

Pep in a college or university does not mean to paint and deface campus buildings with freshman symbols such as appeared here this week.

The Daily Texan

VOL. XIX

FIRST COLLEGE DAILY IN THE SOUTH

AUSTIN, TEXAS, TUESDAY, APRIL 15, 1919

NO 119

We wonder when the annual Co-ed Edition of the Texan will make its appearance on the campus this year.

ENTHUSIASM IN STUDENT POLITICS REACHING HIGH TIDE

Indications Point to Close Competition for Every Student Office in Coming Election

University politics are rapidly reaching the zenith of student enthusiasm and spirit. Rumors and reports prevalent on the campus indicate that practically every office will be contested, and that the coming spring election will be the most heated affair in the history of the University.

With the announcement of Guy M. Trout of Laredo, a Junior in the Architecture Department, for president of the Students' Association, three candidates will compete for honors in the May election. Mr. Trout recently returned from the service where he served in the Air Service. He was formerly instructor in Aerial Observation at the School of Military Aeronautics and later graduated from this school as a pilot. He is well known among the student body and popular with his fellow students.

Miss Hill for Mag. Editor

Another entry into the political life of the University is Miss Jesse Mary Hill of Alvarado who is making the race for editor in chief of the 1920 Longhorn Magazine. Miss Hill is a Junior Academic, taking special work in Journalism and Business Administration. She has served on all of the University publications. Last year she was student life editor of the Alcalde and associate editor of the Longhorn Magazine. This year she is on the editorial board of the Cactus, and for a time served on the Texan as assistant issue editor and special writer. She is in charge of the publicity work for the Y. W. C. A. and successfully conducted this work for the University Red Cross. Francis announce for council sryojrle The latest to announce for a stu-

(Continued on page 2).

Campus Vandals Punished for Defacing Property

The audacity of the high school boys, who invaded the Varsity campus one night last week and painted various signs on the sidewalks, was summarily dealt with last night. A large number of students, believing that the high school fellows should be emphatically shown that the integrity and sacredness of the campus was not to be violated by them, laid plans to rectify the matter.

In accordance with their plans, a number of high school cadets were gently approached last night about the matter, and practically all of those who had the matter put up to them agreed that rubbing the paint off the sidewalks with bricks would be excellent exercise for them. One of the high school boys, however, demurred at first, but after a little judicial advice, he was persuaded to do a little rubbing, and went his way rejoicing that he had been shown the error of his ways.

It is to be hoped that the young boys have learned a few things from this instance, and that they will not dare to add their decorative touches to the landscape of the campus until they become Varsity men.

MASONS ENTERTAIN

Masonic Study Club entertained its members with a banquet at the Cactus Tea Room Saturday night. W. R. Hughes acted as toastmaster, and Dr. George C. Butte, Captain Lochs-witsky, W. F. Phaefflin, and W. S. Hendrix made speeches.

PEN AND TYPE MEETS

Pen and Type held a called meeting Monday at noon to discuss most recent information received from the national officers of Theta Sigma Phi, a journalistic sorority. Indications are that a chapter of Theta Sigma Phi will be installed in the University of Texas in the near future. However, the members of Pen and Type are not yet ready to announce definitely any of the plans that have been made in regard to this.

ADVISORY BOARD ELECTS WORKERS

Three Assistant Issue Editors and Three Reporters Added to Texan Staff

The Advisory Board of The Texan met this morning to consider the election of new members to the staff. It is customary to have reelections every few weeks so as to drop those that have fallen down on their work to such an extent that they are no longer of value to the staff and at the same time to fill vacancies by electing good workers from the list of tryouts.

The following were elected yesterday:

Assistant Issue Editors: George McGee, Junior Law of Handley; W. H. Jack, '22, of Corsicana; and Stanley Babb, '22, of Galveston.

EDUCATION DEPT. TO GIVE RECEPTION

Plans for Annual Affair to be Given at Woman's Building Practically Complete

Further plans are being perfected to carry to the highest success the reception of the Education Department to be held next Thursday night in the parlors of the Woman's Building. The various committees are busily at work.

