Professor Bernhard Kummel
Museum of Comparative Zoology
Harvard University
Cambridge 38, Massachusetts

Dear Bernie:

Thanks for sending me a separate of your "Ammonites from the Meekoceras graciliformis Zone etc.". With all your work in the Triassic have you run into Triassic Ostreidae, by any chance? I am working on the Ostreidae for the Treatise and would like to know about and see Triassic oysters.

Best regards,

Sincerely,

H. B. Stenzel
