## MAYFIELD OFFERS PRIZE FOR ESSAY ABOUT RAILROADS

Papers Due Not Later Than April 15; \$25 to be Reward for Best Paper.

Mr. Earl B. Mayfield, a former student of the Department of Law, now a member of the Railroad Commission of Texas, has offered a prize of \$25 for the best essay on the following subject:

"Is State Regulation of Railways Worth Preserving, or Should the Full and Complete Power to Control and Regulate the Railways of the United States be Conferred Upon the Interstate Commerce Commission."

### Rules Governing Contest.

1. The papers must be delivered to Registrar E. J. Mathews not later than April 15.
2. Each contestant shall sign his paper with a fictitious name, and at the same time shall deliver to the Registrar a sealed envelope containing his fictitious name and his true name.
3. Each contestant shall furnish a five-hundred word summary of his paper, for use, in case he should win the prize, in The Daily Texan, the Magazine, and such papers of the State as may care to use it.
4. The judges shall read the papers as soon as practicable after April 15, and announce the winner through the columns of The Daily Texan. The name of the winner will also be announced by the President on Commencement Day.
5. The prize will not be awarded if, in the opinion of the judges, none of the papers handed in are deemed of sufficient merit to warrant it.

C. S. POTTS,  
R. E. COFER,  
GEORGE C. BUTTE,  
Committee.

## EXTENSION DEPT. GIVEN NEW WAR LANTERN SLIDES

Material Is in Loan Service to Rep-utable Schools Over State.

Announcement has just been made that the Extension Department of the University of Texas has been made the depository for visual instruction equipment by the Texas State Council of Defense. The State Council of Defense, through its publicity committee, of which Joseph Hirsch, Corpus Christi, is chairman, has planned to place, as an initial expenditure, one thousand dollars worth of stereopticons, lantern slides, and the necessary shipping cases into a free loan service at once. This shipment may be increased as the demand may justify.

The lanterns and slides purchased will be placed in the office of the Visual Instruction Bureau of the Department of Extension of the University of Texas, from which it will be circulated through schools, clubs, and other organizations in the State. Any school, club or individual may secure the use of this equipment without charge on condition that express charges are paid by the borrower. The Extension Department, at the request of the council, has assumed responsibility for the care and management of this service, together with all correspondence. The department already has an extensive lantern slide service which is well known to school and club officials throughout the State.

The new lantern slides which will comprise a large portion of the equipment purchased by the Council of Defense will consist of two thousand slides prepared by the Government, showing war activities in the various allied countries, and especially the ac-

(Continued on page four.)

## COMPULSORY DRILL FOR MALE STUDENTS RULE OF FACULTY

February 15th Probable Date for First Drill; Doubt Still Exists as to R. O. T. C.

At a faculty meeting yesterday afternoon the following resolution was passed:

Resolved, That during the duration of the war, military training be compulsory for all male students physically fit, unless excused by the President or committee upon written petition for reasons of weight.

This is the first step taken by the faculty toward the establishment of the R. O. T. C. unit here. Although this resolution means by "military training" the drill which consists of 3 hours marching each week being taken by the Freshmen, it was necessary to make this move to further the steps toward the establishment of the R. O. T. C. It shows that the students and faculty are behind the movement.

Whether or not the R. O. T. C. unit will be established here or not depends upon the report of Col. Galbraith and the action taken upon the report in Washington. According to Dean T. U. Taylor, it is expected that the uniforms will be provided as soon as possible, and regardless of the action taken by the War Department, regular drills attended by all male students of the University will be started about the 15th of February.

## KANES HOLD SMOKER

Senior Organization Will Initiate All of the Untamed at Meeting February 12.

The Kane Klub held a smoker and business meeting last night and many important decisions were reached. The Klub will have a full page in the Cactus, with the signatures of each member inscribed on it. It was decided that this would be more representative than a picture.

On account of organization this year it was deemed necessary to draft a new constitution and the King of the Kane appointed J. L. Goforth, Mayhew Mantor, and W. C. Heare as a committee to look after this.

