## University Exes Plan Nation Wide Meetings March 2

2,000 to Receive Requests To Join Association In Drive

### McCurdy Leads

Officials to Lead Programs Over Texas; Cities To Celebrate

"Two thousand Texas will be extended personal invitations to join the Ex-Students' Association to participate in its work in behalf of the University," John McCurdy, secretary of the association, who is in charge of the membership drive, stated Thursday.

The central committee, composed of W. T. Caswell, chairman, Ray Lee, John Miller, Thurman Mayne, and R. B. Thrasher, is working up an organization to begin active work Monday. The work is to be completed by the end of the month in order that a report may be made March 2, Texas Independence Day, when former Texas students all over the United States will hold meetings and celebrations.

Plans of the Austin group include a banquet and program in the ballroom of Texas Union. Three or four hundred guests are expected. Mr. McCurdy stated that he has received letters from ex-students not only from all parts of Texas concerning plans for March 2 but also from such widely separated parts of the country as New York and San Francisco. One hundred and fifty former Texans are expected to get together at this date in New York. Los Angeles, San Francisco, Philadelphia, Chicago, Kansas City, New Haven, and Denver will also be the scenes of activities of Texas exes.

Extensive plans are also being formed in various parts of Texas. The secretary of the association at Lockhart and the surrounding community has written Mr. McCurdy requesting entertainment from campus organizations such as the Girls' Glee Club and Curtain Club.

Dr. H. Y. Benedict will participate in the program at Beaumont. Others from the University who have already been asked to take part in the programs are Edward Crane of the School of Law, who will go to Waco, and Dr. J. B. Wharey, professor of English, who will speak in Victoria.

## around the perip

By the Buzzard

Derbies are quite the thing to be worn on certain occasions we hear from CLYDE (Levy) McDOWELL, but we haven't been able to find out what kind of occasions.

The outstanding social event of the week was the exclusive Pi-Phi Delt tea which was a farewell party for the hostess, ZACKIE SCOTT.

We think WINTHROP SELEY is swell, MARTHA WITT, but would sincerely like to see you both in circulation. How about it?

CAROLYN KAMPMANN might be better liked if she spoke to people a little more often, but we doubt it.

SADIE MEADOWS' incorrect manner of dismounting from a horse lowers her rating as an equestrian.

TOM LUMPKIN reports an interesting new closet game . . . note KATHERINE KIRK.

The significance of the bottle presented to GLEN Q. STREET at the tea dance does not justify his being called "Daddy" as many suppose, but refers to the baby pink comb that he carries.

Synonyms . . .

CHARLES BLACK—childish, insipid.

JOE ARNOLD—kind to dumb animals.

KATHRYN HANRAHAN—attractive, likable.

HENRY BURNEY—rolly, polly, amiable, improving.

BARBARA BRISTOL's mother paid her a visit on Valentine's Day, but the visit had no reference to that day. What could it have been?

Does NANCY KERR think she can handle two boys who are such good friends . . . And that S. R. D. freshman, MARJORIE HOLMES, can carry our books most anytime . . . Why was MARTIN BUXBY sent a dog's collar and chain for Valentine Day . . .

## Students May Get Pay for February

By Doubling Numbers of Hours, Entire Salary For Month May Be Paid, If Right Is Granted

University authorities were endeavoring Thursday to perfect an arrangement whereby students who are at work under the Federal plan would be allowed to "double up" on the number of hours originally specified by the University committee in order that they can get in the full 43 hours during the month of February, and draw salary check of \$15 for this month. It was thought highly probable that this would be allowed by the Federal authorities.

The regulations of the Federal Emergency Relief Administration merely provide that a person must not work more than eight hours a day or 30 hours a week and that the minimum pay shall be 30 cents an hour. In order to standardize the hours of work on the University campus and equalize the schedule as far as all students are concerned, the University committee determined that all students should work 43 hours a month, for which they would get compensation of \$15, this being figured on the basis of 35 cents an hour.

### Postponed Exam Series Begins In Sutton Hall Today

English and Public Speaking And Greek Offered In Today's Series

Postponed examinations in English, Greek, and public speaking will be held at 2 o'clock today in Sutton Hall 204. E. J. Mathews, registrar, announced.

Examinations will continue through Friday, February 23. Anthropology, engineering, government, philosophy, physics, and psychology will be held Saturday. The schedule for Monday includes business administration, education, journalism, and mathematics. French, German, Latin, pharmacy, and Spanish will be held Tuesday, and botany, chemistry, economics, geology, and sociology, Wednesday. History, home economics, zoology and other subjects are scheduled for Friday.

Students having more than one examination in a single group are urged by Mr. Mathews to call immediately at Sutton Hall 101.

## Publisher Uses Survey of Micek

Today's Youth, Depression Subject of Article

A survey of the depression with its influence on the youth of America, collaborated with statistics and opinions of leading American educators, under the title of "Influence of Depression on American Youth" by Dr. Edward Micek, associate professor of Slavonic languages, has appeared in the January issue of Skolske Reformy, the leading monthly Czechoslovakian educational newspaper published in Prague.

The author, Dr. Micek, is a corresponding member of the American Institution in Prague whose objects are the cultivation of cultural relationships between the United States and Czechoslovakia.

The article is divided in three chapters, the first containing the summary of conditions in the United States; the second containing direct influences on the youth together with official statistics, and the third having for its title "Where American Youth Is Going."

## Pan-American Group Formed Wednesday

An Austin chapter of the Pan-American Student Forum was formed Wednesday. The forum is a nationally-chartered organization created chiefly to bring Spanish and English speaking peoples into closer contact. Membership in the organization is open to high school and University students or any others who have an interest in the forum.

The new chapter, containing five chapter units, has elected the following officers: Frank Monk, president; Lloyd Sparkman, vice president; Julia Hightower, secretary; Edith Martin, treasurer; Charles Pelphry, Edith Johnson, chapter advisors.

### CRAWFORD TO SPEAK

"The Philosopher Looks at Religion" will be the second of a series of addresses setting forth the attitude of the modern world toward religion, given under the auspices of the Fellowship Club of the First Congregational Church February 18. Dr. J. F. Crawford, professor of philosophy, will deliver the address at the church at 8 o'clock. An open forum discussion will follow.

## Registrar Lists Visiting Summer Faculty Members

Four Superintendents Of Schools Conduct Courses

### 17 Are Invited

First Term Opens June 5, While Second Term Begins July 16

Visiting members of the faculty for the 1934 summer session have been announced by E. J. Mathews, registrar. The first term of the summer session will open June 5, while the second term will open July 16.

