

DISCHMEN PLAY FIRST GAME OF SEASON TODAY

University Nine to Clash With Austin All-Stars on Clark Field

University of Texas students will have their first opportunity of the year seeing the Longhorn baseball team in action when the Orange and White plays the Austin All-Stars on Clark Field this afternoon at 3:00 o'clock. Varsity students also will have the privilege of seeing such major league performers as Rip Collins, the best young pitcher in the American League; Big Falk, the former Longhorn star who made an auspicious debut in the uniform of the Chicago White Sox last summer; and Frank Gibson, one of the most brilliant catchers ever graduated into the majors from the Texas League. No admission will be charged.

Leissner May Start

"I have no idea as to who will start the game for the Longhorns Tuesday," stated Coach Billy Disch yesterday, "but I expect to use every player on the squad during the contest." The veteran coach said that he might start Rube Leissner on the mound. And his pitchers for the remaining innings would be selected from Bus Gillett, Dudley English, Kenneth McCalla, and Bartlett Mellan. Mavey Hart and Arthur Allen will share the backstop duty. Howard Fitzgerald and John Mulcahy will be used on the initial cushion. Captain Dudley English will likely be seen at second during the first part of the game, while Joe Ellis will defend the short field. Other infielders who may be given a chance to display their wares are Jim Nowlin, George Johnson, Alex Cox, Sawnie Robertson, Allan Sanford, and Herman Williford. The meadows will be inhabited by Paul Knibb, Enoch Dunnaway, Hugo Auler, Robert Thomas, Jack Black, Lawson McKinney, Charlie Veltman, Paul Moore, Steve Sellah, and Jim Faulkner.

"Rip" Collins to Pitch

Roy Fruth, the captain of the Austin All-Stars, has not announced his line-up. However, it is known that Rip "Two-Gun" Collins and Frank Gibson will compose their battery when the umpire calls "play ball." It will be a real treat to watch Collins pitch. He possesses as much speed as any other twirler in the big leagues, and continuously keeps the batter guessing as to what to expect next. Dick Whitworth, a Houston pitcher, will hurl the rest of the game. First base will be occupied by Bib Falk, the same position that he filled in a masterful way last year while cavorting in the spangles of the Longhorns. Roy Fruth, a minor leaguer of many years of experience, will play the keystone bag. Chester Fortier, a former University student, who recently signed with the Dallas Marines, will be stationed at the hot corner, and it is said that Arthur Falk, a brother to Bib, will be seen at short. The outfielders will be picked from Cedric Durst, Gardner, Henninger, "Hog" Morris, and Whitlock.

Tight Game Expected

Although this is rather early in the season to stage a baseball setto, it is believed the game will be well played and closely contested. The Longhorns have been practicing for more than a month, while most of the All-Stars have been given an opportunity to take their bats out of pickle and to exercise their arms. The Varsity infield with the exception of first base, and its entire outfield, may appear stronger than that of the Fruthmen, but the latter's exceptional battery men more than counterbalance other weaknesses, and so a good game may be anticipated.

BARBECUE MAY BE GIVEN MARCH 2ND FOR LEGISLATORS

Citizens' Committee to Decide Today Whether University Campus Will Be Used

Students' Committee submitted plans to the citizens of Austin Monday afternoon for a barbecue to be given for legislators, citizens of Austin and students, on the University campus on March 2. The plans are being considered by the Citizens' Committee and their decision will be made public today at noon.

The proposal made by the committee of students was for the citizens of Austin to furnish the necessary funds with which to finance the barbecue, and for the student body to supply all the necessary service, mechanics, management and other essentials. The citizens of Austin were planning a barbecue for the legislators on March 2, and had already made headway in raising funds to cover the expense. Camp Mabry was contemplated as a possible place for the occasion.

As submitted Monday afternoon the plans of the Students' Committee provided a full day's entertainment on the campus for the legislators, in addition to the barbecue. Benton Morgan, president of the Students' Association and who submitted the plans to the Citizens' Committee, was of the opinion Monday night that the plans would be accepted as proposed.

If the Citizens' Committee decide to have the barbecue given on the campus, the holiday celebrations on March 2 will follow this program: Cannon Salute and Hoisting of Flag—9 a. m.

Program at Speakers' Stand—10 a. m. Pushball Contest—11 a. m. Barbecue—Afternoon. A. and M. Basketball Game—7 p. m. Alumni Formal Reception for Legislators—9 p. m.

The committee of students in charge of the celebration is composed of the following: Archie Gray, chairman; Charles Harritt, Frank McGehee, John K. Weber and Benton Morgan.

Dean Benny Gives Out Number Failing In College of Arts

Figures given out from the office of Dr. H. Y. Benedict, Dean of the College of Arts and Sciences, show that the number of "bustees" at the mid-term examinations of the winter term are approximately the same as that at the corresponding time last year. At the mid-term 762 students were reported to the Dean's office, as against 774 last year. 235 students have been summoned to the Dean's office in the College of Arts and Sciences, as against 222 last year.

