WEAKNESSES IN HIGHER LEARNING NAMED BY WOLFE

Professor Talks to Economics Class on "What Constitutes a Liberal Education"

SAYS MEN LACK TASTE

Urges Collegian to Take Courses in General Literature and Modern Novel

By James Willis Posey

"A liberal education is a course of training which will make an individual free in the environment in which he has to live, it is training which will enable him to know what to do and when," said A. B. Wolfe, professor of economics and sociology, in a lecture on "What Constitutes a Liberal Education" which he delivered yesterday before his elementary economics class.

"What have we to expect from a liberal education?" asked Dr. Wolfe. "A liberal education should give us a variety of interests and tastes, which means that it should furnish us with correct knowledge which leads naturally to appreciation and understanding; it would develop our sense of a awareness; it will make our attitudes critically tolerant and objective and scientific in their nature, which means chiefly that we will have the capacity to face facts."

Develops Individuality

"Since we are inhabitants of a democratic country, it ought to make us independent and self-respecting; since we are members of an industrially organized country it ought to make us co-operative in spirit. It ought to give us some mode of expressing our own peculiar individuality."

Gives Requirements

"If I were asked what constitutes the curriculum of a liberal education," said Doctor Wolfe, "I should say that it would be made up of the following work: there should be at least one full year's work in psychology with a good portion of that devoted to the study of abnormal psychology so that we may each see, by the striking contrast offered, some of the qualities which lie dormant within us; there should be a two-thirds course in genetics and evolution which would give a genetic-historical background for the origin of things and qualities; there should be either two or three years of modern history with special attention given to the history of the United States which covers the period from the time of the Civil War down to the present, and to the modern history of England and Continental Europe; there should be included a course which is not offered here in the University on the 'Evolution and Development of Modern Thought'; such an outline course would not be complete without a course outlining the development and evolution of our political institutions. Government I furnish this and should have as correlated courses a course in elementary law and in international law; such a student should study the field of economic relations and organizations."

Theory of Evolution

"By all means a thorough knowledge of the principles of evolution is necessary for the student who would understand the underlying principles of thought as seen in our modern institutions, literature, and science. That is the foundation of our modern thought is built."

Men Lack Taste

"So far as the development of taste goes, the women have all the 'dish.' Men are gradually going to fields that are vocational in their nature and are permitting the artistic and appreciative side of life to go entirely to the women. For heaven's sake, some of you men risk being called a mollycoddle and take some literature—take G. Lit Jones' course on the Romantic Revolt, and a course or so in poetry. I think, if I were one of you men, I should take a course on the modern novel if I never took another course in the University."

Dr. Wolfe gives a lecture on this subject to each of the elementary economics classes at the end of the spring term each year.

JOURNALISM STUDENTS PUT OUT AUSTIN PAPERS

Staffs Which Worked Last Week on Statesman and American Swap Jobs

Students of the department of journalism are again putting out the Austin American and the Austin Statesman. Yesterday afternoon's Statesman was edited by the staff which issued the American last week, and the morning paper is being worked by the former staff of the afternoon sheet.

The staff for the Statesman last night was: editor-in-chief, Wm. L. McGill; editorial writers, H. M. Roberts, Moran Dunlap, Coy Williams, Helena von Koenneritz; managing editor, Henry C. Fulcher; city editor, W. E. White; telegraph editor, Francis G. Wilson; sports editor, A. L. Hume; society editor, Selwyn P. Sage; copy readers, Elma Gunn and Sarah Shannon; reporters, A. J. Bieter, R. A. Cooper, Carlyle Canady, Allyne Harris, Hal Bourland, L. W. Hartsfield, Ina Williams, Kathleen Baker, Rebecca Hightower, Louise Stevens, Iola Bridges, Ollie Lake and F. J. Crabtree.

The staff of the Austin American for this morning's edition was Lloyd Gregory, editor-in-chief, H. G. Stowell, managing editor; Robert G. Bledsoe, city editor; Ruth Smith, telegraph editor; Jane Worthington, and Clyde Watkins, copy readers; David H. E. Keller, Mamie Drummond, and James Hart, editorial writers, and the following reporters: Edwina Duer, Floyd Stovall, Mrs. M. M. Dopp, Lloyd Dopp, Bernard Appleby, Winnie D. Jackson, Mattie Mike, Harriet Barrickman, Elsie Brown, Anne Maltby, Elizabeth Foster, Mamie Sackett, Margaret Moses, and Lloyd Robde. R. E. McNatt and Kyle Elam served as sports editors.

Women Athletes Will Have Special Spring Event Thursday Night

Songs, stunts, dancing, and awarding of "T's" will be the features of the annual spring event of the woman's athletic department, Thursday night at 7:15. The Women's Gym will be a scene of Texas spirit, with a huge orange T lighting up the group of girl athletes.

Blankets, sweaters, and "T's" will be awarded the girls who have made the required points. The swimming canoeing and archery teams will be announced. The stunts are in charge of Katherine Brougher, and a humorous program has been planned. There will be singing and dancing the rest of the evening.

"T" banquet will follow on Friday night, to which all holders of "T's" are urged to attend. Tickets will be on sale "T" night.

