## Three More Candidates Bring Race Total to 31

Wittman Announces for Vice President As  
Dickson, Springer File Petitions  
For Judiciary Council

Today at 1 o'clock Is Deadline

Bishop Changes from Texan Editorship  
Race to That of Texas Ranger;  
Late Petitioners Expected

Three more candidates officially filed petitions Friday to bring the total number of office seekers to 31. Paul Wittman announced for vice president, Lewis Dickson and Lester Springer for the Judiciary Council. Curtis Bishop changed from editor of The Daily Texan to editor of the Texas Ranger.

Today at 1 o'clock is the last day for student candidates to file petitions, Catherine Neal, secretary of the Students' Association, said Friday night. Places on the ballot will be drawn this afternoon at 2 o'clock in the assembly room of Texas Union.

If the number of candidates who have filed to date is any indication, the election this spring, despite the various "organization" meetings, will be a dull one. At this same date last year more than 40 candidates had thrown their hats in the political ring.

Several late petitioners were expected to file with Miss Neal before 1 o'clock today. Among those expected are Charles Coates or Jack Gray for president; Jesse Villarreal for Ranger associate editor; Joe Barton for Judiciary Council; D. B. Hardeman for Texan editor; and Joe Storm for Texan associate editor.

The date that candidates for publication and student government officers may give their platforms in The Daily Texan will be announced Sunday, Joe Hornaday, editor, said Friday.

The candidates to date are as follows:

**Cactus Editor**  
Donald Markle  
**Cactus Associate Editor**  
John Pope  
**Texan Editor**  
Jay Hall  
**Texan Associate Editor**  
Nelson Fuller  
Joe Storm  
**Ranger Editor**  
Worth Ware  
Stanley Gunn  
Curtis Bishop  
**Ranger Associate Editor**  
Bruce Collier  
**President**  
John Bell  
**Vice President**  
Carlyle Hight  
Paul Wittman  
**Secretary Students' Association**  
Inez Granau  
**Judiciary Chairman**  
Lon D. Herbert  
**Kraft Editor**  
Grace Eyles  
Eleanor Trimble  
Helen Mims  
Thelma Kinsball  
**Judiciary Council (Women)**  
Jenkins Garrett  
Doran Doak  
Tom Currie  
R. C. Neely  
Lester Springer  
Lewis Dickson  
**Norris Trophy**  
Pat Ankenman  
Bill Smith

### DISCUSS JOURNALISM

WINTER PARK, Fla., Mar. 23. Differences of opinion about the value of schools of journalism were aired here at the Founders' Week celebration of Rollins College. Richard Lloyd Jones, editor of the Tulsa, Okla., Tribune was the critic, while Professor Charles Cooper of the Columbia University School of Journalism defended the schools. Jones said practical training on newspapers was the best school.

## Special Exam Deadline Set

Petitions Must Be Turned In Before Thursday

Thursday is the last day during which applications will be taken for special examinations. Advanced standing, postponed, and conditioned examinations will be given April 5 to 11, inclusive, each afternoon at 2 o'clock in Law Building 103.

To date, 282 students have applied for permission to take the examinations; 232 have signed up for the conditioned examinations, 36 for the postponed, and 14 for the advanced standing. Application to take the examinations must be made in the Registrar's office.

The advanced standing examinations are for students who have had a certain course or its equivalent in some other school and for some reason have not received credit for it here, to get credit for the course by making a B on the examination. The conditioned examinations give students a chance to make up an E in a course by making a C on the quiz; and the postponed examinations are for students who were excused from some final.

## Patterson Urges Interest in Voting

"People must be well-informed on voting problems if they are to participate in their government," Dr. C. P. Patterson, chairman of the department of government, stated Thursday. Democracy is based on the assumption that the voters are sufficiently interested in the problems of government to express their opinions by voting, he continued.

Several movements designed to broaden the knowledge of the electorate are being carried on now. The American Political Science Association is sponsoring a series of radio broadcasts entitled "You and Your Government." These broadcasts may be heard every Tuesday night from 6:15 to 6:45 o'clock over the NBC Network. Among the speakers who have already spoken are Herbert H. Lehman, governor of New York, and F. H. LaGuardia, mayor of New York City.

## Violinist to Begin Series of Recitals

Playing for the first of a series of recitals, Christian Thaulow, head of the School of Music at Simmons University and a concert violinist, will be heard Monday night, March 26, at the Driskill Hotel, C. E. Blake, instructor in English, has announced. The concert will begin at 8:15 o'clock.

### 19 REPORTED ILL

Nineteen students were reported ill Friday by the University Health Service. Those at St. David's Hospital were H. H. Carroll, Jane Buchanan, Luther Gamble, Travis Moorman, Carlton Wolters, Bessie Steinle, Gene Whittington, Bertha Lee, and John McGivney. At Seton Infirmary there were Henry Allen, M. K. Witt, and George Boedeker. Ill at home were Mary Fisher, Margaret Holt, Betty Cox, R. E. Randall, Esther Mae Wagenfuhr, Hazel Suttle, and Garnette Luedecke.

## Petroleum Body Seeks New Ways Of Striking Oil

Six University Delegates Among Geologists At Meeting

Field Trip Slated

Scientists Admit Output Of Liquid Surpasses Actual Demand

While most of the forces of the oil industry are being mobilized to prevent an overproduction and oversupply of oil, a small group of scientists, including six representatives from the University, are meeting this week in Dallas to discuss methods of discovering more pools.

