Dr. H. E. Vokes
The American Museum of Natural History
Seventy-Seventh Street and Central Park West
New York, New York

Dear Dr. Vokes:

Please accept my thanks for the reprints of
"Around the War to Syria and Lebanon" and "Paleo-
ecology of the Fauna of the Domengine Formation,
Middle Eocene, California." I have read both
papers with very great interest.

Cordially yours,

H. B. Stenzel, Geologist