Geology Shark Stumbles Upon Big Discovery

Instructors in the department of geology may have at last found the explanation of a fact that has been evident to them for some time. It has been a matter of common knowledge that geology classes have been overflown by men students since the subject was first entered upon the University curriculum. At the same time the number of women students has been far below the average number that register for courses in the other sciences.

Yesterday a group of freshmen and sophs were overheard discussing the merits and demerits of the study of geology. The fest at length led to questions and answers in search of just why each was taking the course. Various theories were advanced, but at last one deep-thinking member of a fast disappearing freshman class, gave the following solution:

"I signed up for the course, thinking the stuff would teach me something about 'hot rocks.'"

Wonder if the large per centage of male students in geology can be explained by this desire for knowledge of "hot rocks"?

DANCING CLUB TO GIVE TWILIGHT RECITAL TONIGHT

Program Will Be Given on Bishop Kinsolving's Lawn; Proceeds Go to Union

Making its first public appearance, the Dancing Club will present the Twilight Dance Recital tonight on the lawn of Bishop Kinsolving's home at seven o'clock. The proceeds of the recital will go to Student Center. The last rehearsal was held Tuesday night, and it is reported by Mary Washington Ball, director of the club, that everything is in readiness for the recital. All the members of the Dancing Club will appear on the program, which is as follows:

Part I

"In a Japanese Garden" consisting of two dances, (1) "Fireflies" and (2) "Cherry Blossoms and Wisteria."

"Greek Games," consisting of three dances, (1) "The Huntress," (2) "The Games," and (3) "The Hunt."

"A Frolic," including four dances, (1) "Joy," (2) "Punchinello," (3) "Polkette," (4) "Pas de Deux," (5) "Moonlit Opening in the Woods," consisting of 5 nature dances, (1) "Wood Sprites," (2) "Puck," (3) "Fairy Bubble," (4) "The White Moth," (5) "Moon Fairies."

Part II

"Belgium."

"Rainbow Waltz."

"A Fantasy."

Part III

"In Autumn." Accompanist, Isabella T. Powell.

The charter members of the club, those who made the team or the squad in dancing are thirty-five in number. The following new members have passed the try-outs: Hester Anderson, Francis Pitts, Zula McDowell, Ruth Hartgraves, Mary Gullette, Miriam Brown, Georgia Dancy, Daisy Mildred Jones, Elizabeth Skinner and Myrtle Newton.

ELECTION OF BASEBALL CAPTAIN IS POSTPONED

Because of the fact that several members of this year's baseball team were not present yesterday afternoon, neither the election of next year's Longhorn baseball captain nor the group picture of the team came off at the meeting of Coach Billy Ditch's diamond stars.

The letter men from this year's squad will meet again next Thursday afternoon in order to elect next year's captain and have a group picture made.

STUDENT CENTER OPENED IN SHANTUNG BY Y.W.C.A.

Word has recently been received from Miss Nancy Lee Swann, who was sent to Tsinan, Shantung Province, China, by the University Y. W. C. A., that she has opened a student center there. She writes that she has a two-story Chinese house, and has fitted up three rooms on the lower floor for the use of the Chinese girls from the various colleges. This center is proving quite popular, the girls being very much pleased with it.

Miss Swann is now aided in her work by a Chinese secretary, who she says has always wanted to do Y. W. C. A. work, but has never hoped to have the opportunity and is very much elated over her position.

DONATES MAPS

Mr. Miles Grahn, a business man of Austin, has recently loaned to the University Archives Department a number of original maps of Texas, taken from the collection of his grandfather former Gov. E. M. Pease of Texas.

Bolton's Lectures Will Not Be Given

Due to the inability of Dr. H. E. Bolton, professor of American history at the University of California, to come to the University this month the lectures scheduled to be given by him Thursday and Friday have been cancelled, according to Dr. C. W. Hackett of public lectures committee. Dr. Bolton will not appear here at all this year.

The smoker planned by the history department in honor of Dr. Bolton and all other social affairs to be given for him have been cancelled.

Delighted Prof Cashes In On Old Clock Joke

It was near 1 o'clock and the class was sound asleep. The prof droned on monotonously, addressing his remarks to a yawning boy in the front row. Only two other persons were awake in the entire room, and they were kept from their usual midday nap by the knowledge that something unusual and known only to themselves was presently going to happen.

Suddenly it happened. "BTTFITTTT" came a warning clamor of sound from under the bookrest on the prof's desk. The startled pedagogue fell backwards over a chair, and the class sat up and rubbed its eyes. Having been only in a state of somnambulism during the lecture hour, the prof recovered first and gingerly raised the bookrest to see what the cause of the disturbance might be. The two perpetrators of the decidedly practical joke recalled their dear teacher's reputation for sternness, and held their breath.

From under the cover of the bookrest, the prof dragged a jingling clock, and held it at arm's length. Instead of the flaming anger which the two students had feared, a beatific smile of pleasure illuminated his face. "Ah, my dear boys, indeed I must thank you!" he said. "About fourteen years ago some other kind students presented me a clock in this manner, and it is just wearing out. A poor professor cannot afford to spend his meagre salary for clocks. I am more than gratified; I am delighted. I assure you that I shall never be late for class again." Still smiling broadly he took advantage of the general attention which the incident had created to announce a quiz, and went right on with the subject of railroad administration.