Plans for the financing of the function have been made. Each educational student was asked to bring a quarter to class either Monday or Tuesday and turn it over to the class member on the executive committee who turned the money over to the chairman of the central finance committee, Miss Scovell.

TEXAN STAFF MEETING

All members of the Texan staff are requested to be present at a staff meeting in room 158 at 4 o'clock Wednesday afternoon for the purpose of nominating candidates for managing editor and editor in chief for next year.

The members who are entitled to vote are as follows: Issue Editors: W. Hill Cocke, Maud Milam, Frank R. Bass, William J. Weeg, Mab Harrison, Milton Ling, Elmer Luter, Everett Looney, Wesley Brown.

Assistant Issue Editors: Reavis Cox, John Seale, Crozier Gowan, Alice Stroud, Ellis Bonnet, George McGee, W. H. Jack, Jr., Stanley Babb.

Reporters: Lois Lamar Virginia Tomlinson, Afton Wynn, Arthur Sampley, Mary Keblinger, Marjorie Mathis, Septima Smith, Lillian Ross, Grace Crawford Smith, Floy Lewis, Merwin Ratcliff Kathryn Quarles, Betty Mathis, Margaret Allensworth, Dudley Brightwell, Genevieve Groce, Ruby Black, Edythe Davis, Margaret Carlson, Wanda Whitman, Sam Acheson, Cleburne Huston Mallie Jones, Richard Jonas Merne Nail, Howard Aronson, Mabel Singleton, Louise Gladney, Doris Snively, Kenneth McCalla, Tavis Moursand, Aline Prude Everett Jones, Robert Gowan, Elma Martin, Elsie Scott, Sulema Jones, Bartlett Cocke.

F. EDWARD WALKER, Editor in Chief.

UNIVERSITY BAND TO GIVE CONCERT WEDNESDAY NIGHT

Program Tomorrow Evening to be First of a Series

Music lovers of the University will be given a treat when the University band gives its first annual concert in front of the Chemistry Building tomorrow evening.

The program for the evening is as follows:

Little Giant March Moon American Patrol F. W. Meachem (The approach and passing of American Military band on patrol. Medley of American National Airs.) Till We Meet Again... R. A. Whiting (Cornet Duet by J. P. Buchanan and L. C. Stanley.) March—Stars and Stripes Forever

..... J. P. Sousa (William Jennings Bryan's Favorite.) Overture Lustpiel (Arranged for band by L. P. Laurendeau.)

a. The Eyes of Texas. b. The Star Spangled Banner. This musical event is going to be a rare treat and is only the first of a series of concerts which the band promises to give. The dates of the others will be announced in a later edition of The Texan.

TEXAS JOURNALIST APPEARS

The March issue of the "Texas Journalist," a trade journal issued monthly by the School of Journalism, has just come off the press. The contents include several special articles relating to newspaper work by newspaper editors over the country, editorials by James Preddy and William J. Weeg, students in the School of Journalism, and a special article on "Habits that Hamper Success" by Miss Elizabeth McCurdy of Lockhart. The usual editorial comment and news items finish an attractive issue.

NEWMAN CLUB HAS ANNUAL BREAKFAST

Judson Francis Presides as Toastmaster at Delightful Function at Newman Club

One of the most delightful social affairs to be given this term was the annual Newman Club breakfast held Sunday morning at the club rooms on Twenty-first and Guadalupe. About eighty members and guests were present on this occasion.

Francis Announces for Council

Judson Francis of Austin, president of the organization, acted as toastmaster. The opening talk was made by Rev. Allan J. Heiser of St. Edwards College who praised the organization and its work. He was followed by Meredith Posey, of Austin, who spoke on "A Freshman's View of the Club."

Prof. Mayes Speaks

Prof. Will H. Mayes, dean of the School of Journalism, who represented the University faculty upon this occasion, then spoke on "The Influence of the Press on Ethics." In brief he traced the growth of journalism and its standards and showed its relation to the home, the church and the State.

