot water and chisels, he thanked them nicely and said, "What's the matter with you jerks? I haven't been robbed."

"No," he explained, "I was simply making a demonstration of the Van Heusen Century shirt for some of the boys. Showed them why the revolutionary *one-piece* Century collar just *won't* wrinkle *ever*. Told 'em how regular collars are made of three layers of cloth, 'glued' and stitched together. I glued a set, just for emphasis... learned to demonstrate in Woolworth's."

"Get on with it," said the detective.

"Well, I showed 'em how these 3-piece jobs wrinkle and wilt quickly even with starch or stays. I said the Van Heusen Century collar would stay neat *always*—without starch or stays—or their money back. When I told 'em that Van Heusen Century gave 'em lots more wear than ordinary shirts, yet cost the same price (just \$3.95 for whites and \$4.50 for colors) they bought me out. I was so overjoyed, I did a little jig and tripped over the glue pot. Got stuck up."

"Oh, yeah?" yeaheled the detective. "Well, where's all the dough?"

"Oh, college men never *pay*. They just charge everything to Dad."

(Editor's note: Oh, yeah?)

What makes a Lucky taste better?

"IT'S TOASTED" to taste better!

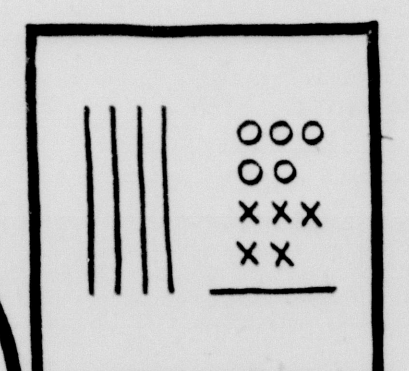

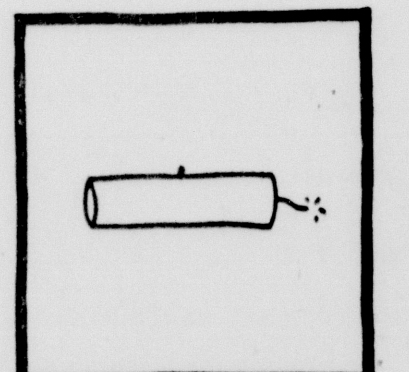

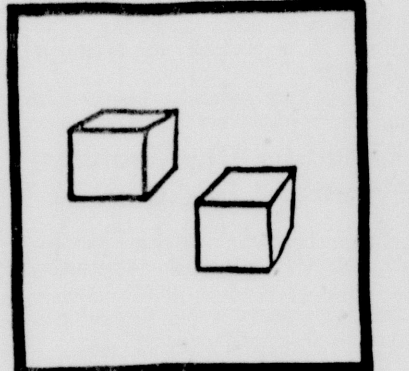

College smokers from coast to coast prefer Luckies to any other brand. Luckies lead, and by a wide margin, according to the latest, biggest college survey. Once again, the No. 1 reason: Luckies taste better. They taste better because Lucky Strike is the cigarette of fine tobacco... and "It's Toasted" to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better. This explains the Doodle below, which is: Eskimo seminar enjoying Luckies in badly built classroom. Like all *real cool* people, Eskimos know Luckies taste better. So, get the better-tasting cigarette... Lucky Strike.

LUCKIES TASTE BETTER Cleaner, Fresher, Smoother!

If you've got a Lucky Doodle in your noodle, send it in. We pay \$25 for all we use, and also for many we don't use. Send as many as you like with your descriptive titles to: Lucky Doodle, P. O. Box 67, New York 46, N. Y.

Student Co-op To Pick Board

Election of Seven Will Be Wednesday

The Student Co-operative Association will elect a new board of directors and make plans for the year at a meeting Wednesday, 7 p.m., at the Alpha Delta Pi house.

Bert Cox is acting president. Dr. Stella Traweck, assistant professor of business statistics, and Dr. Bill Livingston will serve as faculty members of the board of directors. Dr. Traweck and Dr. Livingston were elected to two-year terms last year.

The purpose of the Association is to help members save money. The members are composed of fraternities and sororities, co-operative houses, Christian Faith and Life Community houses, or other student organizations maintaining houses, represented at the University, registered by the Dean of Men or the Dean of Women, and approved by church resident groups.

Members are admitted upon approval of the board of directors and by submitting a signed contract to purchase, through the Association, not less than 75 per cent of all groceries used.

Speech Confab, Debate On Agenda Tonight

Forensics, women's speech organization, will meet Wednesday at 7 p.m. in Texas Union 309 for a short business session and adjourn at 7:25 to attend the Baylor-Texas debate in Batts Auditorium.

New members of the speech club, who were chosen recently after a series of tryouts, are Linda Levinson, Margaret Henderson, Nancy Goosby, Ann Morgan, LaVonta "Bunny" Watson, Phyllis Braslau, Tobye Fram, and Marilyn Goldberg.

Honor Roll Women View Rare Books

Unusual and valuable manuscripts found in the Rare Books Collections Library were pointed out by Miss Lois Trice, instructor in English, to 150 Mortar Board Members and guests at a Smarty Party Tuesday afternoon.

Greek Entries For Sing-Song Begin Monday

Entries for the annual Greek Sing-Song may be made to Dean Jack Holland's office in Speech Building 102 beginning at 9 a.m. to 4 p.m. Monday, November 1, and continuing through November 10.

In order for entries to be accepted, they must include the name of the organization, the names and tunes of the selections to be sung, and the entry fee of \$20. If the group plans to sing an original song, a copy of the music must also be included.

In the event that two groups select the same song or tune, the first entry will be honored and the later entry will be asked to make a substitute choice.

Sing-Song will be in Gregory Gym at 2 p.m. Sunday, December 5.

Kiwanis to Hear J. N. Thompson

The University Area Kiwanis Club will feature J. Neils Thompson, director of The University of Texas Research Center, as main speaker at a meeting in the Georgian Tea Room Wednesday at noon. Mr. Thompson will discuss the work being done by the City Planning Board relative to a master plan for the City of Austin.

Lawyers Start Yearbook Drive

Goal of 500 Copies Set for Peregrinus

The sale of 500 annuals, the Peregrinus, has been set by the staff.

The goal is based on the number of annuals sold last year. Since 400 were sold last year and the Law School enrollment was 580, approximately 500 should be sold this year because the enrollment is 785 students.

"We could have sold at least 20 more 1954 annuals in the past month if we had just had them available, so we are encouraging students to sign up now for their 1955 Peregrinus," said Ed York, editor.

Another part of Peregrinus Week is to take the pictures of all law students for the class sections. This year the senior pictures will be taken first instead of the first year law students. This is being done in order that they may use the same picture for the Placement Bureau of the Law School and for the Law School Panel.

The price of the Peregrinus is \$6. Students may pay the full price of the annual or pay \$1 now and the rest by December 15, the deadline for subscriptions.

"Since the cost of the students pictures is paid for by the annual and the cost of reproduction has doubled, we will probably charge the legal fraternities and sorority for their section," said York. "However, we want to avoid raising the cost of the annual to the student this year, since it was increased from \$5 to \$6 only last year."

'Secure Children' Bown Topic Today

"Building Security in the Young Child" will be the topic of Dr. Oliver Bown, director of the counseling division of the University of Texas Testing and Guidance Bureau Wednesday at the meeting of the First Methodist Mother's Club.

The meeting is scheduled for 9:30 a.m. and is to be held in the Margaret Turner Room of the church.

Members and guests will be served coffee before the lecture.

The Rev. Charlton to Speak

The Rev. Gordon Charlton, of the Episcopal diocese of New York, will be guest speaker at a dinner Wednesday at 6 p.m. at 2607 University Avenue. His topic will be "The Episcopal Church Overseas." All Episcopal students are invited to attend. The Rev. Charlton's talk is sponsored by the Canterbury Club.

Leon Pearson Will Discuss 'World Government' Tonight

A "question-mark" issue today—world government—will be discussed Wednesday by radio commentator Leon Pearson in the Texas Union Main Lounge at 8 p.m.

Mr. Pearson, sponsored by the Forum Speakers Committee, will speak on "The Future of World Government."

The program is free to all students. Admission price for non-students is \$1. Tickets for each single engagement may be obtained at the door.

"Mr. Pearson's extensive knowledge of world government is the product of his reporting United Nations affairs for eleven years,"

said Clovis Morrison, chairman of the Forum Speakers Committee. "We therefore feel that Mr. Pearson is an expert on the subject and can give us the answer to cohesive world government," Morrison added.

Mr. Pearson is also considered an expert on Washington news and interpretative reporting. For ten years, with his brother Drew Pearson, he produced the "Washington Merry-Go-Round," daily column and weekly broadcast.

Before his present position as NBC commentator on foreign affairs, Mr. Pearson was on the International News Service staff for four years. He is author of "Critic at Large."

He first reported State Department news in Washington, and then went to Paris after World War II as correspondent for INS. He spent many weeks in Moscow during the post-war period covering the Big Three meetings, and the Big Four Foreign Ministers' conference in 1947.

He has been on the NBC news staff for seven years and is considered by many as one of the leading

ing "objective" commentators.

Before beginning his journalistic career, Mr. Pearson taught at the University of Pennsylvania and the Haverford School. Mr. Pearson received his bachelor's degree at Swarthmore College, where he was graduated with Phi Beta Kappa honors. He has a master of arts degree from Harvard.

"Mr. Pearson is one of the many nationally known speakers the Forum Speakers Committee has scheduled to come and talk in open forum style with the students," said Morrison.

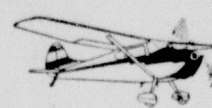

Eddie Gilmore, Associated Press correspondent, will be on the Uni-

versity campus February 14 to talk about his "Report on Russia."

"Our program differs from that of the Great Issues series in that we bring a variety of speakers who cover many different subjects," Morrison explained.

"The programs of Great Issues are built around a central theme, and all the lecturers speak on this theme. In addition, their programs are tied into classroom seminar," he added.

The Forum Speakers Committee usually has had its speakers in the spring so that its schedule will not conflict with Great Issues, Morrison said.

ATTENTION

Engineering Graduates and Sr. Engineering Students

Majoring in electrical, mechanical and aeronautical engineering and in physics and math.

Start your career with Sperry, leading engineering company enjoying an enviable record of stable, consistent growth through the development of new and better products since 1910

Following are some of the engineering fields Sperry is engaged in:

Electronics — Microwave — Radar — Servo-Mechanisms
Computers — Aircraft Navigation — Electronic tube development including Klystrons — Fractional H. P. motors and transformers — Communication equipment
Loran — Sonar — Fire control equipment — Controls for Guided Missiles — Technical writing — Standards engineering work, digital computers, solid state devices, etc.

- 9 graduate schools available in vicinity of laboratory for further studies through company paid tuition refund program.
- Modern lab facilities and equipment available to you for the further development of your technical education
- Association with top men in the field
- Top Rates
- Full employee benefits
- Modern plant, in suburban area, 45 minutes from the heart of New York City
- Convenient transportation
- Recreation facilities and congenial friendly associates
- Adequate attractive housing available
- A satisfying, well paid career awaits you at Sperry

SUMMERTIME POSITIONS OPEN FOR STUDENTS IN JUNIOR YEAR WITH GOOD ACADEMIC RECORDS

Our engineering department heads will be available Oct. 28 to give you full details and tell you about the high level engineering work Sperry is engaged in. Please arrange for appointment at your placement office.

DEJE DAILY

IRVEN DeVORE

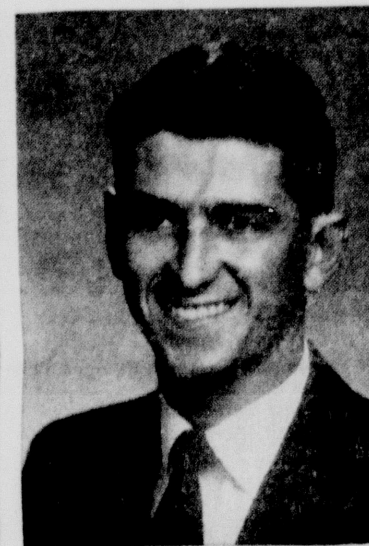

ROSETTA MCGREGOR

VIC MORRIS

BETTY TEMPLETON

LENNY VON DOHLEN

NANCY WALKER

STANLEY ADAMS, endorsed by the Representative Party:
One of my pet peeves is paying 15 cents for cashing a check at one of our "Varsity National Banks," which seem to thrive on students who need some extra change. I think this situation demands investigation! Perhaps a Student Check Cashing Bureau would be able to make operating expenses on 5 cents a check.

Being a Plan II student, I naturally favor a workable adaptation of the Core Curriculum plan. I favor re-establishment of the Student Parking Committee to thoroughly explore the problem.

I only have one campaign promise to make to my 4,961 classmates in the College of Arts and Sciences. If you elect me as one of your assemblymen, I will strive to the utmost of my ability to impartially serve and represent you.

TOM K. BARTON, nominated by the Student Party:

I should like to work toward the following goals:

1. A resolution to the Board of Regents expressing student opinion on undergraduate racial desegregation. My own opinion is that the University should achieve racial integration quickly.

2. Effective evaluation and criticism of the undergraduate curriculum and instructors by seniors and recent graduates.

3. To present a greater number of eminent speakers.

4. Emphasis on the need for a large auditorium adequate for a university of our standing.

SHIRLEY COHEN, nominated by the Student Party:

1. I will endeavor to the best of my ability to carry out the duties of an Arts and Sciences assemblyman in the most active and efficient way possible.

2. I will support the adoption of a system for selling guest tickets to Southwest Conference schools' students, so that they would be able to enter The University of Texas ball games with their schools' activity card and our guest tickets. I feel this system would simplify the acquiring of tickets for friends in other colleges, and will bring about better relations with schools wanting tickets to UT home games.

3. I will actively support the Union expansion program, and will try to settle that issue this year.

4. I will sincerely attempt to secure a workable honor system for the University and continue the work of the Student Integrity Committee.

5. I will strive to gain the interest of freshman, transfer students, and Plan II majors in student government activities.

TOM CULLINAN:

It is my desire as your student representative to promote your interests in any way possible, and to especially concern myself in the following fields:

1. To work toward the furtherance of an eventual school-wide honor system in accordance with the interests of you, the students. This program was started on a small scale last year, and work towards the installation of this honor system should be continued during the ensuing years.

2. To bring the varsity athletic program closer to the student body. The Athletic Council has only one student representative; a larger representation on the Council should be given to a student body of 16,000 members.