Outstanding visiting professors for the summer school include Dr. John O. Beatty, professor of English at Southern Methodist University, who will teach the second summer term; Dr. Walter T. Watson, associate professor of sociology at Southern Methodist University, who will teach the second term; Jeremiah Rhodes, director of the junior high school division of the State Department of Education, who will teach in the School of Education the second term.

**Library Teachers to Come**  
Dr. Carter Alexander, library professor in the teachers' college of Columbia University, who will teach in the School of Education the first term; H. F. Alves, assistant superintendent of the State Department of Education, who will teach in the School of Education the second term; C. A. Nichols, professor of education at Southern Methodist University, who will teach in the School of Education the second term; J. S. Waterman, dean of the School of Law of the University of Arkansas, who will serve on the second term staff of the University School of Law.

Other members of the summer session faculty who are not regularly employed by the University are the following: Fritz Hoffman, graduate of the University, who is now studying in Mexico, instructor in history for the second term; Paul P. Young, of Southwestern University, instructor in history for the first term.

**Superintendents Teach**  
Bonner Frizzell, superintendent of schools at Palestine; N. S. Holland, superintendent of schools at Breckenridge; and S. R. LeMay, superintendent of schools at Athens, members of the staff of the department of educational administration for the first term; R. H. Williams, principal of Reagan high school, Houston, teaching educational administration the second term; Clinton Mason of Austin, now a graduate student in the University, instructor in educational psychology the second term; G. W. Gotke, superintendent of schools at Brownsville, and Adolf Carl Streng of Seguin, now a graduate student in the University, teaching in the department of the history of philosophy of education the first term; Carl B. Wilson of Kirbyville, graduate student in the University, instructor in the history and philosophy of education during the second term.

### TO HOLD TRYOUTS

Members of the University Light Opera Company will try out for parts in "The Desert Song," musical comedy by Sigmund Romberg, tonight at 7 o'clock and Saturday at 2 o'clock in B. Hall, Tom Currie, president, announced Thursday.

## Fraternity to Plan For Spring Banquet

Plans for an annual spring banquet will be discussed by members of Eta Phi Upsilon, honorary fencing fraternity, at the meeting to be held today at 2 o'clock in Texas Union 310.

Included on the subjects for discussion is a plan for a series of lectures to be held throughout the remainder of the spring session.

This will be the first meeting at which the newly-elected officers will preside. Officers for the fraternity are Stuart Delgado, president; Dan Thompson, vice president; Preston Weatherhead, secretary and treasurer; Conrad Fath, sergeant-at-arms.

### BOARD MEETS MONDAY

The Board of Directors of Texas Union will meet Monday afternoon from 2 to 5 o'clock in Texas Union 203, Charles N. Zivley, manager, announced Thursday.

### CONKLI! SPEAKS SUNDAY

W. T. Conklin, instructor in the department of English, will speak on "Why English? Why Anything?" before the Sunday Club at Gregg House at 6:30 o'clock Sunday, February 18.

## Total Enrollment Shows 836 Drop From Last Year

Registration figures for February 15, 1934, show an appreciable decrease over last year's figures, according to the information afforded by the Auditor, C. H. Sparenberg. On February 15, of last year the total number of students registered in the University was 6,697, while this year the auditor reports a total of only 5,861.

These figures represent a decrease of 836 students from the previous year's figures. The reason for the apparently smaller registration of this year is that in last year's estimate the students who dropped out at mid-term were counted in the figures.

## Cactus Sections Rapidly Approach Final Completion

Beauty Nominations Total 134; Largest Number Ever Made

With two units already closed to entrants and the remainder of the sections nearing completion, the Cactus staff is proceeding rapidly to conclude all divisions of the book and transmit the copy to engraver and printer, Chilton O'Brien, editor-in-chief, said Thursday.

The fraternity and sorority sections were sent to the engraver some time ago, while the copy, after proofreading by organization members, was placed in the hands of the printer. Photographic appointments for the beauty section were finished yesterday and 120 nominees have had their photographs made at Paralta Studios. The remainder of the 134 candidates for the beauty pages will finish with the photographer in the near future. Thousands of class pictures are completed and the space for these is almost filled in the yearbook.

Special emphasis is now being placed on the class and organization sections. In a volume the size of the Cactus it is necessary, O'Brien explained, to make a complete layout and dummy of the book early in the year. A definite number of pages is allotted to each section. When this space is taken up, the sections of the book must be closed.

The major portion of the space in the divisions devoted to graduates, seniors, juniors, sophomores, and freshmen has already been reserved and these sections will close automatically when the remaining spaces are taken.

The largest number of nominations ever to have been made for beauty candidates is recorded this year by the Cactus. These pictures will have a prominent position in the finished yearbook with seven of them being selected for special honor in the Bluebonnet Belle section.

Reservations for class pictures can be made at Journalism Building 108. Orders for copies of the Cactus are also being received at the office, O'Brien stated.

### COMMITTEE MEETS TODAY

Hill Hodges, president of the Students' Association, has announced that the committee on revision of the association's constitution will meet with President H. Y. Benedict today to consider its revision.

## University Gets Right To Use Loan on Dormitories

### China Portrayed As Young Nation By Native Leader

After Years of Revolution, China Starts Anew, States Koo

Clad in the robes of his native land, pleading the cause of "China in the remaking," Dr. T. Z. Koo, celebrated lecturer and leader, spoke at the Hogg Memorial Auditorium Thursday night on the subject of "The International Significance of the Far East" under the joint sponsorship of the Y. M. C. A. and the Y. W. C. A.

Like the Israelites sojourning in Egypt and seeking the promised land of Canaan, "We are wandering in the wilderness. The various aspects of our progress are highways over which our people are trekking toward the promised land."

### Considers Political Aspect

Taking up the political aspect first, Dr. Koo contrasted the old idea of government as a necessary evil and the present day enthusiasm for the young nation. "Two thousand years as a dynasty and two decades as a republic," China since her revolution in 1911 has been struggling to free herself from the legacies of imperialism.

"Like a storm at sea in which one is tossed about by the waves and finds himself in the same place when the winds have subsided, we, after 15 years of revolution, find ourselves at the starting place." But in 1928, a new group founded a central government at Nanking and today the adoption of a written constitution is in progress.

The educational system, which formerly consisted of family schools and a national system of examinations from which about a half million of China's young benefited, since 1907 has grown to a system of government schools which enable about 9,000,000 to obtain an education. Women, who in the old days "were permitted to tag along after their brothers as a sort of appendix" are admitted to the institutions of learning. The old schools had the aim of classic education and the art of learning to live rightly with one's fellowman, whereas, the new school replaces these by science and technical learning, and utilitarianism.

