Meeting began at 7:06pm

Thank you to the new Representatives for coming to meeting tonight! They introduced themselves:

**GUESTS**

Dr. Bob Harkins and Joe Powell (Parking and Transportation)-Please participate and be involved in the shuttle Committee and Parking/Transportation Committee. Introduced a proposal to increase summer hours, but will have to decrease where empty buses are running. Will research the times of 10:30am to 4pm to see what are peak times. Probably will not see much of an impact this summer, no extra buses. A survey will go out in April on how the extra 5,000 hours will be spent-please partake in the survey. He is trying to put in a counter Campus Loop route, but will have to find or use 5,000 hours. All proposals will be taken to the Student Services committee and determined there. More information about Capital Metro should be up in the buses soon. Neither Lot 67 nor Speedway will be closed next year, but may have internal adjusting on routes. Buses run for 785 hours a day with 72 buses. Questions were asked by Assembly members. Harkins and Powell also touched on safety issues, parking issues, and personal issues from students.
