

NEW SCIENTIFIC FRATERNITY FOR THE UNIVERSITY

The Society of Sigma Xi Has Granted a Charter to This Institution. Prominent Men of the Faculty Are Members.

The University of Texas has been granted a charter to the National Scientific Fraternity, "The Society of the Sigma Xi." A petition for the establishment of this chapter at Texas was presented to the National Council last year by a local organization of Sigma Xi men of the University faculty. This organization, which included the charter members, is composed of the following: E. C. Bantel, S. L. Brown, D. B. Casteel, E. L. Dodd, W. S. Hunter, J. M. Kuehne, L. M. Lewis, F. McAllister, J. T. Patterson, M. B. Porter, W. F. Simonds, F. L. Whitney, C. S. Yoakum and Mary S. Young. In addition to these, Prof. E. P. Schoch was invited, as a representative of the school of chemistry, to join the petition, and he will therefore be included in the list of charter members. There are also in the University four other Sigma Xi members, who have either recently been added to the faculty or elected to chapters by their Universities. These are Professor Bryant (engineering), Dr. Richards (zoology), and Drs. Bybee and Jones (geology). The Sigma Xi society was established at Cornell University in 1886. It has grown until now there are 28 chapters with a total membership of 8200. Included in the list of members are the names of a large majority of the prominent in science in America. The 28 chapters are as follows: Cornell, Rensselaer, Union, Kansas, Yale, Minnesota, Nebraska, Ohio State, Pennsylvania, Brown, Iowa, Stanford, California, Columbia, Chicago, Michigan, Illinois, Case, Indiana, Missouri, Colorado, Northwestern, Syracuse, Washington State, Worcester, Purdue and Washington University. The Sigma Xi society arose in response to the need that scientific men felt for an organization that would mean to the scientific student what Phi Beta Kappa means to the literary student. In addition to encouraging sound training and teaching, it seeks to promote scientific research among its members. The Greek motto, when translated, reads: "Companions in Zealous Research," and the principal requirement for admission to membership is that the candidate must be actively engaged in some form of meritorious investigation. As expressed in its constitution, the object of Sigma Xi is "to encourage original investigation in science, pure and applied." Membership is therefore limited to advanced students and instructors connected with the following branches: biology, chemistry, geology, physics, mathematics and engineering.

As may be seen from the above list of chapters, Texas will be the first Southern University to be granted a charter. This is indeed a great honor and is one that will be regarded by many as the greatest that has been conferred upon the University by any society of National scope. The difficulties in the way of obtaining a charter are very great, and the members are naturally very much elated over the matter. The signing of a charter signifies that scientific work in the University is regarded abroad as of high order and it is believed that its establishment at Texas will do much toward promotion of science in the South.

R. M. KING,

RUSK MEETING TONIGHT.

Each Member of the Society Will Make Short Talk.

The following program will be rendered at the regular meeting of the Rusk Literary Society tonight: Debate—Resolved: That all rules should be dispensed with in the operation of the University of Texas, and that courses should be conducted as they are in the German Universities and some of the northern Universities of this country.

The subject will be discussed by every member of the society, each speech being limited to two minutes. An explanation of the subject will be made by Mr. Zellers.

President Richards urges all members to be present as important business is to be adjusted.

RECEPTION TO BE GIVEN IN MARCH

Education Department Laying Plans for Reception After Mid-Term. Committees Appointed.

At a meeting of the Education Department held yesterday evening definite steps were taken and plans laid for a reception to be given the first Thursday after mid-term exams, the nature of a general get together meeting in order that the members of the various classes may have an opportunity to get acquainted.

The place where the reception will be held has not been decided upon, but a committee has been selected, and will determine this and announce it later.

Mr. Scheffy was elected vice-president to fill the vacancy created by the failure of the former vice-president to return. Miss Blasdel was elected secretary.

The following committees were chosen: Reception and program committee, Miss Ainsworth, Miss Higginbotham, Miss Elizabeth Bacon, Mr. D. Hoppingarner and Mr. Sheppard; decoration committee: Mrs. Charles Taylor, Miss Blasdel, and Mr. Rumph; finance committee: Mr. Averitte, Miss Brown and Mr. Ulrich; music committee: Br. Barrow, Miss Minnie Allen, and Hugh Porter. Refreshments: Mr. N. L. Hoopingarner, Miss Bernita Minkwitz and T. B. Smith.

The University Ladies Club will hold a business meeting Tuesday, Jan. 12th, from 2:30 to 4 p. m. at the University Club House.