### Describes Social Changes

Speaking of social changes, Dr. Koo described the breaking down of the clan system in family life, ruled by the patriarch, furnishing stability but subduing with autocracy. Women, who were confined to domestic spheres, are emerging into professional and political life. Their poise and financial ability Dr. Koo attributes to the age-old custom of a woman entering her husband's clan and having to get along with his people "which would develop tact at least."

The international aspect includes the cry which began in 1922 for remodeling of treaties on an equitable and reciprocal basis, and the creation of more pleasant international relations short of racial prejudice.

## Nemir, Ex-student, Publishes Findings

Dr. Rosa Lee Nemir of Bellevue Hospital in New York has recently made a report on her work in connection with a serum for pneumonia. She is a graduate of The University of Texas and Johns Hopkins medical school.

The following excerpt appeared recently in an issue of the Pathfinder, Washington:

"A report of Dr. Rosa Lee Nemir of Bellevue Hospital in New York gives rise to hopes that serums will be of benefit to pneumonia patients. Duration of the disease was decreased in patients given the serum in comparison to those who were not. Over 60 per cent of the serum treated patients had passed the crisis by the fifth day compared with 20 per cent of the others."

### TEACHES IN BROWNSVILLE

L. K. Maxey, former student of the University, is now employed in the schools at Brownsville. He is teaching accounting in Brownsville Junior College and commercial courses in the Senior High School.

## Legislative Measure Allows Regents To Obtain Federal Money For Building Construction

### Officials Confer in Capital

Bill Submitted By Governor to Permit Negotiation Rights With Federal Government

A bill authorizing the Board of Regents to secure funds from Federal sources for the construction of certain dormitories successfully leaped the last legislative hurdle Thursday afternoon when the House passed it with a vote of 107-19. The self-liquidating dormitories will be constructed on State land, the bill specifies. Numerous other State-supported institutions have made similar appeals. The measure was passed by the Senate several days ago.

Granting the University the right to negotiate with the Federal government for funds to be used in the construction of the Main Building-Library Extension, a bill submitted by Governor Miriam A. Ferguson and introduced in the Senate by Senator Joe Moore of Greenville, passed that chamber Thursday morning with a vote of 30-0, and was sent to the House of Representatives Thursday afternoon.

The bill was sent to the House Committee on Education for consideration. Representative John F. Laird of Lufkin, chairman of that committee, advised that a favorable report on the measure was made by the committee. The House will consider the bill today.

Beauford H. Jester of Corsicana, chairman of the Board of Regents, and J. W. Calhoun, comptroller of the University, left Thursday morning for Washington, where they will contact officials of the Federal Public Works Administration to make arrangements for the \$1,200,000 loan to be made to the University for the Main Building-Library extension project.

In addition to this loan, the Federal government will grant \$433,000 for the undertaking. Approximately \$167,000 from the George W. Littlefield Main Building Fund will supplement the governmental grants. State legislation Thursday was essentially of a supplementary nature, since a law was passed at the last regular session of the legislature authorizing the Regents to contract with Federal loan authorities for this project, and to issue bonds in the amount of \$1,200,000 to be repaid from surface leases on University lands.

## Hours Changed For Observatory Visits

With 184 students enrolled in the new sidereal astronomy course which uses the observatory the same nights as the faculty and students, Wednesday and Friday, it has become necessary to change the visiting hours from 9 o'clock until 11 to 10 o'clock until 11 o'clock.

The observatory is located in the Physics Building, and is open to students and the public Friday nights and to faculty members Wednesday nights.

This week Dr. E. G. Keller, associate professor of applied mathematics and astronomy, has announced that Praesepe in Cancer, the double star Castro, Great Nebulae in Orion, Sigma in Orion, a double star, star clusters in Perseus and Mnceros, and Mizar in Ursa Major are visible. Jupiter may also be seen but will be better later on as it is rising a degree higher every night.

## Technical Workers To Organize Club Today

A program will introduce the various technical groups to each other and will explain the aims, ideals, and possibilities of the Austin Technical Club will be featured at a meeting held tonight at 7:30 o'clock on the first floor of the State Highway Building at Brazos and Eleventh streets.

The club is composed of men engaged in technical work of any nature and is organized along lines similar to technical groups in other cities in Texas.

John A. Fecht, professor of highway engineering, was elected temporary chairman and delegated to appoint the organization and program committees at the last meeting.

### ROWELL SPEAKS TONIGHT

J. G. Rowell, C. S., of Kansas City, Mo., will deliver a lecture on Christian Science tonight at 8 o'clock in Hogg Memorial Auditorium, under the auspices of the Christian Science organization at the University. Mr. Rowell is a member of the board of lecturership of the Mother Church, the First Church of Christ Scientists in Boston, Mass.

# The Daily Texan

The Daily Texan, student news publication of The University of Texas, is published on the campus of the University at Austin by The Texas Student Publications, Incorporated, every morning except Monday, throughout the long session.

Editorial Offices, Journalism Building 101, 102 and 103, Telephone 8151-41. (After 10 p. m. 9187).

Advertising and Business Offices, Journalism Building 105, Telephone 8151-41.

Printed by the University Press, A. C. Wright, Manager. Entered as second class matter at the postoffice at Austin, Texas. Subscription price by mail: five dollars yearly.

Night Editor: **Adeline Bubella**  
Assistant: **Louis Davis**, **Burdette Hancock**.

## When Rules Won't Work

Once again a condition has arisen in regard to student-faculty relations which has necessitated action by the general faculty coupled with an attempt to set up new rules controlling certain student privileges—with special reference to the protest of the librarian of the University against student smoking in the New Library building.

This protest was officially presented to the general faculty at its last meeting, with the result that authority was given to the librarian to act as he should see fit regarding the matter of smoking in the Library. However, an anomalous situation exists because of the fact that no provision was made for either the actual enforcement of non-smoking rules should the librarian see fit to set them up, nor were any penalties or punishments provided for the violation of any rules which might be promulgated.

At the present time it is within the power of the librarian to prohibit smoking in the Library if he so desires, but it is still a matter of conjecture just how that prohibition would be enforced and what, if any, penalties used for its violation. Obviously there is no organization or instrument existent today which would have jurisdiction over such a violation, and if the mere placing of signs warning against smoking—such as are now in Main Building—is to be expected to cause any curtailment in smoking it is also quite obvious that the faculty and the librarian might as well have saved themselves any time and trouble in considering the smoking matter. Unless some method of attempting to enforce the regulations against smoking which the librarian may set up is provided for, there is no reason to expect any change in either student actions or attitudes in the matter. It is one thing to pass regulations and order the passage of rules, but it is quite another thing to attempt to enforce them, particularly in regard to a matter such as student smoking.

## A Post-Mortem

Now Valentine has come and went, And to my best girl I have sent "I love you, dear, with all my might." I wish I could the postman stop; I'd like to give him knock-out drops. She dates my roomy Valentine night. —From the private notebook of a college Ed.