Miss Bess Brucks, of Hondo, made a short talk on the co-ed's view of the Newman Club. Following this John F. Sheehy of Southerland Springs made a delightful talk on "Scattered Thoughts." Mr. Sheehy dwelt briefly on the attitude of a Senior towards the club and its organization.

Rev. M. J. Carey, former chaplain and director of the Newman Club, and now of Toronto, Canada, spoke briefly on the progress of the club during the five years of his absence.

The closing talk was made by Rev. J. Elliott Ross, who lauded the work of the organization, and outlined plans for the future.

The meeting was concluded by singing in unison "The Eyes of Texas."

LOOK AHEAD—It is suggested that students give some thought this spring to their work for next fall. Secure advice if needed. Consult the Catalogue. Some will want to transfer to Law or Medicine, for which there are specific requirements. Many courses have prerequisites, such as sophomore standing, the completion of certain other courses, etc. In most cases a student may not continue in a subject, taking a higher course, if he has not already completed all three terms of the lower course. Many such difficulties can be removed, and disappointments avoided next fall, by work in the Summer School or by correspondence.

E. J. MATHEWS, Chairman, Registration Committee.

LONGHORNS VICTORIOUS IN OPENING CONTEST

Brilliant Fielding of Texas Team Coupled With Falk's Heavy Hitting Responsible for Farmers' Defeat.

(By Kenneth McCalla)

Texas had little difficulty in winning the first of a two-game series with A. & M., taking the long end of Monday's 6 to 1 battle. "Bib" Falk pitched and batted the way to a Texas victory, while the rest of the team gave him support both in the field and with the willow.

It was a case of too much Falk for A. & M. "Bib" faced Smith four times. He walked once, and got two doubles and a triple out of the other three trips to the plate. His pitching was also a feature of the Longhorn victory. Falk struck out nine men and kept the visitors' seven safeties well scattered. "Bobbie" Cannon aided the local offensive with two singles. "Swog" Robertson played a great fielding game, accepting five chances without an error, two of them on difficult plays. His stop of Smith's grounder in the second was one of the prettiest seen on Clark Field this season. Robertson and Falk executed a squeeze play in the second that sent the first local tally across the plate.

Longhorns Start Scoring

The Longhorns started the scoring with a couple of counters in the second. Falk hit the first ball for two bases, and went to third on a passed ball. Greer was safe when Powell dropped his third strike, and stole second when no one covered that sack. Barry popped to Lackey, but here Robertson and Falk put on the squeeze, and Falk scored. Greer scored when Robertson was thrown out at first.

PLEASING CONCERT GIVEN BY BAYLOR GIRLS GLEE CLUB

Misses Ethelyne Morgan and LaVerne Askin Delight Large Audience

(By Afton Wynn)

With a chorus of twenty-six girls and a half dozen soloists, Professor William L. Thickstun presented the Baylor Choral Club to the music lovers of Austin last night in a concert at the University Y. M. C. A. auditorium. The house was filled and all listened intently from start to finish.

The program spoke well for the individual entertainers, but especially did it speak for Professor Thickstun as musical director. The selections were well rendered, and with the exception of Miss Askins, who suffered with a sore throat, each girl responded gracefully to the encores. The club is picked from the school of music in Baylor College, and from the program given, it may be concluded that the department of music in that college is above the average. Consisting of a large number of songs from the chorus, vocal solos, pianologues, violins and piano solos, the program was amply varied to please a large audience.

Clad in simple white dresses twenty-six pretty girls marched down the aisle and on the stage while the spectators cheered. Each girl possessed a clear, strong voice, and when the whole sang in unison, the harmony was indeed exhilarating. The first song, Charles Dennee's "For the Flag and for America" was given with a zest and snap that never faltered throughout the entire program. The first encore, a Baylor College song, took well with the hearers, for it carried the college spirit which every one of these girls possessed. One number, a take-off on the University students, was called "My Bonnie Has Went Off to College." The author of the lyric, said the director, "finally went to the University of Texas and made a good record," which all goes to say what a very good training the Varsity does give. "The Song of the Dinah Dolls," and "Wake, Miss Lindy," were two pleasing humorous songs.