3. To bring about a possible solution to the parking problem. This could be done by an immediate survey of the problem, follow-

ed by a definite effort on the part of the Student Assembly to see that this acute problem is brought to the attention of the University officials.

DEJE DAILY, nominated by the Student Party:

1. I am strongly in favor of the system of College Councils and will strive to legislate such a system in the College of Arts and Sciences.

2. I will promote a system of diversified leadership to get more students into campus activities, thereby lightening duties of the few leaders, and gaining more efficiency in the various organizations and activities.

3. I intend to make specific arrangements so that assemblymen will have definite times to hear problems of individual students; and then the assemblymen will in turn present these problems to the Assembly.

4. I will strive to legislate an act which would allow groups to draw blocs of tickets to home football games. I believe this would tend to build up sagging school spirit.

IRVEN DeVORE, nominated by the Student Party:

If elected, I will energetically work toward:

1. A closer tie between student government and the Texas Legislature. I think that this is both possible and desirable.

2. An auditorium adequate to the needs of a large and expanding University.

3. Keeping students better informed about issues before the Student Assembly; and a medium such as suggestion boxes, through which the wishes of Arts and Sciences students can be known.

4. More date tickets.

5. A co-ordination of the Great Issues program with other schools of this area whereby speakers from the East could be offered a series of speaking engagements, getting better speakers and cheaper rates.

6. More active participation of the University in the National Student Association. I believe that not only Texas University, but all the South and Southwest would benefit through our leadership.

ROSETTA MCGREGOR, nominated by the Student Party:

Student Government can be and should be a more vital factor in the life of every University student. To carry out the responsibility of encouraging students to participate actively, a certain type of assemblyman is needed. That assemblyman must not only be qualified through previous participation, but must also have a keen desire to awaken each stu-

dent to the need of Student Government.

As your assemblyman I will carefully observe and take action to the best of my ability. I will weigh the issues fairly and will take strong steps to support those which you advocate and are most beneficial to the Student Body. For your benefit, I will study the effects of the new Educational Council, and providing it works, I will seek to promote similar relations in all schools.

With my sincere interest and my realization of the duties involved in active Student Government, I will, if elected, do my utmost to carry out all the responsibilities.

VIC MORRIS:

1. To help bring a transferable Blanket Tax to The University of Texas.

2. To get the College of Arts and Sciences to provide blue books for students to curb the cheating problem.

3. To encourage University buying of lots surrounding the campus to help curb the parking problem.

4. To finance Union endowment fund with all profits of Coke vending machines.

5. To provide library return boxes on at least two corners of the Forty Acres.

BETTY TEMPLETON:

To perform conscientiously and diligently those duties of assemblyman as set forth in the constitution; to co-operate and work with faculty and student groups in order to promote more interest and a better understanding of student government; to work particularly

with those organizations interested in the orientation of all new students entering the University, freshmen and transfers.

LENNY VON DOHLEN, endorsed by the Representative Party:

I shall strive to carry out the duties of an assemblyman as prescribed in the student constitution. My aim is to serve you conscientiously with a deep awareness of my obligation to try to obtain the following for you:

1. A larger allotment of date tickets for football games.

2. The formulation of a better Faculty-Student relationship in the College of Arts and Sciences through a council similar to the one established in the College of Education.

3. A more fair apportionment of Blanket-Tax funds based on the number of students benefited by each recipient.

NANCY WALKER:

I believe that the Assembly can best serve the student body by giving sincere consideration to the many problems that arise and by presenting definite solutions to these questions.

I will work to aid the Freshman Council by providing a more thorough government education program in addition to the orientation system. I will seek greater co-operation of the Assembly and the Texas Union in achieving their common goals.

My interest has been very much aroused after studying the reports on the NSA convention. I will work to see the student body profit from the work done by our newly formed NSA-TISA board.

Engineering

DICK BERGER, endorsed by the Representative Party:

I feel that the College of Engineering should become more actively interested in student government and our views should be well represented in the Student Assembly. We should strive for true campus representation rather than leaving the reins in the hands of a few glory seekers.

The Student Assembly should advocate the following:

1. A definite plan of University financial assistance to aid in completion of Operation Gopher.

2. The participation of the engineering societies in the various campus activities thereby gaining their deserved recognition on campus.

3. That parking violations be handled by the Student Court rather than the disciplinary committee.

4. That a complete investigation be made as to the possibility of applying athletic profits to the lighting of Memorial Stadium thus preventing the early season sweltering on the field and in the stands.

I feel that the Student Assembly has achieved a fine record in the past three years. This progress should be accelerated by the entire student body, with the engineers leading the way.

SAM BRADSHAW, nominated by the Student Party:

If elected I shall actively represent the engineers in all Student Assembly proceedings. I will give special attention to these problems:

1. Parking.

2. Operation Gopher.

3. Letting the students know what is being done in each representative council or Assembly.

ALAN CARSON, endorsed by the Representative Party:

I believe that engineering students must assume initiative in student government or liberal forces on the campus will destroy the College of Engineering. A prime example is the proposed Core Curriculum, which last year's Assembly approved. No engineering college could long survive under such a program, and I promise I will fight it at every opportunity.

The engineers have shown what they think of the Union and Union expansion by constructing their own Union, "Taylor's T Room," and I believe that Union funds should be allocated to it, although remaining completely under the control of engineers.

If elected, I promise to devote the necessary amount of time and energy, and promise to co-operate fully with the Student Engineering Council to represent the engineers and the engineers alone in the Assembly.

ALAN FOGELBERG, nominated by the Student Party:

To create interest in student government and to achieve better student-faculty relations through the establishment of individual school councils such as exist in the Student Engineering Council.

To work toward a revision of the present voting system so that time consuming methods can be eliminated.

To seek installment of cigarette machines in the engineering buildings.

ALAN FOGELBERG, endorsed by the Representative Party:

To promote campus wide interest in Operation Gopher and to prove that the resulting benefits can be enjoyed by all University students.

To serve to the best of my ability as an Assemblyman who knows and represents the interest of all engineers.

DON HART, endorsed by the Representative Party:

I am in favor of better and more effective engineering representation in student government. This could best be accomplished by making the engineering Assemblymen members of the Student Engineering Council. As this body represents each department in the College of Engineering, problems arising here could be taken to the Student Assembly by the elected engineering representatives. In the same manner, Assembly matters may be carried back to the Engineering Council for its recommendations.

The use of the honor system could well be expanded in the College of Engineering. The further use should be governed by faculty-student committees.

The parking situation should be more fully explored, and steps be taken to have parking facilities meeting the needs of the increased enrollment.

All possible means should be used to speed up the completion of Operation Gopher.

DICK BERGER

SAM BRADSHAW

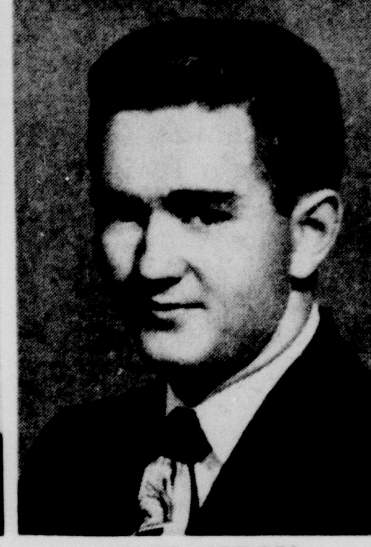

ALAN CARSON

ALAN FOGELBERG

DON HART

CLIFF HODGES

To promote campus wide interest in Operation Gopher and to prove that the resulting benefits can be enjoyed by all University students.

To serve to the best of my ability as an Assemblyman who knows and represents the interest of all engineers.

DON HART, endorsed by the Representative Party:

I am in favor of better and more effective engineering representation in student government. This could best be accomplished by making the engineering Assemblymen members of the Student Engineering Council. As this body represents each department in the College of Engineering, problems arising here could be taken to the Student Assembly by the elected engineering representatives. In the same manner, Assembly matters may be carried back to the Engineering Council for its recommendations.

The use of the honor system could well be expanded in the College of Engineering. The further use should be governed by faculty-student committees.

The parking situation should be more fully explored, and steps be taken to have parking facilities meeting the needs of the increased enrollment.

All possible means should be used to speed up the completion of Operation Gopher.

CLIFF HODGES, nominated by the Student Party:

1. To avoid the basis of group or club affiliation for representation—to represent the individual.

2. To propose and investigate the idea of a University-sponsored flying school and to seek whatever federal aid can be had for its establishment.

3. To help with better co-ordination of the ROTC's with the University, and to stand behind them in pertinent Assembly matters.

4. To work with others who are anxious to seek a better solution to the parking problem in the congested engineering area.

5. To sponsor cigarette machines in school buildings on a basis similar to that of the cold-drink situation.

6. To work for a better apportionment of the Blanket-Tax funds with such organizations as the Longhorn Band in mind.

7. To investigate the University pay scale and find if more can be done for those University students who work for University scale.

RAY RABKE, endorsed by the Representative Party:

In running for the office of Assemblyman from the College of Engineering, it is my intention to represent the interests of the engineering student body to the best of my ability.

I believe this can best be done by:

1. Working directly with the En-

gineering Council to co-ordinate their efforts with those of the Student Assembly.

2. Reviewing any proposed addition of liberal arts courses to the engineering curriculum realizing that any such additions would decrease the number of necessary technical courses.

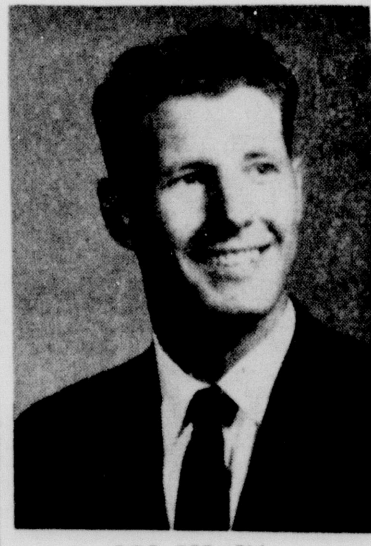

3. Continuing to work to improve the interests of engineering students in our University's student government.

4. Vigorous promotion and support of Operation Gopher.

RAY RABKE

Architecture

BOB FERRELL

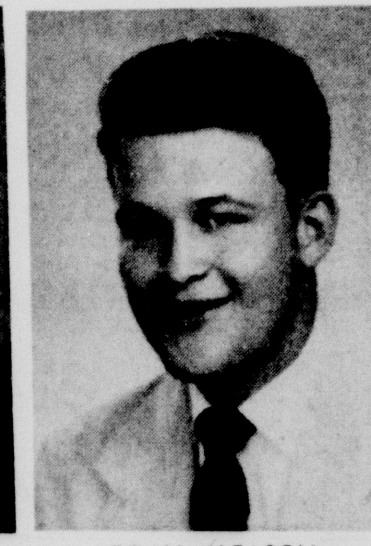

BOB FERRELL:

Since campaign promises don't appeal to me I will dispense with them and briefly say that my idea of a good representative to the Student Assembly is one who knows enough about student affairs that he can take an active part in the discussion, the debate, and the decisions of the Student Assembly.

As your representative from the School of Architecture I would fulfill these ideals, always keeping in mind the group which I am representing but realizing that the University as a whole comes first.

EGAN GLEASON, endorsed by the Representative Party:

I believe that a much closer relationship between students of the School of Architecture and the faculty could accomplish many needed improvements. This should be done by better defining the duties and aims of student organizations in the school. Then, with students and faculty in accord and working with the University, a program of improvements could be more easily accomplished, such as: (1) establishing longer and more appropriate library hours, (2) bringing to the University eminent speakers

EGAN GLEASON

in the fields of art, architecture, and building, (3) establishing an employment system for architecture students, (4) graduating with honors those students who have earned merit through service or scholastic achievement, and (5) improving the Architecture Building with much needed storage facilities and student lounge.

Greater emphasis should be placed on solving the University parking problem and lack of a large auditorium. Furthermore, I would like to see the University use to a greater extent the talents of the School of Architecture in solving problems of the University physical plant.

DUKE SQUIBB:

As Assemblyman for the School of Architecture, I will endeavor to:

1. Stimulate an interest in student government by equal representation of all classes in the School of Architecture.

2. Keep students informed about issues before the Student Assembly.

3. Appropriate student funds in a fair manner. I will do so after study of the needs of the organizations seeking a portion of the fund.

DUKE SQUIBB

4. Encourage meetings and round-table discussions on the basic problems of architecture and the profession.

5. Secure a greater number of prominent speakers for the School of Architecture.

6. Obtain better storage space for students' supplies.

7. Obtain more and better equipment for students.

8. Formulate plans for air-conditioning the Architecture Building.

I will work to find just and practical solutions to the problems which are introduced and will fill the office to the best of my ability.

JACK A. STEHLING:

Patrick Henry once said: "I have but one lamp by which my feet are guided, and that is the lamp of experience." I am now a senior in the School of Architecture, but during my years at this University I have received a BA in history and I spent a year in Law School.

While in Arts and Sciences I was a member of Lambda Chi Alpha and Alpha Phi Omega; I was president of Hill Country Club, on the Inter-Club Council, in Newman Club, in German Club, served in the Music, Talent, and Public Re-

JACK A. STEHLING

lations Committees, becoming chairman of the latter in 1951. I was Freshman Honor Council representative in Law School. I was president of the sophomore class of the School of Architecture. Last year I designed settings for "Wind-up" ball and performed in Round-Up Review. I am a member of AIA and I am serving on the Student-Faculty Relations Committee. I know that as Assembly representative from our school I can sincerely and energetically work toward:

1. Increasing lab space for sophomore and senior classes by enclosing the west archways.

2. Installation of adequate storage space and decent drafting tables in design labs.

3. Creating and publicizing a part-time job bureau within our school.

4. Promote alumni participation in school improvement.

5. In general do what I can toward bringing the School of Architecture economically up to the status enjoyed by other schools on The University of Texas campus.

Neither platform nor picture was received from David L. Leonard.

Job Opportunities

A well known business machine company will have representatives on the campus, Wednesday, November 10, to interview graduates with BA or MA degrees who are interested in going into that company as sales representatives. Complete initial training is given and this continuous education will lead to advancement. For further information go to the Student Employment Bureau, Pearce Hall 106.

The Girl Scouts of America will have a representative on the campus Friday, November 5, to interview young graduates interested in being field and district directors. This work is with adult volunteers—not children. Make appointments in the Student Employment Bureau, Pearce Hall 106.

