AMERICAN SCHOOL OF CLASSICAL STUDIES

ATHENS, GREECE

February 17, 1949.

Dear Miss Kober,

The reprints of your articles on the Minoan script from Classical Outlook and the AJA have just come. I have passed them on to Mr. Boufides, and his face lit up and he was obviously delighted to have them at last.

Please accept my thanks and his for your kindness in sending these reprints. If there is any small chore that I can do for you here in Athens, I should be only too happy.

Sincerely yours,

Eugene Vanderpool