Of those making one E, there are 415, against 449 last year. 103 students made one F, while 113 made the same grade in 1920. Ninety-six made two E's, against ninety-five last year. Seventy-five made one E and one F, as against only fifty-five last year. Only fifteen made two E's, balancing against sixteen of last year. Twenty students made three E's, against sixteen last year. Eleven students made two E's and one F, against seventeen of last year. Seven students received one E and two F's, balancing evenly against seven of last year. No students made three F's either this year or last year. Eight students received the doubtful honor of being reported with four E's or F's, against five last year. Two unfortunates this year made five failing grades, against only one last year.

FRATERNITY HOUSES TO BE ON S. M. U. CAMPUS

Fraternity houses at Southern Methodist University of Dallas will be located on the campus, according to action of the executive committee of the university last week. This was following an advisory report of a faculty committee.

ACADEM STUDENT LOSES LIFE BY ASPHYXIATION

Eugene M. Dick of Port Arthur Is Victim of Gas Heater Fumes

Eugene M. Dick of Port Arthur, twenty-six year old sophomore academic student of the University, was found dead in the bathroom at 2308 Guadalupe street, where he roomed, yesterday afternoon at about six o'clock. It is thought that Dick's death was caused by the inhaling of gas fumes.

The body was discovered about forty or fifty minutes after Dick went into the bathroom. Although the exact circumstances attending the accident are not known, it is thought that he lighted the gas water heater and on later returning to the bathroom was overcome by the fumes which had collected in the room. A bruised place on Dick's head indicates that he was probably overcome suddenly and fell to the floor. The heater was still burning when the body was found.

As soon as the body was discovered emergency methods were used in an attempt to revive the young man. A pulmotor was also used without effect.

During the war Dick was seriously gassed while serving at an army instruction school, that accident leaving his lungs in bad condition. At that time he and two companions were working in a gas pit when by mistake the pit was closed up and the gas turned on. His two companions were asphyxiated while he barely escaped.

Although the bathroom was filled with gas fumes when the body was discovered yesterday, it is thought that Dick's condition resulting from his formerly being gassed was a factor in the accident.

The body of deceased was taken to a local undertaking parlor to await instructions from relatives. His parents at Port Arthur were notified last night of the accident.

Dave Frank Speaks To B. A. Students About Cotton Fluctuations

Speaking before students of the Business Administration department, Mr. Dave Reed, connected with cotton exporting industries, declared that the difficulties of marketing the present surplus cotton were enormous. Before the war the price was the only thing to consider, but now freight rates and market fluctuations enter into the affair.

Freight rates before the war were 45c per lb., before the armistice they were \$11.00. One shipment was delayed by the conscription by the government of the ship carrying a large consignment of cotton.

The problem before the financiers now is to devise some machinery of International Exchange so that the surplus of cotton which is causing such bad conditions for the growers, may be moved to the countries of Europe that need it. Mr. Reed does not see any immediate prospect of a solution, and if a normal crop of cotton is raised, he thinks that the price of sale will be even less likely to pay for the price of production.

UNIVERSITY LANDS ARE BEING DRILLED FOR OIL

Oil wells being drilled upon lands of the University in West Texas are at present receiving considerable attention. The Hueco Basin Oil Company of El Paso is drilling upon Varsity lands in Hudspeth County. Wells are also being drilled on lands in Crane County.

The well in Hudspeth County is receiving considerable attention. The drilling has been a slow process, and has so far cost about \$135,000. The hole is about 2500 feet deep, and while no oil sand has been encountered, geologists who have examined and reported upon the structure, express the oil will be discovered in paying quantities.

COMMITTEE AGAIN POSTPONES ACTION ON EXPANSION BILL

No definite action was taken by the main appropriations committee of the House of Representatives, which met in executive session last night to consider the sub-committee's University of Texas expansion bill. It was decided to postpone further action until later in the week, and the committee adjourned subject to the call of the chairman.

It is understood that the committee was not satisfied with the options secured on the land adjoining the campus. Many of these places are home-steads, and some members of the committee expressed the opinion that the deeds to the land should be executed and placed in escrow before the bill is passed by the house.

The bill as presented to the committee provides for the addition of approximately 100 acres to the present campus, this addition consisting of a strip one block wide, north of the campus, and more land east toward the Cameron Road. Approximately \$1,000,000 is appropriated to purchase this land, the appropriation being based on the estimates and options furnished by the committee of citizens of Austin. The options cover about 98 per cent of the proposed addition.

Chairman Lee Satterwhite of the appropriations committee expressed the opinion that the committee would again consider the proposition about Thursday or Friday of this week, and not wait until the general appropriations bill is disposed of.

CURTAIN CLUB TO INTRODUCE STAR

Fred Scott, Formerly of Northwestern to Appear in "Mrs. Dane's Defense"

Those who were so fortunate as to witness "The Man in the Stalls" which was produced with two other one act plays by the Curtain Club just before the Christmas holidays, will be familiar with the name of Fred Scott. To those who saw him in his excellent work as Hector Allen he needs no introduction.

Mr. Scott is a comparative newcomer here, but he comes sustained by a reputation of being a dramatic star of the first magnitude at Northwestern University where he previously attended. He has played prominent parts in such big college productions as "Stop Thief" and "Within the Law," the latter of which plays having been played by Northwestern University of Chicago at the Garrech Theatre for six nights to capacity houses.