Miss Jack Routt gave two violin selections with an encore. Miss Lera Thackery accompanied the chorus and the vocal soloists at the piano. Miss Mary Saling, a member of the chorus, rendered two piano numbers. Miss Laverne Askin, contralto, sang "Moon and Night," "Oh That We Two Were Maying," and "Little Papoose." The last was very effective with the rhythmic movements which the singer gave. She also sang three catchy little dinky lullabies in the form of

Varsity kept after Smith and scored again in the third. With one out McCullough walked and stole second. Cannon flew out to Lewis, and Falk walked. With the count three and two on him, Greer hit between first and second and McCullough scored. The locals added three more in the seventh. After Pace had lifted a high one to center, McCullough connected for two cushions. Cannon singled, and stole second, and both men scored when Falk caught one of Smith's fast ones and sent it against the fence in right. "Bib" scored on a squeeze play, Greer going out at first.

The Farmers scored their counter in the sixth. Higginbotham walked, and went to second on Davis single. Smith filled the bases when he hit to right. Higginbotham scored when McCullough scooped Rothe's liner and put him out at first. Falk then came out of a bad hole by striking out Lackey. This was the only inning in which the Aggies garnered more than one hit.

The score:

BAYLOR BEATS S. M. U.

Baylor defeated Southern Methodist University in baseball Saturday by a score of 9 to 4. Turner pitched for the Bears, while Mickle did the arm work for the Methodists. Turner got himself into pinches three times, but S. M. U. was unable to deliver the goods, and the result was the short end of the score.

What's on Today

A. & M. game at Clark Field. Ramsborn meeting. Present Day Club meeting. Reagan social meeting.

Tomorrow

Texas staff nomination. Journalism picnic. Band concert. School of Music recital.

THE STAFF NOMINATION

The Texan staff will hold its annual staff nomination of candidates for editor in chief and managing editor of next year's paper tomorrow afternoon. The staff nomination has existed on the Texan for a number of years and it has practically always resulted in the selection of the most capable and qualified men from the staff for the responsible positions of direction during the next year.

The staff nomination is held by secret ballot, without nominations, speeches, or canvassing of the staff, and should be the real voice and desire of the staff members. Everyone who takes part in the staff nomination binds himself to vote of his own free will, and for the best interests of the Texan only, without any regard to personal friendships. Moreover, he binds himself to support the nominees of the staff. This results in the selection of men thoroughly acquainted with Texan work and most meritorious in its achievement rather than the most popular students in school, when the student body holds its general election.

We sincerely trust that this year's staff will enter into the important task of nominating its next year's leaders with the proper spirit and that the men selected will direct the Texan forward into channels of further usefulness and development.

HIGH SCHOOL DAYS AGAIN

The painted signs of the Austin High School "preps" which have recently been daubed on the sidewalks and other parts of the campus at first awaken deep disgust. Disgust that these high school boys think the painting pranks of our Freshmen and Sophomores so smart that they must copy them and go one step further. But on further thought they have a new significance. They have probably come as a reminder that the University is really quite "high schoolish" this year. Our students are younger and less mature than usual. There has been more foolishness and perhaps less real serious work and study than ever before, and on the whole we have been very much more of the high school age than of the University and college mould.

With the famous tank gone, some new object to receive the annual paint bath of the incoming Freshmen must be found. Until then we presume that the sidewalks must suffice. And as the University descends in maturity of its students to the high school level, the future high school students are becoming so advanced that they will not stop at imitation the Freshman painting but will probably take up our Blunderbuss, Daisy Chain, Senior collars and canes and other traditions. Do your worst preps, but confine your future depredations to your own high school grounds, as we have more than enough defects of our own on our campus.