County Chairmen for Memorial Union Meet and Plan for Drive

County chairmen appointed to assist in the Memorial Union drive met last night in their appointed rooms and discussed the means for stirring up enthusiasm over the state for the proposed building. Various plans were made, and it was decided that an active campaign will be put on during the summer.

Other chairmen have been appointed and they will meet tomorrow night at places designed in tomorrow's Texan.

PRESIDENTS ADDRESS CLUB

On the Presidents' Day program of the Newman Club, Sunday, five former presidents of the club, all University seniors, spoke on various matters concerning the club. These speakers were: Judson Francis, president 1918-1919; Francis Gerling, 1919-1920; Nell Collins, summer 1921; Meredith Posey, 1920-1921; and Jules Jaccard, 1921-1922.

ALL-STAR GAME

No announcement has yet been made by Coach Billy Ditch as to his pitching selection for the University All-Stars in their game with the American Legion Friday. It is rumored, however, that Manny Ponsford will be in the box.

REPRESENTATIVE BOARD TO HAVE STATUS DECIDED

Last Meeting of Year Elects Officers and Plans for Next Year's Work

In order to determine more clearly its status and map out definitely its duties and functions as an agency of student government, it was decided at the last meeting of the year of the Woman's Representative Board, held yesterday afternoon, to provide for a joint committee to draw up a plan for the activities of the board for next year. This committee will be composed of representatives from the board from the executive council composed of the heads of various women's organizations, and from the assembly.

Pending the report of this committee, temporary officers were elected for next year consisting of Marie Smith, president; Daisy Mildred Jones, vice president; Edwina Duer, secretary; Miriam Gerling, treasurer; and Virginia White, sergeant at arms. Anne Marshall was chosen as censor of the point system for the regulation of participation in student activities, and Porter Lou Calhoun was elected official parliamentarian for the board.

At the close of the meeting, Miss Lucy J. Newton, dean of women, made a short talk, complimenting the board upon its valuable work during the last year, and thanking the members for their cooperation. In reply, a rising vote of thanks was given Miss Newton for his assistance in the work of the board.

Law Department Will Hold Commencement Sunflower Ceremony

As a regular annual feature of commencement in the law department, the sunflower ceremonial will be held this year on Saturday afternoon before Commencement Day. The ceremonial is held each year in honor of the senior law students.

Plans for the feature were made at a meeting of the Senior Law class yesterday afternoon. Judson Francis, of Austin, was chosen at class orator for the occasion.

The ceremony will be presided over by Judge John C. Townes, dean of the law department. Informal speeches will be delivered by prominent lawyers from various parts of the state, in addition to the regular sunflower ceremonial.

BEAUMONT STUDENTS ELECT NEW LEADERS

Members of the Beaumont Club met recently for the primary purpose of electing officers to serve during the fall term of the next long session. Those selected were as follows: Brady Morris, president; Myrtle McLemore, vice-president; Edward Omohundro, secretary-treasurer; Kyle Elam, sergeant-at-arms; and Bascom Funchess, reporter.

SPECIAL CONVENTION RATES

Texas railroads are offering fares reduced by one-third to delegates to the State Convention of the Christian Endeavor to be held in Houston from the 14-19 of June. Lodging will also be furnished the delegates, and it is especially urged that the University furnish a good quota of the attendance.

LIBRARY SCIENCE PICNIC

Due to the recent rise in the Colorado river the students of the Department of Library Science had to give up their proposed picnic up the river to Bull Creek and substitute in its stead a picnic at Deep Eddy at the Business and Professional Women's Clubhouse on Saturday afternoon. Several students from past classes were in town for the event.

ALL ENTRIES ARE IN FOR MENORAH CONTEST

New Prize of \$100 Will Be Offered for Best Essay on Jewish Culture

Several essays dealing with various phases of Jewish culture were submitted in the Menorah prize essay contest which closed May 15, according to Rabbi David Rosenbaum, chairman of the department of Semitics. A first prize of fifty dollars and a second prize of twenty-five dollars will be awarded to the writers of the two best essays on any subject dealing with the literature, history, or achievements of the Jewish people. This contest is conducted each year by the Menorah societies of Texas. The essays recently submitted are now in the hands of the judges, and announcement of the awards for this year will be made in a few days.

It has been announced that a prize of one hundred dollars will be added to the list to be effective during the session of 1922-1923. This will make a total of three prizes, amounting to one hundred and seventy-five dollars that will be offered annually by the Menorah societies to students of Texas colleges.

Christian Endeavor Union Names Officers and Plans for Meet

Members of the Congress of the Austin Christian Endeavor Union gathered Monday evening at the First Presbyterian Church for the last meeting of the year.

Among the features of the meeting, the revision of the constitution and the election of officers were most important. Officers for the coming year were ratified by the congress as follows: Velma Purcell, president; Fairy Juhring, vice-president; Mamie Grey, recording secretary; Wilhaven Moore, corresponding secretary; Pearl McKee, treasurer. The department superintendents elected were: Virginia White, Norman Anderson, Erna Webb, Lucille Hamner and Dorothy Fiegel.