Scott Has Difficult Role

Mr. Scott has been cast as Mr. James Risby in "Mrs. Dane's Defense," a rather difficult part to play, James Risby having been an attaché of the English Embassy at Vienna, and representing the highest dramatic development of the easy mannered Britisher. But we can look forward to an excellent portrayal of the role by Mr. Scott. The manner in which

(Continued on Page Four)

Narrow Pointed Shoes Passe On Varsity Campus

Very old-fashioned and out of date is the Co-ed who appears on the campus in the narrow, pointed toed shoes now a days. February 15 was set as the latest date when all girls taking gymnasium work for credit, should be wearing the approved shoe; however, most of the University girls and many members of the faculty had adopted them long before this date.

The gymnasium staff is planning an approved shoe party for an early date, the admission to which will be a pair of standard, approved shoes. The modified approved shoes with the old narrow toed, high-heeled footwear will be strictly taboo at this entertainment.

The merchants over the United States are finding it almost impossible to keep in stock a sufficient number of the approved shoes, on account of the great demand for them.

AMERICAN LEGION TO OBSERVE TODAY BY BRIEF PROGRAM

Legislators, Faculty and Students Are Invited to Attend Varied Ceremonies

Contrary to the custom of previous years, by which Washington's birthday was allowed to go by uncelebrated, the University post of the American Legion will this morning at 10 o'clock stage a Washington program in the auditorium of the Law Building. The Legion committees have made extensive preparations for the occasion and will have a varied program for the benefit of those attending.

In order to make the celebration more representative, the University Post has voted to extend an invitation to the members of the Travis Post of the American Legion, and has also issued a special invitation to members of the Senate and House of Representatives to attend the ceremonies. Seats have been reserved for local members of the American Legion, according to the Hall Committee. Everyone is cordially invited to attend.

The program, which will start promptly at 10:00 a. m. in the auditorium of the Law Building, is as follows:

Music.....Longhorn Band
Sidney P. Chandler, Director.
Song by the audience....."America"
Invocation.....Dr. Frank L. Jewett
Washington's Farewell Address.....
.....H. T. Bowyer
Music.....University Mandolin Club
Royal J. James, Director
Address, "Washington, the American and Patriot".....
.....Rev. Humphry Lee
Music.....University Glee Club
Song by the audience.....
....."The Star Spangled Banner"
This program will last about one hour, and is open to the public.

Daley to Give Series of Lectures This Week On Use of Law Books

Mr. Daley of the West Publishing Company will be here for this entire week to deliver a series of lectures to the students of the Law School on the general subject of "The Use of Law Books." The first lecture of the series was given yesterday afternoon in the auditorium of the Law Building. Mr. Daley spoke on "The Evolution and Development of Law Book Publishing, or the 'Thought Behind the Books.'" This lecture was open to all Law students who cared to attend.

The second lecture will be given on Wednesday at 3:00 o'clock in the practice court room of the Law Building, and will be open only to seniors of the Law School. "Laboratory Work with the Books" will be the topic for discussion on that day. The same discussion will be continued on Thursday, Friday, and Saturday at the same time and place, and will be open only to seniors.

SPEAKERS CLUB WILL HOLD MEETING TONIGHT

Speakers Club in its regular meeting tonight will hear the report of Joe Buckingham on the results of the Extempore Speaking Contest along with other interesting features, according to the program committee.

The regular program will consist of the following: "My Opinion of the Blue Laws," by Royce Stout; "Evils of Our National Park System and Their Remedies" by Travis Moursund; "Present Need of Tariff Legislation" by Leland Fikes; "Should the United States Continue Its Present Naval Program" by G. R. Pope, and "A Survey of the Most Important Bills Now Before the Legislature" by Kenneth Hackler.

Important actions are to be taken as to the social meeting to be held in the near future. Also the committee to confer with the Delta Sigma Rho is expected to report. It is imperative that all members be there, according to the president.

SWEEPING REDUCTIONS IN BUDGET ARE RECOMMENDED

ENGINEERS HOLD ANNUAL BANQUET

Four Hundred of Alec's Followers Were Present; Many Talks Featured Program

Turning loose all the pent up fun and energy of the year, in a burst of enthusiasm and noise, the regular, annual banquet of the Engineers swept to a triumphant success at the Driskill Hotel Monday night.

Attended by 400 students of the College of Engineering and out of town guests, an elaborate banquet in the dining room was held preceding the program. The statue of Alexander Frederick Claire, the patron saint of the engineers, taken from its seclusion, was placed on the platform.

E. C. H. Bantel, assistant dean of the College of Engineering, acted as toastmaster. He administered the "oath of allegiance" to "Alec" to about 150 freshmen in engineering.

"Hi-Ho-Balls" was next sung by all present, led by Dean T. U. Taylor. Juniors elected to Tau Beta Phi, the honorary engineering fraternity, were announced. They were: T. H. Askew, W. H. Bainbridge, J. P. Exum, P. M. Ferguson, J. A. Jacquard, Malcolm Nevin, E. L. Rollins, E. D. Smith, Louis Tinoco, E. G. Wilson, and R. S. Windrow.

A "Squall from the Seniors" was next given by C. B. Lain, representing the senior class. He gave a serious talk of the importance of work done by engineers.

H. D. Wilde of the juniors, spoke, saying that it was not until the junior year, that students actually got down to the "bone" of the engineering course, and had to "bone."