If all the things that were said in Valentines were true, too many people would be treated in hospitals for having more than one heart.

If all the things that were said in Valentines were meant, too many divorce courts would have to close up for lack of business.

If all the things that were said in Valentines were signed by the comic sender, too many people would have their necks broken.

If all the things that were said in Valentines were left unsaid, too many believing little girls would be disappointed.

If one half the things that are hinted at in Valentines were sincerely considered and practiced the rest of the days in the year, the old world would roll around a little more smoothly.

Many a life is shortened by rushing around trying to save time.

A fat purse makes a soft pillow.

It is not all who know their heads who know their hearts.

If we did not flatter ourselves, the flattery of others would be very harmless.

## Student Forum

The Daily Texan invites the writing of free-lance editorials or "firing line" articles to be published in the Student Forum column. Such editorials must be written by students of the University and must pertain directly to some phase of student life. All contributions must be signed, but the contributor's name will not be printed if he so requests. Unsigned articles will not be printed. Those of 200 words or less will receive preference.

### AN UNHAPPY MARRIAGE

A visitor to Texas, viewing the battery of million-dollar buildings on our campus, must certainly feel a keen sense of pride in our mighty empire of culture. But if he is the inquisitive sort, and pokes his nose around demanding some further evidences as to our right to call ourselves a university, both he and we are likely to be embarrassed. For, to tell the truth, there is little we can do save show him the buildings again and perhaps remind him that in a few years we shall have several more.

We have gained with the years, yes; but we have lost also, and not the smallest of our losses was the consolidation of the old Longhorn Magazine with the Texas Ranger. When Mr. Morris Glass, the Martyr to Mirth, succeeded in scrapping the last vestiges of the review, he did a wise thing, for the Longhorn was then dead and had been for years. The first issue of the magazine under the combined title of Longhorn-Ranger was referred to as "a shot-gun wedding" resulting from economic necessity. Surely, it was never a happy marriage, and the lusty Ranger soon drowned out the more scholarly Longhorn.

I, for one, sincerely regret the absence of any such magazine at The University of Texas. The loss of the one University organ for the expression of serious opinion, both by professor and student, is to me a very real loss. Perhaps a literary review was never a profitable project here, but it was capable of performing a praiseworthy service. As it is now, one may draw a cartoon or concoct a limerick for the Ranger; he may write an editorial or a news-story for the Texan; but the rest is silence.

Wouldn't it be nice if the Board of Regents would allot us just one little oil well or one little million-dollar fund to support a student review such as the old Longhorn aspired to be? Or perhaps I am wrong and mere buildings can make a university.

—J. J. V.

### PROTECTING NON-SMOKERS

As a patron of the University, I wish to commend wholeheartedly the action of the committee, Mr. E. C. H. Bantel, Mr. S. Leroy Brown, and Dr. E. M. Clark, appointed by Dr. Benedict, in its effort to prohibit smoking in the Library Building.

Personally, I should be delighted to see this brave committee go a step further in its regulation concerning the abominable habit of smoking. The laboratories, recitation and examination rooms should, by all means, be included in this ban on smoking. These rooms are places where all students of the University are compelled to assemble. Many of these students, thank God, have not formed the pernicious habit of smoking cigarettes and cigars, particularly in other people's faces, and they surely are entitled to some kind of protection, either from the President, the faculty members, or the janitor, against such pernicious practice. Faculty members and the students themselves should be restrained from smoking in any room where all students are compelled by University authority to spend many hours in an effort to comply with the demands of the institution.

—J. W. O'BANION

### WHAT! NO SMOKING

No smoking allowed . . . in the new Library says the faculty acting on the committee report. Mr. Winkler, the librarian, says that smoking in the building will result in damage to the floors and walls.

Why, we ask, is there smoking in the new Texas Union, where the furnishings are just as valuable if not more so, and prohibited in the Library? The reply is obvious . . . there are ash trays in the Union Building for protection of the rugs, etc. Well, we ask, "Why not ash trays for the Library? If they will protect the one, why not the other?" Surely the action should be a consistent one, either complete prohibition or none at all. Ash trays could be provided for the Library and if a rule of "No Smoking" can be enforced then a rule of "use the ashtrays" could be applied to the student body.

Most students that smoke find the habit a helpful one when studying and the library ruling puts the "users of the weed" at a disadvantage.

Therefore we ask that the faculty reconsider their decision and provide ash trays and strict rules for their use in the new Library as well as in the Texas Union.

—COMMENTATOR.

## Current Campus

GREENCASTLE, Ind., Feb. 15.—Depau University, said to be the only Methodist institution in the country offering military training courses, this week announced it would discontinue its R. O. T. C. unit. The trustees voted to request the War Department to withdraw the unit from the university, presumably on the ground that the courses are not consistent with Methodist principles of peace.

NEW YORK, Feb. 15.—Authorities this week were attempting to determine the value of records and papers destroyed in a fire which damaged a two-story building housing offices of the college entrance examination board of Columbia University.

WASHINGTON, Feb. 15.—Reflecting reestablished relations with Russia, courses in Russian language, literature, and history will be added to the summer curriculum of George Washington University, it was announced this week.

### IN THE DAY'S NEWS

By LEROY COLE

### BATTLE FRONT

Yesterday the following developments grew out of Austria's civil war:

1. Socialists in Vienna surrendered to the forces of Chancellor Engelbert Dollfuss, but fighting continued unabated outside of the city.
2. Following a resignation of the government, labor unions in Czechoslovakia held a five-minute strike yesterday morning as a mark of sympathy for Austria socialists. No disorders were reported, but a new regime, hastily formed by Premier Jan Malypeth, took steps to see that the intense feeling over the Austrian situation among Czech workers did not lead to bloodshed.
3. The Czechoslovakian government was accused by an Hungarian newspaper of giving weapons to Austria socialists.
4. Approximately 75,000 Italian troops were reported to have been placed at strategic points along the Austrian border, ready for any eventuality. Italian officials would not commit themselves on the government's intentions.
5. German newspapers fired a volley of criticism against Chancellor Dollfuss and his radio appeal to the socialists to stop their rebellion.

**REDUCTION**—First steps for ending the C. W. A. program by May 1 were taken yesterday when approximately 200,000 men were dropped from Federal projects as a result of orders issued by Harry L. Hopkins, civil works administrator.

The wholesale reduction in workers will continue at the rate of about 40,000 a week during the next two and a half months until the last of the 4,000,000 employees are let out, Hopkins said. The orders followed the approval by Congress of the \$950,000,000 appropriation to provide funds for the C. W. A. and other relief projects, and assured funds to meet civil works payrolls this week. The original C. W. A. allotment of \$400,000,000 expired last Saturday.

