

MRS. I. D. FAIRCHILD
615 NORTH RAQUET STREET
LUFKIN, TEXAS

June 10 - 1946 -

Dr. H. B. Sturges -
University of Texas at
Austin -

Dear Dr. Sturges -

I am in the Bureau ^{now} of today
when a very deserved recognition
of the excellent work that you
are doing has been given you,
it is very pleasing to me when other
people recognize the ability of
members of the University faculty -
Of course I think they are tops.
I remember the interest and splendid
co-operation you gave when the
Museum was under construction,

MRS. I. D. FAIRCHILD
615 NORTH RAQUET STREET
LUFKIN, TEXAS

I see also when you are
making a study of fire clays
in East Texas. We have a
small acreage near Nacogdoches
that contains some clay which
is supposed to make unusually
good fire bricks. If you are
over this way, give me a ring
and I will be glad to show this
clay to you or can send some
to you if it would add anything
to your study -
Again I congratulate you on the
Pamper won -

Sincerely

Mrs I D Fairchild