"A Squeal from the Sophs," a short sketch of the expectations sophomores have, was given by W. Bromley. He tried to prove that his class had a larger percentage of "great" engineering students than had any other one. He said that one member of his class had invented a machine for harnessing the "gas" emanating from the Legislature, but that the engine had exploded.

"Smokey Allen of the Ramshorn Society next invited all engineers to join the society, and made a few witty remarks.

The climax was reached when B. E. Lewis made a speech for the freshman engineer class. His discourse which was pungent with allusions to the "ernery" character of upperclassmen in general, was frequently interrupted by wet handkerchiefs and other missiles thrown at his head.

John D. Miller, a practicing engineer, and a graduate of the University told of the "engineer as he really is," and the many problems he has to face.

"The engineer of today takes too little interest in the things about him. He should interest himself in the other professions also, and try to make engineering more popular with the general public.

Cheers for "The Old Man," "Banty" and Varsity were given at frequent intervals throughout the evening.

Various other speakers made addresses, ending with the closing, "By the Side of Road," by Dean T. U. Taylor of the College of Engineering. His remarks were thoroughly enjoyed and he was cheered for several minutes.

LARGE NUMBER OF T'S AWARDED TO ATHLETES

Approximately 600 T's have been awarded to University of Texas athletes since 1908, up to which time no record was kept. According to L. T. Belmont, director of physical training for men in the University, the sports in which the greatest number of letters have been won are: first, football; second, baseball; third, track; fourth, basketball; fifth, tennis. There have been also a number of qualified letters won in boxing, wrestling and other sports.

STATE BOARD OF CONTROL FAVORS RADICAL CHANGES

Dr. Vinson Appears Before Committee in Opposition to Proposed Measures

President Robert E. Vinson of the University appeared last night before a session of the Appropriations Committee, which was considering the recommendations of the Board of Control. This board has proposed that the budget asked for by the Board of Regents of the University be cut by approximately thirty per cent. Dr. Vinson made a strong appeal in opposition to this move, and afterwards answered numerous questions of the committee members in regard to various phases of the affair.

In previous years, it has been possible for the University to make use of the available fund to supplement the appropriation, but this year that fund is so tied up as to be entirely unable to be used. The main point made by Dr. Vinson was that some measures be taken by which the available funds would be made open for current use.

Budget Is Reduced

The Board of Regents has made its recommendations for the University budget for two years to come, on the basis of expenditures during the present year. The amount asked for has been the same as that shown in the current expenses. The total appropriation for the University asked for by the Board of Regents is approximately \$1,663,000. The Board of Control has subtracted about \$500,000 from this figure.

According to the points that Dr. Vinson made in his speech last night before the committee this cutting by the Board of Control means that essential positions and departments in the present University will have to be dispensed with, if no changes are made in the present state of the recommendations. The estimate of the Board of Control was made upon the budget of two years ago, when the available fund was at the use of the University, but which is not subject to use at present.

Dr. Vinson went on to point out that there had been a fifty per cent student increase since the time of this old budget, and that the University was like every other business institution, in that it must meet competition from other institutions, who make their bids for students and members of the present University faculty. By this great decrease in the size of the budget, Dr. Vinson said that the University would be forced to give up many of the valuable men constituting its faculty.

Would Reduce Student Body

Summarizing Dr. Vinson's arguments in short, one or more of these things must essentially happen if the appropriation for the University be cut as suggested by the Board of Control: the size of the student body will in some manner be greatly reduced by necessity; the standards, scholastic and otherwise, will be greatly reduced; it will become necessary to increase the fees for entrance, which will practically amount to the same thing as

THE DAY'S SIGNIFICANCE

Again we are having a holiday in honor of the memory of the birth of one of the greatest leaders of the American people and of the man who had much to do with the laying of the foundation stones of the American republic when such acts as he performed required a tremendous amount of skill and vision and foresight and statesmanship.

How many of the students of the University really attach any significance to the spirit of the day? To how many does it mean anything more than a day upon which to be absent from classes and to go on picnics? How many ever give a passing thought to the great contribution which was made to humanity and to civilization by the man in whose honor the day is celebrated? Anything which might be said of the life and deeds of George Washington would be common knowledge to the average college student and any ordinary attempt to eulogize the man who was termed the father of his country would be received with smiles, since all that can be said has been said time and time again and has been said in a much more effective manner than the ordinary individual can say it.

But despite the fact that all this knowledge is the property of the average University student, this same average individual thinks little about it or about the source of all the political and social advantages which he enjoys as a result of the work of such men as George Washington. It would be well for every student to pause for a few moments today to consider the real significance of the holiday.

The Senatorial investigation of the hazing question at the A. and M. College seems to be getting along about as well as most such investigations do—raising lots of noise and accomplishing little. The students of the College, having been put on notice that there was to be an investigation, have acclaimed with one accord and with one voice that the practice of hazing has been practically abolished among the cadets and that they are at one with the president of the institution and with Major Ashburn in an attempt to keep the institution free of hazing. This is a lot like telling the baker and the butcher that the sanitary inspector will be around next Tuesday to visit them, after which the sanitary inspector invariably find on Tuesday model shops as

far as cleanliness is concerned. The cadets and the alumni of the institution seem to think that they have been unjustly charged, and it is to be hoped that such is the case. But a set of men, of however high calibre they may be, who are as much out of touch with college customs and college traditions as most of the members of the Senate must of necessity be, can hardly be expected to have a very sympathetic understanding for the actions of the upper-classmen of a college in dealing with the freshmen.