**BANKS**—An extension of the present temporary deposit insurance fund for another year was agreed to by Treasury Department officials Wednesday in order to allow more time for solving the problem of the rights of state banks.

Original plans called for a termination July 1, 1934, of the present fund which guarantees each deposit in eligible banks to the extent of \$2,500. On this date the permanent fund was scheduled to begin operation, under the terms of which the insurance limit on deposits would be raised to \$10,000, with graded allowances for larger amounts in one account.

### Vienna Rebels Surrender

### C. W. A. Begins To Cut Down

The chief objection to the permanent plan is based on the requirement that all banks must be members of the Federal Reserve before their deposits can be insured, and a bill to remove this provision has been introduced in Congress.

If the proposed extension becomes effective, it will postpone the inauguration of the permanent fund for one year, allowing state banks additional time either to join the Federal Reserve or secure legislation eliminating the requirement.

Meanwhile, J. F. T. O'Connor, controller of the currency, in his annual report proposed that Congress completely revise the 1933 banking act.

**BRIEFS**—Melvin A. Traylor, president of the First National Bank of Chicago and a candidate for the 1932 Democratic presidential nomination, died Wednesday from pneumonia after a month's illness. . . . William P. MacCracken, who a few days ago denied the constitutional power of the Senate to try him, and his client, L. H. Brittin, who tore up some papers taken from the files of his airway company, were found guilty of contempt of the Senate and sentenced to 10 days in jail Wednesday. . . . William E. Humphrey, the Republican who was ousted from the Federal Trade Commission last September by President Roosevelt, died Wednesday as the result of a stroke. . . . The Greek government yesterday decided to let Samuel Insull remain in Athens until his health improves. . . . Rumors in Washington yesterday said that President Roosevelt was preparing a special message to Congress on the air mail situation.

### Matinee to Be Given For Poor in Austin

A midnight matinee sponsored by the Gospel Welfare Mission will be given tonight at 11:30 o'clock at the Paramount Theater in an effort to relieve the needs of the poor in Austin and Travis County. Admission charge will be clothing, money, or groceries. All receipts will be distributed by the Mission to the most destitute cases which they have investigated. "Way Back Home" will be the feature of the program. Seth Parker will be starred in this production supported by his Jonesboro characters.

## What do College Leaders HAVE IN COMMON?

AN OUTSTANDING characteristic of the men who lead in the classroom, on the campus, and in the social life of school is their vitality. They have the abundant energy that comes with good health.

Your health and well-being can be slowed down by common constipation. Yet this prevalent ailment can be corrected usually by eating a delicious cereal.

Two tablespoonfuls daily of Kellogg's ALL-BRAN will help promote regular habits. ALL-BRAN furnishes "bulk," vitamin B and iron. In the red-and-green package. Made by Kellogg in Battle Creek.

The most popular ready-to-eat cereals served in the dining-rooms of American colleges, eating-clubs and fraternities are made by Kellogg in Battle Creek. They include Kellogg's Corn Flakes, PEP, Rice Krispies, Wheat Krumbles, and Kellogg's Whole Wheat Biscuit. Also Kaffee Hag Coffee—real coffee—97% caffeine free.

Keep on the sunny side of life

Donald Cook, Patricia Ellis, Jean Muir, Margaret Lindsay, Guy Kibbee, Theodore Newton, Gordon Westcott, Alan Dinehart and seventeen more minor stars. Based on the novel "America Kneels" by Sheridan Gibney. Screen play by Edward Chodorov. Directed by Mervyn LeRoy. Costumes by Earl Luick. A First National and Vita-phone production. At the Queen.

If a screen epic is a picture which relates the history of a hero, a family or a group in sweeping, narrative style, with accuracy of detail and vigor of situation, then "The World Changes" may rightfully be called such; it covers a span of some 75 years in the history and development of America. Between its opening and its close, the crises and the triumphs of our national life figure as background for the saga of an American family who enact the "shirt sleeves to shirt sleeves" tradition.

The Nordholms, peasant farmers, proud of their pioneer descent, begin life on the Dakota plains. Through the driving power inherited from his red-blooded ancestors, Orin Nordholm rises to the top in the meat packing industry, conquering every obstacle and displaying a wonderfully inventive business genius. But, instead of marrying the childhood sweetheart that he should have, he crosses his strong race with that of social-climbing, parasitic blue-bloods (beautifully typified by Mary Astor) and the result is disastrously productive of heart-break.

Aline MacMahon, as Orin's pioneer mother, is about 20 at the beginning. Seventy-four years later, after all the world changes pictured here have taken place, we see her, still keen and strong, probing and finding the utter worthlessness of the third generation, then, after the crash, taking the fourth generation back to the West with her to begin again on the farm—in shirt sleeves.

Such excellent aging, covering such a span, has never before been attempted in a motion picture—and the result here is entirely convincing and perfectly satisfactory.

Great acting alone can give a screen epic the requisite vitality; "The World Changes" is rich and perfect in this most important respect, especially in the person of the star. You forget that this is Paul Muni, big screen star; his whole personality has changed gradually during the course of the time until you see only old man Nordholm playing himself. The part is big enough to get lost in, and old man Nordholm steals the show from the star.

Something of an understanding of and sympathy with the crusty and embittered, short-spoken old devil that we have all wanted at some time or other to kick in the face, is gained by seeing the entire life of this one, or better, these, in their entirety, and being able to understand their instant appraisal of situations similar to those they have previously encountered.

"The World Changes" has every-

thing: epic story, the very best quality in acting, settings that are unquestionable, excellent interpretation and supervision by one of Hollywood's ace directors, and technical perfection in production. Estimate: A. —T. P.

## Opening Today

**"COLLEGE COACH"** with Pat O'Brien, Ann Dvorak, Dick Powell, Lyle Talbot, and Hugh Herbert opens today to play through Saturday at the Hancock. Never has a football picture been able to boast of such a lineup of gridiron stars. Seventy-seven men, all stalwarts from the universities of California, form the squads that do or die for dear old Cal-vert.

Ann Dvorak, Pat O'Brien, as the coach, and Lyle Talbot, an imported conceited football star, are the pivots in a triangular love affair. Dick Powell has the heroic lead while others in the cast include Arthur Byron, Hugh Herbert, Arthur Hohl, and Phillip Faversham.

## Relief Work --

(Continued From Page One)

fications of those employed will be set into motion at once. Neither those students who have means of staying in the University without this aid nor those who do not have proper grade qualifications will be allowed to continue their jobs."

**Waiting List Prepared**  
Nearly forty students have been asked to report to the chairman of the committee because of existing doubt as to their positive need or their scholastic standing. More will be called as information concerning them is secured. A waiting list of men students desperately in need of work is being prepared in order to fill vacancies as they are made.