The congress decided that the next mass meeting will be held at the Hyde Park Christian Church with the change in date from June 12 to Saturday, June 10. The new officers will be installed at this meeting.

Definite plans were made for attending the all-State Christian Endeavor Convention in Houston on the dates of June 14 to 19. A special car has been secured, and several are expected to attend this convention.

ACTIVITIES FUND TO BE SET ASIDE FRIDAY

Apportionment of the blanket and budget tax for the session of 1922-23 will be made Friday at 3 p. m. by the committee in charge. This committee is appointed from the assembly by Archie D. Gray, president of the Students' Association; Ira J. Allen, vice president, acts as chairman. In the past the apportionment has been made by the entire assembly.

Those who wish to put in a claim for a change in the share given to their group or organization should do so at this time.

NEXT YEAR PLANS

Plans for the prospects of the Varsity track squad for next season were discussed at a short meeting of all Varsity, Shorthorn and freshmen track men held yesterday afternoon on Clark Field. A short review of the track season of 1922 was given, and Coach Littlefield gave a short talk with regard to proper training for next year.

INITIATION HELD

Initiation was held yesterday by Mu Phi Epsilon, honorary musical fraternity, for Elfleda Littlejohn of Galveston and Winnie Scott Rountree of Mt. Vernon. Helen Rockwell of Austin has recently been pledged.

FINAL CONCERT OF YEAR GIVEN BY GLEE CLUB

Varied Program Is Third Number of Music Festival Week

MEETS GOOD RECEPTION

Mrs. Peebles, Lester Brenizer and Three Pianists Assist in Presentation

By Bill Kendall

Exhibiting a tonal poise and restraint, together with marked ensemble technique, the members of the University Glee Club presented the final formal spring concert last night in the junior high school auditorium under the director of Lester Brenizer conductor. The concert was the third program of Music Festival Week and was attended by a fair-sized audience whose interest was evidenced by frequent encores. Assisting the club were Mrs. Katherine B. Peebles, Katherine Fisher, Mary Elise Mulkey, Nettie Lewis, pianists, and Lester Brenizer, tenor-baritone.

Club Sings Capably

Grouped in an informal fashion about the accompanist, Mrs. Peebles the club rendered "The Miller's Woeing" (Fanning, Oley Speaks "Morning") and "Big Brown Bear" (Mana-Zucca) in a finished manner. The Speaks number received especially meritorious singing, and the climax was thrillingly sung. In the first number of the group of negro spirituals, "Golden Crown" (Gantvoort-Graves), William Camp delivered the solo part sympathetically while the club sang the difficult "I Couldn't Hear Nobody Pray" with much spirit, and Mr. Brenizer voiced Cook's "Exhortation" in an assured style. "The Old Road" (Scott) "When Our Dreams Come True" (Bishop) and "The Song of the Vikings" (Fanning) comprised the final group which went down pleasingly. Mrs. Peebles played accompaniments with sympathy and finish. The quartet sang four humorous songs as encores numbers.

Chopin is Played

Chopin's "Nocturne in G major," as well as a "Cerise" and a prelude were played by Mrs. Peebles with a masterful touch and a pianistic sensitivity to their tonal beauty. The prelude was an evocation of reverberating harmonies tinged with a weird haunting melody. Explanations of the compositions were given by the performer before their playing.

Other Pianists Appear

Miss Mulkey showed sincere study in playing Wagner's "Swan Song" (Lohengrin) while Miss Fischer played "Kammenoi-Ostrov" (Rubinstein) with poise and reserve. Miss Lewis executed delightfully the Croisee "Prisoner and the Swallow."

Brenizer Sings

Resonant in the singing of his songs, Mr. Brenizer displayed a tenor-baritone which he used with discrimination and restraint. Particularly suited to his voice was the Campbell-Tipton "Crying of the Water" whose high-flung beauty and natural grandeur he ably interpreted. Other songs sung were Spross' "Minor and Major" and Curran's "Rain." Mrs. D. E. Woods played able accompaniments.

Mrs. Peebles will present her pupils in two concerts tonight, the first program to be given at 6:45 o'clock and the second at 8:30. The following performers are to appear: Mildred Hughes, pianist; Mary Belle Granger, pianist; Nell Baker, contralto and William Camp, tenor.

NO ROUNDS ARE PLAYED IN TENNIS TOURNAMENT

No rounds in the all-University tennis tournament were played off yesterday afternoon. The scheduled matches were postponed until today on account of the necessary absence of several of the players who are still in the running. The semi-finals in both singles and doubles will be played on the Varsity courts at 6 o'clock this afternoon with some good-quality matches promised.

SWAT THE HIGH PRICES

Students at the University of Oklahoma seem to have hit upon a solution for a problem that is common to this part of the world too—unduly high prices. The particular cause of commotion in this case was the exorbitant price demanded by some of the dance halls in Norman for the use of their floors by student dances; and the method of remedy was simply student co-operation. A fair price committee was formed to represent the various elements in the university. This body fixed what it considered a fair maximum price for the use of the halls and asked the managers to agree to the schedule. Two refused to do; a ban was placed on them; all dances which had been scheduled there by student organizations were changed to other quarters; and the war was on. Within a month both halls had capitulated. The Oklahoma Daily is enthusiastic over the results and wants to see the plan spread to necessities in addition to luxuries, with the student motto something like "When you see a high price—hit it." An editorial in the paper goes on to say, "Sooners may materially reduce their living expenses and at the same time a fair price may be secured by the university and city community for student recreation and student necessities. Enthusiastic student co-operation will work wonders." It might work wonders in Austin too.