COBB AT THE BAT

(By Ty)

This afternoon's game between the Longhorns and Austin All-Stars will be the opening game of the 1921 baseball season. This contest is staged for the purpose of giving Varsity students an opportunity to see the prospective Longhorns in action, and to watch such masters of the game as Rip Collins, Bib Falk, and Frank Gibson perform.

"Batteries for today's game: Texas University, Leissner and Hart; Austin All-Stars, Collins and Gibson. Play ball." The above will be the announcement of Umpire Scott this afternoon on Clark Field at 3 o'clock. Varsity students are especially anxious to watch Rip Collins, the former A. and M. star, pitch. Collins was the American League's find of last season. In one game, pitching against the Boston Red Sox at the Polo Grounds, he held the opposing nine to no runs and one hit, while 33,000 fans looked on. Rip is said to have more "nerve" on the mound than any other pitcher in the business.

Roy Moore and Tink Riviere left Austin Sunday to join their respective training camps. Roy was bound for Lake Charles, La., the scene of the Athletics' early activities, while Tink was headed for Orange, Texas, where Brach Riekey's hirelings will practice. Last season Moore won one game and lost thirteen, one of the worst records ever made in the history of baseball, but he had a bunch of Class B rookies behind him. He is expected to be a winner this year.

Bobbie "Shotgun" Cannon, captain of last year's baseball nine, and one of the most popular players who ever played on the Longhorn team, is in Austin with his Allan Academy basketball proteges. Bobbie played phenomenally with the squad in 1918 and 1919 as an outfielder, and was used last year by Coach Disch to plug the third base hole. In 1919 he led the club in hitting, finishing just a few points ahead of the distinguished Bib Falk. Last season, after he recuperated from an injury to the eye, he was as effective as ever with the willow.

The Longhorns possess a bespectacled pitcher in Walter Goddard, one of the additions to this year's hurling corps. It is very unusual for a pitcher to wear glasses during the game, but nearly all of the bespectacled few have been star flingers. Lee Meadows, a pitcher for the Philadelphia Nationals, wears glasses, and he is one of the best right-handers in the league. Some years ago Beaumont in the Texas League had a pitcher with the spectacles, named Watkins, and he was a consistent winner. Maybe the specs will have a similar effect on Goddard.

Sawnie Robertson, the Varsity's veteran infielder, has returned from a visit to Dallas, and will soon appear in the line-up. Swog is ineligible this term, but great things are expected of him during the spring term. He is a heavy hitter, and a good fielder.

CHAPEL NOTICE
The attendance at the song service yesterday morning was not large but the singing was enthusiastic and enjoyed by those participating. Mr. Curry closed the meeting with an inspirational prayer. There will be no meeting of chapel this morning on account of the holiday. Beginning tomorrow morning and continuing through the week Rabbi Rosenbaum will lead the meetings.

FIRING LINE

MORE ABOUT KNEES.

To the Two Campus Lizzards—Gentlemen (I hope the term is appropriate), you say that the masculine approval of the knee-length is apparent, not real. If the masculine element on the campus heartily disapproves of the present styles which "A University Girl" says are worn only to gain this approval, why not make the expression of your disapproval more forceful than a mere Firing Line? How many lizzards—or even other campus men—absolutely refuse to be seen with a short skirt? If they did, in a very short time this immodest style would disappear, at least from the campus. And might not this reform on the campus spread elsewhere, when non-university girls learned what intelligent college-bred men thought about the custom of displaying the knees? No man who sits on a campus bench has any right to object in spirit to girls wearing knee-length skirts unless he also shows that objection in his actions.

I am glad, however, that the men are sufficiently interested in the matter to object, because all such information should encourage girls to let down their skirts. As "A University Girl" says, it is not boldness but a desire to win approval which prompts the action. Then, men, object directly and refuse to be seen with any girl who wears a skirt of immodest length, and the reform will be almost accomplished.

A CO-ED.

CLARA BATJER

Bradley-Harris

On Thursday evening at the First Baptist Church in Nachogdoches will occur the marriage of Mr. Palmer Bradley and Miss Geneva Harris. Miss Virginia Harris, sister of the bride-to-be, will be maid of honor. The bridesmaids will be Misses Frances and Roberta Bradley, sisters of the groom-to-be, and Miss June Harris sister of the bride-to-be. The best man will be Mr. Lenord Jones.

Both Mr. Bradley and Miss Harris are graduates of the University. Mr. Bradley received his B.A. and L.L.B. from the University. Miss Harris received her B.A. in 1919. While in school Miss Harris was a popular member of Pi Beta Phi and Mr. Bradley was an Alpha Tau Omega.

Education Department Entertains

The Faculty of the School of Education entertained the students of Education with a delightful party on Saturday evening from 8:00 to 10:00 at the Woman's Building. Upon arriving each guest was given a card and told to write down the name of each new acquaintance made during the evening. At the close of the evening the prize was awarded to Miss Johnny Pirkle who had ninety-four names on her card.