They are members of the American Society of Petroleum Geologists. They admit that far more oil is now being produced than is needed, but believe that it is their duty to look to the petroleum needs of the future. Asserting that the public need for petroleum is not static, that it is constantly increasing, R. B. Whitehead, Dallas, geologist for the Atlantic Refining Company, said, "We believe that . . . it is the duty of the geologists to uncover new fields each year with a potential capacity of approximately 75,000,000 barrels."

The society will meet today with the American Society of Geophysicists and the Society of Economic Paleontologists. Mrs. Helen Jeanne Plummer, consulting geologist in the Bureau of Economic Geology; F. B. Plummer, professor of petroleum engineering; Dr. E. H. Sellards, professor of geology; W. S. Adkins, geologist in the Bureau of Economic Geology; Dunbar Fisher, and John Pedigo are attending from the University. Mr. Plummer presided over the meeting of the Society of Economic Paleontologists Friday, and Mrs. Plummer read a paper, "The Correlation of Midway Formations," before one section of the group. The petroleum geologists will make a trip to the East Texas oil fields today.

## Round-Up to Give Special Exhibits

Three-Fold Appeal Plans Are Under Way

Special exhibits are being planned by the various departments of the University for the annual Round-Up, J. A. McCurdy, secretary of the Ex-Students' Association, announced.

W. T. Rolfe, chairman of campus exhibits, and his committee are working on an art exhibit to be centered in the Architecture Building and Texas Union, featuring local artists and collections, both early and recent, brought into Austin.

The Anthropology Museum in Waggoner Hall under the direction of J. A. Pearce, professor of anthropology, will be opened to the public. A new Javanese and Chinese ethnological collection recently presented to the University by David Harold, ex-student of the University, will be placed on display for the first time. The Indian collection in Garrison Hall will also be on exhibit.

The new and old Libraries are to have special exhibits of first editions, manuscripts, and rare books of interest in the Wrenn, Garcia, Texas, Stark, and Aiken collections.

### SEMINAR TO MEET

The Seminar of University Graduate Women will meet Tuesday night at 8 o'clock at the home of Mrs. W. L. White, 3202 Guadalupe Street.

## 'Stoops to Conquer' Exhibit Harks Up Memories

Goldsmith Comedy Claimed Success After Critics Had Scoffed at It

By BURDETTE HANCOCK  
INTERWOVEN with the Wrenn Library exhibition of the first edition of Oliver Goldsmith's "She Stoops to Conquer" is a story that parallels the Horatio Alger formula. A costume interpretation of the old English comedy will be the next production of the Curtain Club April 28 and 29 in Hogg Memorial Auditorium.

Turning back the years by aid of mental gymnastics, the stage is set in London during the Eighteenth Century.

## Claim Made That Sweetheart Song Is Infringement

The Students' Assembly was requested Friday to reconsider its action in adopting an official Sweetheart of Texas song written by Conrad Fath and Judd Pressley. It is maintained that the Fath-Pressley song infringes on the copyright of a song called "Sweetheart of Texas, of Texas U," written by Lillian Ott Posey, ex-student of the University and wife of M. N. Posey, instructor in English.

Mrs. Posey's song was submitted to the Round-Up committee last year for possible use but was not available to the Students' Assembly in their deliberation.

## Parking Set-Up Around Campus To Be Discussed

City Proposes Conference Of Regents, Merchants Near University

A conference to discuss automobile parking adjacent to the University campus was proposed in the Austin city council meeting Thursday.

The council suggested that members of the Board of Regents, city officials, and merchants in the University business section meet at any time convenient to University authorities except Saturday to answer the parking question.

The University Comptroller announced Friday that no information relative to the conference had reached him, although the council had instructed the delivery of a letter to John W. Calhoun, University comptroller, to arrange a satisfactory date for the meeting. The conference is another step in the action started several months ago when a petition asking for new parking regulations was presented to the city council.

Present developments to arrange for a conference date are the result of an inquiry by James J. Pinget, manager of Piggly Wiggly store No. 2 in the University section. Mr. Pinget inquired Thursday morning as to what action had been taken by the council on the petition presented several months ago.

## Juniors Urged To Fill Out Cards

Parlin Says Step Needed For Registration

All junior students who are considering taking a bachelor's degree in the College of Arts and Sciences at the commencement in June or August, 1935, should go at once to the Registrar's office and request that a degree card be filled out for the degree they expect to take, Dr. H. T. Parlin, dean, stated Friday.

There are several distinct advantages in filling out the card at this time, Dean Parlin pointed out.

All cards filled out at this time in the Registrar's office will be ready for next registration. A student who intends to take a degree at the June or August commencement in 1935 and who has not filled out a card by the opening of the session in September, will have to register late.

### SCHEEL TO PLAY

Dutch Scheel's orchestra will play for the All-University Dance tonight at 9 o'clock in Texas Union.

## Brogan Releases Masters Degree Applicants' List

104 Candidates Included In Arts, Journalism, And Science

Check Requested

Asked to Report Omissions, Recent Withdrawals, And Errors

The list of candidates who have applied for the degree of master of arts, master of journalism, or master of science in home economics has reached 104, Dr. A. P. Brogan, assistant dean of the Graduate School, announced Friday.