THE HIGHEST HONOR

Were men students to be called on to name the reward for merit given in the University which they would choose above all others, the chances are that a vast majority would vote for a Varsity "T". It is consequently no small congratulation that is to be offered to the latest list of men, the last of the year, to be awarded the coveted letter in baseball, in track or in tennis. Winning a letter is a reward for definite work done in the limelight. Those two facts combine to give to the honor its peculiar worth.

AS REGARDS FILLING SPACE

We wish to remind you first and foremost, dear reader, that we are not writing this to fill up space. A certain charge was ushered out of the vocabulary of some fair student last week that we wrote a certain article just to fill up. Far be it from us to commit such a crime—whether had we let it go blank. In fact, our line of hot air for our Weekly Effort is always out of proportion to the percentage of advertising.

All of which reminds us that we often think the world resembles a newspaper. It had to be filled, so the good Lord placed quite a few extras here just to fill up space. These fillers are

always labeled. You can see them stalking about each day. They are easy to pick. The word "filler" is written all over their character.

Have you learned yet to judge a "filler." * * *

"Fillers" have some very distinguishing characteristics. They look blank and are blank. Their countenance expresses no personality, no determination, and no ambition of any sort. They are in the world without a purpose. They are the wishy-washy type, swept hither and thither by every little gale that blows. They have made no plans for the future, and do not intend to; their future is an absolute blank. "Don't care" is their motto. "I should worry" is their choice expression. In fact they are just here because they are here. They do not know why; neither does anyone else.

Are you a "Filler?"

—Baylor Lariat.

WITH THE LAST GASP

With the appearance of the spring term examination schedule comes the last chance of the season to kick against the institution of finals, as has been done several times this year already. In spite of all that happened during the year, in spite of the fact that we have steered clear of the dean's office, in spite of (perhaps because of) the hot weather, we still wish to register a feeble protest with our dying breath against the system. Not that examinations are altogether wrong; but as given they are altogether inadequate for what they are supposed to do.

Executive Congress of City Union Will Revise Constitution

Meeting in regular session Monday evening at 7:30 o'clock in the First Presbyterian Church, U. S. A., the congress of the Christian Endeavor Union will revise the constitution of that organization. In addition nominations for officers and department superintendents will be discussed.

Those who have the right to discuss and vote at the congress meeting are the officers of the City Union, the president, secretary, and one elected delegate from each society in the Union.

CHRISTIAN ENDEAVOR PICNIC IS SCHEDULED

In accordance with plans made at a meeting last Sunday, members of the Highland Christian Endeavor Society will go on a picnic next Saturday afternoon. The Endeavorers will meet at the Highland Presbyterian church at 3 p. m. and will be taken to the selected spot in cars. The ladies of the church will be responsible for the lunch.

PRE-MED BANQUET DATE CHANGED TO SATURDAY

Members of the Texas Pre-medical Society will assemble for their annual banquet at the Cactus Tea Room Saturday night instead of Friday as was previously announced. The president requests that all members expecting to go to the banquet give their names to him. A large number of former members from Galveston are expected to be present.

It will be the last meeting of the year.

CHAPEL NOTICE

Mr. Wharton, continuing his talks on faith, took as the basis of his remarks yesterday, the incident of Jesus talking to the woman at the well when he told her about the water of life. When she repeated her experience with him to the people of her village some believed but others later believed because they saw and heard him.

Many of the prejudices which we have against religion are due to unwise parents, pastors, or churches that substitute creeds for faith as a road to truth. Religion is not a fixed program for one to accept in youth and abide by without growth.

There is nothing wrong with doubt; there is no growth without doubt; the danger is in staying in a state of doubt.

Faith is the pathway to truth in discovery, in science, in social problems, in business, in religion.

THEATERS

Hancock

After seeing the "Orphans of the Storm," showing at the Hancock, "forgetting it" is a difficult thing. The picture is so real, follows the stirring historical scenes of the era of the French revolution so closely, portrays so graphically the sufferings of the poor, and the terrible Reign of Terror, that one is left so filled with emotion that finding sane and sensible words of expression is not an easy thing.

Lillian and Dorothy Gish are featured in the production. The picture is based on the "Tale of Two Cities" and Carlyle's "French Revolution" more than any other historical facts, and as the grand finale comes with the stirring ring of the "Marseilles," if one can see it and not feel the need of wanting to get out and calm down, he is a strange and unimpressible human being.

Texas

Not since the days of popular priced melodrama has the theatre-going public seen a more spirited play of action and excitement than in this new Conway Tearle production, "Shadows of the Sea," which is the third of the star's second series of Selznick Pictures at the Texas today and Thursday.

In this picture Mr. Tearle plays the part of Captain Dick Carson, a gentleman adventurer, a sea rover, a man of really high ideals and education who gets his thrills in life through the seemingly harmless defiance and certain maritime and government laws that have to do with the transportation of contraband goods.