CHAPEL NOTICES.

The atrotic phase of home missions was made the topic stressed by Dr. Bishop in his closing talk yesterday. His contention was that we owe to the state the duty of the dissemination of Christianity, and various opportunities for such activity were given. The talks have been suggestive and all who heard them should be better off.

Today Mr. Currie will be in charge to introduce the evangelistic campaign of the two associations which begins next week. We hope for the full and hearty cooperation of all regular Chapel attendants in these meetings. They will be for the individual and collective uplift of the student body. The only way in which they can be the success they can be is through the help of every Christian student in the University.

ARE YOU INTERESTED

If you are interested in the proposed constitutional amendment regarding the Daily Texan, meet in the Texan office Sunday afternoon at 4 o'clock. All officials, assemblymen, councilmen, and editors are especially wanted.

THE POSTPONED EXAMS WILL BE TAKEN BY MANY

Students Seeking Advanced Standing or Removal of Conditions Are Given Opportunity to Take Examinations Today.

All students who for one reason or another had their fall term examinations postponed, and those who wish to take examinations for advanced standing, or the removal of conditions will be given an opportunity today to get this work off of their hands.

Quite a number of students were obliged to leave school before the regular examinations were held in the fall term, and others were obliged to withdraw on account of sickness, and then of course the great number who failed to rise above the low tide mark, will all be glad of an opportunity to remove the record which is against them.

The following announcement has been posted on the bulletin board: "Postponed examinations and examinations for advanced standing and for the removal of conditions will be held on Saturday, January 9th, 1915, between 2 and 5 p. m. Students having more than one examination will take one examination on Saturday afternoon and the rest or successive afternoons of the following week, beginning with Monday. In the arrangement of these alphabetical order will be followed; for example, a student having examinations in Botany, Chemistry, and English, will take his Botany on Saturday afternoon, his Chemistry on Monday afternoon, and his English on Tuesday afternoon."

For course in the College of Arts the examinations will be held in Room 126. Students wishing to be examined in Engineering subjects should report to Dean Taylor, those wishing to be examined in Law subjects to Dean Townes. Application for these examinations should be made not later than Wednesday, January 6th. (Signed) COMMITTEE ON EXAMINATIONS.

ANTHENAUM WILL HAVE OPEN HOUSE ON JANUARY 26TH.

Interesting Program is Being Planned for Open Meeting and Luncheon Will Be Served—Ladies Are to be Present.

An open meeting, to be held Tuesday January 26th, at 7:30, in the basement of the law building, is planned by the Athenaeum Literary Society. Every member of the society will be asked to bring a lady and all visitors will be welcome. At the conclusion of the program the entire audience will be invited to adjourn to Wukash's Cafe across from the campus where a light luncheon will be served.

The practice of holding an open meeting of this nature was inaugurated last year and met with such success that it is planned to make it an annual affair. The program which is being arranged will be made up of the society's best talent. A debate, which will be of interest to the ladies has been selected and some of the best speakers of the society will take part in it. Humorous selections of readings and extempore speeches will be interspersed in the program. The feature of the program will be a parliamentary drill and the motion on which the arguments will be based will be one of vital interest to very lady present. In order that the ladies may have an opportunity of expressing their opinion they will be invited to take part in the argument. Last year this occasioned a great deal of interest and many of the ladies showed themselves able and worthy exponents of the side of the question which they upheld.

OPEN HOUSE SATURDAY NIGHT.

All sororities and girls boarding houses will be open to visitors next Saturday evening. The recent pledges as well as those who survived the fall term exams will be in the receiving lines. The total enrollment of the eight sororities has passed the two hundred mark during the past term, and all the young ladies will be seen at the time stated above.

CAMPAIGN CLOSES SATURDAY.

No Cactus Will Be Sold to Anyone Who Has Not Secured a Ticket.

Chesley Adams, manager of the Cactus, gives the statement that Saturday will close his tag campaign, and that he and his assistants will not be in the corridors after that day. He further asserts that no books will be sold to those not securing them in advance. The per cent of advance sales of the school annuals is less, he asserts, in this University than in any other institution of its kind. To date he has disposed of some three hundred and fifty books. Manager Adams is desirous of appealing to the loyalty and prompt support of the student body, and urges those intending to secure a Cactus to see him or his assistants in the corridors Saturday.

CONTEST WITH S. U. SEEMS PROBABLE

Gym Team Fast Rounding Into Shape and Contest May Be Arranged With Other Schools.