The next meeting will be held Tuesday, February 12, at which time all of the senior men who have not been initiated will take the sacred vows and subject themselves to the wrath of the Kane for their negligence. W. C. Heare was appointed as supervisor of the initiation ceremonies, and with a wily smile he intimates that the Kane will hold forth in all glory when the new men are ushered into its majestic presence.

It was demarked at the meeting that two of the members of this year's class are in the service and the question of a service flag was discussed. Definite action on this was deferred until the next meeting.

The Kane Klub is an organization which has for its purpose the fostering of traditions that center around the University and the graduating class. During the spring term the next-year Seniors will be admitted, and the furtherance of the Klub be entrusted to them.

ed by the Germans," remarked the genial professor.

All news notes containing nothing of military value are desired for publication in this department which will be a regular feature of The Texan. All such contributions should be turned in to the undersigned for approval before published.

LEWIS B. WALKER.  
WILLIAM J. WEEG.

## EX-PRES. TAFT MAY PAY VISIT TO UNIVERSITY

Former President to Make Address at Camp Travis; Every Effort Being Made to Get Him to Austin.

W. D. Hornaday, chairman of the Committee on Public Lectures, and Dr. Joe Wooten, president of the Austin Red Cross chapter, are seeking to induce ex-President Taft to address the University and the people of Austin here on or about February 4 or 5. Mr. Taft is making a tour of the training camps of the country for the purpose of discussing the issues of the war and the establishment of a league to enforce peace. He is scheduled to make an address at Camp Travis on February 5.

Early in the fall Judge Townes and Mr. Hornaday made a searching effort to bring Mr. Taft to the University, but this was done before it had been announced that he was to come to Camp Travis later during the school year. The invitation was declined by Mr. Taft.

Now, on account of the educational value of his coming to Austin to speak to the students of the University as well as to the citizens of Austin, a very optimistic feeling that Mr. Taft will come here has arisen in University circles especially. Every effort will be made for the University to co-operate with the local chapter of the Red Cross in Austin to induce the ex-President to address the people of Austin.

## "SOME CROOKS I HAVE KNOWN"

Topic by Dr. A. K. Foster of Brooklyn, Who Will Address Convocation Sunday Morning.

Preceded by the announcement of his subject, "Some Crooks I Have Known," Dr. Foster spoke at Camp Travis the other night. He told the story of his work among criminals and thieves and burglars, and how he led them to be his friends. He loves men. He thinks friendship is the greatest thing in the world. He is a man's man. He loves to play golf and meet men where they live. He is exceedingly human and has a human appreciation. He is on leave of absence from his church during the war to be with the men in the camps. He is a great success. He loves college men, and to help them think through their problems in connection with science and philosophy. He lives and thinks in the thought and language of today. Sincerity and reality are great outstanding features in his personality. There is a charm and delight about his genuineness and wholesomeness.

Back of all these qualities is a depth and power of spiritual passion and enthusiasm. He wins men because he loves them in terms of a genuine kindness and friendliness. He is a keen thinker like Dr. Fosdick, and a friend of man like Raymond Robins. No University of Texas student can afford to miss hearing him at the convocation Sunday. He is a big man with a powerful message.

## GLEE CLUB TO GIVE SELECTION; PRACTICE SUNDAY AT 9:30

In addition to marching with the girls in their processional at the convocation of the students on Sunday morning, the Glee Club will also render a selection entitled "The 12th Mass." This is supposed to be the feature of their part on the program, and they will practice Sunday morning at 9:30 for this purpose. All members of the Glee Club are supposed to be at this practice.

## DR. VINSON AND THE LIBRARY.

The action of the Men's and Women's Councils of the University, with reference to keeping order in the Library and placing the operation of the honor system has the approval of the authorities of the University. The end in view is not only good, but necessary, and the method proposed seems to me to be the best method of reaching this end. I trust that the application of the honor system to this matter will be as successful as it has been in other connections.

ROBERT E. VINSON,  
President.

## COUNCIL PAIRS OFF DEBATING TEAMS FOR YEAR'S WORK

Debates Are Arranged With Colorado, Oklahoma, Tulane, and Arkansas.