The receiving line included all of the members of the Education Faculty and Dr. and Mrs. Vinson.

A short program was then given. Miss Lucy Banks gave a piano solo. This was followed by a vocal solo by Miss Frances Mike. Next, Miss Par-Miss Frances Miek. Next, Miss Partick of the Education Faculty gave a vocal solo. In conclusion, M. E. E. Davis of the Extension Department told some delightful stories.

Refreshments consisting of ice cream and cake were served to one hundred and fifty guests.

Margaret Runge of Galveston is visiting at the Kappa Kappa Gamma House.

Kathleen Sims is visiting at her home in Bryan.

McNeal Drumwright and Richard Criddle have returned from Sherman where they were the guests of Hamp Abney for the Glee Club recital.

Evelyn Moore is spending the week-end in Laredo.

Vivienne Rogers is visiting in San Antonio.

Eugene Smith of Alpine has returned from Houston.

Sara Chambers and Emily Wurzbach have returned from a visit in San Antonio.

Bobby Cannon, who is now athletic manager at Allen Academy is here with his team for a game with the Freshmen.

Francis Emerson of McKinney is a guest at the Delta Sigma Chi House. Allan Montgomery is visiting in Bryan.

Leila Beall Anderson of Wichita Falls is the guest of Louise Anderson. Willard Anderson is visiting at the Alpha Tau Omega House this week-end.

William McNeill is ill at Seton Infirmary.

Hilton Howell left yesterday for a visit in Cameron and Rockdale.

Owen Barker of Cisco, who was graduated of the Law School last year and is now in practice with his

father, is a guest at the Delta Theta Phi House.

M. H. Harris is visiting in Huntsville.

Murray Smith is spending the week-end at his home in Uvalde.

John S. Redditt is visiting his sister at Taylor.

Enid Long of Austin, a student of last year who is now in the Medical School at Galveston, is here for a short visit.

Sigma Alpha Epsilon announces the pledging of Earl R. Hury of Houston. Janice Easterling and Tyler Lee Knight spent the week-end in San Antonio.

Laura Thompson and Janet Alvord are visiting in San Antonio.

Lois Largent of McKinney is a guest at the Alpha Delta Pi house.

Larry O'Mealey and Fred Staacke are spending the week-end in San Antonio.

Ernest Jones is visiting at his home in Smithville.

George Enloe of the Galveston Medical School is a guest at the Delta Tau Delta house.

Louise Britton and Evantha Scurry are spending the week-end with Carlyle Canaday at her home in San Antonio.

Billie Hagy has just returned from San Antonio where she attended a house party given by Joyce McLellan. Ann Hamilton is the guest of Mary Sue Graves for the Rattler dance.

Adeline McNab is spending the week-end at her home in Dallas.

Edith Earheard has gone to Houston.

Hugh Smith of Fort Worth, a last year student, is visiting on the campus.

Rufus Ransom of Bastrop is visiting at the Kappa Sigma house.

Mr. and Mrs. Thurlow Lieurance, Mr. George Tack, and Mrs. Katherine B. Peebles were the guests of the Mu Phi Epsilon girls in the Woman's Building for dinner Monday.

Nell Jacoby has returned to her home in Dallas after a visit with Ruby K. Daniel.

Senator Gore has just returned from a visit to Dallas, Paradise and other points in Texas.

Nettie Sue Bledsoe, Elizabeth Ripley, Lois McChesney and Miss Nita Noble have returned from a visit in San Antonio.

Margaret Tone is visiting in San Antonio.

Winifred Harrow is visiting at her home in San Antonio.

Rev. Gordon Reese spent Sunday in Austin.

Miss Eunice Aden will return Wednesday from a business trip to San Antonio.

J. R. Spell, instructor in Spanish is visiting in San Antonio.

Miss Rebecca Switzer, a former Uni-

versity student, who is now teaching in the Oak Cliff High School in Dallas, was visiting friends in Austin this week-end.

Delta Delta Delta announces the pledging of Anna Mae Leary of Dawson.

Julia May Hancock of New York is the guest of Margaret Butler.

Mr. C. J. Hubbard of the class of '93 is visiting his son, S. Hubbard.

Newman and Sunday Clubs Cooperate by Exchanging Speakers

Students Sunday Club of All Saints Chapel, the University Episcopal Church, and the Newman Club of St. Austins Chapel, the University Catholic Church, took the first step in co-operating with each other by exchanging speakers at their regular meetings on Sunday.

Francis Wilson, ex-president of the Students Sunday Club, spoke at the meeting of the Newman Club at 11 o'clock, while Meredith Posey, president of the Newman Club, spoke at 4 o'clock at the Students Sunday Club. This exchange of speakers was the culmination of plans that have been under way for the past several weeks for the closer relation between the churches about the campus.

In Mr. Wilson's talk before the Newman Club, he told of the history of the club, how in the fall of 1919, Rev. Frederick Bate had started the club with only a membership of twenty and that now in less than two years the club had over seventy-five active members. He told of the organization, purpose, plans and aims of the club.

In speaking before the Sunday Club, Meredith Posey gave the history of the Newman Club. It was started by the Paulist Fathers in 1908. At present it has a membership of between seventy-five and a hundred. Mr. Posey also spoke of the organization, plans and purpose of the club.