Mr. Henderson, director of gymnastics, says the gym team is fast rounding into good form and that a match may soon be arranged with some neighboring school. Southwest University, in a letter received a short time ago, offered to meet the Texas team in an exhibition contest. However when the challenge was received the gym team was not exactly in condition, nor the finances such that the challenge could be conveniently accepted. Since that time things have improved to such an extent that the challenge may be accepted, and a match with Southwest arranged in the near future.

The team will wind up their work about the last of April or the first part of May, and at the conclusion of the season's work an exhibition will be given in the auditorium. The nature of the exhibition or technical details have not been fully worked out, but Mr. Henderson promises that it will be an interesting performance and a good demonstration of what the gym team has accomplished in their year's work.

Jack Tennyson, the newly elected captain of the gym team is from the University of Michigan. While at Michigan he made quite an enviable record in gymnastics and will no doubt prove an able and efficient captain of the Texas team.

QUINTET PLAYS FIRST GAME OF SEASON TODAY

Basketball Game to be Staged With Austin High on Clark Field Today—Hard Contest Expected. Coupon Books Good.

The first game of the Longhorn basketball season will be played this afternoon when the Varsity quintet meets the Austin High School five on Clark Field at 4:30 o'clock. A good match is expected, the High School team being touted as a tough proposition. Coach Whitaker's men have been practicing all through the fall, and their play this afternoon is expected to be of the gilt-edge sort. The coupon books will admit holders to the game. All other persons will be obliged to pay the regular admission price of twenty-five cents.

Being the first game of the season and not of much importance, many of the most promising youngsters will be given an opportunity to show their worth. Several of the old men trying out for the team will also be seen in action. For the major part of the game, however, the regular Texas line-up will do the goal tossing.

Littlefield, captain, will be seen at center. Edmonds, Blain, Secor and Dittmar will go to make up the regular line-up. The old men who will be given an opportunity to play are: Barrell, Flowers, Clitus Jones and Thomas. The freshmen who will be seen in action are Diller, De Vinney, Robertson, Killsley, and Scott.

The official in charge of the game will be R. B. Henderson. Following is the line-up of the teams:

High School	Texas
L. Barrow, Connerly	Ross-Secor
Forward.	
Clark, D. Barrow	Blaine
Forward.	
Collins, Penn	Littlefield (capt.)
Center.	
Caldwell, Penn	Edmond
Guard.	
Taft	Dittmar
Guard.	

OFFICIAL NOTICES

Spanish Club. Cactus pictures will be taken today, Saturday, at 1 p. m. prompt, at Jensen's studio. All members be here as further delay is impossible. THE PRESIDENT.

Professor A. B. Wolfe will lecture in the University auditorium on the night of Monday, January 11, at 8 o'clock. The lecture will be free and the public is cordially invited. Professor Wolfe's subject will be "Population and Militarism."

Seniors. As it was impossible to block all the senior "Cactus" pictures during the holidays, those who have not had theirs made, have today and tomorrow to have them made. EDITOR-IN-CHIEF.

Notice Seniors. Tonight at 7:15 p. m. the men of the Senior Academic class are to have an informal smoker in Room 126 Main Building. At this meeting important announcements are to be made and plans laid for the rest of the year. Cigars and "eats" will be on hand a plenty, and a general discussion of some of the questions vital to the interests of the class will be discussed. The meeting will close at 8:30 so that all who wish may go to the "opera house." All members are expected and urged to attend. No assessment or collection is to be taken. A. W. SPENCE, President.

## ATHLETICS FOR ALL.

To those to whom the ideal of athletics is the participation of every student, the news columns of yesterday's paper are very encouraging. Announcement was made of the beginning of practice in baseball, basketball, tennis, and soccer, not to mention the suggestion of rowing and other aquatic sports. In addition, the hand-ball courts are in good shape, Instructor Henderson is drilling his classes in pass ball, and a few lone stragglers can be seen far away on the hills puffing along in a cross country jog.

Take your choice among these sports. If basketball is too strenuous for you, try paddling on Lake Austin. There is opportunity for everyone who really wants to take some exercise.

G. W.

2246.

2246—Such are the latest figures on registration. The enrollment at the same time last year was 2196. How is that for a hard year?

There were less than a hundred bust-outs last term. Last session there were 162 who failed in the fall term's work. Isn't that a pretty good record for a hard, hard term.