A nationally known lumber processing and distributing concern has an outstanding opportunity for an

alumnus who would be interested in being sales manager for their outdoor furniture department. Age 26-31. Must have some salesmanship experience. For details go to the Student Employment Bureau, Pearce Hall 106.

A chemical company in south Texas needs a public relations man. Any major with the right qualifications will be acceptable. To qualify the student must be able to meet the public, organize and conduct programs for Chambers of Commerce, do a limited amount of writing, such as articles for papers and magazines, make talks and conduct group meetings. The salary will be around \$450 per month depending upon ability and background. Applicants must be between 25 and 40 years of age. Further information may be obtained in the Student Employment Bureau, Pearce Hall 106.

Issue Campaign Promises and Platforms

Education

MARTY PHELPS:
I will work closely with and endeavor to make this first Student-Faculty Education College Council successful in realizing its purposes and potentialities.

I am very interested in the work of Orientation Council and I believe its program and needs should be given ample consideration by the Student Assembly. This program can be far-reaching: new students, transfers, and married students alike should be given the opportunity to share in it benefits.

I will consider carefully all issues brought before the Student Assembly, and I will vote impartially on them.

WEEJEE SUTTON, nominated by the Student Party:

I feel the need in the College of Education for a greater sense of unity and loyalty. This can be brought about, I feel, by several concrete projects.

First, an education newsletter, written for and by education students, to inform and educate the school. Second, a lounge in Sutton Hall; a room downstairs can be secured and converted for this purpose. Third, a method of keeping in contact with education graduates to learn of their actual experiences in the teaching profession, what courses are proving to be most valuable to them, and what are some of the problems which they are meeting.

I sincerely feel that I can give the College of Education efficient, creative representation on the Assembly. I will seek to do this in every possible way.

GINNY WALKER, nominated by the Student Party:

1. To promote a more active participation in student union activities, and to promote Union expansion.

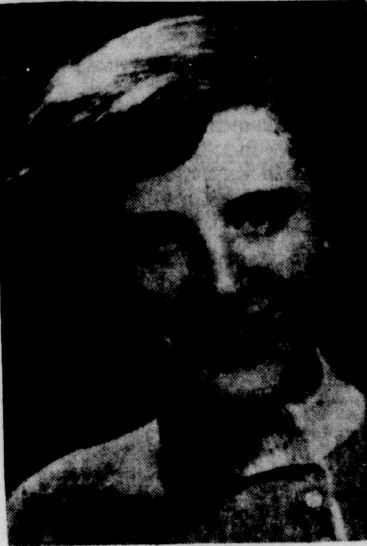

2. To work as a co-ordinator between Student Assembly and the School of Education.

3. To develop a movement in forming councils in other schools that lack a co-ordinating body.

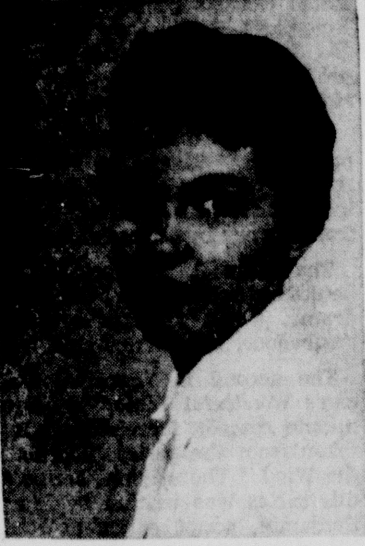

4. To work with Education Council in improving the curriculum in the School of Education.

MARTY PHELPS

WEEJEE SUTTON

GINNY WALKER

Fine Arts

HAL ATKINS JR., endorsed by the Representative Party:

More recognition for College of Fine Arts functions. Many things happen in the College of Fine Arts that are never heard of around the campus. They need more and better publicity.

Likewise, the various organizations, clubs, and such that are connected with the College of Fine Arts need to have some sort of system for letting students know what is happening.

Parking is an annual problem, but having been on the Parking Committee last year, I feel that it can be improved.

More information should be released concerning what goes on in the Student Assembly meetings and also what the various student government committees are doing.

Fair appropriation of the Blanket-Tax money. The needs of the organization should be of prime importance in selecting the percent that they are to receive. Some organizations are not receiving the amount they need while others are receiving too much.

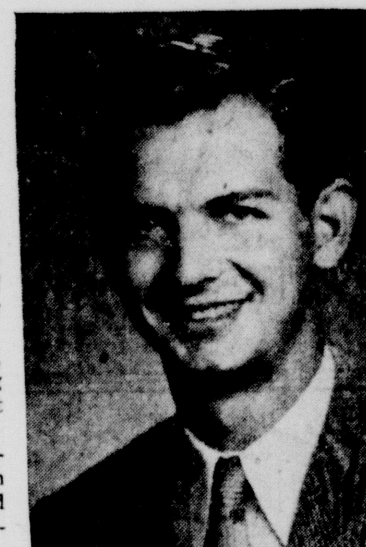

My "pet peeve" is the manner in which the Election Bill is written. It should be clearer in certain spots and changed in others and I will work to get this bill in the best possible shape before the spring elections.

JO ANN CALDWELL:

As your past assemblyman, I worked on the Blanket Tax Evaluation, Blanket Tax Appropriations, and Round-Up Float Cost Committees and served as chairman for the Art Fees Project and College Council Committee.

My interest in the College of Fine Arts was shown through my work on the reduction of the art fees. This has been obtained and will be put into effect, Fall, 1955; it exemplifies the power the student body has in obtaining its needs.

Through a close study of the Education Council, the present council in Fine Arts can be strengthened and will heighten the Student-Faculty relationship. Through a strengthened council, a solution might be found to the problem of needed space in the

JOHN L. ESTES:

I wanted to support the decisions of the Board of Governors of the Student Bar Association and any other things which might be of advantage to the School of Law.

JIM D. LOVETT:

The only real issue in this campaign as far as the School of Law is concerned is Union expansion. The law school Board of Governors has already expressed their opinion as being against it, and I feel as though I am personally bound by that decision.

JOHN L. ESTES:

Outside this issue in the election, there are a few things which all of us seem to agree on, and I am asking for a chance to do something about them. These things include more parking space, more date tickets for football games, more benefits from the Blanket Taxes, and less talk about fingerprinting law students.

The Texan did not receive platform pictures of Paul Kirton, Byron Fullerton, and J. W. Stuckey.

Student Court ... Unopposed

NANCY BALATOW:

Since I do not believe in making campaign promises when one has no possible idea of what will come up before the Court in the ensuing year, I can only say that I will to the best of my ability carry out the duties of my office, weighing each case that may appear before the Court with an open mind.

I would like to see the jurisdiction for the Court extended so that it would include many cases which now are referred to various committees. I would also like to see the Court serve as an advisory board at the University, so that an organization or committee could come with its problems without actually having to have a case brought up. I will work to see that some of these goals are attained.

I pledge myself to work for the better welfare and interests of the student body throughout the coming year.

BELLE PECK:

I feel that the Student Court should discover areas in which to better serve the needs of the campus. The Student Court should take an active part in promoting scholastic integrity and creating an honor code which is practical and effective.

I promise to be fair and impartial, and do my best to make this year's Student Court a court that will reach you in its service.

HARRY HEWELL:

I pledge that in all cases brought before the Student Court I shall render an opinion only after an impartial consideration of the facts and a careful study of the pertinent law. Furthermore, I intend to work toward my goal of a highly effective and more responsible student government by endeavoring to broaden the jurisdiction of the Student Court. This will call for a search as to the best means of handling those student problems which might be dealt with most effectively by students themselves. This problem warrants the Court's immediate attention, and I am confident that such attention will be given to it.

ELWOOD PREISS:

It is my belief for the Student Court to become a meaningful part of student government it must:

First, assume its present responsibilities and functions. It should, for example, take action on all discipline cases falling within its jurisdiction. It should, also, compel after due process any student official to perform any ministerial duty imposed upon him. The Court has not always assumed such responsibilities in the past.

Secondly, I should like to see the Court expand its functions and responsibilities wherever feasible.

I shall endeavor to serve the student body to the best of my ability

BOB FINLEY:

To investigate the reasons behind the great length of time it takes to be advised during registration in the College of Business Administration.

To put cigarette vending machines in the principal buildings on the campus, such as Waggener Hall, and use the profit to lower the Blanket Tax.

To have extended library hours for student use during the semester and especially before and during finals.

To promote closer relations between the students and their government.

To work for integration and co-operation among various departments in the College of Business Administration and fair representation of each.

BOB JONES, Student party nominee.

I shall promote establishment of a committee designed to provide a means for the expression of student opinion on legislation before the Texas legislature to study measures which shall affect University students, and conversely provide a unit through which legislators may make requests from the student body.

I shall propose that the powers of the Court be revised to permit the Student Court to handle disciplinary cases against campus violators.

I am in favor of a continuation of the work accomplished last year by the Scholastic Integrity Council.

I would like to do additional study on such problems as parking and grievances for which there are no painless solutions but which require continuous study.

MAX LEVIT, endorsed by the Representative party:

It is my belief that a platform is a promise to the students that the candidate intends to fulfill. Here is my promise:

To establish an organized system of regulations and sportsmanship in order to create more enthusiasm in the students and in order to bring UT up in the sportsmanship ratings in the Southwest Conference.

To set up certain hours of the week in which BBA students, if they desire to, can meet with their representatives and present their ideas and viewpoints.

To represent in the Assembly to the best of my ability the students of the BBA College in a manner that will be fair, honest and beneficial to all students.

TOM PRIMM, endorsed by the Representative party:

To serve to the best of my ability the students which I represent and to make the desires of these students known. I will use to the extremity all the influence my position affords me in seeing action taken on these valid desires.

To try and interest more industries of Texas to take advantage of the job-placement facilities and to improve the system already in use if necessary.

To provide more studying facilities within Waggener Hall for the use of students and, if possible, have qualified proctors for the elementary business courses.

To urge expansion of the Texas Union.

BOB SIEGEL, endorsed by the Representative party:

As a candidate for the Student Assembly I do hereby pledge myself to support the following:

To increase library and recreational facilities for the College of Business Administration.

Reorganization of the present BBA Council to more effectively coordinate student-faculty relations in the College of Business Administration.

To provide a student co-operative cashing agency, incorporated by the Union, to operate as the University after 5:30 and on week ends.

Building of a University auditorium to sufficiently provide for the increased enrollment and entertain cultural, social, and educational activities.

EDWIN HALE CONNELL, nominated by the Student Party:

I believe that the Student Assembly should back the ending of segregation at the University. I don't give a Continental if the Union is expanded or not.

KENNETH J. COX:

To continue to improve parking facilities by supporting the Parking Problem Committee.

To support basic ideas behind core curriculum, but to oppose any measure which would require the total compulsory courses to last over a year's study.

To investigate the feasibility of making the Blanket Tax transferable for all football games, but non-transferable for all other events.

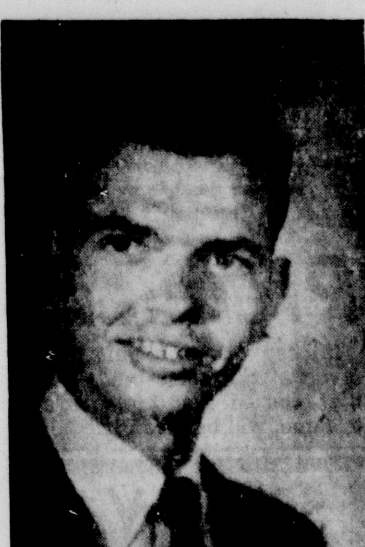

To support any Assembly measure which would help to eliminate friction in solving the problem of integrating colored students into undergraduate school.

To serve impartially and effectively as a representative from Graduate School.

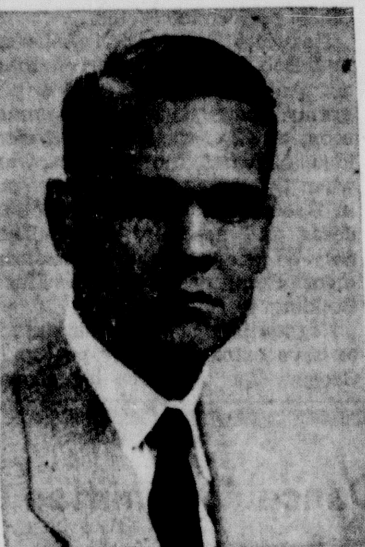

JACK SMITH, nominated by the Student Party:

To be of help to all veterans, married students, and graduates by bringing their particular problems to the attention of the Assembly.

By representing this group I hope

BOB FINLEY

BOB JONES

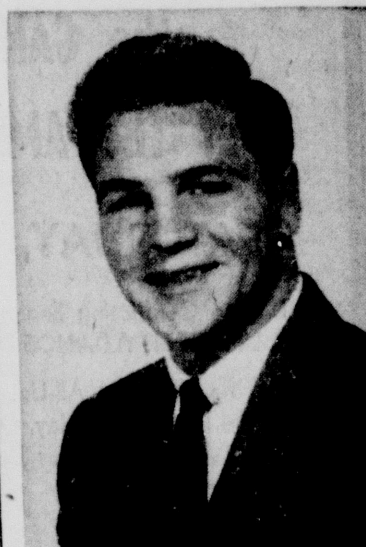

MAX LEVIT

TOM PRIMM

BOB SIEGEL

DAN SLAUGHTER

tional activities.

To place within the jurisdiction of the Student Court such traffic violations that might be imposed on students, thus giving students a voice in their own defense, and increasing the activity of the Student Court.

DAN SLAUGHTER, endorsed by the Representative party:

Legislation to let Student Court handle disciplinary cases including parking problems.

Increasing interest in student

government through support of councils in various schools and colleges.

Holiday for Round-Up Friday. Set up public relations program to inform and interest the student body in student government.

Increasing interest in student

Pharmacy

LEWIS RIEGER:

To serve impartially with no obligations except to the students of the College of Pharmacy.

To create effective representation to the students of the College of Pharmacy through their Student Assembly representative.

To seek means for the provision of recreational facilities for the students of the College of Pharmacy comparable to those of other professional schools on the campus.

To promote closer co-operation between the faculty and students in an effort to develop a reasonable and workable honor system.

To improve the job-placement system for students of the College of Pharmacy.

To seek a means for the improvement of the congested parking facilities surrounding the Pharmacy Building.

To promote expansion of the Texas Union.

