Dear Professor Closs:

Thank you for sending me copies of your recent publications on Aptychi. These animal remains always were very intriguing to me, but I have never had the opportunity to study them. Only one Aptychus has been found in Texas as far as I know.

Thank you also for your card of greetings for the season. I am happy you thought of me.

With best wishes for a successful year in 1961.

Very truly yours,

H. B. Stenzel
