Dear Friend Stenzel:

I am today sending you by prepaid express the Tertiary nautiloids you kindly loaned me. All of these are indeed choice specimens, and I saw to it that they were packed very carefully, so they should make the return trip safely.

The loan of these specimens facilitated my work greatly, and accordingly I feel quite indebted to you. If my report is as good as the specimens on which it is based, I will sure be satisfied.

Thanking you again, and looking forward to seeing you at Pittsburgh, I remain

Cordially yours,
