Dear Sir:

Thank you very much for the copy of your recent publication "Nuevas contribuciones al conocimiento de la Paleontologia de Mallorca", which you were so kind to send me. I appreciate greatly your continued interest in sending me your publications.

I am at present greatly interested in the family Ostreidae and have to contribute an article on that family for the forthcoming volume on Pelecypoda of the Treatise on Invertebrate Paleontology. Do you have any interesting and well preserved Ostreidae, fossil or recent? For instance Ostrea cochlear Poli from the Mediterranean.

With best regards,

Very truly yours,

H. B. Stenzel
