FOREWORD

The law requires the Texas Education Agency to keep the Governor and the Legislature of Texas informed on the status and the progress of public education in Texas. This *Annual Statistical Report*, derived from the reports of local school administrators, county superintendents, and the records in the State Department of Education, is in partial fulfillment of that legal requirement.

This Report is Part I of the statistical supplement to the narrative-type Biennial Report prepared by the Agency. Part II, containing financial data, will be available at a later date.