VINCENT L. CRINELL, nominated by the Student Party:

Establish a permanent student employment committee. This committee would be instrumental in solving a number of the working students' problems, which cannot be taken up by the regular Student Employment Bureau. The committee would be of great value to the 65 per cent of the University students who work at one time or another and all the pharmacy students who must have pharmacy experience before graduation.

Re-establish the parking committee. This committee should be commended for the work which has been done; more should be done to solve the problem.

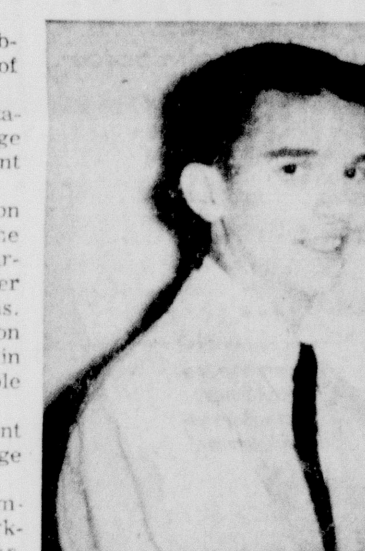

Fair apportionment of the Blanket Tax funds according to the needs of the organization and the current student feeling.

Improvement of student government by keeping the students informed of the Assembly's actions and the encouragement of participation in student activities in pharmacy college as well as on the campus.

As your representative, I will serve impartially with no obligation to any group except to the students of the College of Pharmacy. Welcoming all opinions, I shall study all problems carefully and then strive to find a practical solution.

To create among them a greater interest for their participation in campus activities. Realizing that married students, especially those with children, are under a great financial strain, I am for a Blanket Tax that will enable wives to attend various athletic and entertainment functions with their husbands without additional expense.

Also with the University's enrollment on the increase, I see an even greater need for Union expansion and a solution of the lingering problem of inadequate parking facilities in the University area. I intend to work co-operatively with the present student government administration that is doing a splendid job. I shall continually strive to properly fulfill the expectations of the Graduate School. I choose to represent, and most important, I shall always have as a primary goal the best interests of The University of Texas.

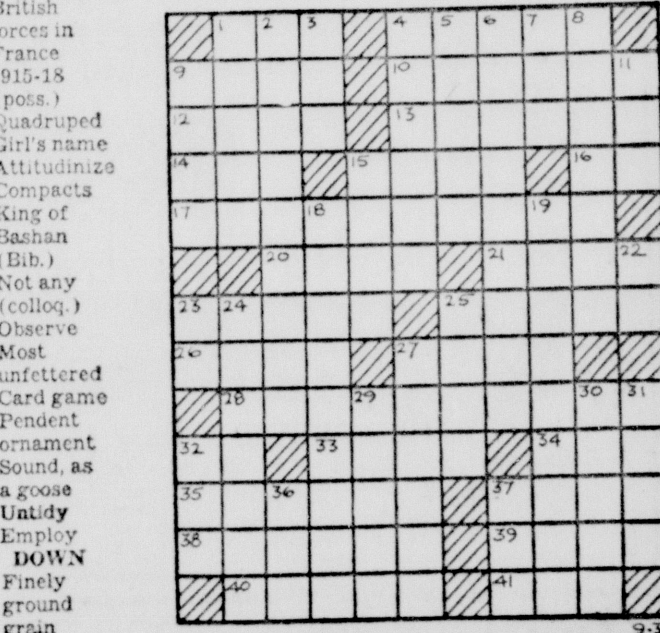

VINCENT L. CRINELL

LEWIS RIEGER

'Oklahoma!' Not OK For CEC Schedule

The road show "Oklahoma!" was turned down by the Cultural Entertainment Committee Tuesday because it could not get together with promoters of the show on a date. The musical was available for booking only during final exams and the intramural season when Gregory Gym is tied up.

Dr. Archie Jones, faculty sponsor, said he hopes the new sound shell made for Gregory would be finished in time for the San Antonio Symphony program November 17. The \$8,000 shell is expected to greatly improve acoustics in Gregory, perhaps to the extent that a person talking in a normal voice on the stage can be heard all over the gymnasium.

The committee also decided to continue having an organist play from 7:15 to 8:15 p.m. before their shows start. Gerre Hancock was organist at the Gay Tyrolers show Friday night and will play for the other performances too.

Requests for Marian Anderson and Bob Hope were turned in as suggestions for next year's programs, as CEC should have a clear idea of what the students want when Dr. Jones goes to New York in December to check on booking dates and see new talent. They may be sent to Cultural Entertainment Committee, in the Music Building.

Negotiations are still being made to have extra bleachers put up in Gregory for the three big shows.

WALT DISNEY and FRIENDS

Disneyland Makes Premiere on TV

Mickey Mouse, Walt Disney's favorite character and the one that started his originator's rise to fame, will be given tribute when

Disneyland has its premier showing over ABC-TV at 7:30 Wednesday.

The TV show is Disney's first venture into television. Disney will also present on his first show a preview of what is to come on the TV series.

Disney classics, such as "Seal Island" and "Beaver Valley" will be spiced with more recent offerings such as Donald Duck's impersonation of Sergeant Joe Friday.

Another Disney production, "The Vanishing Prairie," will be shown at the Queen Theater Thursday, November 4.

UT Radio to Tell How It Is Done

Two Plays Planned For Arts Festival

Two plays, which depict the production of radio shows, will be Radio House's contribution to the Fine Arts Festival on November 20, Jack D. Summerfield, radio production supervisor of Radio House, announced Tuesday.

The first is a full-scale dramatic production, "Horatius at the Bridge." It was adopted for radio by Bill Cavness, script writer, from a story by Thomas Macaulay.

The entire Radio Workshop will be utilized in the cast of the serious drama, which features a singing troubadour, Mr. Adkins said.

The second is "Percival Pellican's Wonderful Tonic," a fifteen-minute comedy for children. It is taken from the series "Stories in the Wind." The original script for this series was written by Marye Benjamin, script editor at Radio House.

Actors for the comedy will be in costume, even though it does represent a radio production.

"Everyone is invited to attend the show at 4 p.m. on November 20 in the Recital Hall of the Music Building," Mr. Summerfield stated.

'All About Eve' at Union Monday
The Texas Union will show the film, "All About Eve," with Bette Davis and Ann Baxter, at 7:30 p.m. Monday in the Main Lounge of the Union.

Three CEC Ticket Drawings To Handle Expected Crowds

Drawings will be held for student tickets to the Yma Sumac, Marge and Gower Champion, and Fred Waring shows, the Cultural Entertainment Committee decided Tuesday. The drawings are necessary to handle the extra-large crowds expected for these shows.

"It was either that or put on two performances," said Dr. Archie Jones, faculty sponsor. "That would in turn mean we could only bring half as many shows to the campus."

A fire ordinance prohibits letting people stand up. Arrangements are being made to seat more than 7,000 at Gregory Gym. There are about 13,000 Blanket Tax holders.

DoD Ticket Sales Set New Record

An all-time record was broken in Department of Drama season ticket sales this season. The department took in eighteen per cent more money than it did last year, the former high year in ticket sale history.

This year's record surpassed even the 1950-51 season when Charles Laughton's one-night stand drew a capacity crowd at Hogg Auditorium. Laughton's performance was presented as a "dividend," a free extra for season ticket holders that was added to the season bill after sales had closed.

Ticket sales closed Saturday night with the final performance of "Morning's at Seven." Dr. Loren Winship, chairman of the Department of Drama, said, "Students came out after the first act to buy season tickets after they saw how near professional our plays were."

Exact number of tickets sold was not available for publication Tuesday. Tickets to individual performances will be sold at the box office throughout the year.

Tickets will be general admission, "sit anywhere" tickets, and can be drawn at the Music Building box office. A student should present his B-Tax at the box office to get his free ticket, and then present both B-Tax and ticket at the door the night of the performance. The ticket alone will not admit him.

The drawings will be held several days in advance of the three performances so that the box office will know how many students want to come and will know how many seats will be left over to sell, to the general public.

The first drawing will begin Monday and go through noon Saturday, November 20. Box office hours are 9 a.m.-4 p.m. Monday through Friday, and 9 a.m. to noon Saturdays. This drawing will be for the Yma Sumac show, November 23.

In drawing tickets, only the regular \$15.60 B-Tax is good. Special \$10.80 B-Taxes are good for athletic events only, and cannot be used to draw free tickets to CEC events.

This is not the first time there

have been drawings for CEC shows. Last year students drew for tickets to "John Brown's Body."

Dr. Jones said that CEC may have to have drawings for the Burl Ives show, too, though it is not definite. Burl Ives drew the biggest crowd in CEC history when he was here before.

Coach Price Reveals More Lineup Changes

(Continued from Page 1)

Disciplinary action greatly cuts down on the number of available right halves with Youngblood, Graham, and Dollar among those charged with breaking training.

Billy Quinn is the only remaining right half. He alternated with Ed-

ward Hawkins in practice Tuesday afternoon. Hawkins scored the only Texas touchdown in the Rice game when he subbed for the injured Quinn.

Price plans to move Fred Weir and Bo Sexton to bolster the weakened right half berth.

The only changes in the starting eleven are the demotion of Gray and Woodson, but the second and third teams were hurt by the losses of Rosser and Youngblood.

Bob Flinn and Langford Sneed will leave the second team to replace Gray and Woodson in the starting lineup, taking four men from the No. 2 unit.

Hardly any of the No. 3 backfield unit will remain, with Miller, Graham, and Dollar lost. Most of the third team line will move up to fill the gaps in the second team forward wall.

Price indicated other lineup changes are anticipated, but they will not necessarily be caused by lack of condition.

"Every position in the starting backfield could be termed a close race," said Price. "Pat Tolar is pushing Charley Brewer at quarterback, Chester Simcik and Delano Womack at left half aren't too far apart, and the race between Don Maroney and Bill Long at fullback is about even."

Price said he will decide this week about the proposed lineup changes. The Longhorns will continue preparation for Saturday's crucial battle with SMU in Austin.

A's Buyer Prepared For Thursday Sale

PHILADELPHIA, Oct. 26 (AP)—The eight-man Philadelphia syndicate seeking to purchase the Philadelphia Athletics should learn Thursday if its bid has succeeded or failed.

President Will Harridge of the American League announced today that club owners would meet at the Waldorf Astoria Hotel in New York at 10:30 a.m. EST to consider the sale of the Philadelphia club stock.

Roy Mack, who is representing his family in the sale, will be on hand presumably to ask the league to approve the sale of the franchise to the prominent Philadelphia philanthropist.

Just what will happen at the league meeting Thursday, not even a Philadelphia lawyer was prepared to say.

Several of the lawyers involved in the proposed sale of the A's to an eight-man Philadelphia syndicate—and they outnumbered the would-be buyers—said they don't

know what to think. Or at least they weren't saying so if they did know.

Everybody connected with the deal sat back and waited. All sources here agreed that the next move is up to the American League and its president, Will Harridge.

The contract of sale is signed, so they say. The purchase money is in escrow in a midtown bank, so they say.

Nobody doubts that all this is true, but the complexion of this story has changed so often that observers are beginning to wonder if they can tell black from white even when they see it.

The latest rumor, fresh in from Baltimore, said that the A's are again headed toward Kansas City.

Sports Editor Jesse A. Linthicum of the Baltimore Sun wrote today that "Roy Mack is reported to be backing out of the deal to sell the A's franchise to an eight-man group Philadelphia syndicate."

Fraser Tops Hargrove, 15-0 To Move into League Finals

By EDDIE HUGHES
Texas Intramural Coordinator

All intramural touch football winners Tuesday advanced into the semi-finals of their respective divisions, except for one Class B club which reached the finals of their division.

That club was Fraser who slipped by Hargrove, 15-0, and advanced into the finals against the Robinson Rebels. B. M. England was the lad that led the winners to victory with two scoring passes, one each to Pete Wayland and Kenneth Chaplin.

All Class A games Tuesday advanced the winners farther in league play, with the San Gabriel Raiders squeaking past the S. W. Spouses, 6-0; Schoen defeating Moneyhon, 12-6; Air Force ROTC edging Theleme, 19-14; Newman Club whipping Navy ROTC, 37-0;

PEM white-washing Wesley Foundation, 46-0; and Westminster dumping TLOK on penetrations after a 6-6 tie.

San Gabriel won their game when Charles Lunsford passed 19 yards to Winston Warr for the only score, which came in the first nail of play.

Moneyhon took a 6-0 lead on Schoen when Edgar Phillips passed 25 yards to Shirling Garrison, but flinging Bill Russell sent the winners into the lead by passing to Jimmy Murphy and Robert Green for touchdowns and a 12-6 victory.

John Coates passed for touchdowns of 40, 30, and 50 yards to E. L. Mulcahy to give the Air Force ROTC their thrilling 19-14 victory over Theleme. Arthur Zabal's 40-yard scamper for a Theleme score was the highlighting play for the losers.

Spectacular running and passing by Bill Greve led Newman Club to their victory over Navy ROTC. Greve ran for one score, and passed for five others. His running helped to set up many Newman touchdowns.

The passing and running of Johnny Lowry led powerful PEM to their 46-0 route of Wesley. Lowry passed six times for scores, and ran for another.

Westminster tied TLOK, 6-6, when Howard Husspith found his way for 35 yards and a score, following TLOK's score when Oran Reese passed to Bill Marsh for a touchdown.

Class B teams which advanced to the semi-finals were Brunette, Moneyhon, Tejas, Roberts Hall, and Canterbury, who won their game by default over Campus Guild.

Brunette defeated Blocker House, 13-0, when Bill Crabtree passed to Jim Terrell for a score, and John Dawson intercepted a Blocker pass and returned it 30 yards for a score.

In a see-saw battle, Moneyhon finally won out over Blomquist, 24-12, with Arthur Cain and Ken Kennerly leading the way with two touchdowns passes apiece. Richard Ehler passed for both Blomquist scores.

Tejas shutout AIME, 6-0, on the strength of a Jot Hodges-to-George Cape pass.

Roberts Hall relied on the passing of Hestor Stewart to hand Little Campus a 12-7 defeat.

Arkansas Moves Up In Weekly AP Poll

By The Associated Press

Ohio State, Oklahoma, and UCLA ranked 1-2-3 Tuesday in the weekly Associated Press college football poll, and Coach Woody Hayes of the No. 1 team said "that's too bad."

Ohio State displaced Oklahoma, leader in the nationwide balloting for the last three weeks, jumping all the way from fourth place on the strength of a 31-14 victory over Wisconsin.