It is indeed an encouraging sign when the fatalities are reduced almost one-half, while the standard of work required is being raised at the same time. It is an ill wind that blows no one any good, and, if we derive no other benefit from the European war, we can at least be thankful that it has impressed the student body with the purpose of their being in college. Dr. Battle says, "The work of the student body as a whole was unusually serious, and the percentage of good grades noticeably larger than hitherto." While the curriculum has received more attention, at the same time sound and wholesome activities have not been neglected. "Student activities outside the class room were prosecuted

## TEXAN YEAR AGO TODAY

At a meeting of the Athletic Council yesterday afternoon, it was planned to hold a track meet in Dallas during the National Corn Exposition. The northern trip for the baseball team was approved.

The first game of basketball will be played next Saturday on Clark Field at 3 o'clock.

Seventy-five students are enrolled in the new school of music.

At a meeting last night, an organization to be known as the University of Texas Association of Austin was established. The membership consists only of the male ex-students of the University.

Another course in boxing will be instituted in the University next week.

A banquet will be given the ex-students of the University tonight at the Driskill. The purpose of which will be to complete the plans of the University of Texas Organization.

The Reagan Literary Society will entertain in the girls' study hall this afternoon from 5 to 6.

The Faculty Dining Club gave a "possum and tater" dinner Wednesday evening. The affair was formal.

without excess, but none the less with vigor."

Two thousand two hundred forty-six students, working students, men and women who have a live interest in the best things. Can you beat this record anywhere.

G. W.

## ON THE FIRING LINE

## Tradition to Order.

Some folks seem to think it very unfortunate that the University has so few traditions. They forget that tradition is a sign of age and decadence, not of youth and vigor, that it is the exhalation of a ghostly past rather than the inspiration of a beckoning future. Tradition is the expression, not of reason, but of the trodden-path follow-my-father's-leader habit of mind.

The University will come into its inheritance in tradition with time. Attempts to hurry matters by manufacture ready-made will not remedy anything. Traditions come just as wrinkles and whiskers and stiff joints come, and it's not a sign of health for them to put in their appearance ahead of time.

Imagine a proud young parent of a lusty infant of a year or so rushing out and assembling the barbers of the village into conference over the youngster's lack of beard. And yet here in the University of Texas, an institution scarcely out of its swaddling clothes when compared with Eastern and European schools of the same class, we have become so worried over the subject of tradition that we have actually appointed a committee to go over our facial anatomy, as it were, and see what hinders our beard. To be sure, the committee won't do any harm, but then, neither will it grow any very successful crop of traditions.—L.

## How Long?

How much longer must this University be governed by the worn-out notions of half a century ago? How much longer will grown men and women be subjected to the petticoated rules fit only for a kindergarten? It is presupposed that when students enter the University they are capable of taking care of themselves or they would not be allowed to leave home. But where these same men and women are not allowed to sit on the camp-

us in broad daylight and carry on an intelligent conversation without being reproved, because it was not the fashion fifty years ago? Can we even boast that we are a progressive community? Our honor system is our glory yet we are not trusted in the light of day. If our thinking women are to be treated still as though they were infants, let us return to the customs we had before fifty years ago, when mental atrophy among women was common, and relinquish forever the assertion that we are alert civilized thoughtful individuals. If social freedom is not to be allowed, let us do away with this farce and adopt the duennas and iron bars of our less civilized neighbor, Mexico. At least we could regain part of our self respect to be hypocrites.

## PRESENT DAY CLUB TO MEET.

The Program for the Next Two Terms  
Is "The College Woman."

The Present Day Club will begin its work for the New Year Tuesday afternoon. The program for the winter and spring terms will all come under the general head: "The College Woman." Tuesday the club will discuss Problem I. Given the present college requirements for a degree. Is the college worth the expenditure of money, of years, and of given opportunity to express themselves? The club members will be selves unreservedly in facing their own problems. In addition to this, Miss White is scheduled for a talk which promises to be decidedly worth the hearing.

## GREAT GREY GROUP

Spring Fabrics Revelation of Various  
Shades and Tones of Gray.

A suit of gray this year may mean a hundred things. It is difficult to imagine how it is possible to so many a single color that a hundred or more fabrics may all be closed or gray and yet each so distinct a pattern. Yet a study of the hundreds of patterns Moore & Morrison offer for their customers selection will show that this is done.

While gray will doubtless be the most popular shade for spring, the brighter colors will be much in evidence, especially green and blue mixtures, brown, and black and white effects. Large checks are gaining in popular choice and have rather relegated stripes to a second place.