Candidates for these degrees are requested to check this list and report to the assistant dean of the Graduate School, if any name is misspelled or omitted. If the name of a student is included and he has given up his candidacy, he is requested to file this information at the office also.

The following students are candidates for degrees in June:

Ralph Kirby Adkins, June Eva Alexander, Leta Smith Alvis, Mrs. Annie Bettie M. Armstrong, Flora Register Arrowood, Harold Dorman Bearden, Effie Boon, Louise Bradford, William Allen Bramlette, Emily Geraldine Brannon, Leon Shield Brown, Sidney Overton Brown, Dick Muzquiz Burrell, Mary Katherine E. Carroll, Mrs. Elizabeth Key Chewning, Charles Edgar Condray, Eula Belle Maley Cook, William Edgerton Cox, Thomas Harold Cunningham.

Sam Wesley Davis, Jr., Joseph John Deiss, William Enoch Dozier, Sidney Schaper Draeger, Jacqueline Clara Gertrude Eckert, Cecil Kay Fielder, Dunbar Allen Fisher, John Malcolm Forsman, Chesley Forsyth, William Hubert Foster, Meredith Knox Gardner, Ruth Garrett, Hugo Emanuel Gibson, Robert Ewing, Jr., Blanche Elizabeth Hall, Barbara Ruth Hardy, Henry Grady Harlan, Mary Virginia Harrell, Anne Alison Harrison, Ralph E. Hightower, Mary Elizabeth Holden, Warren Richard Jackson, (Continued on Page 3)

## Payne to Discuss Modern Novelists

Fellowship Speaker to Talk On Writers' Religion

"The Novelist Looks at Religion" will be the title of a talk by Dr. L. W. Payne, Jr., professor of English, Sunday night at 8 o'clock. Dr. Payne's talk is the sixth of a series to be given under the auspices of the Fellowship Club of the First Congregational Church on the general subject "The World Looks at Religion."

Treating particularly the American novelist, Dr. Payne said he would also refer to British novelists. Although dealing chiefly with novels not classed as religious but in which the novelist's views on religion are expressed, he will attempt to designate some of the better religious novels of the last ten years.

In the course of his address, Dr. Payne will outline the American novel from its beginning to the present. Then he will discuss more fully the contemporary American and British novels.

### BLANTON TO SPEAK

Dr. Annie Webb Blanton, professor of educational administration, will speak on "Needed Revisions in Teacher Certified Requirements" tonight at 7:30 o'clock before Delta Kappa Gamma, honorary sorority for women in educational work.

# Texas Entry Wins Third Place in Oratory Contest

Texas Engineers To Attend Meet In San Antonio

Raby Announces A.S.C.E. Convention For April

The Texas section of the American Society of Civil Engineers will hold its bi-annual convention in San Antonio sometime late in April, Walter Raby, vice president of the University chapter, announced Friday.

In addition to students, civil engineers from all over Texas will be in attendance.

J. A. Focht, professor of highway engineering, is vice president of the Texas section of A. S. C. E. Tentative plans have been made for students who attend to make an inspection tour of some project under construction in San Antonio.

Faculty members who belong to the national organization of A. S. C. E. are T. U. Taylor, dean of the College of Engineering, and S. P. Finch, professor of civil engineering. P. H. Ferguson, associate professor of civil engineering, is a member of the Texas section.

## McCamey Heads Workers' Group

Employed Students Form Campus Association

The initial meeting of the Working Students' Association was held Friday night in Texas Union 309. Plans for organization were discussed and temporary officers were elected as follows: president, Howard McCamey; vice president, Evelyn Cochran; secretary, Frances Smith; and treasurer, Rubin R. Dobin.

Cosmorama, which is sponsoring the organization, allowed the use of its meeting room until the Working Students' Association acquires some meeting place of its own.

The purposes of the organization are to organize all the working students on the campus into an association to uphold wage scales and improve the general living conditions on the campus. The methods by which this can be accomplished will be through conferences with employer groups, housemothers' associations, the University administration, and by the united action of the students.

A committee to formulate a constitution and set forth the aims and purposes of the organization was named at the meeting. This committee consists of Alice Miller, David Bradshaw, and Lawrence Walker.

According to President McCamey, the 30 charter members of the association will meet again Friday night in the same place. Membership is open to the entire student body, and all those interested in working-student problems are invited to join, McCamey said.

### DRAKE WRITES PAPER

George W. Drake, instructor in chemistry, in collaboration with William M. Craig, ex-student of the University, has written a paper on the "Preparation and Properties of Gallium and Gallium Trichloride." It was published in the March, 1934, issue of the Journal of the American Chemical Society.

Wright Speaks on 'The Stupidity of War' As Second Day of Sixteenth Annual Tournament Comes to an End

'Direct Clash' Debates Today

Villarreal Ties with Missouri University Orator for Third in Extempore Speaking Competition

Concluding the second day of the sixteenth annual tournament, the Missouri Valley Oratorical Contest was held Friday night in Hogg Memorial Auditorium with eight schools entering the competition. Winners of the oratory division were as follows: first place, Lyman Field, University of Kansas, "One Conspicuous Failure of Our Government"; second place, Homer Henderson, University of South Dakota, "The New Individualism"; and third place, Herman V. Wright, University of Texas, "The Stupidity of War." Prizes of \$40, \$25, and \$15 were given to those placing first, second, and third, respectively.