"I know everyone is talking about national ratings and Rose Bowl and all those things, but to us the season is merely half over," said Hayes. "That's how we look at it. Four important ones yet to go!"

Texas Golf Meet Draws Big Names

FORT WORTH (AP)—Qualifying rounds were scheduled Tuesday in the 19th annual Women's Texas Open Golf Tournament at River Crest Country Club here.

The tourney is expected to draw more than 100 entries, including defending champion Betsy Rawls of Spartanburg, S. C.; Betty Hicks of Manhattan Beach, Calif.; Betty Mims Danoff of Dallas; Betty Jameson of San Antonio; Betty Dodd of San Antonio and Betty MacKinnon of Savannah, Ga.

Passing up most of the competition will be Mrs. Babe Zaharias of Tampa, Fla., a five-time winner of the tourney. The Babe toured the course yesterday with a five-under-women's-par 70 and said she would remain for today's round but would leave tomorrow for a dinner engagement Thursday at the White House.

Some 46 players, none seeking medalist honors, qualified Monday, and another 56 or more were expected to fire Tuesday.

Match play begins Wednesday.

A total of 214 sports writers and sportscasters voted in this week's poll, and Oklahoma received 74 first-place ballots, ten more than Ohio State. The Buckeyes, however, got 69 second-place votes, 20 more than for Oklahoma.

The only explanation for Oklahoma's drop to the No. 2 spot was the fact the Sooners didn't sparkle in a 21-0 victory over Kansas State, while Ohio State was beating a team many thought might win the Big Ten crown. UCLA won its sixth straight by rocking Oregon State 61-0.

Army advanced to the No. 5 spot from ninth, and West Virginia jumped from 10th to seventh. Notre Dame is sixth, Wisconsin eighth, Purdue ninth, and Miami of Florida, 10th.

Ohio State is favored to defeat Northwestern. In other games for the leaders this Saturday Oklahoma plays Colorado, a Big Seven toughie; UCLA meets always-dangerous California; Arkansas plays Texas A&M; Army tackles Virginia; Notre Dame takes on Navy; West Virginia may have trouble with Pitt; Wisconsin encounters Iowa; Purdue meets Illinois, and Miami plays Fordham.

The leading teams are:

1. Ohio State 64 (5-0)	1838
2. Oklahoma 74 (5-0)	1834
3. UCLA 45 (6-0)	1890
4. Arkansas 16 (5-0)	1351
5. Army 1 (4-1)	974
6. Notre Dame 1 (3-1)	727
7. West Virginia 6 (4-0)	478
8. Wisconsin (4-1)	460
9. Purdue (3-1-1)	393
10. Miami of Florida 6 (5-0)	369

THE SECOND TEN

11. Michigan (4-1)	344
12. Mississippi (5-1)	318
13. Southern California (5-1)	184
14. Virginia Tech 1 (5-0)	124
15. Navy (4-1)	78
16. Duke (3-1-1)	75
17. Texas Christian (4-2)	57
18. Southern Methodist (3-1)	53
19. Rice (3-2)	51
20. Cincinnati (6-0)	39

Port Arthur Still No. One 4-A Club

DALLAS (AP)—District 8 lost a little of its dominance last week but still kept three teams among those rated the 10 class AAAA schoolboy football squads by the sportswriters of Texas.

Polled by the Dallas Morning News, the state's scribes kept Port Arthur in first place in the weekly rankings, but dropped Baytown from second to seventh after the Ganders were upset by Galveston Ball, another 8-AAAA power.

Ball, in ninth place last week, jumped to fourth. Midland moved into the second spot.

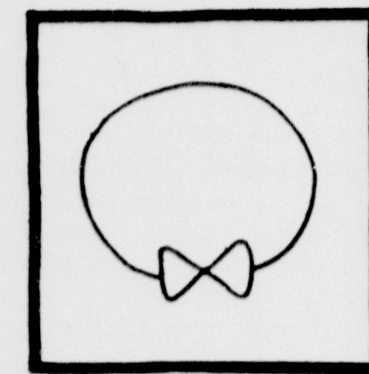

The top ten:

1. Port Arthur 8-AAAA	1834
2. Midland 1-AAAA	1834
3. Abilene 1-AAAA	1834
4. Galveston Ball 8-AAAA	1834
5. Waco 5-AAAA	1834
6. Houston Lamar 7-AAAA	1834
7. Baytown 8-AAAA	1834
8. Corpus Christi Ray 6-AAAA	1834
9. Tyler 6-AAAA	1834
10. Dallas Sunset 4-AAAA	1834

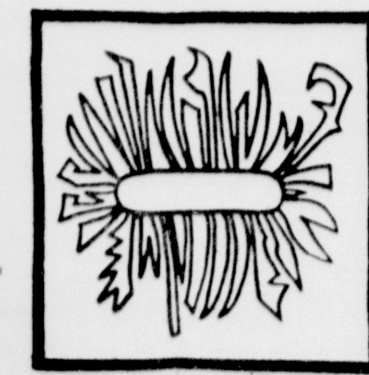

Others getting votes included Dallas Forest and San Antonio Brackenridge tie; Wichita Falls; Highland Park; Corpus Christi Miller and San Angelo tie; Odessa and Pasadena tie.

What makes a Lucky taste better?

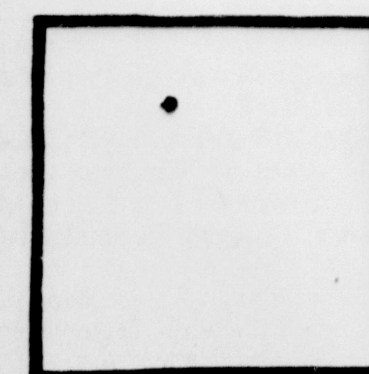

"IT'S TOASTED" to taste better!

BUTTERFLY SKIPPING ROPE

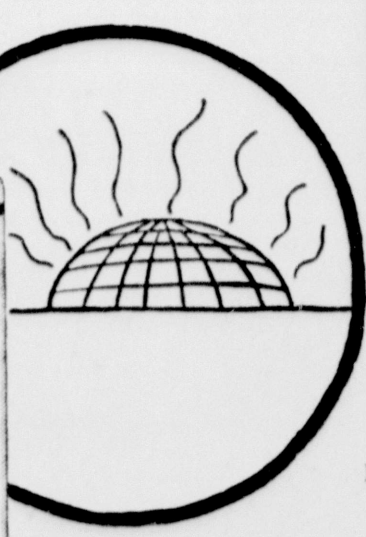

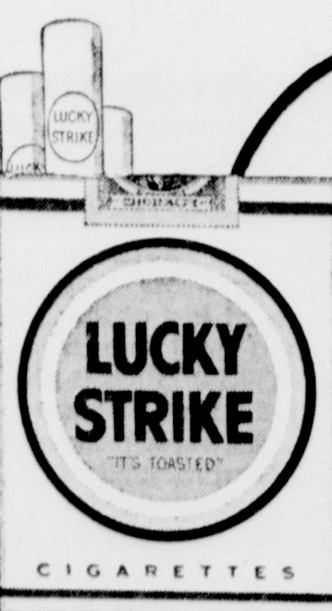

FIFTY-DOLLAR BOY SCOUT KNIFE

GHOST WITH CINDER IN HIS EYE

College smokers from coast to coast prefer Luckies to any other brand. Luckies lead, and by a wide margin, according to the latest, biggest college survey. Once again, the No. 1 reason: Luckies taste better. They taste better because Lucky Strike is the cigarette of fine tobacco... and "It's Toasted" to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better. This explains the Droodle below, which is: Eskimo seminar enjoying Luckies in badly built classroom. Like all real cool people, Eskimos know Luckies taste better. So, get the better-tasting cigarette... Lucky Strike.

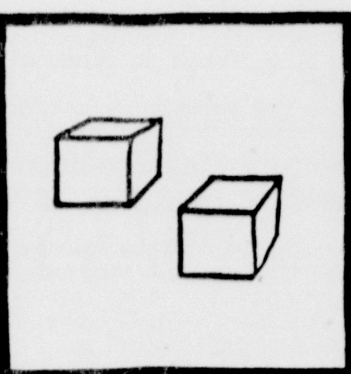

LUCKIES TASTE BETTER
Cleaner, Fresher, Smoother!

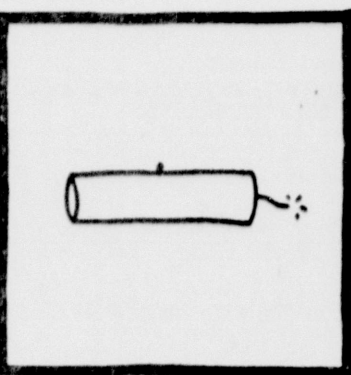

GOT A LUCKY DROODLE?

If you've got a Lucky Droodle in your noodle, send it in. We pay \$25 for all we use, and also for many we don't use. Send as many as you like with your descriptive titles to: Lucky Droodle, P. O. Box 67, New York 46, N. Y.

DEPRESSED FLEA COMMITTING SUICIDE

TIC-TAC-TOE KIT

"What's this?" asks ROGER PRICE.
For solution see paragraph above.

All Tickets Taken For Owl-Hog Game

LITTLE ROCK, Ark., Oct. 25.—Tickets to the Arkansas-Rice football game—still two weeks away—already were at a premium here Tuesday as victory-happy Razorback fans "licked the kettle clean."

Hog backers, waiting in line when the doors opened at two ticket-selling stations in greater Little Rock, swept more than 7,000 tickets from the board to tie up the last reserved seat. Allan Berry, manager of War Memorial Stadium here, said the last reserved seat ticket was purchased at 2:15 p.m. for the game scheduled Saturday Nov. 6.

Stadium and university officials were host to a capacity crowd here Saturday.

the case of the stuck-up salesman

When police arrived at the college haberdashery, they shook their heads in disbelief. Instead of being gagged and bound, the salesman was actually *glued* to the floor. They took quick stock of the clues... an empty glue pot, several odd-shaped pieces of cloth scattered about, an empty show-case, an empty cash drawer. Ingenious shirt-robbery!

"Ugg glub," said the salesman, still all stuck-up... stuck down, rather.

When they finally got him extricated with hot water and chisels, he thanked them nicely and said, "What's the matter with you jerks? I haven't been robbed."

"No," he explained, "I was simply making a demonstration of the Van Heusen Century shirt for some of the boys. Showed them why the revolutionary *one-piece* Century collar just *won't* wrinkle *ever*. Told 'em how regular collars are made of three layers of cloth, 'glued' and stitched together. I glued a set, just for emphasis... learned to demonstrate in Woolworth's."

"Get on with it," said the detective.

"Well, I showed 'em how these 3-piece jobs wrinkle and wilt quickly even with starch or stays. I said the Van Heusen Century collar would stay neat *always*—without starch or stays—or their money back. When I told 'em that Van Heusen Centurys gave 'em lots more wear than ordinary shirts, yet cost the same price (just \$3.95 for whites and \$4.50 for colors) they bought me out. I was so overjoyed, I did a little jig and tripped over the glue pot. Got stuck up."

"Oh, yeah?" yeaheh the detective. "Well, where's all the dough?"

"Oh, college men never *pay*. They just charge everything to Dad."

(Editor's note: Oh, yeah?)

Student Co-op To Pick Board

Election of Seven Will Be Wednesday

The Student Co-operative Association will elect a new board of directors and make plans for the year at a meeting Wednesday, 7 p.m., at the Alpha Delta Pi house. Bert Cox is acting president. Dr. Stella Traweck, assistant professor of business statistics, and Dr. Bill Livingston will serve as faculty members of the board of directors. Dr. Traweck and Dr. Livingston were elected to two-year terms last year.

The purpose of the Association is to help members save money. The members are composed of fraternity and sorority houses, co-operative houses, Christian Faith and Life Community houses, or other student organizations maintaining houses, represented at the University, registered by the Dean of Men or the Dean of Women, and approved by church resident groups.

Members are admitted upon approval of the board of directors and by submitting a signed contract to purchase, through the Association, not less than 75 per cent of all groceries used.

Speech Confab, Debate On Agenda Tonight

Forensics, women's speech organization, will meet Wednesday at 7 p.m. in Texas Union 309 for a short business session and adjourn at 7:25 to attend the Baylor-Texas debate in Batts Auditorium.

New members of the speech club, who were chosen recently after a series of tryouts, are Linda Levinson, Margaret Henderson, Nancy Goosby, Ann Morgan, LaVonta "Bunny" Watson, Phyllis Braslau, Toby Fram, and Marilyn Goldberg.

Honor Roll Women View Rare Books

Unusual and valuable manuscripts found in the Rare Books Collections Library were pointed out by Miss Lois Trice, instructor in English, to 150 Mortar Board Members and guests at a Smarty Party Tuesday afternoon.

Greek Entries For Sing-Song Begin Monday

Entries for the annual Greek Sing-Song may be made to Dean Jack Holland's office in Speech Building 102 beginning at 9 a.m. to 4 p.m. Monday, November 1, and continuing through November 10.

In order for entries to be accepted, they must include the name of the organization, the names and tunes of the selections to be sung, and the entry fee of \$20. If the group plans to sing an original song, a copy of the music must also be included.

In the event that two groups select the same song or tune, the first entry will be honored and the later entry will be asked to make a substitute choice.

Sing-Song will be in Gregory Gym at 2 p.m. Sunday, December 5.

Kiwanis to Hear J. N. Thompson

The University Area Kiwanis Club will feature J. Neils Thompson, director of The University of Texas Research Center, as main speaker at a meeting in the Georgian Tea Room Wednesday at noon. Mr. Thompson will discuss the work being done by the City Planning Board relative to a master plan for the City of Austin.

Lawyers Start Yearbook Drive

Goal of 500 Copies Set for Peregrinus

The sale of 500 annuals, the Peregrinus, has been set by the staff.

The goal is based on the number of annuals sold last year. Since 400 were sold last year and the Law School enrollment was 580, approximately 500 should be sold this year because the enrollment is 785 students.

"We could have sold at least 20 more 1954 annuals in the past month if we had just had them available, so we are encouraging students to sign up now for their 1955 Peregrinus," said Ed York, editor.

Another part of Peregrinus Week is to take the pictures of all law students for the class sections. This year the senior pictures will be taken first instead of the first year law students. This is being done in order that they may use the same picture for the Placement Bureau of the Law School and for the Law School Panel.