THE IMPROVED GREENSWARD

We have been more than pleased with the appearance of the campus after the work of the campus laborers during the last few days. It has been quite a metamorphosis, and we thank those responsible for the work for the quick response they gave to the pleas for the improvement made in this and other columns of the Texan.

THE AGGIE ONSLAUGHT

The A. & M. baseball team started out strong enough yesterday, but the way the Longhorns retaliated was more than pleasing. Every minute of the game was a joy to Mr. Prater and the other rooters who were out in force. Another game is on for this afternoon, and we rooters mustn't give the opportunity for another T. C. U. comeback to take place.

Y. W. HEARS HANDMAN

Dr. M. S. Handman, professor of Sociology in the University, spoke at the Y. W. C. A. vesper services yesterday afternoon on "The Proposed Constitution of the League of Nations."

The purpose of the talk was to acquaint the University students with the working details of the plan to prevent future wars. No other person in the University is quite so well fitted to discuss the subject as Dr. Handman, who was called to Washington in December to help determine the policy toward the Roumanians in the peace council.

Try a Texan Want Ad.

CHAPEL NOTICE

Mr. Frank McElroy, the returned missionary from Africa, could not be at Chapel this morning. The scripture read is from the 16th chapter of the Gospel according to Mark. This is the story of the resurrection, and the arrival of the women at the empty tomb early in the morning. This is especially appropriate at this Easter season, when all Christendom is thinking of the risen Lord. Dr. Maddy of the University Baptist Church will speak at Chapel the rest of the week. Dr. Maddy will have a helpful message each morning.

See M. Silver at Driskill Barber Shop for a good shave.

CONVENTION AT HOLLISTER TO MEET IN JUNE

Plans are being laid for the convention of student leaders at Hollister, Mo., from June 5 to 15. The Universities of Arkansas, Texas, Oklahoma, Louisiana and Missouri are all asked to send delegates from among the prominent students of their institutions. The object is to develop leaders for the different Y. M. C. A.'s at the colleges of this part of the United States. In addition to those who attend from the states mentioned, there will be delegates who will represent students of China, Japan, and Latin America.

There are many extremely important measures to be brought up this time. The end of the war has given problems to be solved whose solution lies in the hands of the college students of this country. The demands upon college-trained men now that the war is over will be as urgent as during the time that there was actual fighting. The Hollister convention will make a special study of those problems and will have discussions of them so as to prepare college men for the duties of this "new day."

The local association is going to help send a limited number to the meetings in the Ozarks. The official also wish to have as many men go at their own expense as possible. Last year three students and one of the secretaries went. They were Alvin Nagle, Ed Walker, and Clarence King from the student body, and James Anderson from the association secretaries. Complete arrangements have not been made to the number of delegates that will be sent from the University of Texas, but plans will be drawn up and announced later.

SPORT BRIEFS

Ancient and honorable rivals met, and an ancient custom, that of trouncing the Farmers, was repeated.

Bib Falk, one of the greatest of great Longhorn ball tossers.

Jimmie Greer's base running performances have come to be a feature. And he is better than his league in that art.

Falk broke into the column of 400 hitters yesterday and now has a grand average of .423.

Bobbie Cannon also raised his total well above the 400 mark.

The Aggie coach lost his best bet when Rigney, their phenomenal shortstop, graduated.

Although A. & M. does not show up as strong this year as in former years, they may yet stage a comeback at College Station.

Tubby Graves is basing his hopes on his pitching staff this year, and when that is ineffective, his team has little chance.

ENTHUSIASM IN STUDENT POLITICS REACHING HIGH TIDE

(Continued from page 1)

dent office is Judson Francis, of Austin, candidate for Junior Councilman-at-Large. Mr. Francis is a member of the University debating squad. He will represent Texas this year in the Utah debate. Ever since his entry into the University, Mr. Francis has been actively identified with forensic and oratorical activities, winning the Wilmot prize last year and the Barrett \$50 debating prize this year. He is a member of the Delta Theta Phi honorary law fraternity.

Brown for Vice President

Nugent E. Brown of Nacogdoches, Texas, has entered the race for the vice-presidency of the Students' Association, making the first petition to be handed in for this office.