The debating teams for our four intercollegiate debates this season have been chosen. The men were selected by the faculty committee, of which Dr. Shurter is the chairman, and the report turned in to the meeting of the Debating Council Friday. The schedule follows:

Warren Dale and Louis Hexter, to debate the University of Colorado at Boulder, Colo.; Herbert Hedick and Ernest May, to debate the University of Oklahoma, at Norman, Okla.; Jack Blalock and Emil Corenbleth, to debate Tulane University at Austin, and John Cofer and Richard Knight, to debate the University of Arkansas at Austin.

## CONFERENCE AT "Y" HAS BIG SPEAKERS

Guy V. Alrich of New York to Speak to Bible Study Conference Held Today.

Mr. Guy V. Alrich, international Y. M. C. A. secretary of New York, will be chief speaker at the Bible Study Conference to be held here today at the University Y. M. C. A. Other speakers will be Mr. W. R. Raymond of Detroit; Mrs. Albert B. Hall of Dallas; Misses Stuart, Loucks, and Gilbert, Y. W. C. A. secretaries of the Southwest Field, and President R. E. Vinson of Texas University.

Delegates will be here from Rice, Southwestern University, A. & M., Southwest Texas Normal, and Sam Houston Normal. Delegates have also been appointed to represent the University of Texas. The conference will last from 9:30 to 1 p. m.; again from 2:30 to 5, and from 7:30 to 9 at night.

The Leadership Training Council of the Y. W. C. A. for the visiting delegates will meet Sunday morning at 9:30 in the Girls' Study Hall of the Main Building; and again at 2:30 at the Y. M. C. A. for all association girls.

## DR. PENICK WORKS WITH TENNIS TEAM

Scarcity of Older Men Gives Greater Opportunity to Those Seeking to Make Squad.

Dr. Penick, University tennis coach, has begun the work of rounding out a first-class tennis squad. As yet there are only a few tryouts who are eligible for the team coming out. Jimmie Greer and Houston Jones are the only letter men eligible for the squad coming out for practice, and Jones is liable to be called into the aviation service at any time. Armour and Charles Granger are coming out again, the latter being the only Freshmen who reported so far.

There are a number of excellent tennis players in school who are prevented from playing by the ineligibility rules. Among these are a number of transfers from such schools as Princeton, Colorado, and Southwestern. Sellers Thomas, who was one of the first string men from last year, is not eligible, as he has played his four years.

According to Dr. Penick, the University will probably enter into three intercollegiate tennis tournaments this season, the Southwestern meet, the meet with Oklahoma, and the all-Southern meet at New Orleans.

## COFER LAWS HAVE TRIAL WHICH RESULTS IN DAMAGE SUIT

The case of A. B. Stuck vs. A. N. Outsider came to trial in the Cofer Law Society last night. This case was tried before Senator Cofer, acting as District Judge, without a jury. This action was brought to recover \$1000 damages on a contract for building a house in Hyde Park; it being impossible to finish according to agreement.

Judgment was rendered on demurrer for the defendant. The attorneys argued the matter before the court with the skill possessed by few experienced lawyers. Many interesting

(Continued on page four.)

## TEXAS DEFEATS T. C. U. IN HARD FOUGHT CONTEST

Miller and Smythe Star for Longhorn Basket Tossers; Final Score Is 38 to 23.

By C. G. Swift, Jr.

In a game which was rough throughout the time of play, the Texas Longhorns triumphed over the Texas Christian University team by a score of 38 to 23 on their court in Fort Worth. The contest was replete with fouls, which were unnoticed by the referee. Miller and Smythe were the stars for the Texas aggregation, Miller throwing ten goals and Smythe seven. Wiggins of T. C. U. made six goals. It was the first game in which the guards failed to make a basket.

The lineup for Texas was as follows: Smythe and Miller, forwards; Russell, center; Hill and Greer, guards; Penn, Gray, Yeager, substitutes. For T. C. U. the lineup was, Easley and Wiggins, forwards; Vaughan, center; Prinsing and Meyers, guards.

## GRECIAN TRAVELS SUBJECT OF TALK

Dr. Oldfather Addresses Crowded Auditorium With Aid of Lantern Sides.

Before an audience that filled all of the seats in the Law auditorium last night, Dr. William Albert Oldfather of the University of Illinois gave a very interesting address on his travels on foot through Greece. The talk, which was illustrated by lantern slides from photographs by the speaker, consisted, in the main, of explanations of the slides.

