## Deans Give Out Official List Of Rooming Houses

Board and lodging accommodations for summer students at the University include 116 rooming houses and one dormitory for men, and 16 dormitories, eleven sorority houses, four apartment houses, 22 rooming houses, and eleven boarding houses for women, according to the official list of approved houses just released by the offices of the Dean of Men and the Dean of Women.

Thirty-nine of the 116 rooming houses for men also serve meals at rates varying from \$28.50 to \$40 per month with the most popular price range from \$32 to \$35 monthly. Rates for rooming only range from \$6 to \$12.50 per month, with \$10 as the most popular price. Charges at the Little Campus Dormitory for men are \$12 per term or \$22.50 for the whole summer for a single room, and \$9 per term and \$16 for both terms per person for double rooms. No meals are offered at the dormitory.

Board and lodging for women range from \$29.50 to \$45 per month, or from \$65 to \$90 per term. Rooms only range from \$7.50 to \$15 per month. The six dormitories are able to accommodate 742 girls for both board and lodging. The Alice Littlefield dormitory is in charge of Miss Martha G. Lockett; Grace Hall is directed by Mrs. C. R. King; Mrs. W. Robbins is director of Kirby Hall; Sister Barrowe is in charge of Newman Hall; Scottish Rite dormitory is directed by Mrs. J. D. Kaufman; and Mrs. Pearl Chadwell is director of the Woman's Building. Oscar J. Brunkhoefer is manager of the Little Campus Dormitory for men.

Numerous cafes, restaurants, and other eating houses cater to University patronage. The University Turn to Page 2, Col. 2

## Machines Ready For Speeding Up Registrar's Work

Data Concerning Students Punched on Cards By Hand

Machines are now ready for use in the Registrar's office by which any statistics desired may be obtained in a short time. The machines operate through a numerical code, a certain number representing every item of desired information. Upon a card with columns headed name, school admitted, age, nativity, school registered from, religion, occupation of parents, scholastic record, etc., the numbers representing name, age, place of birth, and other data of interest regarding a particular student are punched with holes by a hand-operated punch.

After being punched, the cards are put in a sorting machine which will sort the cards according to the information in any column. The cards are then taken to a counter which counts the number of cards in each assortment. The machine will also add the statistics in order to get an average.

These machines make all possible statistics regarding University students available to the faculty. They make it possible to collect information formerly not available because the office staff was too small to tabulate it. These machines will do any kind of statistical work, and may be used by any department in the University. They will be used to compile statistics about this year's students in the University.

## Dr. Battle to Speak At Southwestern

Dr. W. J. Battle, professor of classical languages in the University, will give an address at Southwestern University at Georgetown this Tuesday morning at 10 o'clock on the subject of Virgil. Dr. Battle's address will be attended by the whole college as it will take the place of the regular chapel services.

The Scholarship Society of Southwestern University, which is an organization similar to Phi Beta Kappa in schools where there is no Phi Beta Kappa, will sponsor the program.

Dr. recently spoke at the meeting of the Classical Language Association at New Orleans on the subject of "Virgil's Humor." He is teaching a graduate course on Virgil in the University.

## Mathematics Club Meeting Postponed

The May meeting of the Mathematics Club has been postponed until Monday, May 26, at 7:30 o'clock in Garrison Hall 109. W. M. Barnes, president, announced. Joe Lee Dorroh, instructor in the department of pure mathematics, will talk on "Conjugate Sets."

Invitations for the club dinner, which will be given at Loma Linda Friday, May 23, are now being mailed. Anne Brees, member of the social committee, said.

## Contract Let For Gymnasium Lockers

Twenty-six hundred and twenty-four Fred Medart lockers and benches will be installed in the new Auditorium-Gymnasium by the W. C. Hixon Company of Dallas, J. W. Calhoun, comptroller, announced Monday. Sealed bids were received in the Comptroller's office Saturday morning and the Hixon Company was selected out of the group presented.

The lockers will be ready for installation in about a month, Mr. Calhoun stated.

## CLUB GIVES PICNIC

The members of the Classical Club entertained with a picnic at Barton Springs Monday afternoon. The guests included Dr. W. J. Battle, Miss Roberta Lavender, Dr. D. A. Penick, Dr. and Mrs. H. J. Leon, Miss Ruby Terrill, and members of all Latin and Greek classes.