## THE ELLIOTTS.

Friends of Mrs. Elliott will be glad to know that her little girl has quite recovered. Mrs. Elliott is in the studio ready to see all old friends and to make new ones. Don't delay about your Cactus pictures. There is only a short time left.

Mrs. Erie Brand (nee Miss Regina Statsts) is in the University again after spending the holidays in Fort Worth. Miss Statsts was married December 23.

### CELEBRATION OF THE NACIMIENTO BY LA TERTULIA

On the Evening of January 7, This Club Gave Unique Representation—Another Play Will be Given Soon.

On the evening of January 7, La Tertulia celebrated "I dia de los Reyes" with a unique representation of the grotto, inside of which were to be seen images of Mary and Joseph and the Child. The "pasebre" (or manger) occupied, of course, a central position. Grouped around it were representations of the ox, the ass, and the other animals that usually figure in such celebrations in Spain and Mexico.

Miss Case's explained the origin and development of such representations in Spain, and other members described the "fiestas" in Mexico, mentioning numerous customs that obtain among the "pastores" and discussing the strange folk-lore music and songs that accompany these representations.

The committee responsible for the representation consisted of Miss Phipps and Miss Giroque.

As usual, Spanish music and songs formed a part of the program, Mr. Eldon Young appearing as "tiple."

The club has decided to give another play this year. Last year a committee consisting of Miss Phipps, Miss West, and Floyd Smith, was appointed to analyze several modern plays and make a selection. While in Spain this summer, Miss Phipps read several plays, any one of which would be suitable for presentation. After a thorough examination of some twenty plays, the committee selected "El Senor Cura." The second half of the production this year will probably be something in the way of a Spanish opera. But as yet this point has not been definitely settled.

Engel; vice president, M. Scarbrough; secretary and treasurer, John Erhard; sheriff, J. MacPherson.

Ted Drury and Mr. J. R. Burney, both of the middle law class were elected to membership in the society.

### TITLE HOLDERS IN NATIONAL SPORTS DURING PAST YEAR

The Champions of the Various Athletic Events and Popular Pastimes of the Country Claim Respective Distinction.

The title holders in the various sports and pastimes of this country and of the world for the year of 1914 are listed below:

Athletics (all round)—Avery Brundage, Chicago, A. A.  
Automobile—World's record, Edward Pullen; most number of wins, Ralph De Palma.

Baseball—World's champions Boston Nationals. American league, Philadelphia. National league, Boston. Federal league, Indianapolis. All around champions, Johnny Evers, E. Collins. Champion batters, J. Dauterbert, Ty Cobb, Benny Kauff.

Bicycle—National amateur, Harvey Kaiser. National professional, Frank Kramer. Six day winners, Goulett and Grenda.

Bowling—N. B. A., Monka club, Connecticut. Individual champion, J. Smith. Greater New York champion, Harry Cohn.

Billiards—18.1, Willie Hoppe; 18.2, Willie Hoppe; 14.1, Willie Hoppe. Three-cushion carroms, Alfred De Oro. Pocket billiards, B. Allen.

Boxing—Heavyweight, Jack Johnson. Middleweight, A. McCoy. Lightweight, Freddie Welsh. Featherweight, Johnnie Kilbane. Bantamweight, Kid Williams.

Chess—Dr. Emanuel Lasker. Court tennis—Singles, Jay Gould. Doubles, Jay Gould and W. H. T. Huhn.

Football—Harvard university. Golf—National open, Walter Hagen. National amateur, Francis Ouimet. National women's champion, Mrs. H. A. Jackson.

Hockey—St. Nicholas club of New York College, Princeton.

Horse racing—Champion horse, Loamer.

Lacrosse—Crescent A. C., Brooklyn. Lawn tennis—Singles, R. Norris Williams. Doubles, McLoughlin and Bundy. Davis cup winners, Australia.

Motor boats—Baby Reliance V.

Pacing—William.

Polo—International, England. Senior, Meadowbrook Magpies. Junior, Bryn Mawr. Open, Meadowbrook Magpies.

Racquets—Amateur, Lawrence Waterbury. Professional, Jack Souther.

Revolver shooting—C. P. Lane. Rowing—Singles, Robert Dibble. College eights, Yale and Columbia. Henley challenge cup, Harvard second crew.

Soccer—Brooklyn football club. College, Pennsylvania.

Squash—Dr. Alfred Stillman. Swimming—Duke Kahanamoku. Trotting—Uhlman, 1:58. Team, Uhlman and mate, 1:54 1-2.