Winners of the extemporaneous speaking contest held Friday afternoon in Garrison Hall were the following: first place, Lyman Field, University of Kansas; second place, Jesse Villarreal, University of Texas, and Carl Rigrod, University of Missouri, tied; fourth place, Homer Henderson, University of South Dakota.

Entries in the extemporaneous group were Jesse Villarreal, Texas; Bill Whiteman, Oklahoma; Homer Henderson, South Dakota; Gene Warner, Kansas State; Carl Rigrod, Missouri; Harlan Harrison, Iowa; Clemens M. Roark, Colorado; Lyman Field, Kansas.

The final day of the tournament will begin this morning at 9 o'clock with a new type of debate, the "direct clash" team debate, in Law Building 103. The fifth round of debating is scheduled for 11 o'clock. Winners in the debate contests of the past three days will be announced at a luncheon at 1 o'clock in Texas Union when the Forensic Council of The University of Texas acts as host to visiting coaches and debaters. The after-dinner speaking contest will also be held at the luncheon.

A radio debate over KNOW will be held at 8 o'clock tonight between Iowa State and The University of Texas. Arnan Schwartz and Gus Garcia will represent the University. The question to be debated will be "Resolved: That the United States Should Adopt the British System of Radio Control and Operation."

The "direct clash" debate is a new scheme whereby two teams of nine members each will debate. The first affirmative will speak five to eight minutes outlining the plans of the affirmative and the issues. Then the first negative will reply for the same length of time. The second affirmative will then present the first issue in three minutes. The second negative will reply for two minutes, followed by a rejoinder by the second affirmative for two minutes, and concluded with a rebuttal by the second negative for two minutes.

The judges are then given one minute to decide which side has won that issue. There will be seven issues debated and this procedure of two speeches on each side of the issue will be carried on for each one. At the end of the discussion of the last issue, the judges then decide which team has won.

## Gyms to Be Open During Summer

Debates and Dramatics Also Planned for Session

During the summer session, beginning June 5, Gregory Gymnasium, Women's Gymnasium, all athletic fields, and tennis courts will be at the disposal of students. There will be no charge for the use of any of these athletic facilities, except the swimming pools in the gymnasiums.

Plans are being made for the organization of several summer session debating teams, which will meet in the inter-society debates, and are to be open to the public. The organization of several dramatic clubs is also planned.

Classes, which will meet four times a week, in swimming, tennis, archery, golf, clog and tap dancing, fundamentals, and correctives, children's tap dancing, and children's swimming, are to be offered to student and non-student women on a voluntary non-credit basis.

## Schmidt Wins Book By One-tenth Point

A margin of one-tenth of a point in grades won a copy of Black's Law Dictionary for Benno C. Schmidt, first-year law student from Abilene, Dean I. P. Hildebrand, stated Friday.

During the fall session, Hempill's Book Store offered the dictionary to the first-year student taking at least three courses in law and making the highest grades on the January examinations.

### TEACHERS HEAR AYER

Dr. Fred C. Ayer, professor of educational administration, spoke Friday at the Northwest Texas Conference for Education at Canyon. The title for his talk was "Good and Poor Teachers." Senator Clint C. Small, who received a bachelor of laws degree from the University in 1911, will talk this morning to the general session of the meeting.

## Club to Discontinue Radio Art Lectures

The Texas Fine Arts Association has decided to discontinue the radio fine arts lectures which it has been sponsoring in the assembly hall of the Architecture Building. G. C. Goldsmith, professor of architecture, announced Friday.

Dr. C. P. Boner, professor of physics, and other members of the department of physics assisted in obtaining these broadcasts. The series had several interruptions because of several unexpected changes of program at the station through which they were being transmitted, and other difficulties in transmission made it almost impossible to continue the lectures, Mr. Goldsmith said.

## Bulletin Boards Put In Lobby of Union

Three new bulletin boards have been installed in Texas Union, Charles N. Zivley, manager, announced Friday.

Two of these are in the lobby and will be kept by the office force of the manager. On one of these boards are found the dates and meeting places of University activities, especially those taking place in the Texas Union, and the other will contain announcements from the manager's office. The third board, placed in the foyer, has been designated as a church directory.

### A Recalled Memory

Away back when—your guess of the date is as good as ours—President Prather addressed a group of students in Main Building 157 on the subject "Correct Behavior and Discipline"

He talked long and loud on how the students should act when in the company of women; how the co-eds should act when taking a buggy ride with a male; how the gentlemen should tip his hat on passing a lady; how the student should aid an old lady when she wants to cross muddy Guadalupe Street.

The hour was growing late and President Prather was just about ready to bring his "little talk" to a close. A bug lit on his head, and with a sweep of his hand, he knocked it off, at the same time uttering, "Young men, the eyes of Texas are upon you."

A student, Sinclair by name, was impressed by the incident, went home and wrote a song.

The song was "The Eyes of Texas."

Since that time the song has been sung from Carolina to California, California to Carolina, and back again. Students sing it at football games; bands play it at concerts; orchestras play it as their theme songs, conventions use it as a "rally-around" tune.