The price of the Peregrinus is \$6. Students may pay the full price of the annual or pay \$1 now and the rest by December 15, the deadline for subscriptions.

"Since the cost of the student pictures is paid for by the annual and the cost of reproduction has doubled, we will probably charge the legal fraternities and sorority for their section," said York. "However, we want to avoid raising the cost of the annual to the student this year, since it was increased from \$5 to \$6 only last year."

'Secure Children' Bown Topic Today

"Building Security in the Young Child" will be the topic of Dr. Oliver Bown, director of the counseling division of the University of Texas Testing and Guidance Bureau Wednesday at the meeting of the First Methodist Mother's Club. The meeting is scheduled for 9:30 a.m. and is to be held in the Margaret Turner Room of the church. Members and guests will be served coffee before the lecture.

Welding Society Awards Toprac

The American Welding Society has awarded Dr. A. A. Toprac, associate professor of civil engineering, the 1954 Gold Medal award for his paper on "An Investigation of Welded Connections for Portal Frames."

Dr. Toprac's paper was published in the January issue of the Welding Journal. The Welding Society declared the article presented the greatest contribution to the advancement and use of welding this year.

The award will be made during the national fall meeting of the society taking place at the Hotel Sherman in Chicago during the week of November 1. The presentation will be made Monday morning by H. Malcolm Priest, chairman of the committee of awards.

Dr. Toprac plans to participate also in the conference of the University Research Professors of the Welding Research Council, Wednesday, November 3.

The Rev. Charlton to Speak

The Rev. Gordon Charlton, of the Episcopal diocese of New York, will be guest speaker at a dinner Wednesday at 6 p.m. at 2607 University Avenue. His topic will be "The Episcopal Church Overseas." All Episcopal students are invited to attend. The Rev. Charlton's talk is sponsored by the Canterbury Club.

Leon Pearson Will Discuss 'World Government' Tonight

A "question-mark" issue today—world government—will be discussed Wednesday by radio commentator Leon Pearson in the Texas Union Main Lounge at 8 p.m.

Mr. Pearson, sponsored by the Forum Speakers Committee, will speak on "The Future of World Government."

The program is free to all students. Admission price for non-students is \$1. Tickets for each single engagement may be obtained at the door.

"Mr. Pearson's extensive knowledge of world government is the product of his reporting United Nations affairs for eleven years,"

SPE Silver Home, But How and Why Still a Mystery

The mystery of the Sigma Phi Epsilons' lost silverware had not been solved Monday, but they had it back at home and were eating in style.

The silver was taken Friday by some mysterious person and returned Saturday. The SPE's dined with wooden utensils at two meals Friday.

"It must be some prankster or pranksters," Clovis Morrison, SPE house manager, speculated. "It was returned as mysteriously as it was taken."

Dance Classes Need Girls

Dance lessons will be offered in the Texas Union Wednesday afternoon at 3, 4, and 5 o'clock. The classes are getting overwhelming response, said Molly Moffett, program director of the Union, but she said that more girls are still needed for the classes.

said Clovis Morrison, chairman of the Forum Speakers Committee. "We therefore feel that Mr. Pearson is an expert on the subject and can give us the answer to cohesive world government," Morrison added.

Mr. Pearson is also considered an expert on Washington news and interpretative reporting. For ten years, with his brother Drew Pearson, he produced the "Washington Merry-Go-Round," daily column and weekly broadcast.

Before his present position as NBC commentator on foreign affairs, Mr. Pearson was on the International News Service staff for four years. He is author of "Critic at Large."

He first reported State Department news in Washington, and then went to Paris after World War II as correspondent for INS. He spent many weeks in Moscow during the post-war period covering the Big Three meetings, and the Big Four Foreign Ministers' conference in 1947.

He has been on the NBC news staff for seven years and is considered by many as one of the lead-

Marketing Association To Hear Welhausen

Carl C. Welhausen, president of TexTan Company, will speak at a coffee given by the American Marketing Association Wednesday at 7:30 p.m. in JB 307. His speech will consist of a case problem which TexTan has faced.

The Student Chapter of the American Marketing Association is now open for membership to both men and women, and all people interested in marketing or its related fields are urged to attend the coffee.

What Goes on Here

WEDNESDAY
8-3—Election for Assembly and Associate Justice positions.
9-12—Ticket drawings for UT-SMU game, Gregory Gym.
9-6—Chemistry open house, Chemistry Building.
12-10—University Area Kiwanis Club, Texas Federated Women's Clubs Building.
1-4-30—Ticket drawings for UT-SMU game, Gregory Gym.
1-5—Student Government Committee certificates of service may be picked up in Students' Association office.
2—Cars leave YMCA for volunteer work at the Texas State Hospital.
3—Staff Association of University

of Texas Librarians, staff room of library.
4, 5, and 6—Dance lessons, Texas Union Main Lounge.
6—Club Intec, Tobin Room, Batts Hall.
6—UTSA dinner, Women's Gym.
7—Students' Co-operative Association, Alpha Delta Pi house.
7—Wica Council, Women's Lounge, Texas Union.
7—Theta Sigma Phi, Journalism Building, Seminar room.
7—Mariners, Littlefield House.
7—Forensics, Texas Union 309.
7—Freshman Fellowship, YMCA.
7-9-30—TSO tryouts, Texas Union 316.
7-9-30—"Hernando's Hideaway" rehearsals, Texas Union 316.
7-30—Co-Wed Club, University Club.
7-30—American Marketing Association to hear Carl C. Welhausen, Journalism Building 307.
7-30—Texas-Baylor debate, Batts Auditorium.
7-30—Skin Divers to see animal movie, Geology Building 108.
7-30—Mica Executive Council, Texas Union 316.
7-30—Swing and Turn, Main Lounge, Texas Union.
7-30—Men's Glee Club, Texas Union 401.
7-30-10—Observatory open, Physics Building.
8—Leon Pearson in first lecture of Forum Speakers' series on "The Future of World Government," Texas Union.
10-55—"Faculty Profile," KVET.
11-50—"Forty Acres Forecast," KTBC.

VIC MORRIS

BETTY TEMPLETON

LENNY VON DOHLEN

NANCY WALKER

STANLEY ADAMS, endorsed by the Representative Party:

One of my pet peeves is paying 15 cents for cashing a check at one of our "Varsity National Banks," which seem to thrive on students who need some extra change. I think this situation demands investigation! Perhaps a Student Check Cashing Bureau would be able to make operating expenses on 5 cents a check.

Being a Plan II student, I naturally favor a workable adaptation of the Core Curriculum plan. I favor re-establishment of the Student Parking Committee to thoroughly explore the problem.

I only have one campaign promise to make to my 4,961 classmates in the College of Arts and Sciences. If you elect me as one of your assemblymen, I will strive to the utmost of my ability to impartially serve and represent you.

TOM K. BARTON, nominated by the Student Party:

I should like to work toward the following goals:

1. A resolution to the Board of Regents expressing student opinion on undergraduate racial desegregation. My own opinion is that the University should achieve racial integration quickly.

2. Effective evaluation and criticism of the undergraduate curriculum and instructors by seniors and recent graduates.

3. To present a greater number of eminent speakers.

4. Emphasis on the need for a large auditorium adequate for a university of our standing.

SHIRLEY COHEN, nominated by the Student Party:

1. I will endeavor to the best of my ability to carry out the duties of an Arts and Sciences assemblyman in the most active and efficient way possible.

2. I will support the adoption of a system for selling guest tickets to Southwest Conference schools' students, so that they would be able to enter The University of Texas ball games with their schools' activity card and our guest tickets. I feel this system would simplify the acquiring of tickets for friends in other colleges, and will bring about better relations with schools wanting tickets to UT home games.

3. I will actively support the Union expansion program, and will try to settle that issue this year.

4. I will sincerely attempt to secure a workable honor system for the University and continue the work of the Student Integrity Committee.

5. I will strive to gain the interest of freshman, transfer students, and Plan II majors in student government activities.

TOM CULLINAN:

It is my desire as your student representative to promote your interests in any way possible, and to especially concern myself in the following fields:

1. To work toward the furtherance of an eventual school-wide honor system in accordance with the interests of you, the students. This program was started on a small scale last year, and work towards the installation of this honor system should be continued during the ensuing years.

2. To bring the varsity athletic program closer to the student body. The Athletic Council has only one student representative; a larger representation on the Council should be given to a student body of 16,000 members.

3. To bring about a possible solution to the parking problem. This could be done by an immediate survey of the problem, followed by a definite effort on the part of the Student Assembly to see that this acute problem is brought to the attention of the University officials.

DEJE DAILY, nominated by the Student Party:

1. I am strongly in favor of the system of College Councils and will strive to legislate such a system in the College of Arts and Sciences.

2. I will promote a system of diversified leadership to get more students into campus activities, thereby lightening duties of the few leaders, and gaining more efficiency in the various organizations and activities.

3. I intend to make specific arrangements so that assemblymen will have definite times to hear problems of individual students; and then the assemblymen will in turn present these problems to the Assembly.

4. I will strive to legislate an act which would allow groups to draw blocs of tickets to home football games. I believe this would tend to build up sagging school spirit.

IRVEN DeVORE, nominated by the Student Party:

If elected, I will energetically work toward:

1. A closer tie between student government and the Texas Legislature. I think that this is both possible and desirable.

2. An auditorium adequate to the needs of a large and expanding University.

3. Keeping students better informed about issues before the Student Assembly; and a medium such as suggestion boxes, through which the wishes of Arts and Sciences students can be known.

4. More date tickets.

5. A co-ordination of the Great Issues program with other schools of this area whereby speakers from the East could be offered a series of speaking engagements, getting better speakers and cheaper rates.

6. More active participation of the University in the National Student Association. I believe that not only Texas University, but all the South and Southwest would benefit through our leadership.

ROSETTA MCGREGOR, nominated by the Student Party:

Student Government can be and should be a more vital factor in the life of every University student. To carry out the responsibility of encouraging students to participate actively, a certain type of assemblyman is needed. That assemblyman must not only be qualified through previous participation, but must also have a keen desire to awaken each student to the need of Student Government.

As your assemblyman I will carefully observe and take action to the best of my ability. I will weigh the issues fairly and will take strong steps to support those which you advocate and are most beneficial to the Student Body. For your benefit, I will study the effects of the new Educational Council, and providing it works, I will seek to promote similar relations in all schools.

With my sincere interest and my realization of the duties involved in active Student Government, I will, if elected, do my utmost to carry out all the responsibilities.

VIC MORRIS:

1. To help bring a transferable Blanket Tax to The University of Texas.

2. To get the College of Arts and Sciences to provide blue books for students to curb the cheating problem.

3. To encourage University buying of lots surrounding the campus to help curb the parking problem.

4. To finance Union endowment fund with all profits of Coke vending machines.

5. To provide library return boxes on at least two corners of the Forty Acres.

BETTY TEMPLETON:

To perform conscientiously and diligently those duties of assemblyman as set forth in the constitution; to co-operate and work with faculty and student groups in order to promote more interest and a better understanding of student government; to work particularly

with those organizations interested in the orientation of all new students entering the University, freshmen and transfers.

LENNY VON DOHLEN, endorsed by the Representative Party:

I shall strive to carry out the duties of an assemblyman as prescribed in the student constitution. My aim is to serve you conscientiously with a deep awareness of my obligation to try to obtain the following for you:

1. A larger allotment of date tickets for football games.

2. The formulation of a better Faculty-Student relationship in the College of Arts and Sciences through a council similar to the one established in the College of Education.

3. A more fair apportionment of Blanket-Tax funds based on the number of students benefited by each recipient.

NANCY WALKER:

I believe that the Assembly can best serve the student body by giving sincere consideration to the many problems that arise and by presenting definite solutions to these questions.

I will work to aid the Freshman Council by providing a more thorough government education program in addition to the orientation system. I will seek greater co-operation of the Assembly and the Texas Union in achieving their common goals.

My interest has been very much aroused after studying the reports on the NSA convention. I will work to see the student body profit from the work done by our newly formed NSA-TISA board.

Job Opportunities

A well known business machine company will have representatives on the campus, Wednesday, November 10, to interview graduates with BA or MA degrees who are interested in going into that company as sales representatives. Complete initial training is given and this continuous education will lead to advancement. For further information go to the Student Employment Bureau, Pearce Hall 106.

The Girl Scouts of America will have a representative on the campus Friday, November 5, to interview young graduates interested in being field and district directors. This work is with adult volunteers—not children. Make appointments in the Student Employment Bureau, Pearce Hall 106.

A nationally known lumber processing and distributing concern has an outstanding opportunity for an

alumnus who would be interested in being sales manager for their outdoor furniture department. Age 26-31. Must have some salesmanship experience. For details go to the Student Employment Bureau, Pearce Hall 106.

A chemical company in south Texas needs a public relations man. Any major with the right qualifications will be acceptable. To qualify the student must be able to meet the public, organize and conduct programs for Chambers of Commerce, do a limited amount of writing, such as articles for papers and magazines, make talks and conduct group meetings. The salary will be around \$450 per month depending upon ability and background. Applicants must be between 25 and 40 years of age. Further information may be obtained in the Student Employment Bureau, Pearce Hall 106.

DICK BERGER, endorsed by the Representative Party:

I feel that the College of Engineering should become more actively interested in student government and our views should be well represented in the Student Assembly. We should strive for true campus representation rather than leaving the reins in the hands of a few glory seekers.

The Student Assembly should advocate the following:

1. A definite plan of University financial assistance to aid in completion of Operation Gopher.

2. The participation of the engineering societies in the various campus activities thereby gaining their deserved recognition on campus.

3. That parking violations be handled by the Student Court rather than the disciplinary committee.

4. That a complete investigation be made as to the possibility of applying athletic profits to the lighting of Memorial Stadium thus preventing the early season sweltering on the field and in the stands.

I feel that the Student Assembly has achieved a fine record in the past three years. This progress should be accelerated by the entire student body, with the engineers leading the way.

SAM BRADSHAW, nominated by the Student Party:

If elected I shall actively represent the engineers in all Student Assembly proceedings. I will give special attention to these problems:

1. Parking.

2. Operation Gopher.

3. Letting the students know what is being done in each representative council or Assembly.

ALAN CARSON, endorsed by the Representative Party:

I believe that engineering students must assume initiative in student government or liberal forces on the campus will destroy the College of Engineering. A prime example is the proposed Core Curriculum, which last year's Assembly approved. No engineering college could long survive under such a program, and I promise I will fight it at every opportunity.