The pictures were of scenes and views that are not very commonly seen. They were made up of some pictures of old ruins which he saw on his travels, of mountain scenery, and of typical Greek people.

Two interesting scenes shown were the mound at Marathon, where the Greeks were buried, and the mound at Thermopylae, where Leonidas and his band made their last stand.

Taking up the anticlimax which has been directed against Greece for the attitude in the war, Dr. Oldfather said that he thought we should be careful in criticizing her, when she had the example of Belgium, Serbia, and Rumania before her, and when a powerful nation like the United States waited three years before entering the war, although it was three thousand miles away.

About the Greek people, the speaker said "they are brave, proud, patriotic, democratic, eager to achieve, hospitable, and anxious to please, almost to a fault." He also said that there is a great love for this country among those people.

## PEDOGGIES TO MEET

Mass Meeting Called for Tuesday at 7:15 in the Y. M. C. A. Auditorium.

The Educational Department will have a big mass meeting next Tuesday night at 7:15 in the Y. M. C. A. auditorium. The purpose of this meeting is to develop a departmental spirit in the Educational Department similar to that in the Engineering and Law Departments.

Dr. Vinson will make a talk on the benefits of organization. Several other prominent members of the faculty will make short (three or four-minute) peppy talks. Dr. Eby will talk about the pageant planned for the dedication of the new Educational Building.

Everyone is expected to come, as the meeting will last only an hour at the maximum.

## FRAT GAMES CONTINUE; INTRAMURALS ARE TO BE RENEWED TODAY

Last night the Phi Delta Theta Fraternity defeated the S. A. E.'s by a score of 15 to 6. Another game between the Phi Gamma Deltas and the Delta Sigma Phi resulted in a "Phi Gam" victory of 16 to 2.

As scheduled the Phi Kappa Psi meet the Delta Chi's, and the Beta Theta Psi meet the Kappa Sigmas at 7:45. In the intramural schedule, the Sophomores meet the Seniors.

## School of Military Aeronautics

### Entrance Exams Here.

All candidate for the flying service of the Signal Corps of the U. S. Army may take their entrance examinations here at the School of Military Aeronautics. Heretofore, the nearest examining board has been located at San Antonio.

To carry on the work of examining candidates for the aviation service, a board composed of Capt. Roger Amory, president; First Lieutenant Carl D. Matz, Signal Corps, and First Lieutenant John H. Timberman, Medical Reserve Corps has been created.

Lieutenant Matz was formerly a member of the "millionaire battery," the Chicago artillery organization which was seen in Austin at the time, 15,000 troops marched from San Antonio to Austin.

According to Captain Amory, application blanks may be obtained by addressing "Aviation Examination Board, care School of Military Aeronautics, Austin." The applicant will fill out the blank and send it in. He will then be given an appointment to be examined. At that time he will appear in person, answer such questions as are asked, with a view to judging his educational qualifications, and undergo a physical examination.

### Masons Entertain Tonight.

All Masons in the School of Military Aeronautics will be the guests of the local Masons at the Scottish Rite Cathedral this evening at 8 o'clock. The occasion will be a smoker and the committee working under Mr. J. W. Graham promises a pleasant entertainment for the aviators.

### Country Club Dance.

A farewell dinner-dance was given at the Country Club last Wednesday evening in honor of the officers and cadets who left Wednesday night and Thursday morning for other points. About 150 of the graduates for the past two weeks who have been awaiting orders to report elsewhere were present.

H. M. Sauer, stenographer in the office of the Academic Board, is ill with the measles.

### Lieut. Sanders Departs.

Lieutenant and Mrs. John Sanders left last Thursday night for Lieut. Sanders' home in Tennessee. Mrs. Sanders will visit Lieut. Sanders' parents while her husband will proceed

to an Atlantic port. Lieut. and Mrs. Sanders were married a week ago, Mrs. Sanders being formerly Miss Addie Camp Ward of Austin.

Charles Harritt, Jr., supply sergeant, who has been sick with an attack of measles, will be back for duty Monday morning.

Lloyd Taylor is among the new instructors added to the staff recently. Mr. Taylor is connected with the Airplanes Division.