While this illicit form of trading is the basic background for the story and provides more than its share of the action in the piece, there are numerous side plots that produce a full measure of love interest and romance, to say nothing of the many splendid character portrayals presented during the progress of the story.

OFFICERS ARE CHOSEN FOR JOURNALISM FRAT

Following the initiation services for the newly elected members, Sigma Delta Chi, honorary professional journalistic fraternity for men, Sunday afternoon held its annual election of officers to serve for the coming year. The following men were chosen: Carl H. Swartz, president; Maurice Angly, vice-president; Maurice Crain, treasurer, and Moran Dunlap, secretary.

Boys, let's have lots of fun this summer! Study woodcraft, trees, plants, birds and flowers in the great outdoors. The open air, the woods, the streams, the fishing, the boating, swimming, outdoor sports, and the military drill will make you sound, sturdy, erect and vigorous. Systematic study from 5th to 11th grades, inclusive; English and mathematics stressed; commercial subjects taught; studies made up—all under UNIVERSITY MEN.

Summer School From June 6 to August 4
WRITE FOR PARTICULARS NOW

MAY ALCALDE IS NOW OFF PRESS WITH MANY INTERESTING ARTICLES

Texas Rhodes Scholar Writes on "Bolshevism and Bath Tubs"

Containing an outline of ex-student commencement plans, a memorial to Mrs. Hugh Davis, and numbers of letters from ex-students, the May issue of the Alcalde is now off the press.

Bob Field, who received his M. A. here last year and who is now a Rhodes Scholar at Oxford from Texas, writes on "Bolshevism and Bathtubs," relating amusing customs of the Britishers, and denying "that the average Britisher enjoys a larger measure of freedom than a citizen of Texas."

The memorial to Mrs. Hugh Davis was written by Floy Soule.

The last of the delayed March 2nd letters from ex-students are published. There is also a long poem on "Texas," by Robert Lyon Batts, '86.

Other regular features are included in the number.

CARNEGIE FELLOWSHIP AWARDED EX-STUDENT

Miss Frances Roma Evans of San Antonio, who attended the University during the year 1918-1919, has been awarded a fellowship by the research bureau of Retail Training at Carnegie Institute of Technology, Pittsburgh, Pa.

This bureau is operated on a co-operative basis with seven of the largest stores in Pittsburgh as contributors to its support with yearly appropriations.

Miss Evans attended the University of Texas in 1918-1919 and graduated from Newcomb College of Tulane University in New Orleans with the degree of B. A. Miss Evans will take up her work at Carnegie Tech in September.

Scandinavian Outing

The members of the University Scandinavian Society will have their annual outing Thursday afternoon, at 5:30 o'clock at Deep Eddy at the Business and Professional Women's Club house. The honor guests at this outing will be the three seniors of the society, Nannie Ray Baker, Jessie Anderson and Oscar Ericson.

Faculty Club Barbecue

All members of the University Faculty Club with their families will enjoy an old-fashioned "barbecue" accompanied by music, songs, dancing and swimming, next Saturday afternoon at five-thirty o'clock at Barton Springs. The entire program is under the direction of Richard Corner, who asks that all members and their families be present at the University Faculty Club house at 5 o'clock, that those now having cars may be provided with some means of transportation.

Kappa Delta entertained on Tuesday with a rainbow tea at the chapter house. The rainbow scheme was carried out in various pastel shades of tulle and in the organdie dresses of the hostesses. Favors were tiny corsages of sweet peas. About fifty guests were served with rainbow ice cream.

Mr. Eugene Prather and Judge Miller of San Saba were visitors in Austin yesterday. They were in town for the purpose of consulting the records of the Archives Department of the University.

La Tertulia will entertain its old and new members with a picnic Thursday evening in East Woods. As this will be the last meeting of the club this year, initiation will be held for all the new members.

The marriage of Frederick Carl Goeth to Zelma Beatrice Halm has been reported. Mr. Goeth is a graduate of the Law Department of the University.

Dorothy Fetzer has returned to her home in San Antonio after a week-end visit with friends in the University.

Miss Bertha Whitaker who has been visiting her sister, Frances, at Lubbock Hall has returned to her home in Seguin.

Mr. and Mrs. C. M. Brown of Dallas are visiting their daughter, Dorothy, at the Delta Delta Delta house.

Anna Mary Kavanaugh and Matthew Kavanaugh have been called to their home in Terrell on account of the illness of their mother.

Dewey Smalley has gone to Georgetown to attend the funeral of his brother.

Madeline Blocker has returned to her home in San Angelo, after a visit at the Phi Beta Phi house.

Helen McCarty of San Antonio was the guest of Anna Mary Kavanaugh for the week-end.

Adelene Dashiell has returned to her home from P. and S. hospital.

Susie Taylor who is at Seton Infirmary is reported doing well.

Aristo Howells has returned from a week end trip to San Marcos.

Jesse Walker has returned from a visit to Houston.