Mr. Brown is at the present a third year man, studying journalism. He has been manager of the business end of The Texan since the first of the year. During the war, he served in the Marine Corps for five months, then transferred to the air service of the army, finishing at the ground school here a year ago; and later was sent, after flying at Ellington Field for seven months, to Mineola, N. Y., where he was at the time of the signing of the armistice.

GOOD ROADS CONFERENCE

Dean T. U. Taylor and Professor R. G. Tyler left for Mineral Wells, Texas, today to attend the National Good Roads Conference which is being held there this week. Dean Taylor will address the conference on the subject "Good Roads," while Professor Tyler is in charge of the University Good Roads' Exhibit. They will probably be gone until Saturday.

PLEASING CONCERT
GIVEN BY BAYLOR
GIRLS GLEE CLUB

(Continued from page 1.)

pianologues.

Miss Morgan Pleasing Soloist

Perhaps the most highly appreciated of all were the solos by Miss Ethelyne Morgan, soprano. Miss Morgan has appeared in many concerts over the State since her connection with Baylor College. Last night when she mounted the stage she was greeted with applause by those who had heard her before. Though dressed very simple, this young woman showed a striking personality through her poise, gracefulness and pleasing features. In listening to her one could hardly believe that such a voice could belong to a girl yet in college. She has perfect control of her voice, and without the least quaver and apparently without the slightest discomfort she sang the highest notes. "The Last Hour," "How Much I Love You," "De Old Ark's A-Moverin," and "Standing in De Need of Prayer" indvate the versatility of Miss Morgan's vocal ability.

"Still, Still With Thee," one of Professor Thickstun's own compositions was next to the last number. The last was H. R. Shelley's "Resurrection." Miss Morgan sang the solo obligata and was assisted by the chorus. The entire number of selections were good in themselves. The whole were highly appreciated, and the coming of the Choral Club to Austin is already being anticipated for next year.

Personnel of Club

The members of the Baylor club included: First Soprano: Fay Burleson, Anita Court, Edith Hanna, Allene Jones, Gladys Lusk, Dorothy Nethery, Luzzelle Smith, Annie Lee Taylor, Marie White.

Second Soprano: Eunice Corder,

PLANS SPECIAL

FEATURE STUNTS

A Chemistry show eclipsing all previous efforts of the sort is being planned by the Texas Chemical Club, an organization in the University composed of students interested in advanced chemical work. First plans for the event were made at a meeting of the organization held last Friday night. May 9 has been set as the date for the affair, and F. M. Crawford, has been appointed executive head of the committee on arrangements. All details of the management will be handled by this committee.

It has been several years since a Chemistry Show has been held in the University, and curiosity is ripe as to what the event will include. A great variety of stunts and performances, both extraordinary and mysterious, are under consideration and will be perfected in time for rendition. What these stunts are, Mr. Crawford will not announce. He merely promises that the occasion will be something worth while and well worth the witnessing by every University student.

Lucile Garrison, Ethel Hammill, Ruth Johnson, Jeffe Mason, Lucille Royal, Lillian Scott, Ruth Upchurch, Ola Whittaker.

First Alto: Lucille Dowdy, Beth Ellington, Nettie Massie, Velma Taylor.

Second Alto: Ada Cates, LeRue Davis, Arta Bell Mims, Mary Saling. Soloists: Miss Ethelyne Morgan, soprano; Miss LaVerne Askin, violinist; Miss Mary Saling, pianist; Miss Lera Thackery, accompanist.

William L. Thickstun, conductor.

MRS. BROWN TO VISIT
UNIVERSITY Y.W.C.A.

Will Advise Girls About Entering Y. W. C. A. Work

Mrs. Linda Spence Brown, personnel secretary for the Southwest field of the Young Woman's Christian Association and former student will arrive in Austin Thursday morning to talk with the University girls who wish to enter some kind of Y. W. C. A. work at the close of school.