The engineers have shown what they think of the Union and Union expansion by constructing their own Union, "Taylor's T Room," and I believe that Union funds should be allocated to it, although remaining completely under the control of engineers.

If elected, I promise to devote the necessary amount of time and energy, and promise to co-operate fully with the Student Engineering Council to represent the engineers and the engineers alone in the Assembly.

ALAN FOGELBERG, nominated by the Student Party:

To create interest in student government and to achieve better student-faculty relations through the establishment of individual school councils such as exist in the Student Engineering Council.

To work toward a revision of the present voting system so that time consuming methods can be eliminated.

To seek installment of cigarette machines in the engineering buildings.

DICK BERGER

SAM BRADSHAW

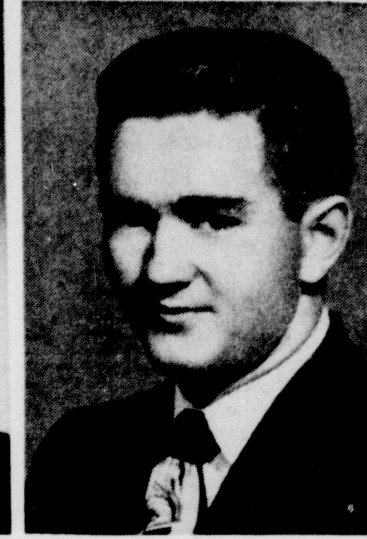

ALAN CARSON

ALAN FOGELBERG

DON HART

CLIFF HODGES

To promote campus wide interest in Operation Gopher and to prove that the resulting benefits can be enjoyed by all University students.

To serve to the best of my ability as an Assemblyman who knows and represents the interest of all engineers.

DON HART, endorsed by the Representative Party:

I am in favor of better and more effective engineering representation in student government. This could best be accomplished by making the engineering Assemblymen members of the Student Engineering Council. As this body represents each department in the College of Engineering, problems arising here could be taken to the Student Assembly by the elected engineering representatives. In the same manner, Assembly matters may be carried back to the Engineering Council for its recommendations.

The use of the honor system could well be expanded in the College of Engineering. The further use should be governed by faculty-student committees.

The parking situation should be more fully explored, and steps be taken to have parking facilities meeting the needs of the increased enrollment.

All possible means should be used to speed up the completion of Operation Gopher.

CLIFF HODGES, nominated by the Student Party:

1. To avoid the basis of group or club affiliation for representation—to represent the individual.

2. To propose and investigate the idea of a University-sponsored flying school and to seek whatever federal aid can be had for its establishment.

3. To help with better co-ordination of the ROTC's with the University, and to stand behind them in pertinent Assembly matters.

4. To work with others who are anxious to seek a better solution to the parking problem in the congested engineering area.

5. To sponsor cigarette machines in school buildings on a basis similar to that of the cold-drink situation.

6. To work for a better apportionment of the Blanket-Tax funds with such organizations as the Longhorn Band in mind.

7. To investigate the University pay scale and find if more can be done for those University students who work for University scale.

RAY RABKE, endorsed by the Representative Party:

In running for the office of Assemblyman from the College of Engineering, it is my intention to represent the interests of the engineering student body to the best of my ability.

I believe this can best be done by:

1. Working directly with the Engineering Council to co-ordinate their efforts with those of the Student Assembly.

2. Reviewing any proposed addition of liberal arts courses to the engineering curriculum realizing that any such additions would decrease the number of necessary technical courses.

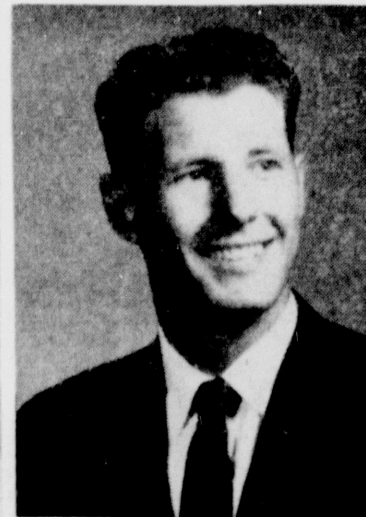

3. Continuing to work to improve the interests of engineering students in our University's student government.

4. Vigorous promotion and support of Operation Gopher.

RAY RABKE

Architecture

BOB FERRELL

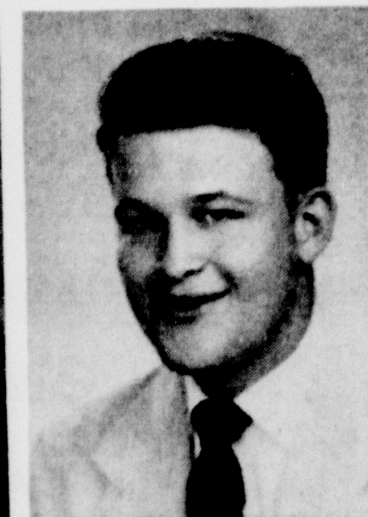

BOB FERRELL:

Since campaign promises don't appeal to me I will dispense with them and briefly say that my idea of a good representative to the Student Assembly is one who knows enough about student affairs that he can take an active part in the discussion, the debate, and the decisions of the Student Assembly.

As your representative from the School of Architecture I would fulfill these ideals, always keeping in mind the group which I am representing but realizing that the University as a whole comes first.

EGAN GLEASON, endorsed by the Representative Party:

I believe that a much closer relationship between students of the School of Architecture and the faculty could accomplish many needed improvements. This should be done by better defining the duties and aims of student organizations in the school. Then, with students and faculty in accord and working with the University, a program of improvements could be more easily accomplished, such as: (1) establishing longer and more appropriate library hours, (2) bringing to the University eminent speakers

EGAN GLEASON

in the fields of art, architecture, and building, (3) establishing an employment system for architecture students, (4) graduating with honors those students who have earned merit through service or scholastic achievement, and (5) improving the Architecture Building with much needed storage facilities and student lounge.

Greater emphasis should be placed on solving the University parking problem and lack of a large auditorium. Furthermore, I would like to see the University use to a greater extent the talents of the School of Architecture in solving problems of the University physical plant.

DUKE SQUIBB:

As Assemblyman for the School of Architecture, I will endeavor to:

1. Stimulate an interest in student government by equal representation of all classes in the School of Architecture.

2. Keep students informed about issues before the Student Assembly.

3. Appropriate student funds in a fair manner. I will do so after study of the needs of the organizations seeking a portion of the fund.

DUKE SQUIBB

4. Encourage meetings and round-table discussions on the basic problems of architecture and the profession.

5. Secure a greater number of prominent speakers for the School of Architecture.

6. Obtain better storage space for students' supplies.

7. Obtain more and better equipment for students.

8. Formulate plans for air-conditioning the Architecture Building. I will work to find just and practical solutions to the problems which are introduced and will fill the office to the best of my ability.

JACK A. STEHLING:

Patrick Henry once said: "I have but one lamp by which my feet are guided, and that is the lamp of experience." I am now a senior in the School of Architecture, but during my years at this University I have received a BA in history and I spent a year in Law School.

While in Arts and Sciences I was a member of Lambda Chi Alpha and Alpha Phi Omega; I was president of Hill Country Club, on the Inter-Club Council, in Newman Club, in German Club, served in the Music, Talent, and Public Relations Committees, becoming chairman of the latter in 1951. I was Freshman Honor Council representative in Law School. I was president of the sophomore class of the School of Architecture. Last year I designed settings for "Wind-up" ball and performed in Round-Up Review. I am a member of AIA and I am serving on the Student-Faculty Relations Committee. I know that as Assembly representative from our school I can sincerely and energetically work toward:

1. Increasing lab space for sophomore and senior classes by enclosing the west archways.

2. Installation of adequate storage space and decent drafting tables in design labs.

3. Creating and publicizing a part-time job bureau within our school.

4. Promote alumni participation in school improvement.

5. In general do what I can toward bringing the School of Architecture economically up to the status enjoyed by other schools on The University of Texas campus.

Neither platform nor picture was received from David L. Leonard.

JACK A. STEHLING

Issue Campaign Promises and Platforms

Education

MARTY PHELPS:

I will work closely with and endeavor to make this first Student-Faculty Education Council successful in realizing its purposes and potentialities.

I am very interested in the work of Orientation Council and I believe its program and needs should be given ample consideration by the Student Assembly. This program can be far-reaching; new students, transfers, and married students alike should be given the opportunity to share in its benefits.

I will consider carefully all issues brought before the Student Assembly, and I will vote impartially on them.

WEEJEE SUTTON, nominated by the Student Party:

I feel the need in the College of Education for a greater sense of unity and loyalty. This can be brought about, I feel, by several concrete projects.

First, an education newsletter, written for and by education students, to inform and educate the school. Second, a lounge in Sutton Hall; a room downstairs can be secured and converted for this purpose. Third, a method of keeping in contact with education graduates to learn of their actual experiences in the teaching profession, what courses are proving to be most valuable to them, and what are some of the problems which they are meeting.

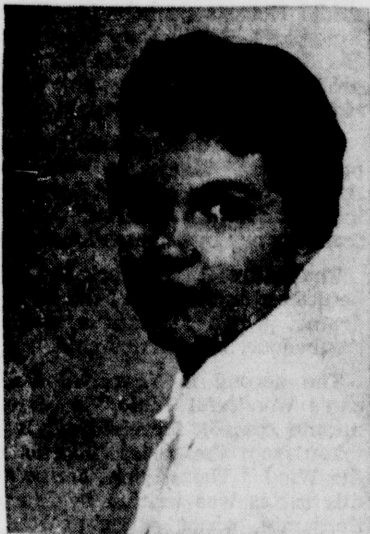

I sincerely feel that I can give the College of Education efficient,

MARTY PHELPS

WEEJEE SUTTON

GINNY WALKER

creative representation on the Assembly. I will seek to do this in every possible way.

GINNY WALKER, nominated by the Student Party:

1. To promote a more active participation in student union activities, and to promote Union expansion.
2. To work as a co-ordinator between Student Assembly and the School of Education.
3. To develop a movement in forming councils in other schools that lack a co-ordinating body.
4. To work with Education Council in improving the curriculum in the School of Education.

Fine Arts

HAL ATKINS JR., endorsed by the Representative Party:

More recognition for College of Fine Arts functions. Many things happen in the College of Fine Arts that are never heard of around the campus. They need more and better publicity.

Likewise the various organizations, clubs, and such that are connected with the College of Fine Arts need to have some sort of system for letting students know what is happening.

Parking is an annual problem, but having been on the Parking Committee last year, I feel that it can be improved.

More information should be released concerning what goes on in the Student Assembly meetings and also what the various student government committees are doing.

Fair appropriation of the Blanket-Tax money. The needs of the organization should be of prime importance in selecting the percent that they are to receive. Some organizations are not receiving the amount they need while others are receiving too much.

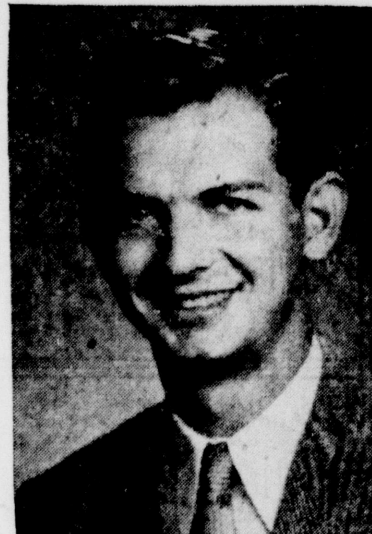

My "pet peeve" is the manner in which the Election Bill is written. It should be clearer in certain spots and changed in others and I will work to get this bill in the best possible shape before the spring elections.

JO ANN CALDWELL:

As your past assemblyman, I worked on the Blanket Tax Evaluation, Blanket Tax Appropriations, and Round-Up Float Cost Committees and served as chairman for the Art Fees Project and College Council Committee.

My interest in the College of Fine Arts was shown through my work on the reduction of the art fees. This has been obtained and will be put into effect, Fall, 1955; it exemplifies the power the student body has in obtaining its needs.

Through a close study of the Education Council, the present council in Fine Arts can be strengthened and will heighten the Student-Faculty relationship. Through a strengthened council, a solution might be found to the problem of needed space in the

HAL ATKINS JR.

JO ANN CALDWELL

JEANINE GROSS

Drama and Art Departments. This council, with the cooperation of departmental student associations can give the College of Fine Arts greater recognition and interest of the whole student body.

Fine Arts has already begun its climb to a strong voice in the Student Assembly and this is the opportune time to keep its interests outstanding in student affairs.

JEANINE GROSS, nominated by the Student Party:

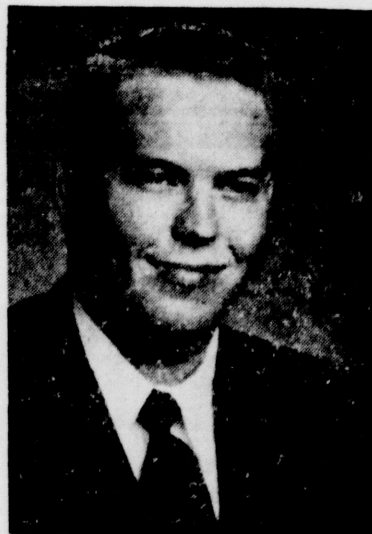

To work closely with the Fine Arts Student Council and to help them get co-operation from the Student Assembly on all problems they deem necessary.

To bring about closer relations among the four branches of the College of Fine Arts, to personally work in bringing about further interest in school activities, to make their ideas and suggestions public.

To further the work that has already begun on the improvement and possible change of our present Blanket Tax.

To create student body interest in all Fine Arts activities by making the ideas and purposes of these activities known.

I will serve all Fine Arts students as an impartial representative, and promote their ideals and purposes to the best of my ability.

JOHN L. ESTES

JIM D. LOVETT

JOHN ESTES:

I wanted to support the decisions of the Board of Governors of the Student Bar Association and any other things which might be of advantage to the School of Law.

JIM D. LOVETT:

The only real issue in this campaign as far as the School of Law is concerned is Union expansion. The law school Board of Governors has already expressed their opinion as being against it, and I feel as though I am personally bound by that decision.

Outside this issue in the election, there are a few things which all of us seem to agree on, and I am asking for a chance to do something about them. These things include more parking space, more date tickets for football games, more benefits from the Blanket Taxes, and less talk about fingerprinting law students.

The Texan did not receive platforms or pictures of Paul Kirtan, Byron Fullerton, and J. W. Stuckey.