Barnard College Committee Proposes Ideal Curriculum

Aiming to synthesize the courses presented to freshmen, so that students may get at least a suggestion of the whole field of human knowledge, and secure an idea in the first two years of college work of the diverse fields open to students in order that arrangements of courses may be made for intensive work in the latter years in college, the Curricular Committee appointed by the Students' Council of Barnard College, has constructed an "ideal" curriculum. The proposed curriculum, which is outlined in The New Student, fortnightly publication of the National Student Forum, issue of May 17, aims to correct present faults in college curriculums; and to present points now neglected.

The "ideal" curriculum proposes five required courses in the freshman year. It includes a course in the history of mankind, designed to bring out the chief aspects of man's relation to his environment by tracing present conditions and tendencies to historic processes. A course in the introduction to human biology and psychology would also be required in the first year, as well as a course in general mathematical analysis. The latter may be postponed until the sophomore year by language majors, who may substitute a language course in the freshman year.

English is Required

English literature would also be required for first year students except for natural science majors, who can substitute a course in the field and postpone the English course until the sophomore year. The aim of this course is to present literature as an aspect of life, with the emphasis on subject matter

rather than on technical or historical problems. Development of writing technique in freshmen is proposed through a course in the technique of expression.

Sophomore Courses

In the sophomore year, the "ideal" curriculum includes: a laboratory course in either chemistry, physics, botany, zoology, or geology; an introductory course to economics; and a course in either European history, American history, or comparative government. A course in either history of philosophy, introduction to philosophy, or a three-point philosophy course, or a course in the Fine Arts Department is also a requirement in the second year.

Junior and Senior Years

As provided by this outline, all requirements shall be passed off early in the college course. By the junior year a student shall have a knowledge based on actual experience or the several departments, and will be able to choose major subjects on the basis of experience. During the junior year, a student would have not more than one required course. Greater intensification is aimed at in the proposal that the number of courses taken be reduced to four or less, provided extra work is done in connection with these courses. Credit for research and for organized seminars would be given under the major professor in the senior year.

Language Test Provided

The language requirement is to be passed off by the end of the junior year. In stead of an oral examination, the student shall be required to give evidence of having attained enough proficiency in either German or French to be able to read a specified amount in connection with the major subject.

Questions on Athletics

(Any question relating to athletics left in the Texan office in the Main Building will be referred to a member of the athletic staff for answer.—Editor.)

Q. Mr. Bellmont: Please explain the number of letters given in basketball. How many men received letters in the past? Isn't eleven about the record?

A. All awards were based on definite rules passed by the Athletic Council in 1920, except the award granted Tom Dennis on special merit. Nine letters were given in 1921, and nine in 1920. —L. T. Bellmont.

Q. Who controls the use of the Ford that bears the name "Athletic Council?" Is it for the Council or Director?

A. The Council controls the use of the car. The car was purchased for the use of the Director and members of the staff. —L. T. Bellmont.

Q. Who checks the finances over the Director?

A. All monies are handled by the auditor of the University. —L. T. Bellmont.

Q. What are the duties of the Athletic Director and why are they indispensable? (Chance for lots of argument, but why couldn't W. J. D. do them with the aid of a \$100 stenographer and a \$100 bookkeeper?)

A. The duties are outlined by the University authorities in writing and ratified by the Council. The position of director was created and authorized by the Board of Regents in 1915. —L. T. Bellmont.

LOOP ELECTED CAPTAIN ON 1923 TRACK TEAM; POINT SCORES GIVEN

With the election of Tommie Loop of Stamford as captain for the 1923 track team yesterday afternoon the affairs of the University track team for the present year were brought to a close. Loop is a third-year man on the team. He held the conference record in the two-mile run at 10:06 2-5, which he made last year, until Trout lowered it this season. He was used principally in the one-mile run in the meets this spring. He is a student of business administration.

Varsity Has Good Record

Varsity's record was, as a whole, very good this year. Second place in the conference was won, as against fifth place last year. A majority of all meets went to Texas, and in no meet except with Illinois did the Longhorns find themselves greatly outclassed. A new record was established when a Varsity runner, Trout, made the two mile in 10:04 3-5.

Strong in Quarter Mile

First and second places in every meet except that with the Illinois were taken in the quarter mile run by

Texas men. Only in the conference and Illinois meets was the Longhorn relay team defeated. Stinnett, a small man, weighing but 120 pounds, showed a great improvement over his previous form. Stinnett this season defeated every man who had beaten him before in the sprints. He is expected to be one of the best of Varsity sprinters before he leaves the University.

New Three-Letter Man

Bully Gilstrap of Granger, by winning his letter in track, becomes Texas's only three-letter man for this year. Gilstrap's other letters were given in football and basketball.

Work was handicapped this year by the ineligibility of Thames, Baranore, and Youngblood, all of whom were strong in various events. It is thought that each of them will be eligible for the 1923 season.

The record of each man on the team, with points scored in each meet follows. It will be noted that Texas' total score is 340 1-4 to 377 for all opponents. Exclusive of the Illinois meet, the Longhorns rolled up 324 points to opponents' 210 1-4.

Freshman Commission Will Meet Friday for Last Time This Year

Freshman Commission girls will hold their last meeting Friday afternoon at 5 o'clock in the Y. W. C. A. reading room. According to the action of the convention, it has been decided to have the freshman convention next year, also to establish the sophomore convention.