Statistics indicate that men are more in need of work than women. Of 718 applications for work by men, 270 have been given jobs, filling their quota. The quota for women is still unfilled as are the quotas for new students, both men and women.

"The task of the committee has been delicate," Dean Moore said. "We have selected students on the basis of absolute need for work, guided by what has been required on the application blanks. Some of these statements were exaggerated, but student checkers will be set to work tracing their accuracy without delay."

**Work 43 Hours Monthly**  
Men who have not yet applied have practically no chance for employment and only those applicants who are in absolute need of aid will have any hope at all.

Daily time records of the workers will be turned in from the various departments each Monday to the office of the student life staff where permanent time records are to be kept. Pay rolls will be made up once a month. The standard time of employment will be two hours a day, five days a week at 35 cents per hour. This schedule is not mandatory, but no student may work more than 30 hours a week, or more than a total of 43 hours a month.

All assignments are being made by W. A. Smith of the University employment bureau in the Y. M. C. A. and by Miss Margaret Peck, student life secretary for women, Main Building 104.

**D. R. T. TO MEET**  
The Stephen F. Austin Chapter of the Daughters of the Republic of Texas will meet at 7 o'clock tonight at the home of Mrs. C. M. Miller, Jr., president, 606 West Twenty-fifth Street. The program will be a study of the life of Stephen F. Austin.

Marian Hicks ex-student of the University who received her bachelor of arts degree in 1923, is now teaching in primary grades in San Antonio.

John Steele and Ed Collett are visiting their homes in Fort Worth this week-end.

Virginia Wilkins and Virginia Breeding will visit their parents in Houston over the week-end.

## Newly-Wedded Engineers Receive Blessings of Alec at Banquet

After sending a message of regrets that he would be unable to attend the College of Engineering banquet for the first time in a quarter of a century because of illness, Dean T. U. Taylor got out of bed and appeared at the close of the affair last night in Texas Union ballroom.

He expressed regrets that Alec could not appear in person because of threats of physical violence had been made against him. The main feature of the evening was a ceremony in which newly-wedded engineers and their brides were given the blessing and sanction of Alec, without which no engineer can be legally married. Among the couples who received sanction were Mr. and Mrs. John Pedigo and Mr. and Mrs. Joe Aubrey Shelby. Each bride was presented with a miniature rolling pin and each groom had a rope noose placed about his neck.

Awards for scholarship were presented by representatives of each of the honorary engineering fraternities. Two freshman students in the department of chemical engineering were presented with slide rules by Tau Beta Pi for making six A's last semester. Sarah Harlan, secretary to Dean Taylor, was presented with a gift on behalf of the entire College of Engineering.

Speeches were made by representatives of each class and by members of the faculty. Dr. H. Y. Benedict, guest of honor, was presented at the close of the evening.

Homer Hamby and his orchestra furnished music for the banquet.

## SORORITY RUSH TEAS FOR ELIGIBLES BEGIN

Rush teas for girls eligible at the end of the first semester will be given at sorority houses this afternoon from 4 to 6 o'clock. Eligible girls may pledge at the first rush party of the second semester. Two rush teas, one in March and one in April, will be given to entertain girls who are still ineligible. Mrs. Eleanor Robinson, president of Pan-Hellenic, announced Thursday.

Alpha Delta Pi sorority will carry out the Valentine idea in decorations, using violets, the sorority flower, for the centerpiece.

At the Gamma Phi Beta tea Washington's birthday decorations will be used. Mrs. Dean R. Sayre, housemother, will pour.

Phi Mu will decorate with their sorority colors of pink and white with carnations and sweet peas as a centerpiece. Mrs. H. Y. Benedict and Mrs. Roy C. Archer will pour.

Alpha Xi Delta will entertain with a colonial tea Friday afternoon from 4 to 6 o'clock at the chapter house. Members and pledges will wear Martha and George Washington costumes in keeping with the spirit of the affair. Colonial bouquets interspersed with a color scheme of green will decorate the house.

Dorothy Vernon is chairman of the committee on arrangements for the affair. Assisting her are Jane Kone, Thelma Kimball, and Evelyn Butler. Mrs. Arno Nowotny, patroness of the chapter, May Stein, president of the sorority, and Mrs. L. O. Graham, housemother, will form the receiving line. Mrs. J. L. Hanchey of Austin will pour at the tea table.

## KAPPA SIGMA HOLDS OPEN HOUSE TONIGHT

Kappa Sigma fraternity will hold formal open house Friday night from 8 to 11 o'clock at the chapter house. Dutch Scheel and his orchestra will play for the affair.

Holland Porter, Charles Lockhead, and B. W. Crain are members of the committee in charge of arrangements for the open house. Refreshments will be served.

## MRS. BUTLER GIVES DINNER

Mrs. R. E. Butler entertained Tuesday night with a Valentine dinner. For decorations carnations, poppies and red candles were used. Guests at the dinner were Gail McDavitt, Marshall Elmore, Inda Drushel, Alicia Lockley, Anna Nauwald, Laureen Bettencourt, Angela Kathleen Joerg, Christine Browning, Lucille Dorsey, and Marjorie Whidden.

## FRATERNITY TO ENTERTAIN

Delta Chi will hold open house from 7 to 9 o'clock Saturday. The committee in charge consists of Maurice Nail, Taylor Milton, and Bill Bergman. The Valentine theme will be carried out throughout the house and a buffet supper will be served. Chaperons will be Mr. and Mrs. Ray Lee, James Parke, and Burt Dyke.

## TO HOLD LUNCHEON

Delta Kappa Gamma, honorary educational fraternity for women, will hold its annual scholarship luncheon Saturday at 1:15 o'clock in one of the private dining rooms of the University Commons.

## TO HOLD OPEN HOUSE

Kirby Hall will hold open house from 8 to 11 o'clock tonight. Chaperons will be Mrs. B. R. Beeler and Mrs. C. F. Yeager.

## KAPPAS HAVE OPEN HOUSE

Kappa Kappa Gamma sorority is holding open house for all its members and pledges this afternoon from 4 to 6 o'clock.

Donald and Ronald Lee will go to Houston to spend the week-end with their parents.

Martha Pressley is visiting at her home in Fort Worth this week.

## Members Announced For Bit and Spur

New members of the Bit and Spur Riding Club are Margaret Ward, Jamie Ragsdale, Rosalie Swartz, and Mildred Waring, Joan Chambers, leader, announced Thursday. Tryouts were held at Westfield Riding Club Wednesday.

A horseback ride and supper will be given for the new members Wednesday night, February 28, at which time the club picture will be taken. Plans are under way for the horse show to be held early in May.