Law

Student Court ... Unopposed

NANCY BALATOW:

Since I do not believe in making campaign promises when one has no possible idea of what will come up before the Court in the ensuing year, I can only say that I will to the best of my ability carry out the duties of my office, weighing each case that may appear before the Court with an open mind.

I would like to see the jurisdiction for the Court extended so that it would include many cases which now are referred to various committees. I would also like to see the Court serve as an advisory board at the University, so that an organization or committee could come with its problems without actually having to have a case brought up. I will work to see that some of these goals are attained. I pledge myself to work for the better welfare and interests of the student body throughout the coming year.

BELLE PECK:

I feel that the Student Court should discover areas in which to better serve the needs of the campus. The Student Court should take an active part in promoting scholastic integrity and creating an honor code which is practical and effective.

I promise to be fair and impartial, and do my best to make this year's Student Court a court that will reach you in its service.

HARRY HEWELL:

I pledge that in all cases brought before the Student Court I shall render an opinion only after an impartial consideration of the facts and a careful study of the pertinent law. Furthermore, I intend to work toward my goal of a highly effective and more responsible student government by endeavoring to broaden the jurisdiction of the Student Court. This will call for a search as to the best means of handling those student problems which might be dealt with most effectively by students themselves. This problem warrants the Court's immediate attention, and I am confident that such attention will be given to it.

ELWOOD PREISS:

It is my belief for the Student Court to become a meaningful part of student government it must:

First, assume its present responsibilities and functions. It should, for example, take action on all discipline cases falling within its jurisdiction. It should, also, compel after due process any student official to perform any ministerial duty imposed upon him. The Court has not always assumed such responsibilities in the past.

Secondly, I should like to see the Court expand its functions and responsibilities wherever feasible.

I shall endeavor to serve the student body to the best of my ability

BOB FINLEY:

To investigate the reasons behind the great length of time it takes to be advised during registration in the College of Business Administration.

To put cigarette vending machines in the principal buildings on the campus, such as Waggener Hall, and use the profit to lower the Blanket Tax.

To have extended library hours for student use during the semester and especially before and during finals.

To promote closer relations between the students and their government.

To work for integration and co-operation among various departments in the College of Business Administration and fair representation of each.

BOB JONES, Student party nominee:

I shall promote establishment of a committee designed to provide a means for the expression of student opinion on legislation before the Texas legislature to study measures which shall affect University students, and conversely provide a unit through which legislators may make requests from the student body.

I shall propose that the powers of the Court be revised to permit the Student Court to handle disciplinary cases against campus violators.

I am in favor of a continuation of the work accomplished last year by the Scholastic Integrity Council.

I would like to do additional study on such problems as parking and grievances for which there are no painless solutions but which require continuous study.

MAX LEVIT, endorsed by the Representative Party:

It is my belief that a platform is a promise to the students that the candidate intends to fulfill. Here is my promise:

To establish an organized system of regulations and sportsmanship in order to create more enthusiasm in the students and in order to bring UT up in the sportsmanship ratings in the Southwest Conference.

To set up certain hours of the week in which BBA students, if they desire to, can meet with their representatives and present their ideas and viewpoints.

To represent in the Assembly to the best of my ability the students of the BBA College in a manner that will be fair, honest and beneficial to all students.

TOM PRIMM, endorsed by the Representative Party:

To serve to the best of my ability the students which I represent and to make the desires of these students known. I will use to the extremity all the influence my position affords me in seeing action taken on these valid desires.

To try and interest more industries of Texas to take advantage of the job-placement facilities and to improve the system already in use if necessary.

To provide more studying facilities within Waggener Hall for the use of students and, if possible, have qualified proctors for the elementary business courses.

To urge expansion of the Texas Union.

BOB SIEGEL, endorsed by the Representative Party:

As a candidate for the Student Assembly I do hereby pledge myself to support the following:

To increase library and recreational facilities for the College of Business Administration.

Reorganization of the present BBA Council to more effectively coordinate student-faculty relations in the College of Business Administration.

To provide a student co-operative check cashing agency, incorporated by the Union, to operate as the University after 5:30 and on week ends.

Building of a University auditorium to sufficiently provide for the increased enrollment and entertainment cultural, social, and educational activities.

LEWIS RIEGER:

To serve impartially with no obligations except to the students of the College of Pharmacy.

To create effective representation to the students of the College of Pharmacy through their Student Assembly representative.

To seek means for the provision of recreational facilities for the students of the College of Pharmacy comparable to those of other professional schools on the campus.

To promote closer co-operation between the faculty and students in an effort to develop a reasonable and workable honor system.

To improve the job-placement system for students of the College of Pharmacy.

To seek a means for the improvement of the congested parking facilities surrounding the Pharmacy Building.

To promote expansion of the Texas Union.

VINCENT L. CRIXELL, nominated by the Student Party:

Establish a permanent student employment committee. This committee would be instrumental in solving a number of the working students' problems, which cannot be taken up by the regular Student Employment Bureau. The committee would be of great value to the 55 per cent of the University students who work at one time or another and all the pharmacy students who must have pharmacy experience before graduation.

Re-establish the parking committee. This committee should be commended for the work which has been done; more should be done to solve the problem.

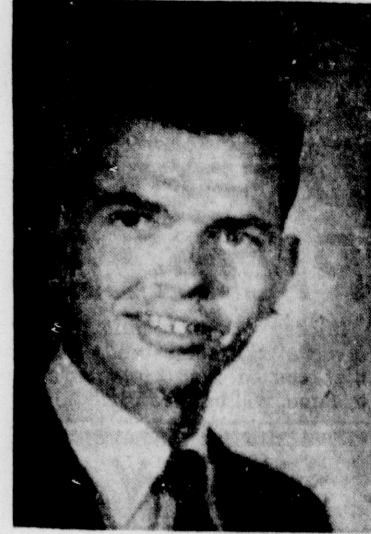

Fair apportionment of the Blanket Tax funds according to the needs of the organization and the current student feeling.

Improvement of student government by keeping the students informed of the Assembly's actions and the encouragement of participation in student activities in pharmacy college as well as on the campus.

As your representative, I will serve impartially with no obligation to any group except to the students of the College of Pharmacy. Welcoming all opinions, I shall study all problems carefully and then strive to find a practical solution.

To create among them a greater interest for their participation in campus activities. Realizing that married students, especially those with children, are under a great financial strain, I am for a Blanket Tax that will enable wives to attend various athletic and entertainment functions with their husbands without additional expense. Also with the University's enrollment on the increase, I see an even greater need for Union expansion and a solution of the lingering problem of inadequate parking facilities in the University area. I intend to work co-operatively with the present student government administration that is doing a splendid job. I shall continually strive to properly fulfill the expectations of the Graduate School. I choose to represent, and most important, I shall always have as a primary goal the best interests of The University of Texas.

Business Administration

BOB FINLEY

BOB JONES

MAX LEVIT

TOM PRIMM

BOB SIEGEL

DAN SLAUGHTER

ational activities.

To place within the jurisdiction of the Student Court such traffic violations that might be imposed on students, thus giving students a voice in their own defense, and increasing the activity of the Student Court.

DAN SLAUGHTER, endorsed by the Representative Party:

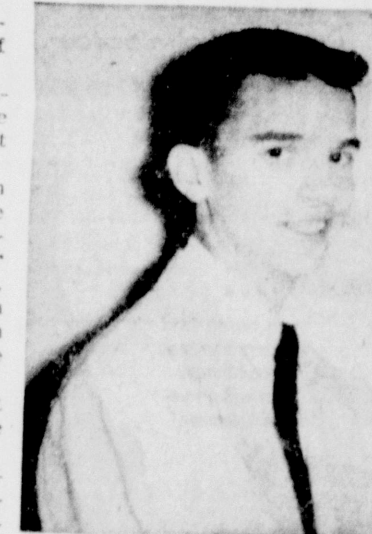

Legislation to let Student Court handle disciplinary cases including parking problems.

Increasing interest in student

government through support of councils in various schools and colleges.

Holiday for Round-Up Friday. Set up public relations program to inform and interest the student body in student government.

Pharmacy

DAILY CRYPTOQUOTE—Here's how to work it:

AXYDLBAAXR
is LONGFELLOW

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

NHH THVY, NLKN CHIG IKF EGCN,
NUEGM IUTTUHVHC NHUT BVWTGCH
—RKNCHV.

'Oklahoma!' Not OK For CEC Schedule

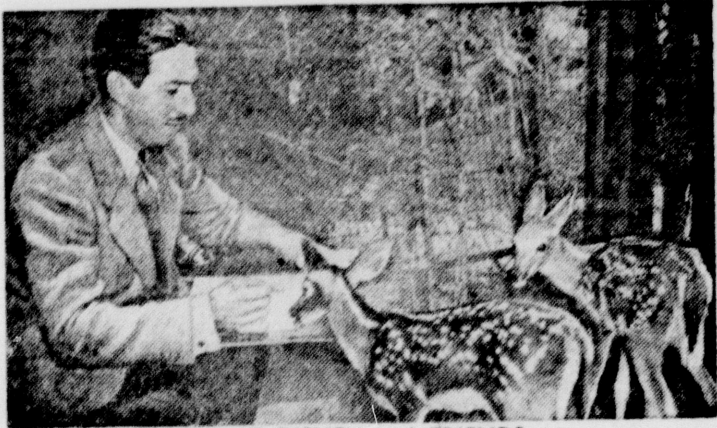

The road show "Oklahoma!" was turned down by the Cultural Entertainment Committee Tuesday because it could not get together with promoters of the show on a date. The musical was available for booking only during final exams and the intramural season when Gregory Gym is tied up.

Dr. Archie Jones, faculty sponsor, said he hopes the new sound shell being made for Gregory would be finished in time for the San Antonio Symphony program November 17. The \$8,000 shell is expected to greatly improve acoustics in Gregory, perhaps to the extent that a person talking in a normal voice on the stage can be heard all over the gymnasium.

The committee also decided to continue having an organist play from 7:15 to 8:15 p.m. before their shows start. Gerre Hancock was organist at the Gay Tyrolers show Friday night and will play for the other performances too.

Requests for Marian Anderson and Bob Hope were turned in as suggestions for next year's programs. Suggestions should be made soon, as CEC should have a clear idea of what the students want when Dr. Jones goes to New York in December to check on booking dates and see new talent. They may be sent to Cultural Entertainment Committee, in the Music Building.

Negotiations are still being made to have extra bleachers put up in Gregory for the three big shows.

WALT DISNEY and FRIENDS

Disneyland Makes Premiere on TV

Mickey Mouse, Walt Disney's favorite character and the one that started his originator's rise to fame, will be given tribute when

Disneyland has its premier showing over ABC-TV at 7:30 Wednesday.

The TV show is Disney's first venture into television. Disney will also present on his first show a preview of what is to come on the TV series.

Disney classics, such as "Seal Island" and "Beaver Valley" will be spiced with more recent offerings such as Donald Duck's impersonation of Sergeant Joe Friday.

Another Disney production, "The Vanishing Prairie," will be shown at the Queen Theater Thursday, November 4.

UT Radio to Tell How It Is Done

Two Plays Planned For Arts Festival

Two plays, which depict the production of radio shows, will be Radio House's contribution to the Fine Arts Festival on November 20, Jack D. Summerfield, radio production supervisor of Radio House, announced Tuesday.

The first is a full-scale dramatic production, "Horatius at the Bridge." It was adopted for radio by Bill Cavness, script writer, from a story by Thomas Macauley.

The entire Radio Workshop will be utilized in the cast of the serious drama, which features a singing troubadour, Mr. Adkins said.

The second is "Percival Pellican's Wonderful Tonic," a fifteen-minute comedy for children. It is taken from the series "Stories in the Wind." The original script for this series was written by Marye Benjamin, script editor at Radio House.

Actors for the comedy will be in costume, even though it does represent a radio production.

"Everyone is invited to attend the show at 4 p.m. on November 20 in the Recital Hall of the Music Building," Mr. Summerfield stated.

'All About Eve' at Union Monday

The Texas Union will show the film, "All About Eve," with Bette Davis and Ann Baxter, at 7:30 p.m. Monday in the Main Lounge of the Union.

Three CEC Ticket Drawings To Handle Expected Crowds

Drawings will be held for student tickets to the Yma Sumac, Marge and Gower Champion, and Fred Waring shows, the Cultural Entertainment Committee decided Tuesday. The drawings are necessary to handle the extra-large crowds expected for these shows.

"It was either that or put on two performances," said Dr. Archie Jones, faculty sponsor. "That would in turn mean we could only bring half as many shows to the campus."

A fire ordinance prohibits letting people stand up. Arrangements are being made to seat more than 7,000 at Gregory Gym. There are about 13,000 Blanket Tax holders.

DoD Ticket Sales Set New Record

An all-time record was broken in Department of Drama season ticket sales this season. The department took in eighteen per cent more money than it did last year, the former high year in ticket sale history.

This year's record surpassed even the 1950-51 season when Charles Laughton's one-night stand drew a capacity crowd at Hogg Auditorium. Laughton's performance was presented as a "dividend," a free extra for season ticket holders that was added to the season bill after sales had closed.

Ticket sales closed Saturday night with the final performance of "Morning's at Seven." Dr. Loren Winship, chairman of the Department of Drama, said, "Students came out after the first act to buy season tickets after they saw how near professional our plays were."

Exact number of tickets sold was not available for publication Tuesday. Tickets to individual performances will be sold at the box office throughout the year.

Tickets will be general admission, "sit anywhere" tickets, and can be drawn at the Music Building box office. A student should present his B-Tax at the box office to get his free ticket, and then present both B-Tax and ticket at the door the night of the performance. The ticket alone will not admit him.

The drawings will be held several days in advance of the three performances so that the box office will know how many students want to come and will know how many seats will be left over to sell, to the general public.

The first drawing will begin Monday and go through noon Saturday, November 20. Box office hours are 9 a.m.-4 p.m. Monday through Friday, and 9 a.m. to noon Saturdays. This drawing will be for the Yma Sumac show, November 23.

In drawing tickets, only the regular \$15.60 B-Tax is good. Special \$10.80 B-Taxes are good for athletic events only, and cannot be used to draw free tickets to CEC events.

have been drawing for CEC shows. Last year students drew for tickets to "John Brown's Body."

Dr. Jones said that CEC may have to have drawings for the Burl Ives show, too, though it is not definite. Burl Ives drew the biggest crowd in CEC history when he was here before.