Trapshooting—R. L. Spotts, New York A. C., amateur; C. L. Henderson, professional.

Yachting—Resolute.

### TEXAS DOES NOT RANK 7TH.

Texas In Error When Ranking School of Government Recently.

Professor Haynes of the school of government said yesterday that a false impression was left by the story concerning the ranking of the Texas School of Government. The story appeared a couple of days ago in The Texan. The headlines stated that Texas ranked seventh among the colleges and Universities of the United States in regard to the number of hours offered in the school of government.

This is erroneous, and the truth is that there are only six Universities in the class above Texas, and that Texas comes in the next class along with seventeen other colleges and Universities. The school of government here cannot claim to be at the head of this class as the ranking of the individual schools has not been determined.

### COFER SOCIETY HELD MEETING.

The Cofer Law Society met last night for a regular session to elect officers for the winter and spring terms. The following officers were elected for the winter term: President, W. R. King, vice president, J. Reeves; secretary and treasurer, L. J. Woods; sheriff, S. Dawson. Officers for the spring term were: President, W. E.

Cluett, Peabody &amp; Co. Inc. Makers

Senior Academic class will meet in Room 126 Main Building for a smoker. During the evening some important matters will be discussed. It is the plan to have these meetings more often, if the attendance warrants it, so that the men may know each other better, and be able to discuss the measures that arise from time to time.

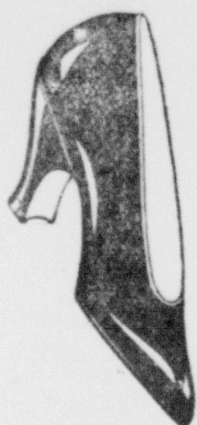

Two of the promoters of the scheme of caps and gowns say that the joke is on them and that they must pay, so they are to furnish the eats and smokes for the evening. President Spence urges that there be a full attendance of the class, and assures that there will be no collection or assessment.

## CHANGE GYM FOR TENNIS.

Freshmen who prefer playing tennis to doing gym work in the regular classes will be given an opportunity to change from their gym sections to tennis. However those men who make the change will be required to do a sufficient amount of work which would justify the physical director in permitting them to make this change. These rules have been adopted by R. B. Henderson, physical director, and S. H. Dodd, manager ten of the tennis association. If he is nis, and must be observed by the students.

1. The player must be a member not already a member, he may secure a membership from Mr. Bellmont upon the payment of \$4.00.

2. The player must first go to his gym instructor and secure a transfer permit, which he will present to the tennis manager. To secure a pass the player must report 36 times during the year and see that the assistant managers mark him present when he does report. It is up to the freshman to look up the assistant manager. The player may come out on any days he desires, and is permitted to play six times a week and work off his 36 Ps if he so desires.

3. In the event of rainy weather, the player may report to his section in gym, secure a note from the gym instructor to the tennis manager to that effect and secure a P.

4. It is advised that the freshmen come to the tennis managers from time to time and see how many P's they have, as a player having under 36 P's will fail beyond redemption.

## PEDESTRIANS

Safety First

The pedestrian has the first right on the sidewalk, the vehicle (except at crosswalks) has the first right in the street. Don't be a "jay-walker." Go to the street intersections.

## RECORD BREAKING CROWD IS FED AT "CAF" THURSDAY

Three Hundred and Eighty-six Are Served Dinner—Great Increase in Number of Regular Patrons. More Men Employed.

Three hundred and eighty-six persons, the largest number that has ever eaten at the "Caf" at one time, were served yesterday noon for dinner. \$51.54 was taken in. The night before the record breaking crowd of 328 was served at supper, the amount taken in at that time being \$37.

According to Mr. Veasey, manager of the "Caf" there has been a steady increase in the number of patrons since the beginning of the term. Sixty more regular boarders have begun taking meals at the University Commons. Last term the number of regular boarders was just a few more than 300. It is expected that the number of regular boarders during the current term will reach 400.

The increased patronage has necessitated the employment of two more men. There are now sixteen persons employed, ten students and six men in the kitchen. With the increased number of employees, the patrons of the "Caf" are being served quicker than before. A line of 236 boarders was handled in about sixteen minutes yesterday at noon.

The increased business made it necessary to get new equipment. New trays and more silverware have been purchased to take care of the crowd. There are now ten dozen each, of knives, forks, and teaspoons being used.

\$1.50 Sweaters closing out price 50 cents. Caswell & Smith.

## TEXAN WANT ADS