Mrs. Brown will be able to tell any girl interested in the work of the opportunities open to college women. She will also be able to give competent applicants definite positions, either in Texas or other parts of the Southwest field which includes Oklahoma and New Mexico.

Miss Davidson is now making appointments for conferences with Mrs. Brown during her stay of three days with the University Association. Girls wishing to talk with Mrs. Brown should make arrangements with Miss Davidson at once. Those desiring to register may come during any of the between-classes periods from tomorrow until the end of Mrs. Brown's stay.

Mrs. Brown comes here from San Antonio where she is spending the first part of this week. She will remain with the University "Y. W." from Thursday, April 17, until Sunday, April 20. Conferences will be given to the girls all day Thursday and Friday and until noon Saturday.

GEOLOGY SECTIONS

TO TAKE SEVERAL

EXCURSION TRIPS

Laboratory sections of Geology I will make their third field excursion trip of the spring term during this week. The first of the hikes was held Monday and similar ones will be made by the other sections today and on Wednesday.

The trip this week is to Shoal creek, a short distance west of the campus. It is for the purpose of studying various fossil formations and outcrops of certain strata along the creek bed. Though not the longest, this excursion promises to be one of the most interesting thus far. Students have been warned not to take their automobiles as the path to be followed is somewhat difficult.

Other trips taken this term by the members of the Geology class have included one to Onion Creek, Bouldin Creek, Travis Heights in South Austin, and Pilot Knob. It is not known just how many more will be made in the course.

THIS is Easter Week and the firms of the city are inviting your attention to the splendid lines of clothing for the student.

This is also the time of the year when politics are at the zenith of popularity, so now urge your fellows to study the peculiar fitnesses of the different candidates for the offices to which they aspire.

And always remember to read the ADS, then the next day read the ads again. Something may come out which you may miss, if you haven't the habit.

SOCIAL SERVICE COMMITTEE: Meeting Wednesday afternoon at 5 p. m., room 107.
CHAIRMAN.

DR. WOLFE ADDRESSES B. HALL STUDENTS ON LABOR RECONSTRUCTION

"The Reconstruction Problems of the Present Day" was the subject of an address made to the members of B. Hall by Dr. A. B. Wolfe, professor of Economics in the University, Monday night.

Dr. Wolfe reviewed the labor situations in England and America during the war, showing wherein England had better control of the labor situation for the duration of the conflict, because of the work of its Bureau of Munitions.

The "Garten Foundation" and Whitleyism were explained and the advance of Whitleyism or the establishment of industrial councils as the remedy for the present unrest in labor circles. Whitleyism goes on to explain that the cause of this unrest is not wages, nor the question of hours, so much as it is the question of autocratic methods used by the managements of the plants. Whitleyism proposes to remedy this by the creation of the industrial boards, which will have the right to settle the thousands of details, such as bonus pay, short hours, etc. The board will have representatives from both the employee and the employer.

"The plan to organize and perpetuate a B Hall Association seems to me to be easily conceived," said Dr. Wolfe in regard to the benefits to be derived from the organization.

"I know of that many university dormitories have devised ways and means for social gatherings in their halls. They have also taken definite steps to preserve the record of the history of their halls. Such an association as is worked by the B Hall men will not only afford a medium by which the men themselves can secure organized social life and 'house spirit,' but a means also by which students and faculty members can come into contact—opportunity for which is now all too limited. Incidentally, it may be hoped that the association will be able to stimulate the University authorities either to tear down B Hall and build another, or renovate and refurbish the present building to make it more nearly conform to modern standards of student housing."

JOURNALISM PICNIC SOON

Next Wednesday has been set as the day for the annual picnic of the students in the School of Journalism. It has been customary each year for his affair to be held early in the spring, preferably sometime before the blue bonnets are all gone. These flowers are now in full blown and it is hoped that they will keep until the day of the jollification. The picnic will be given at the home of Gov. W. H. Mayes on Speedway. For the present, the students are making their supplications that showers do not make their appearance until the day is over.

Come to Palace Barber Shop for the best service, next door to Kress.