But, whenever "The Eyes of Texas" is played, minds turn toward The University of Texas. In fact, some contend that the song is known for the University, and not the University for the song.

Thursday night the Students' Assembly adopted "The Eyes of Texas" as the official University of Texas song.

### Erratic Attendance

Somebody — wasn't it Shakespeare? —once remarked that bestowed honor is the downfall of mankind.

True or untrue the fact remains that only fourteen members of the Students' Assembly were present at the all-important Assembly meeting Thursday night.

With political candidates to sing campaign promises right and left to all who will listen, and Assembly members who last fall persuaded the student body of its competence in the same manner failed to be present at the meeting Thursday night —well, there's something wrong with the picture.

How can the Assembly expect to gain and keep the confidence of the student body with such erratic attendance?

Something must be vitally wrong with the political set-up that allows members to remain away from a meeting that involves the welfare of the student body.

Maybe the minority is right. Maybe there shouldn't be an Assembly; maybe there shouldn't be a student government; maybe there shouldn't be a student body.

## Student Forum

The Daily Texan invites the writing of free-lance editorials or "firing line" articles to be published in the Student Forum columns.

Such editorials must be written by students of the University and must pertain directly to some phase of student life.

All contributions must be signed, but the contributor's name will not be printed if he so requests. Unsigned articles will not be printed.

Those of 200 words or less will receive preference.

### GRAY FOR PRESIDENT?

### 'NO MATTER HOW'

Primarily intended for the opponents of Father Riach, this letter is also at the disposition of those who may have been resting the case against Father Riach in the recent controversy regarding the story "No Matter How." Certain issues in argument may be passed over, but it entails a serious error to render tacit consent to a matter that consists almost entirely of a violation of sound principle.

In reply to the charge of indignity imputed to Father Riach because of his statement in the press, and which W. E. M. bases on his supposition that a pastor should refrain from public utterance of his opinions, I would ask this: How is a man of character and principle to keep his dignity when an issue arises which earnestly calls for his opinion and when the nature of the issue involves principles which it is his duty to uphold? The answer is obvious. A man's dignity lies in his rigid adherence to his ethical convictions and in his courage to voice those convictions in the face of contrary opinion. A pastor's true dignity rests in his assiduity in attacking the source of error. It is entirely just for a pastor to publicly refute those errors which may cast reflection upon the truth which he is Divinely commissioned to uphold and reverence. The statement of Father Riach in the press was eminently justifiable, because the press is practically the only medium through which he may reasonably hope to reach the greater number of students.

W. E. M. frankly voices his contention that a pastor should confine his sayings to his own pulpit. I beg to differ with W. E. M. in this respect: that a refutation, and a protest, given within his own church, would not contribute a great deal toward the rectifying of an error which comes from outside. There was no necessity for Father Riach's correcting his own congregation. This mistake originated outside, and not where he could reach it through the pulpit. The fundamentals of religious propriety are too well established in a Catholic congregation for a pastor to feel it necessary to admonish them upon the violation of the sanctity of a Divinely appointed institution, a sacrament. The rebuke, so necessary to the support of right, must be voiced beyond the walls of his own church. It must penetrate the exterior source, and vindicate, in the eyes of his readers, the prerogatives of the Confessional, which were so manifestly disregarded. The basic fact of the matter is that the story "No Matter How" represented a negligible affront to those who hold sacred the confidential bonds between God and man. I say negligible, because it was evidently unpremeditated. Nevertheless, it was inexcusable, and it is incompatable, in view of the principles which a devout Christian entertains, for a Catholic pastor to remain silent where such an affront is offered.

There is no danger of Father Riach's losing the respect of those who witnessed his statements. In fact, more people would enjoy a greater measure of the respect of their fellowmen if they would emulate him in his zeal to uphold what is sacred to him and to his principles and his creed. For the more worthy a man's ideals are, and the more closely bound he is to them, the greater will be his resentment at undignified assaults upon them.

In conclusion, let me say that it would contribute much toward the prestige of the Ranger as a representative student publication, if the talent which is joined to make the magazine would confine itself to the innumerable phases of life which can be easily adopted to story writing, without having to be bolstered by undignified, immoral, and unconsiderate references to a holy sacrament. Ordinarily, the theme of the confessional is, or would be, permissible, for it contains an admirable story in itself. But a right-minded person cannot condone the facetious and light-minded way in which it was dealt with in "No Matter How." Probability in a story can, in some cases, be dispensed with without great harm. But it is neither moral nor decent, nor considerate, to use the sacred confidence between God and man as an ordinary way to close up a gap in a story which was meritorious enough with another conclusion. Sacred things are not to be made the subject of conjecture. Their dignity is above their use as a matter of humor or innovation.

## World Court Advocates Talk

### President Gets Two More Bills

By LEROY COLE

### COURT

During a one-day hearing for proponents of American adherence to the World Court, spokesmen for more than a score of organizations yesterday appeared before the Senate foreign relations committee to urge that the United States become a member of the international tribunal.

Both major parties are pledged to adherence to the court, but political leaders, including President Roosevelt, have indicated that they do not expect Senate action on the question before adjournment this summer.

During the day, Alfred E. Smith, in a letter made public at the hearing, reminded the Democratic party of its 1932 pledge of world court adherence.

"In these disturbed and threatening times," he said, "we should certainly do our part toward persuading all civilized nations to compose their differences by reason and law instead of force."