Willie St. Elmo Damon, instructor in the Gunnery Division, has been in San Antonio the past few days on a business trip.

James Douglas, instructor in the Gunnery Division, returned last Thursday evening from a visit to San Antonio.

### Former Accountant Here.

H. L. Hill, formerly a student of the Massachusetts Institute of Technology and an electrical engineering graduate from Purdue University, is among the students now enrolled in the local S. M. A. Although not yet twenty-one years of age, Mr. Hill before coming here was assistant accountant for the Southern Division of the General Electric Company. He was a transfer from the S. M. A. at Georgia Tech located at Atlanta, Ga.

### Aviators Retreat Before Girls.

The life of the cadet is one of incidents and happenings, but it remained for the aviation students at the School of Military Aeronautics of the University of Illinois to stage a unique incident. "Evacuation" is the proper military term to use in describing the movement accomplished by the officers when by mistake they assembled in the lecture room used by the students in Education at that time for a lecture.

Some girls who arrived early found the room partially occupied by aviators. Modestly they waited outside. Others came in and waited with them. Finally another squadron marched in to the room and took seats. It was time for the class. With soldiers in the room and the hall lined with girls, Prof. Henderson in charge of the class came in. After a short consultation with the soldiers, they walked out.

"May they never be so easily routed."

## THE DAILY TEXAN

The Student Daily Publication of the University of Texas.

Published every morning except Monday during the college year.

Entered as second-class matter at the Postoffice at Austin, Texas, under the Act of Congress, March 3, 1879.

Subscription price \$2.50 per year—provided for each student through the Student Activity fee.

Mildred Gladney Laurie Huck

Baylor students have elected Miss Sammie Coffee editor of the 1918 year book, The Round-Up. Which starts us to wondering about the sex of the Baylor Beauties.

The war is to blame for the defeat of the Longhorns at Denton Thursday, or probably we should lay the blame on the German—measles.

And with our sick team at Baylor tonight, we ought to make the Bears feel rather measley.

There is only one difference between the editor and the linotype operator—one has to read daily ravings of the other and the other gets to read only occasional outbursts of the one.

Judging from the disturbed atmosphere conditions in the vicinity of Newman Hall last night the Kane Klub has evidently decided to change its name to Cain.

At Trinity the editor of the humorous column of The Trintonian carries the sordid appellation of Miss Prude. Oh that the Pearagrapher were still with us.

#### INCREASED CHAPEL ATTENDANCE.

If Chapel attendance counts for anything, religious feeling and enthusiasm is becoming much stronger and is being felt much keener now than at any time since the beginning of this session. The Chapel room was practically full Friday morning; there were few vacant seats Thursday.

The Texan would feel most highly gratified if it could think that the editorial mention of Chapel in its columns had had even a small part in the increased interest. To the Y. M. C. A. and Y. W. C. A. goes the chief credit, however.

The room must be filled to overflowing before the desired end is reached. Every religious worker must work with that purpose in view.

#### INTRAMURAL BASKETBALL.

Friday morning found at least twenty University men with sore muscles, suffering from "intramuralitis." But despite the limp, their blood was circulating and they had been re-introduced to the benefits of deep breathing.

Two intramural games were played Thursday night, and the twenty players received incalculable benefits from their exercise. To most of them, the opportunity to represent some class or some organization or some department was, the first real chance they had had in some

time for real exercise—and they took the chance.

Eight or ten games will be played each week. This means that between eighty and a hundred men will be given the narcotic of strenuous exercise each week. Intramural sports produce a healthier student body; such a system means an improved University.

#### THRIFT CAMPAIGN A GREAT SUCCESS

The war stamp campaign, which ended yesterday, and which has been conducted for the past two weeks under the leadership of J. K. Crossman, was in every way a success. The campaign committee more than attained its goal set. Over 1500 stamps were sold, and since most of these were on separate cards, it can be said that there are about that many students who bought stamps. The duty of these from now on will be to fill out their cards. Although the formal campaign is over, the stamps will still be on sale at the University post office. They can also be bought at the downtown post office, at any of the banks or trust companies, and at other Governmental agencies.