FIRST YEAR MEN TAKE GAME FROM ALLEN ACADEMY

Visitors Are Unable to Withstand Attack of Heavier Freshmen Team

Allen Academy's basketball team displayed lots of willingness and a "never give up" spirit last night in the Men's gymnasium but the University Freshmen were too large physically and too experienced at the tosser game with the result that "Bobbie" Cannon's five bowed to defeat by a 59-11 score.

While defeated, the Allen team made a good showing as they made the much larger Freshmen work hard for every counter that the Littlefield clan registered.

The Freshmen missed many easy attempts at field goals during the fray and the famed yearling team-work was noticeable by its absence at times. Captain Center Pendergrass demonstrated that he had retained his shooting eye, however, netting the sphere for 10 fields. Forward Schuhardt netted the oval for seven fields.

Coach Littlefield ran in many substitutes as the yearling score mounted in each half.

The Texas guards put up such a good defense that only four fields were scored by the visitors, all in the first half.

Forward Uetney was the visitors' star, passing well and shooting three of Allen's four fields.

The starting lineups:

Freshmen	Allen
Ponsford	Stark
	L. F.
Schuhardt	Uetney
	R. F.
Pendergrass (c)	Lemon
	C.
Gilstrap	McConnell
	R. G.
Curtis	Brown
	L. G.

Substitutions—Freshmen: Harris for Gilstrap, Ashby for Curtis, Brown for Ponsford, Pennington for Schuhardt, Eckhardt for Pendergrass, Ward for Ragland, Ragland for Curfor Gilstrap, Ashby for Curtis, Brown for Ponsford, Pennington for Schuhardt for Pennington, Pendergrass for Eckhardt. Allen Academy: Stanford for Brown, Brown for Stark.

Scoring—Freshmen: Ponsford, 5 field goals, 2 foul goals missed; Schuhardt, 7 field goals; Pendergrass, 10 field goals, 1 foul goal, 2 foul goals missed; Gilstrap, 1 field goal; Curtis, 2 field goals; Eckhardt, 2 field goals; Ward, 1 field goal; Pennington, 1 field goal. Allen Academy: Stark, 1 field goal; Uetney, 3 field goals, 2 foul goals, 2 foul goals missed. Referee—"Grip" Penn (Texas).

MUSICAL PROGRAM HELD AT Y.W. VESPER SERVICE

Music was the chief feature of the Monady evening vespers of the Young Women's Christian Association. The program was in charge of the music committee. The study hall was decorated in ferns and pot plants, and was lighted by candles. The program follows:

Prelude—
Processional—"Onward Christian Soldiers."
Hymn No. 146.
Devotions—Led by Miss Barker.
Announcements—
Vocal Selection—Mr. Parks.
Piano—Miss Banks.
Violin—Misses Bell and Edwards.
Vocal Selection—Mrs. Franklin.
Recessional—"Day is Dying in the West."

A motion was made and carried to ask the nominating committee to present at least two names to the Y. W. C. A. for officers for the coming year. Nominations will be made at the next meeting, and the new officers will assume office at the beginning of the spring term.

SPRING TRAINING STARTS IN APRIL

Wealth of Football Material to Compete for Championship Cups

Texas University football men will be put through spring practice, Coach Whitaker has announced. The thud of the leather oval will be heard from one of Varsity's fields about April 1. The South has probably never seen a greater array of football talent than will be gathered under Coach Whitaker when the championship Longhorns are merged into one squad with the ineligible transfers and Clyde Littlefield's well trained freshmen. There will be material for a heavy and aggressive line; there will be broken field runners of a caliber seldom found; there will be excellent passers and receivers; and there will be what Varsity has sadly missed these last few years, some real punters.

Coach Whitaker's plans include the awarding of cups to individuals for the best performance in different phases of the game. It is announced that seven cups will be offered. The different groups competing for cups will be passers, ends, line-men, backs, punters, centers and goal kickers. Only the fundamentals of football will be considered in the training and there will probably be very little scrimmage.

CURTAIN CLUB TO INTRODUCE STARS

(Continued from page One)

he got into character in his former appearance convinces one of his innate ability to carry such a part.

Play Has Finished Character

"Mrs. Dane's Defense" should be hailed with delight by the University. The selection of the play is a very happy one, and marks an epoch in our college dramatics.

The drama was produced first in the celebrated Wyndham Theatre in London, where, for a protracted period it played to packed houses. Later it was produced with great success in New York. It might be pertinent to state here that the big Universities of the country, and it is to be hoped that Texas belongs among them, have in the last few years presented such plays with startling success. They are marked for the fact that the presentations are free from the amateurishness so patent in most unprofessional performances. The Curtain Club has maintained high standards in its productions and is about to offer another of its finished, dramatic, collegiate masterpieces.

Glee Club Returns From Week-End Trip To North Texas Towns

University Glee Club returned Sunday after a successful week-end trip to Sherman and Denton. The troupe consisting of 25 members of the Glee Club and Dr. Irving Jones, Director, arrived in Sherman Friday morning where they were entertained with a formal reception during the afternoon by the students of the Kidd Key College. This being the home of Hampton Abney, a member of the Club, he helped entertain the members of the Glee Club while in Sherman. A concert was given to a well filled auditorium that night.