EXPERIMENT—An air mail conference between President Roosevelt and officials of the Post Office and Commerce departments and Attorney General Cummings Thursday was interpreted in Washington as indicating that the President intends to return the job of carrying the mail to private planes without waiting for the enactment of a new law by Congress.

Cummings, as he left the White House, told reporters that there was a possibility that the President would take this step.

Meanwhile, as a result of hearings recently concluded by House and Senate committees on the administration bill outlining a permanent basis for flying the mails by private lines, a number of changes in the measure are expected before it is submitted to the two houses for approval.

POLITICS—Capital goods industries must bear the main burden of reemployment, but they are being held back by "political obstacles" the Consumers' Industries Committee warned in a statement Thursday. The committee was formed last fall at the request of the N. R. A. to represent the consumer goods industries, producing such articles as food, clothing, and fuel.

"Each time the spirit of enterprise begins to show a little vitality, some new political obstacle is thrown into the roadway, and enterprise is forced to retreat," the statement said.

CHARGE—In the meantime, Hugh S. Johnson, N. R. A. administrator, ordered that retail food prices contain a 6 per cent and wholesale prices a 2 per cent allowance for labor costs.

Previous to the order there had been no regulation of labor charges, although the food code prohibits the sale of goods below cost. The action simply allocates the share of costs chargeable to

### ISLANDS

Under the Philippine Bill, passed Thursday by the Senate, 68 to 8, the islands would be granted complete independence within 12 years if their legislature accepts the measure before October 1 by calling a convention to frame a constitution for the new nation.

A ten-year period of economic transition under a commonwealth government would follow the adoption of a constitution, and at the end of this time the Philippines would become a republic by presidential proclamation.

Pilipino leaders have promised immediate acceptance of the legislation.

## Student Forum—

(Continued From Page 2)

consideration. We sometimes hear of a situation where students who have rented a room in which to live and to study are met with a discouraging attitude on the part of the landlord, due to the limited resources of the students. An organization such as Mr. Chelf proposes should make the improvement of these conditions a part of its program. It is gratifying indeed to read in the news columns of The Daily Texan these last few days that Cosmorama, a student group on the campus, has taken the initiative in building up such an organization. We all have seen the call for a meeting posted around the University. I, for one, will lend my entire support to such a movement, and urge all students who have their interests, and the interests of their fellow students at heart, to come out and pledge their efforts to perfect this organization.

One of those squirmey situations in which we modern Romans enjoy seeing fictional characters is the centerpiece of "Goodbye Again." Of course, we have seen the same thing on the screen before, but this angle is sufficiently different to be interesting.

"Bixby" is one of those writers of sentimental novels for which a certain class of women have such a yen. In the course of a personal appearance tour, the wife of a Cleveland business man rushes to him with open arms, simply just knowing that she is "Miriam," one of his fictional characters. Bixby finally remembers that she is the older and more discontented edition of a college past. Julie takes the interlude very seriously; in fact she had been making one and all very miserable from the time she first

## Chevigny to Send Squad Through Scrimmage Session Today

### Longhorn Cinderists Vie In Practice Track Meet

By JOE STORM

With no scheduled outsiders for his men to compete against this week-end, Coach Clyde Littlefield will compete his tracksters against each other in an intra-squad meet at 2:30 o'clock this afternoon. The Steers' next real track meet will be with the Aggies in Austin April 7.

The meet this afternoon should prove interesting with almost everyone in good condition, Coach Littlefield said Friday. The 100-yard dash will open the meet and all regular events except the mile run and the mile relay will follow according to a time schedule.

#### Schedule of Events

2:30—100-yard dash, shot put, pole vault, high jump.  
2:40—120-yard high hurdles.  
2:50—1½ miles.  
3:00—440-yard run, javelin throw.  
3:10—220-yard dash.  
3:25—880-yard run.  
3:35—180-yard high hurdles, discus throw, broad jump.  
3:45—440-yard relay.  
3:55—220-yard relay (special field men relay).  
4:10—880-yard relay.

In an effort to discover hidden dash material and to give field performers a chance to show what they can do on the track, Coach Littlefield has arranged for a 220-yard relay between teams composed of field men. In this feature event of the day, the high jumpers, pole vaulters, and weight men will each enter a team. Each man will run 55 yards. With such men as Jay Arnold and Osborn Hodges to lead their team, the weight tossers will enter the race as slight favorites.

As a step toward condition for the two-mile run—an event which has not as yet been a part of the meets so far and which will be run during the remainder of the season, distance men will compete over a mile and a half instead of the usual mile. In place of the mile relay, and 880-yard relay will be run with dash men and quarter milers competing.

### Brill Addresses New Skeet Club

L. K. Brill, president of the Austin Skeet Club, addressed the newly formed University Skeet Club at its first meeting, Thursday night in the reception room of the Women's Gymnasium. Mr. Brill told the members what skeet shooting is, and spoke on the history of the sport. Plans were made for another meeting Tuesday in the same place, at which time officers for the club will be elected.

### Nu Lcy Bottlers Call Off Baseball Contest

Texas' first baseball game of the season, scheduled between the Steers and Ed Knebel's Nu Lcy Bottlers of the city league, has been called off.