I. Moore.

Nearly all the members of the committee were present at the meeting, and the work of the committee was explained to members, most of whom are new. The budget will be fixed at a meeting next Monday afternoon at 4 o'clock, Main Building 172.

## B. S. U. Council For Next Year Elected Sunday

Executive officers who will make up the Baptist Student Union Council for the year 1930-31 were elected Sunday by the student department of the University Baptist Church. Members of the newly elected council are required to meet with the old council for the remainder of this semester in order to become familiar with their duties.

Representing the student organization of the church, the B. S. U. council operates and finances a mission with an enrollment of more than seventy-five, manages the enlistment of students in the activities of the church, conducts the orchestra, edits the church bulletin, and is the administrative unit of the student members.

Members of next year's council are as follows: Spurgeon Bell, president; Bently Glass, vice president; Jewel Smith, Sunday School representative; C. B. Jeffrey, B. Y. P. U.; Homer Simpson, social service; E. B. Morrison, mission; Marguerite Banks, personal service; Earnest Calloway, treasurer; Gladine Bolton, recording secretary; Christine Williams, social secretary; Catherine Butte, music; Virginia Cloud, publicity; Elizabeth Green, instruction; Justin Bagwell, bulletin; Beulah Williams, campus relations; Joe Evelyn O'Baugh, Y. W. C. A.

## Zivley, Bird Named As Dance Managers

Charles Zivley was appointed general dance manager for the long session 1930-1931 at a meeting of the dance committee Monday afternoon, Bill Morrison, chairman of the committee, announced. Ben Bird was appointed assistant manager.

Profits from the Saturday night dances to date for this year total \$8,916.30, Morrison stated.

## Faculty Takes Up Pledge Rules And Degree Changes

Recommendations for rigid pledging rules for social fraternities, presented by Dean V. I. Moore, chairman of a faculty committee appointed to study the situation of student social organizations, will be considered this Tuesday afternoon at 4 o'clock in Garrison Hall 1. Dr. M. R. Gutsch, secretary of the general faculty, stated. These recommendations by the committee were sent to members of the general faculty a month ago.

The rule regarding first semester pledging requiring the passing of fifteen hours work will be changed to demand a C average and a total of 225 points, if the committee's recommendation is adopted.

It is also recommended that the dean of student life be given the power to be the final judge in forbidding fraternal groups the privilege of pledging when their finances are not in satisfactory condition. The faculty discipline committee now holds the power of final decision in such cases.

Another recommendation would give the duty of enforcing all regulations governing student social organizations to the committee on student social organizations. This committee is best equipped to interpret the meaning of rules governing such organizations, it is stated.

In order to make the fraternity rules in the handbook more simple, it is suggested that the word "pledging" be substituted for the word "initiated" in a number of places.

Small attendance of the members of the general faculty at meetings of that body will also be taken up Tuesday, and minor changes in certain departmental master of arts degree requirements will be discussed.

## Cox and Hert Attend New Braunfels Meet

Dr. A. B. Cox, director of the Bureau of Business Research, will leave this week for New Braunfels, where he will attend a joint session of the Retail Merchants' Association of Texas, the Association of Retail Credit Men of Texas, and the Texas Retail Credit Bureau May 21. Dr. Cox will speak on a new service rendered by the bureau to credit managers in various cities of the state.

Arthur H. Hert, marketing specialist in the Bureau of Business Research, will also attend this meeting, and he will give an address on "Some Services Offered by the Bureau of Business Research to Credit Men of the State."

## Candidates May Get Graduation Outfits

Graduates wishing to purchase caps and gowns must place their orders at the Co-Op today, May 20; those who desire to rent them may do so as late as May 28. C. W. Swenson, sales manager, stated.

Rented caps and gowns may be called for either June 6 or 7, and may be kept for one week. Approximately two hundred caps and gowns have been sold, and 250 have been rented to date.

## A.I.E.E. To Elect Officers Tonight

The American Institute of Electrical Engineers will elect officers for the coming year at a meeting tonight at 7:15 o'clock in the New Engineering Laboratory 100. This will be the last meeting this year.

