Mr. H. B. Stenzel
Bureau of Economic Geology
Austin, Texas

Dear Mr. Stenzel:

The Houston Geological Society is planning a field trip on December 10 and 11 through the Claiborne and Jackson sections and would like to extend an invitation to you and any of your associates or students to join with us in this trip.

"We should especially like to have you present since you have probably done more work on the Claiborne than anyone else in Texas.

It is proposed to leave here at 6:30 Saturday, December 10, and drive up through Livingston, Corrigan to Nacogdoches, thence east to San Augustine, Pendleton Ferry, Many and Natchitoches, and spend the night in Natchitoches. Leave Natchitoches Sunday morning about 8 o'clock and come back through Many, and south from Many through Fisher, Florida, Leesville, De Ridder, and thence to Lake Charles.

I should certainly appreciate the favor if you will assist us in conducting this trip.

Yours very truly

Perry Olcott