Instead, Coach W. J. (Uncle Billy) Ditch's lads have been promised an intra-squad game today in which Ed Oile and Patsy Allen of the Bottlers will probably participate.

Members of the Longhorn varsity squad took a holiday Friday, but the freshmen played a scrimmage game at Clark Field, bolstered up by a few "B" team players.

#### SOARING CONTEST SET

NEW YORK, N. Y., Mar. 23.—The fifth annual soaring contest for primary gliding flying will be held as usual at Elmira, New York, June 23 to July 2, it was announced by the Soaring Society of America.

#### RUTGERS ENTERS REGATTA

NEW BRUNSWICK, N. Y., Mar. 23.—Rutgers accepted an invitation to take part in a regatta against the University of Pennsylvania on the Schuylkill River, May 19.

#### BROWN INCREASES READING

PROVIDENCE, R. I., Mar. 23.—A 50 per cent increase in reading has been observed here at the John Jay Library within the last three years, according to a report by Dr. Henry B. Van Hoesen, university librarian.

#### NAMED WATER HEAD

PROVIDENCE, R. I., Mar. 23.—Robert A. Love of Brooklyn has been elected captain of the Brown freshman swimming team.

### Swimming Pools Purified by New Type of Filter

Examination of the two University swimming pools by the University Health Service reveals they are as sanitary as modern science affords. Samples from both pools are sent at regular intervals to be tested for bacteria content. The water in the men's swimming pool in Gregory Gym is constantly recirculated and purified by an elaborate new type of filter. Every thirteen hours the water is passed through the filtration process—reentering the pool chemically pure. Chlorine gas is added as an additional safeguard as the water comes into the pool.

A new sanitation device is being used in the pool at the Women's Gym this year. Every girl is required to go through a foot bath which contains 5 per cent sodium hypochlorite before entering the pool.

### Tilt Will Test Advance Of System

Two hours of corrective scrimmage, with four teams performing at the same time, will terminate the second week of spring football practice for 90 University of Texas gridsters this afternoon at Memorial Stadium at 3:30 o'clock. Coach Jack Chevigny stated Friday that he would have his grid faculty watch with a critical eye for mistakes that might crop up, and that he would spend a large part of the time correcting the miscues.

#### Reaches Half Mark

Today's practice will bring the spring training to the half-way mark, and although the coaches are not worked up over the way the players have taken to the Notre Dame style, they believe that the squad has reached a stage that will bring about rapid advancement in the remaining two weeks.

With the forward pass, end run, and fake play added to the offensive department since last Monday, the scrimmages this afternoon should bear more marks of a game than the previous tussel. Some thirty men have a "stand out" chance to win a starting berth on the team, and there will be no designation of a first team in the scrimmages. One of the teams will be studied with lettermen, and the personnel of the other will be made up of lettermen, transfers, and sophomores.

In speaking of the development of the line candidates Friday, Tim Moynihan, head boss of the advance corps said, "There is much ground to be covered yet." Moynihan and Bill James have been applying the pressure on the line-men in an effort to have them present a formidable defense by the closing of the spring school.

Chevigny has spent much time during the workouts imparting knowledge to the guards, tackles, and ends, but when the practices get well under way, he teams with Marty Karow to instruct the ball-carriers. Under the direction of these two former all-Americans, several new men should flash across the conference battlefronts next fall.

Hurbert Jurecka, Jay Arnold, Red Preibisch, Jimmy Hadlock, Ney Sheridan, Ray Laurence, and Hugh Wolfe are a group of backs that should give Hiliard a running mate.

### Frosh Trackmen Select Captain

Freshman tracksters chose Joe Ballard of Artesia, N. M., to captain their team for the coming season while waiting for their squad picture to be snapped Friday. Ballard is a sprint star and a capable performer in the quarter mile. Perhaps his best event is the 220-yard dash.

Ballard is expected to lead a strong team. With a small representation of the entire team, and after highwaying to the meet, the freshmen placed third in the prep school division of the Southwest Exposition meet in Fort Worth last week. The slimes are especially strong in the field events and middle distances.

Hugh Wolf, field performer, broke three records at the Fort Worth meet. Besides being a shot putter, discus thrower, pole vaulter, and high jumper, he is capable of running a lap on the mile relay. Hall in the shot and discus, Vickery in the high jump, and Lynn Storm in the pole vault are other outstanding field men.

In the dashes Ballard and Sadat are outstanding, and in the half mile and quarter mile Mitchell Stark and Remus Thomas have shown capability. Naron Lee and Red Wise are good milers.

### Speaking Of Sports

By RICHARD MOREHEAD

Texan Sports Staff

SHORTY Alderson, major-domo of the Longhorn swimming team that tonight seeks their third straight Southwest Conference championship in College Station, will not be surprised if every present record is shattered in the four-way meet.

Shorty has figured that Texas stands a good chance to cop every event except two, and has a fighting chance of sweeping the meet.

CLARK Allen, stellar sophomore speedster, will lead the Orange 400-yard relay team that Alderson is stacking his chips on to whittle three or four seconds from the present mark. Roy Rather, Ben Decherd, and Ernest Noel are the other members. The present record for the event is 4:17.6.

In the medley relay Erwin Du Pre, Roger Ledbetter, and Lon Watkins are hoped to bring home a blue ribbon while shattering the standing time of 3:32.5 for another record.