Jerome K. Crossman, who has had charge of the campaign, said yesterday that he wished to thank all of the committeemen for the help he received from them. He has resigned from the University and is leaving next week to work for the Government in the war saving campaigns in Texas.

#### EDUCATION BUILDING CALLS FOR NEW BOILER AT POWER HOUSE

The foundation is being constructed for a new boiler for the power house. This new addition is larger than the two boilers now being used, and is intended as a reserve to serve in case some sudden emergency, when the weather is very cold or when the other boilers are undergoing repairs. These three boilers should make it possible to maintain sufficient heat for all the steam-heated buildings even during the most severe weather. The new equipment has not yet been received from the factory, but can be expected almost any time.

The New Education Building made it necessary to provide for more heat, and, consequently, the new addition to heating system is being made. A huge tunnel, containing large steam heat pipes, extends around the campus from power house to the Education Building. Heat for all new buildings that are constructed can be secured from this tunnel.

The heating problem is becoming a serious one, as the power house authorities have been having a hard time in obtaining sufficient coal, due to the confusion of the railroads. However, "made-in-Texas" lignite is being effectively used in our special lignite grates.

#### CHAPEL NOTICE.

About 70 people heard Mr. J. W. Calhoun speak at the morning exercises yesterday on the value of the Bible as a book. Mr. Calhoun said that he would leave the religious value of the book to the preachers and would discuss some of its other important features. He stressed its value as history, at literature, as an up-to-date picture of human nature which shows the uniformity of human nature; he also gave it credit as being a modern criterion on dress as well as on manners and morals. In fact, he showed that a man without a knowledge of the Bible is uneducated. He would have proved a great many other things if there had been time.

There will be another special musical feature this morning.

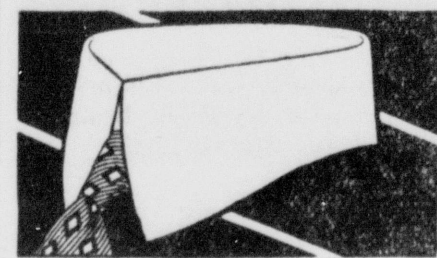

#### DELTA TAUS DEFEAT LAMBDA CHI ALPHAS BY 12 TO 9 SCORE

The Delta Taus increased their average in the fraternity league by defeating the Lambda Chis with a 12 to 9 score Thursday night. The Delta Taus took the lead early in the game and made seven points to their opponents' nothing in the first half. In the second half, the Lambda Chis rallied and were at one time within one

point of evening the score. But their efforts fell short.

Collie and King lead their team mates in scoring, the former making four goals. For the Lambda Chis, Pate was the most skilled basket-shooter. He made all nine points for the losers.

Miss Lydia Wiseman has withdrawn from school.

Miss Dorothea Hoyt will spend the week-end in San Antonio.

Miss Dorothy McKnight is suffering with the mumps.

## BACTERIA TOPIC AT PRE-MED MEETING

Future Doctors Listen to Talk by Head of Botany Department.

Dr. I. M. Lewis addressed the Pre-Medic Society of the University Thursday night at the University Y. M. C. A.

Despite the fact that it was a school night, a large crowd attended the meeting. This society is open to all students in the University who have aspirations toward following the medical profession.

A short business session was held, in which it was decided that a medical pin be ordered at once.

A new program committee was appointed, with Dr. Poindexter serving as chairman. The next meeting will be held at the Y. M. C. A., and as no program has been announced for the coming meeting, the committee will post the program the early part of the week on the bulletin board.

After a short business session, Dr. I. M. Lewis, head of the School of Botany, was introduced by Mr. Go-forth, the president of the society. Dr. Lewis delivered a most interesting lecture upon "Bacteria."

After Dr. Lewis talk the society adjourned.

Dr. Baxter, dentist, 512 Scarbrough Building. Old phone 1316.

## CREDIT IS GIVEN FRENCH STUDENTS

Professor Bond Announces Completion of First Course by Soldiers at Camp Travis.