At this meeting the method of election will be decided upon as well as the number of girls eligible to serve on the sophomore commission who have been engaged in the work the past year. Only those girls who have done exceptionally well will be considered.

TENNIS SEMI-FINALS ARE PLAYED BY GIRLS

In the semi-finals of the women's tennis tournament for the gold and silver racquets held yesterday afternoon, Harriet Brush defeated Dorothy Young in the first match, 6-1, 6-3. Virginia Mantor won over Doris Cook in the second match 5-7, 6-3, 6-4.

The finals will be played this afternoon at 5 o'clock on the women's courts.

BELLMONT CUP WILL BE AWARDED TRACK CHAMPION SATURDAY

R. H. Sapp Now Holder of Cup
Given to Best All-Around
Track Champion

Next Saturday the athletes of the University will compete for the Theo Belmont Cup, which is given each year to the best all-around track champion. Last year the cup went to R. H. Sapp.

The cup will go to the man piling up the highest number of points in the following events: 75 yard hurdles, 75 yard dash, pole vault, shot put, broad jump, high jump, and 380-yard run.

An extra large number of men are expected to try out for the Belmont Cup; those desiring to enter in the championship competition must hand in their names to Coach Clyde Littlefield by Wednesday in order for their eligibility record to be looked up. Before anyone can participate in the classic athletic event of the year, he must satisfy the scholastic standing required of a Longhorn athlete who is taking part in inter-collegiate sport.

Canoeing Practices Reduced; Banquet Is Planned By Council

At the meeting of the Woman's Athletic Council Monday night, it was definitely decided to cut canoeing practices for the team to sixteen, on account of the rise in the river, which made it impossible for the girls to make twenty practices. The head-in landing for the team was also omitted, and will not be included when the final count is made to determine who will make the canoeing team.

The names of the girls who make the swimming, canoeing, tennis, and archery teams will be announced Thursday night, at the last W. A. A. meeting of the year. Plans were made for the "T" banquet, which will be held Friday night for all girls who have made a 400-point "T". It was also decided that "The Sports Girl," the W. A. A. official paper would be put on sale Friday morning.

RITCHIE IS SENIOR IN SIGMA DELTA PSI

George Ritchie of Mineral Wells, a junior law student, is the first man to make senior standing in Sigma Delta Psi, honorary athletic fraternity this year. Walter C. Goddard of Austin has completed all requirements except the swimming test.

DELTA TAU SWIMMERS CAPTURE WATER TITLE

Winners Pile up High Score;
Ragland Is High
Pointer

Finishing up the year in interfraternity athletics, the Delta Tau Delta swimming team took the interfraternity water meet with ease yesterday afternoon. Piling up a total of 37 points, the Delta Tau's finished far ahead of their nearest competitors, the Delta Kappa Epsilon aquatic team which was only able to capture 10 points in the meet.

The Delta Tau's, though not taking every first place in the seven water events, took a majority of the first place honors and placed in practically every event that was run off. Alphonso Ragland was high point man of the afternoon, showing up especially well in the dives for the winning team. George Pendergrass and R. P. McClure also did well for the Delta Tau's.

Friday afternoon at 4 o'clock the several departments will compete at Deep Eddy for aquatic honors. A. L. Ahrens has direction of all the water intramural sports.

BASEBALL MEN AWARDED GOLD FOUNTAIN PENS

Members of the champion Longhorn baseball team will receive gold fountain pens from Ed Rather, the manager of the University Co-Operative Society, and gold baseballs from the University Athletic Department.

The following will receive these special awards: Coach W. J. Disch, Capt. Bus Gillett, Rube Leissner, Jim Nowlin, Emmanuel Ponsford, George Johnson, Arthur Allen, Herman Odom, Enoch Dunaway, Joe Ward, John Muleahy, Ed Garson, Bill Boyd, Hugo Auler, Oscar Eckhardt, Kenneth McCalla, and Moulton Cobb.

Hogg

The Hogg Debating Club met last night in the final meeting of the year and brought to a culmination the activities and issues of the season. An election of the officers for the fall term of next year was held with the following results: Hobart Nelson, president; Gordon Nowlin, vice-president; H. A. Brautigam, secretary; Moulton Cobb, treasurer; Chas. Wilson, reporter; and Lesley Cooper, sergeant-at-arms. The meeting was concluded by an appeal by Cecil Chamberlin to the members of the club to give their cooperation to those who are in charge of the work for the erection of the Memorial Union Building.

Athenaeum

In the election of officers at the final meeting of the year of the

Athenaeum held last night the following were chosen. President, J. P. Ellis of Saginaw; vice president, E. J. Walker of Kosse; secretary, L. N. Rutledge of Austin; treasurer, R. R. Donaghey of Chandler, critic, H. J. Yarbrough of Chandler; reporter, M. O. Rogers of Canadian; and sergeant-at-arms, J. H. Schleyer of New Braunfels.

The three representatives of the Athenaeum in the Inter-society debate, Beard, Cox, and Rogers, were honored by a standing vote by the society in appreciation of their ability as debaters.

Reagan

The patronesses of Reagan Literary Society will entertain the members and alumnae with a party at the home of Mrs. Lula M. Primer at 2907 Rio Grande Street this evening from 7 to 10 p. m.