## SETS UP APPARATUS

George Olewin, new mechanic in the department of physics, has been employed in the University to set up and prepare new apparatus for demonstration work. Olewin came from Chicago where he had, for the past eight years, been employed with the Central Scientific Company.

Frank Tolbert of Farmersville, ex-student of the University, is visiting in Austin.

## EINSTEIN DRAWING CARD

(By College News Service)  
PRINCETON, N. J., Feb. 15.—Enrollment in the Institute for Advanced Study, of whose faculty Dr. Albert Einstein is a member, now totals 20 and is composed entirely of college graduates, most of whom are professors or instructors and who hold advanced degrees.

Beta Phi Sigma, professional pharmaceutical fraternity, announces the pledging of Lane Reese and John Coy.

Taylor Henry of Palestine, ex-student of the University, is now engaged in advertising work in New York City.

Josephine LeBow of Fort Worth is in Austin visiting Louise Littlepage at Scottish Rite Dormitory this week.

Mrs. A. C. Corry of Farmersville will spend today with her daughter Jeanette.

## STEERING 'ROUND

By BRUCE COLLIER  
Texan Sports Staff

GRAB a lead and then play for time!—we'll bet that Jimmy Kitts will begin drilling this policy into his Rice Owls anytime now. Tuesday night when the Texas Christian University Horned Frogs played the Owls at Houston, the Toads were on the small end of the score until almost the end of the game. At the half Rice led by a 17 to 13 score. Failure to freeze the ball during the last four minutes cost the second-place Owls the game.

With four minutes left to play the Rice team led by six points. Sound strategy dictated the Owls hold the ball, play cautiously, and kill as much time as possible. But Floyd Kelley, elongated Rice sophomore center, took three long shots from near midcourt. Each time he missed and the Froggies grabbed the ball off the backboard and sent it toward the Rice goal.

Perkins, T. C. U. guard, scored the winning field goal with a dazzling one-handed shot in the last 30 seconds. The Owls must have looked long at the 29-27 score on the board and wondered just how the Christians happened to be on the long end of the tally.

**Notice Track Men**  
All track men are urged to come to the meeting this afternoon at 5 o'clock, as preparations are being made for the trial meet Saturday. This trial meet will determine which 10 men will go to Laredo February 22.

Coach Clyde Littlefield

Texas, although prospects are looming brightly for an unusually strong track team, is going to see plenty of competition from the school at College Station. Coach Anderson is building his Cadet team around a nucleus of 14 lettermen, headed by Captain Red Akins. The Farmers should be especially strong in most field events, in both the hurdles, and the half-mile race.

In the field, 'tis said, the Aggies have seven men who have bettered 130 feet in the discus and 40 feet in the shot events. Three of these have done better than 140 feet in the discus. Topping this group is Boyce Irwin who holds the Southwest Conference shot-put record and who has bettered 150 feet with the discus.

There will be a meeting of all the members of all the tennis squads today at 5 o'clock in Gregory Gym 210.

D. A. Penick.

It is a known fact that the Aggies' weakest events will be the two relay races. When the A. & M. Cadets come to Austin April 7 for their first meet of the year they will see some nice relay running. Yesterday when the Orange and White thin-clads were having tryouts in the quarter mile relay, the Texas lads clocked off a set of figures that made a broad smile play across Coach Clyde Littlefield's face. The time of the first squad was kept under cover, but it must have been plenty good because the second team completed the distance in 43.8 seconds.

## Dormitory Elects Romberg President

Marvin Romberg was elected president of the Little Campus Dormitory Association at a meeting of the association Tuesday night. Jake Pickle was named vice president and Thomas Joe Williamson secretary-treasurer.

Harvey Voelker was elected editor of the Little Campus Free Press, and Evans Whitney was chosen sergeant-at-arms. Harold H. Denisch received the honorary office of postman of the association.

## LIFE SAVERS MEET

Classes in Red Cross Life Saving for men will start Monday and Tuesday, February 19 and 20, at 2 o'clock at the pool in Gregory Gymnasium and will continue over a period of two weeks. All men interested in life saving instruction should see C. L. Kelly during the free swimming period between 3 o'clock and 5 o'clock daily.

## Ollemen Drop To Fourth Place

WACO, Feb. 15.—Baylor University's Golden Bears sprung a surprising upset last night to down the University of Texas' favored Steer quintet in a spectacular 39 to 31 contest staged on Old Chapel Court in Waco.

The defeat shoved Texas down to fourth place in Southwest Conference standings with four victories and as many losses, virtually destroying their chances to retain their championship won last year. It was the second triumph of the year for the Green and Gold five; previously they had defeated Arkansas.

Scoring honors for the evening went to Benny Clark, crack Bear forward who led Jack Gray by a single point for a total of 16. Abe Barnett, veteran guard, managed to keep the Texas ace under control from the floor, Gray scoring only three field goals. He ran his average to 15, however, by counting 9 free throws.

Many spectacular plays spotted the contest. Clark and Frank James of Baylor vied with Gray in counting on brilliant one-handed shots. Jean Francis was the Longhorns' other star on offense.

Little Glenn Thompson, spark plug forward of the visitors, was ejected from the game late in the second half on personal fouls.

## Moynihan Officially Accepts Assistantship

Official acceptance has been received from Tim Moynihan of the contract offered by the Board of Regents to assist Jack Chevigny in football, Miss Alice Archer, secretary to Chairman W. E. Metzenthin of the Athletic Council, said Thursday.

Moynihan, all-American center for Notre Dame in 1929, telegraphed from Chicago that he would arrive in Austin late this month to assume his duties as line coach to the Longhorns. Coach Chevigny, visiting at his home in Indiana, will probably be away until February 25.

Spring training for the Steers opens March 3, with present indications for a crop of almost 100 candidates to answer the first call.

Alpha Xi Delta announces the formal pledging of Jo Strauch of Kerrville and Helen E. Crawford of Friona.

Jane Weinert, duchess of Texas at the Mardi Gras in Galveston, returned to Austin Wednesday.

D. A. Penick.

It is a known fact that the Aggies' weakest events will be the two relay races. When the A. & M. Cadets come to Austin April 7 for their first meet of the year they will see some nice relay running. Yesterday when the Orange and White thin-clads were having tryouts in the quarter mile relay, the Texas lads clocked off a set of figures that made a broad smile play across Coach Clyde Littlefield's face. The time of the first squad was kept under cover, but it must have been plenty good because the second team completed the distance in 43.8 seconds.

# Varsity Baseballers Nose Out Second Team in Practice, 8-

## Coach Disch Uses Six Hurlers To Win

An intersquad baseball game between the varsity regulars and the "B" team resulted in a narrow 8-7 victory for Coach Disch's first team in Thursday's practice session.