Leaving Sherman Friday night the Club arrived in Denton Saturday morning and were entertained at noon by an informal dinner given by the girls of the College of Industrial Arts. Dick Criddle whose home is in Denton acted as host to a number of the Club. The concert was given that night in the C. I. A. auditorium which was packed to capacity. After the performance a reception in honor of the Glee Club was given by the seniors in Lowry Hall. The University Glee-men returned to Austin Sunday morning after a pleasant trip which was managed by Bennett Wooley.

STATE BOARD OF CONTROL FAVORS RADICAL CHANGES

(Continued from Page One)

charging tuition; or it might become necessary, in some manner, to cut out or curtail the activities of some of the departments. To avoid this, Dr. Vinson advocated very strongly the imperative necessity for making use of the available fund.

The recommendations of the Board of Control as suggested in their revision of the University budget are a number in character, and advocate quite a number of changes in the present way in which the University is being conducted. The first of these proposals is that the entire present program of industrial education being carried on be dispensed with. A great part of this work is being carried on by the Extension Department, receiving some aid from the federal government through the Smith-Hughes act of Congress. The Home Economics Department is also receiving aid from this source. The work of industrial education has been recently carried into a number of the larger cities of the state. All these industrial education activities are recommended to be cut out entirely, as the Board of Control alleges that this character of work is being entirely duplicated by other state institutions. This charge was refuted by Dr. Vinson.

Furthermore the Board of Control recommended the entire abolition of the Intercollegiate League in which 48,000 students over the state took part last year. Another feature of elimination was the cutting out of the incidental expenses of the University publications, among which are numbered the various bulletins that the University issues from time to time upon various subjects of scientific as well as of popular interest. Lastly, the Board of Control cancelled the entire appropriation for the summer school session of the Main University.

Must Have Capable Faculty
All of these things in the report of the Board of Control were discussed in return by Dr. Vinson, who declared that he would prefer to run a University without buildings than without a capable faculty and adequate laboratories. If the recommendations of the Board of Control went through, Dr. Vinson declared that 1500 students would be turned away from the doors of the University next fall, this having to be accomplished by the raising of admission standards and similar methods. There was considerable questioning of Dr. Vinson by committee members in regard to the detailed phases of the affair.

FRESHMEN WIN IN FIRST CO-ED GAME

Score Ends 21 to 7 in Match Basketball Game With Juniors

It was not until the Gym-German was safely over that the real event of the evening began at the Woman's Gymnasium, Monday night. With difficulty the braver sex was hustled off the floor to make for the two valiant teams which played the first match game of the series in girls' basketball. On account of the delay in clearing the field, the "double-header" which had been planned for the occasion had to be called off, and a single game between the Juniors and Freshmen was staged instead.

The Fish were in evidence in true freshman style with emerald green floating everywhere. The Juniors were distinguished by their milder red decorations. At 8:15 promptly, the umpire's whistle sounded and the game was started.

Although the Frosh outplayed the Juniors, the Juniors played a sportsmanlike game, and made the most of the occasion with the handicap of a few missing members of the team. The score ended: Frosh, 21; Juniors, 7. The line-up was as follows:

Frosh—
Forwards: Adele Oatman (captain), Birdie Meltan; center: Mildred Goff, Orian Hall; guards: Nina Turner, Reine Williams.

Juniors—
Forwards: Louise Allen, Polly Norton (captain); center: Ruth Terry, Mattie Bounds; guards: Beatrice Lytle, Blossom Wooten (captain).

The next game will be played between the Sophomores and Seniors, but the date has not been finally decided upon.

ATHENAEUM TO MEET

Unique, original and interesting impromptu speeches will feature the meeting of the Athenaeum Literary Society at 7:15 o'clock tonight in the basement of the Law Building. The impromptu addresses will have a humorous theme of special significance.

A novel part of the program will be an entertainment by a quartet composed of Shields, Jackson, Barton and Beazeley.

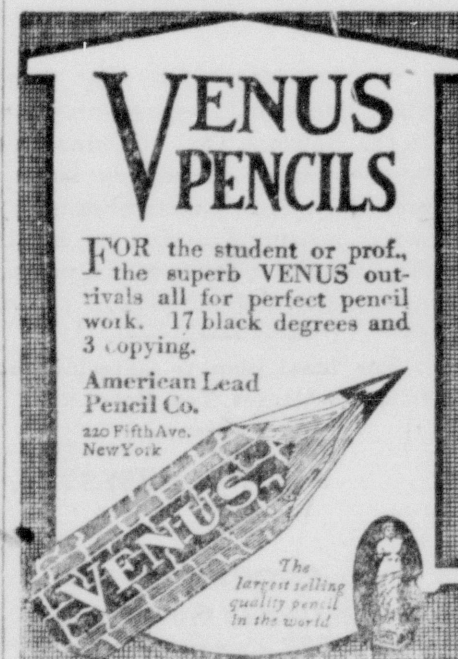

Athenaeum is preparing to hold preliminaries for the selection of the society's representatives in the Evan's Oratorical Contest and the Inter-society debate at the meeting next week. A number of members have entered both of these preliminaries.

Visitors are invited by the officers of the society to attend the meeting tonight.
