Dr. H.B. Stenzel
3726 Colquitt St.
Houston, Texas 77027

Dear Dr. Stenzel,

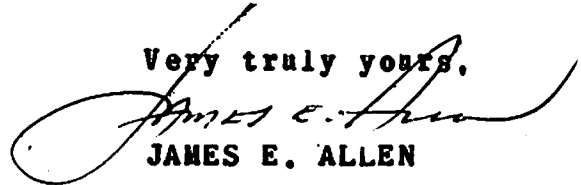

Just a note to thank you for the determination of my crab specimen.

As I had suspected, I actually wasted your time with a common species but it was such a good specimen I did not want it to go unseen.

I specialize in the micro-mollusca of the Louisiana formations and if there is anything you may not have in your collections in this field I will gladly send you specimens, provided of course that I have them.

Best regards,

Very truly yours,

JAMES E. ALLEN