Plans for next year will, be discussed and all unfinished business will be brought up to date.

#### Civilization.

WE were feeling very well satisfied with ourselves as one of the components of a super-civilization. We read contentedly about our radios, our television, speedy cars, great institutions of learning and all the miracles that a remarkable scientific age can produce. We were feeling very well satisfied.

Then we picked up the paper and read of a crowd of hundreds of people resorting to mob law, the law of savage in punishing a transgressor. We read of brutal murders, and crimes that shame description. We read of petty larceny, grand larceny, "rum-killings," poison whiskey, all sorts of disagreements that flared into shocking murders. We read of prison massacres, petty and selfish squabbles, and the like.

Just how thick is the veneer of our so-called civilization? We wonder.

#### Legion Auxiliary To Raise Loan Fund

Members of the University post of the American Legion Auxiliary have definitely committed themselves to the project of raising funds for a students' loan fund to be available for those students who are eligible for membership in the American Legion or its Auxiliary. Mrs. Charles Joe Moore, chief of the University visual instruction bureau, has stated. This will be the major activity of the University auxiliary for next year. Other legion organizations in the state will be asked to co-operate in this project. The auxiliary on the University campus is the only university or college auxiliary in existence.

#### Bagby's Will Attend Columbia University

Mr. and Mrs. Nathe P. Bagby, graduate students in the department of journalism, expect to leave Austin June 10 for New York, where they will enter Columbia University for the summer session. They will make visits to relatives in Dallas, Chicago, and Champaign, Ill., on their way north.

Mr. Bagby is a candidate for the master of journalism degree in June, and will start work toward his doctor of philosophy degree this summer. He has been a member of the editorial staff of The Dallas News for five years, returning to the University to take his bachelor of journalism degree in 1929. Mrs. Bagby will take a course in magazine article writing.

#### SEASONAL REFLECTION

'Mid reference books  
I sit immured  
Nor from their depths  
Can I be lured,  
Prayers and pleas  
Doth nought avail  
Nor folks who coax  
Nor folks who rail.  
For themes are  
Necessary evils  
But every bit  
As bad as weevils.  
My innards pay  
To themes their tolls  
As to boll weevils

And as I sit  
My thoughts evicted,  
I wonder if  
You're so afflicted.

1. Zeppelin on Flight.
2. Anthropological Find.

LEAVING Friedrichshafen, Germany, late Sunday afternoon, the Graf Zeppelin, giant German dirigible, successfully completed the first leg of its latest distance devastating hop Monday when it arrived at Seville, Spain, early that morning, and under the command of Dr. Hugo Eckener, landed there. It will take off some time today for the long hop across the Atlantic Ocean to Pernambuco, Brazil. The distance covered will amount to 18,000 miles, 1,000 miles less than the trip last year around the world, which took about 19,000 miles. The giant dirigible is carrying a crew of 42 and between 20 and 30 passengers.

The first conclusive proof of man's existence on the North American continent 20,000 or 30,000 years ago was claimed Monday by Dr. James A. B. Scherer, director of the Southwest Museum of Los Angeles. His proof lies in the finding of ashes of a camp fire under pleistocene rock which were discovered by a field party some 21 miles from Las Vegas, Nev., under the direction of Dr. M. R. Harrington, and which he described as the "most outstanding anthropological find ever made in the United States." In speaking, Dr. Scherer said, "Until recently it was believed that man was a late comer to North America, but Dr. Harrington now has proved that man lived here 20,000 and perhaps 30,000 or more years instead of 10,000 years as formerly believed. It now appears that America was discovered by wandering groups of Mongoloids and that these first few men to come here came from eastern Asia by way of the Bering Sea."

### McLaran Urges New System For University Land

Investigation Committee Hears Auditor On Oil Funds

"The University ought to open its own set of books and place men in the field to gauge oil production and hand the oil companies a bill for what is due, instead of looking to the companies to remit on the basis of their calculations," S. N. McLaran of Dallas, assistant to the state auditor, stated yesterday in connection with the investigation now under way concerning the University oil lands.