THE RECORD which may stand is the one minute, nine and three-tenths mark for the backstroke. Du Pre, present holder of the title, has vowed that he will turn in a better race in the Aggie pool though he has yet to beat one minute ten seconds this season.

Texas will be offered their strongest competition in the 400- and 200-yard free style by Chapell, Southern Methodist University ace.

Sinclair, breast stroke artist from A. & M., will probably be forced to better his record to beat Ledbetter of the Steer team.

MOODY PICKETT and Raymond Keller, Longhorn hopes in the diving contest, have a tough opponent in Johnny Knowles, Texas Christian's lone entrant in the meet. Keller, 1932 Texas Amateur Athletic Federation champion, has beaten Pickett, stylist who is diving champion of the T. A. A. F. now, in the last two meets.

Knowles is also a veteran of T. A. A. F. competition, having been twice champion, and once runner-up for junior diving honors.

THE FRESHMAN swimmers start their annual post-varsity season matches Thursday night at Gregory Gym pool in a match with the Austin High Maroons.

Three girls from the high school, members of the Deep Eddy swimming team also, will swim against the frosh tanksters. The femme stars are Mildred Bettis, Marie Johnson, and Mary Henderson. Miss Bettis is one of the State's outstanding women divers.

THE Longhorn coaching staff has a pair of comedians that might rival Nick Altrock and Al Schacht, pranksters of the Washington Senator baseball club.

They are Marty (Martin) Karow and big Tim Moynihan. Long before Maynihan trod the turf of Memorial Stadium, Marty was known for repartee and horseplay. And big Irish Tim is a worthy playmate.

If you like your football with fun in it, there's a three-ring circus conducted over in the big concrete horseshoe where we spend Saturday afternoons each fall.

MISTER Jack Chevigny cracks the whip out in the center circle. He mixes it with the lads, shows them how the game ought to be played, and generally draws the most interest from the crowd of rail-birds.

In the second ring is Tim Moynihan.

### Four Teams Fight For Conference Championship

The University swimming team, including 24 swimmers, Shorty Alderson, coach, and a manager, left Austin this morning for College Station, where they will enter the Southwest Conference meet tonight in A. & M.'s Memorial Pool.

With only two losses for the entire season, the Longhorns are expected to retain the conference championship over S. M. U., A. & M., T. C. U., and Rice. Alderson stated before leaving for the

meet that A. & M. and T. C. U. would probably furnish the real competition for his swimmers, saying that the other schools had good men, but the number of participants are limited, and numbers count a great deal in swimming meets.

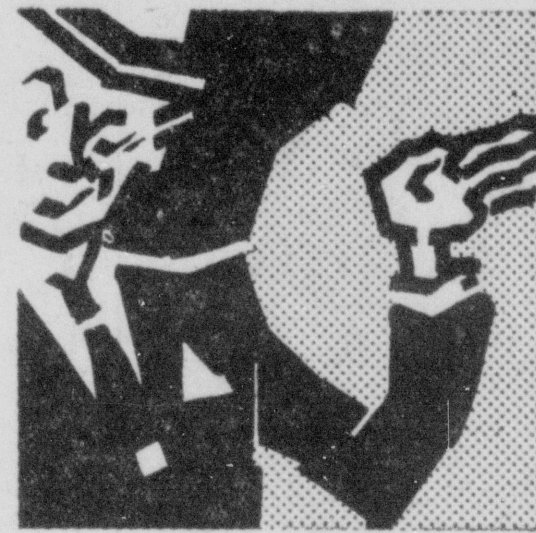

Upon arriving at College Station, the swimmers will rest until noon, when they will all meet in the Aggie dining hall to eat lunch. They will be allowed to do as they please all afternoon, but will report to Alderson at 7:30 o'clock tonight to prepare for the meet, which will begin at 8 o'clock.

A capacity crowd is expected to attend the event, which will be the first conference swimming

meet to be held in the Farmer new pool.

Those representing the University in the meet, and the events they will enter are as follows: 400-yard relay; Allen, Rather, Decherd, Noel; 100-yard breaststroke: Ledbetter, Young, Pickett; 100-yard dash: Watkins, H. DuPre, Nagel, Delgado, McCuiston; 50-yard dash: Watkins, H. DuPre, Nagel, Delgado, McCuiston; 100-yard free style: Allen, McDaniel, Na Thackery; individual medley relay: Old, Delgado, Steele, Nagel; 100-yard free style: Watkins, Noel, Decherd, Bintliff; 200-yard free style: Simmons, Rat Thackery, McCuiston; Div Keller, Pickett, Bintliff.

## Mr. Politician

## You Can't Slap 6,000 Backs

You are the nominee of one of two parties. The combined support of these two parties will not exceed three thousand votes at a maximum. Approximately FOUR THOUSAND VOTES were cast in last year's election.

Your support is based on a machine that builds an opposition as strong as you are.

Your success or failure depends on the judgment of A THIRD PARTY—a third party unorganized, a third party of independent voters.

This THIRD PARTY holds their nomination convention in the columns of The Daily Texan;

This THIRD PARTY will not be swayed by party prejudice;

This THIRD PARTY will vote according to the impressions they have received;

This THIRD PARTY holds your fate in their hands! There is only one way you can reach these thousand voters of the THIRD PARTY—and that is through the columns of The Daily Texan.
