

# The University of Chicago

Walker Museum of Paleontology

REPLY TO THIS COMMUNICATION SHOULD  
BE ADDRESSED TO THE UNDERSIGNED AT  
WALKER MUSEUM, THE UNIVERSITY OF CHICAGO

CHICAGO, March 4th, 1942.

Dr. H. B. Stenzel,  
Bureau of Economic Geology,  
The University of Texas,  
Austin, Texas.

Dear Dr. Stenzel:

I am engaged in the task of studying the fauna of an early Tertiary formation of Colombia, South America. For this purpose, I would like to know if there is such a publication on index fossils of the Tertiary of the Southern States. Also, if any attempt of correlation has been made between the faunas of the northern and southern areas of the Caribbean region. It would be most interesting to know the place of publication.

I am asking you the attention of the precedent information, at the suggestion of Dr. Carey Croneis of the Department of Geology and Paleontology of this University,--

Thanking you in advance your kindness, I am,

Very truly yours,

  
Gilberto Botero.