"The University needs to set up proper machinery in charge of a competent oil man to keep account of its big and ever-increasing royalty business," members of the committee, appointed by the legislature to investigate consumption of leases and other matters involving the permanent fund of the institutions, were told.

Members of this committee are Representatives Harry N. Graves of Georgetown, Alfred Petsch of Fredericksburg, Ray Holder of Lancaster, and Bob Long of Wichita Falls.

### BUILDINGS in Which You Take Pride

ON THE CAMPUS, where class buildings and memorial structures are so often distinguished by their noble form, flood-lighting equipment serves to prolong the enjoyment of their beauty and to enhance pride in the institution. \* \* Such an application is made for the new 165-foot campanile at South Dakota State—magnificent gift of an alumnus. Electrically operated chimes sound the hours and are heard in concerts. At night, shafts of light from General Electric floodlighting projectors effect a picture of superb beauty done in the school colors and white. From the air, the tower is identified by the beam from a G-E airway beacon surmounting the floodlighted dome. \* \* Thus, G-E equipment plays its part in promoting progress and fine appreciation. Back of every G-E product is an organization in which college-trained men are largely responsible for the planning, production, and distribution.

Reviewed Today

"The Love Racket"—This picture is blissfully bare of a theme song or a powerful baritone to sing it; that technicolor effect that dazzles you in spite of the protection of glasses; or a thrilling example of physical daring, on horses or otherwise. It is also bare of, sad to say, the most modern styles in ladies' gowns; Dorothy Mackaill, who is the star, wears heinously short dresses, and in one important close-up, her sleeves are too short; they run way past her wrists.

It might be called a usual picture since it is built about two very popular themes. One is the old story of the young girl that made that terrible mistake and was not forgiven by the cruel world, and the other element is that it includes a mighty good court trial. Murder trial, in fact—the man got killed, you know. Many stories have been screened about the girl with a past, but this has a decidedly pleasing twist. The girl is forced to tell the story of her "affair" to the jury, of which she is a member, and which also includes the man she is engaged to marry. She does it to save the life of another girl who played a role exactly like hers, but who was unfortunate enough to have really hit the man when she shot at him!

Miss Mackaill does some very sincere emotional acting, and it is not too overshadowed as so much of that sort of stuff is. Sidney Blackmer, who plays opposite her does equally good work, and could doubtless equal Miss Mackaill if his part demanded it. The story might be criticized if speed in an all important prerequisite to a really good show. Sometimes, this picture seems to lag. There is a bit too much staring off into the air—it is done well, however, and so is not worthy of too much notice. For a murder trial it is novel, and for a love story it is mediocre; the combination is not bad.

"THE KIBITZER" — Harry Green, the unusual and sometimes clever comedian of "The Man I Love" and "Close Harmony," comes into his rightful honors in this current film at the Texas Theater. Mr. Green, with his broad dialect, toad-face, and other attributes, is something new in the way of a screen comedian. His work is too broad but frequently has the touch of subtlety which lifts it above the average.

Mr. Green, with his oi-oi and his yi-yi, is supported in this film by the competent Mary Brian and Neil Hamilton. At the best, this film is a light, unassuming comedy of the eternal butter-in-lifts it above the average.

Dimmitt Returns From New York Meet

Miss LeNoir Dimmitt, chief of the package loan library bureau, returned from New York Sunday, where she attended the meeting of the National University Extension Association which was held May 7 to 9.

One of the topics discussed at the meeting was the comparison of package loan libraries. As it is now, Miss Dimmitt stated, it is impossible to compare the libraries from all angles, as the various libraries use different kinds of statistical methods.

LEGION GIVES TROPHIES

For the first time this year the American Legion, department of Texas, has provided two trophies for the winners of the Interscholastic League State contests, Roy Bedichek, chief of the Interscholastic League Bureau, stated. These were awarded to the winner in the Three-R and rural pentathlon events.

More than \$500 was expended this year for trophies and awards for state winners.

Orchesis to Present Program at Studio

Orchesis will present its annual spring program at 8:15 o'clock Wednesday and Thursday nights, May 21 and 22, in the dance studio in the Woman's Building.

Usually this affair is presented at the Scottish Rite Dormitory, but this year because of the cut budget of the W. A. A., the program will be much smaller than in other years and will be held indoors.