Coach Disch paraded six hurlers at the slab for three innings each in an effort to give them a fair trial at the regular mound job for the conference games. Wild Bill Bennett, sophomore portside who appears to be a comer at the twirling post, turned in the best performance at his position for the afternoon. Bennett retired Pat Ankenman and Buster Baebel, both heavy hitters, threw Van Viebig out at first and allowed Captain Clyde McDowell to slam one against the cliffs for a two-bagger.

Other moundsmen who looked good included Norman Branch, Bill Howell, Red Midkiff, and Charley Johnson. Vernon Taylor, the only returning letterman at the position, was out for workout but did not pitch. Coach Disch announced that Taylor's arm would allow him to hurl several innings in the intersquad game scheduled for Saturday.

Pat Ankenman made the only homer for the afternoon by lining one high on the cliff and scoring one runner. Other who wielded the willow for hits against the cliff were Bohn Hilliard who brought in two runners; Captain Clyde McDowell who tallied a couple of tries; and Ferd Geyer and Pitzer Garrison who counted with one each.

Geyer and Garrison led the hitting for the second team with a three-bagger and a double respectively. The regulars' slender lead was caused to some degree by Buster Baebel who failed to connect and experienced a bad day at the bat. Baebel, Ankenman, Hilliard, Brandes, Viebig, and McDowell are the lads who will do the heaviest stick work for the Longhorns this season. The absence of Chick Gannon, leading batsman of the 1933 team who failed to become eligible, will be a decided disadvantage to the nine in conference competition.

Oscar Eckhart, former Longhorn athlete who has led the Pacific Coast league in batting, worked out with the squad in preparation for his third season with the San Francisco Missions. Eckhart will probably work out daily with the Steers for two or three weeks.

## Seven Lettermen Form Nucleus Of Cadet Nine

COLLEGE STATION, Feb. 15.—Infield worries constitute the major problem confronting Coach Roswell Higginbotham these days as he sends his Texas Aggie baseball candidates through their early paces. The Aggies began their diamond practice early this week when a total of 25 candidates drew equipment.

Coach Higginbotham will have to fill vacancies at catcher, second base and shortstop, at least, before the Aggies will be ready for conference diamond action. Of the seven lettermen available, three are outfielders, two are pitchers and only two are infielders. They are Captain Wilson (Bugga) Moon, Holland, pitcher; Jake Mooney, Fort Worth, pitcher; Tommy Hutto, Coahoma, first base; Bob Connelley, Fort Worth, third base; Ike Loewenstein of El Paso, Bill Sodd of Fort Worth, and Bill Cochran of Houston, outfielders. Lettermen lost through graduation include Captain Bob Garvey, catcher; Bob Scheer, pitcher; W. W. (Tackle) Mitchell, shortstop; and Earl Weber, first base.

**Moon, Moony Mound Artists**  
Moon and Moony, senior and junior respectively, naturally will form the nucleus of the Cadet mound staff. Both are fast ball pitchers and Moon is a left-hander. Other candidates include Homer Martinez, Hebronville, star freshman pitcher the past spring; and Travis Perrenot, San Antonio, freshman pitcher a few years ago. Ed Steves, San Antonio, is the only squadman catcher available, and sophomore candidates include Bob Caruthers, Moody; Jimmy Hay, Waco; Wallace Martin, Lockney.

By the time he gets through with basketball, Tommy Hutto is apt to find the competition for his first base post a bit stiff. Marshall Langley of Fortness is a promising sophomore first sacker, and, in addition, Mike Dillingham, squadman from Fort Worth, has his eye on the position. Competition here, however, probably won't be anywhere near as intense as at second base and shortstop, neither of which positions has any lettermen available. Candidates for second base include three squadmen, including Johnny Weaver, Refugio; Travis Voelkel, Shelby; and Cliff Domingue, Port Arthur. There is a possibility that Jake Moony might occupy this spot when not pitching. Prospective shortstops include Bill Couser, Breckenridge, sophomore; Phil Crigler, Crawford, Miss., junior

## Varsity Tankmen Meet Barlow Crew Tonight

Ed Barlow's Deep Eddy swimming team, winners of second place in the State meet at Fort Worth last summer, will furnish the opposition for Shorty Alderson's varsity squad tonight at 7:30 o'clock in the Gregory Gym pool when the varsity and freshmen vie with the city team in a triangular meet.

This will be one of the strongest amateur teams that the Steer swimmers will meet as there are six men and two girls of outstanding ability as swimmers and divers on the visitors' team. Aside from the regular members Captain Garten and Captain Newton, former captains of Army teams, and several other army men from San Antonio will be present to participate under Barlow's leadership. Joe T. Gilbert, member of the Deep Eddy team back when they won the A. A. U. championship in 1925 and '26, is the leader of the team. Other swimmers on the team are Joe Bowling, State diving champion for the last two years; James Terrel, junior diving champion of the State; Robert Pratt, free style and back stroke artist attending St. Edward's University; Davis Lewis, junior breast stroke champion of the State; and Bill Petri, Harry Wilcox, Ed Kilian, Barney Bowling, and Fletcher Ward, all good watermen.

Marie Johnson and Mildred Bettis are the girl members of the team. Miss Johnson forced Babe Dillard to break a record in the 50-yard free style last summer in the State meet in Fort Worth. Coach Barlow rates her as one of the most promising girl swimmers of the State although she is only 13 years old.

The varsity swimmers have had several dual practice meets this spring winning from Houston "Y" in Austin and losing by a three-point margin in Houston to the same team last Saturday night.

college transfer; and Jack Harding, Dallas.

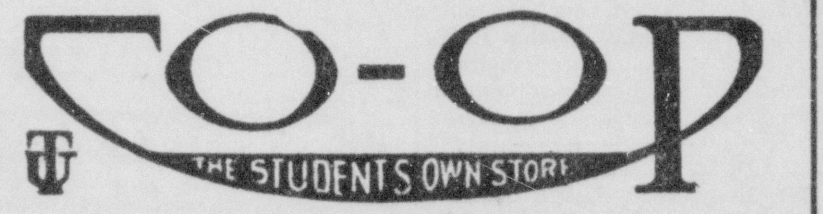

**Connelley Slated for Third**  
Bob Connelley, junior letterman from Fort Worth, probably is a cinch to retain his third base post, barring accidents. He received much All-Southwest Conference mention the past year.

Candidates for the berths now occupied by Loewenstein, Sodd and Cochran in the outfield include two squadmen and three sophomores. Sodd and Loewenstein probably are fixtures for the year in left and center, for both received considerable all-conference mention the past year, but Cochran probably will find plenty of competition for his post in right field.