Otto F. Bond, instructor in Romance Languages at the University, who has been conducting the teaching of French for soldiers in Camp Travis, announces that the first series of lessons has been completed, the course lasted twelve weeks. The course is to be at once repeated with new groups of men. This work by Mr. Bond is carried on under the direction of the Division of Correspondence of the Extension Department of the University. For continued and efficient teaching service he recommends to the Divisions of Correspondence that the following men be granted credit in French A Detzler, for the term: David Agopia, M. A. Baldwin, F. M. Crawford, O. L. Davis, Harry Dine, W. L. Ditzler, H. M. Furman, Jr., R. W. Gillett, F. W. Harris, W. B. Higginbotham, Sterling Kernard, Houston Southern, F. M. Starling, R. P. Yeatman. All of these men are in the Army service.

Mr. Bond has spent one day a week at Camp Travis looking after this branch of instruction. The teachers are selected from privates or officers in the camp who equipped with a knowledge of French. It is not claimed, of course, that the short course of teaching that is given the soldiers in this language will enable them to speak or write it with any degree of fluency. It is stated, however, by Mr. Bond that those who take the course obtain a knowledge of at least some of the fundamentals of French and learn not only the pronunciation, but are able, when the course is completed, to express themselves and have an understanding of certain everyday words and phrases with which they come into contact when on the other side, particularly those which relate to military matters.

## Suppose Fatimas were NOT Sensible

It isn't possible to fool men for long. Lincoln said that better than we could. ¶ Surely, if Fatimas were not as comfortable to the throat and tongue as we say they are—if they did not leave a man feeling keen and "fit" after a long-smoking day—do you suppose that more Fatimas would be sold every day than any other high-grade cigarette? ¶ Remember these facts as you try Fatimas and observe how comfortable, how *sensible* they really are.

Pryor, Crystal Ross, Gladys Bush, Irma Dru Johnson, Lois Foster, and Marjorie Peers. E. C. Nelson.

Those students appointed to attend the Bible Study Conference at the Y. M. C. A. will be excused from classes, by order of Dean Benedict and Dean Taylor.

**COFER LAWS HAVE TRIAL WHICH RESULTS IN DAMAGE SUIT**

(Continued from page one.) points were brought out in the trial, which showed that the case was unusually complicated.

Attorneys for the plaintiff were Nat Davis and E. M. Corenbleth; for the defendant, R. L. Murray and O. F. Fountain. The society is doing some very effective work, despite the fact that the war has claimed many of its most promising members.

At this meeting Robert Cade was elected to membership, and M. E. Nutt was elected staff correspondent.

**EXTENSION DEPT. GIVEN NEW WAR LANTERN SLIDES**

(Continued from page 1.)

tivities connected with the preparation of the United States for participation in the great world conflict. The first installment of slides will deal with scenes behind the trenches and in the trenches in France, showing not only the activities of the French army, but also the desolation brought about by the Hun invasion of French territory. One hundred slides, showing the destruction of famous cathedrals and churches by the Germans have already been shipped from Washington.

Mr. Shepherd says that he expects the new equipment to be available within the next few weeks. Schools, clubs or individuals desiring to arrange for the use of this material, which is free, should immediately begin to make application, stating whether or not they use electricity or gas, the number of sets of slides needed and the character of the slides desired. Mr. Shepherd further said that as soon as possible descriptive lists of the war slides will be furnished all the applicants. Those interested should address all inquiries to Mr. J. W. Shepherd, Extension Department, University of Texas, Austin.

**Richmond Straight Cut CIGARETTES Plain or Cork Tip**

"... even the sophomores treated me with some respect when I produced the Virginia cigarettes which I'd brought up from Richmond."

That fine old Southern Aristocrat—"Richmond Straight Cuts." There's never been another cigarette quite like them. Their "bright" Virginia tobacco has a naturally refreshing flavor that makes even the best of Turkish cigarettes taste almost tame and characterless by contrast. You'll wish you'd tried them before.

IN NEAT BOXES—FIFTEEN CENTS

Also in attractive tins, 50 for 40 cents; 100 for 75 cents. Sent prepaid if your dealer cannot supply you.

*Allen & Gentry* RICHMOND, VIRGINIA, U.S.A.  
UNION-PAID CIGARETTES

NOTE: Unlike Turkish tobacco, Virginia tobacco pays no import duty—all the value is in the cigarette.