Approximately one hundred and fifty guests will be invited by the girls. The number is limited because of small space in the dance studio.

A CORRECTION

The announcement in this department Sunday of the engagement of Ruth Taliaferro and H. C. Givens, Jr., was erroneous, as was proved by further information made available Monday. The Texan wishes to make this correction.

# LONGHORNS AND AGGIES WILL CLASH TODAY

## LAMBDA CHI'S TAKE INTRAMURAL TITLE BY DOWNING CAFE, 5-4

### Johnnie Railton And Pete Wendt Due to Take Mound

The Dischmen meet the A. & M. Aggies at Clark Field this afternoon at 3:30 in the closing series of the 1930 baseball season.

These games are by far the most important that have been played here this season, for upon them Texas' chances for the championship depends. Should the Longhorns take both games, they will be undisputed champions and a split in the series will give them the flag providing the Rice Owls divide their double bill with the T. C. U. Horned Frogs today.

Johnnie Railton, star Little south paw who has pitched the Dischmen to a couple of championships, will take the mound against the Aggies this afternoon. Railton has always been very successful against the Aggies and is Disch's best bet to come through with a victory today.

Coach Higginbotham will likely use his star lefthander, Captain Pete Wendt, and this would be a great pitching battle. However, Tommy Mills may work the opener for the Farmers, as Wendt worked against T. C. U. last Friday.

With the pair of good pitchers, Wendt and Mills, a fast infield in Martin at first base, Davis at the keystone bag, Pampell at the hot corner and Johns at short, some fast, hard hitting outfielders in Veltman, Conover, Voekel and Bell and a couple of great catchers in Lackey and Dansby, the Aggies present one of the very best teams of the conference.

One feature attraction today will be the presentation of the Norris Trophy to Nono Rees just before the game begins. Virgil Tillery, president of the Students' Association, will make the presentation speech.

### Rees to Receive Norris Trophy At Ball Game Today

The Norris Trophy, given yearly to the most popular Texas athlete, will be presented to F. A. "Nono" Rees just before the Aggie-Steer game at Clark Field this afternoon. Virgil Tillery, president of the Students' Association, will make the presentation.

Rees, one of the greatest all-around athletes that ever wore the Longhorn spangles, was voted the most popular Steer in the recent election.

Higginbotham will likely send Captain Pete Wendt to the mound in today's game in an effort to take both of the series. Johnnie Railton will work for the Steers, and what a pitchers' battle that will be with two great southpaws facing each other. This pair of stellar porters along with Ray Hart, sophomore righthander of the Rice Owls, are easily the best hurlers in the conference.

**Rees Honored**  
An added attraction at the game today will be the presentation of the Norris Trophy. The cup will be presented to Nono Rees, voted the most popular athlete in the recent election. Virgil Tillery, president of the Students' Association, will make the presentation address.

**T. C. U.-Rice Rained Out**  
These T. C. U. Horned Frogs were scheduled for a game with the Rice Owls in Houston yesterday, but as usual it was rained out. The two teams will play a double header today, and we are betting on Ray Hart, mound star of the Owls, setting the Frogs down in one of the contests.

**NOTICE TRACKSTERS**  
All men receiving letters in track have been asked by Rupert Harkrider to meet at Elliott's Studio at 1:45 o'clock this afternoon. Pictures will be made at this time, and it is important for all members to be present.

**TENNIS MATCHES TODAY**  
The intergroup and Racquet Club tennis matches which were scheduled for Monday afternoon and were not played off will be played this Tuesday afternoon on the Twenty-fourth Street courts. All participants in this tournament have been requested to play their matches at the scheduled time in order that there will not be any left over to run into the matches scheduled for the next two days, Miss Margaret Kirkner, manager, stated Monday.

Belva Ball of Marble Falls is visiting in Austin this week.

### 24 Track and Golf Athletes Get Awards

Twenty varsity track men and four members of the University golf team were awarded letters by the Athletic Council in its regular meeting Monday night.

The track men receiving letters are Johnny Craig, Frank Guffin, George Harris, Perry Harris, John Henry, L. F. Heinemann, Captain Frank Mondirk, Milton Perkins, Alfred Rose, Adolph Schiller, John Terrell, Jimmie Underwood, Wilbur Westerfeldt, Garrett McKinnon, Bruce Alexander, Cecil Cole, John Gunn, Hill Hodges, Scott Wilkey and George Marsh. Rupert Harkrider, manager of the team, was awarded a managerial letter.

Mac Burnett, Jim Elliot, Ed Connor, and James McGonagill were the men given awards in golf.

The council also voted to send Burnett and McGonagill to the intercollegiate golf meet, a new trip for a Texas link team.

Other business at the meeting was the approving of the intramural budget for men amounting

to \$2,750; the approving of a five-year contract with the State Fair officials, involving the erection of a stadium to seat 4,500 people. A report on the conference meet by Dr. D. K. Brace, chairman of the Council, was made.

Dr. H. J. Ettlinger, athletic director, mentioned to the council that the baseball team had been invited as individuals to Del Rio for games with the Del Rio Cowboys after the final exams are over. This invitation was given a hearty approval by the entire council. The team will go as individuals and not as representatives of the University.

### Three-run Rally In Last Frame Pushes Over Victory

Starting a determined rally in the last inning after two men were down, Lambda Chi Alpha scored enough runs to defeat Cafe, 5-4, to give them the University intramural championship.

Jim Stallings, all-University pitching selection, and Hugo Heimann, Cafe's all-University hurler, put on a fine pitching duel for six innings, with the Cafe pitcher getting the best of the argument, due to the bobbing tendencies of the Lambda Chi fielders. Heimann was scattering his hits, while Stallings gave only five, striking out nine men during the course of the game.

Cafe started activities by scoring in the first inning with the aid of a Lambda Chi error. They got three more in the third when the Lambda Chi outfield started to boot the ball around. The fraternity batters were collecting two markers during this interval, and when the two teams entered the final inning, Cafe was leading by two runs.

Heimann struck out Bert Boomer, first Lambda Chi batter. T. Willis singled. Braswell flied out, and two were down. Stallings kept things going by singling. F. Genuil, next man up, cracked out a long double, and Willis and Stallings scored. Rutledge singled, and Genuil crossed the plate with the winning run and the championship. Smythe grounded out to close the inning.

Stallings, besides pitching an air-tight game, helped his own cause a great deal by getting two hits in four trips to the plate, and scoring two of his team's runs. Braswell and Genuil each kicked in with telling doubles.

Uncle Billy Disch, Longhorn baseball mentor, who will send his cohorts against the Aggies today and tomorrow in a fight for his eighteenth championship.

Stallings, Lambda Chi Alpha waded through the fraternity divisions to the semi-finals, where they met the Law nine in a tussle and eliminated them. Cafe had defeated Newman Club for the independent championship, and had earned the right to meet the fraternity champions for the title.

### W. A. A. ELECTS OFFICERS

Patty Lacy was elected vice president of the W. A. A. at a meeting of that organization Monday night, at which Louise Robinson, vice president of this year, presided. Beth Law was elected president of the organization several weeks ago. Marian Seiders was elected secretary Monday night also. Billy Weston was elected to carry out the publicity of the association. Louise Morrel was made inter-group manager and Mildred Lippe, team sports manager.

### Mac Burnett And McGonagill To Enter Golf Tourney

Mac Burnett and James McGonagill will represent the University in golf at the Intercollegiate Golf meet this spring.

The Texas golf team composed of Burnett, McGonagill, Ed Connor, and Jim Elliot had a very successful season. They won exhibition tournaments from Baylor, T. C. U. and S. M. U.

Rice took the team and singles golf championship at the conference meet held May 14 to 16 at the Houston Country Club course, defeating the Texas squad by a two point lead in the team finals, and a 7 to 5 victory in the singles final. This makes two consecutive team championships in golf that Rice has taken. The singles trophy was won last spring by Bridwell of Arkansas.

The University squad scored a total of 312 in the team finals, Burnett making a 75, McGonagill a 78, Elliott a 78, and Connor an 83. Rice had a total of 310 points for the final. Albaugh shot a 75, Greenwood a 77, Andrews a 78, and Illeg an 80. The other Conference teams finished in the following order: A. & M., T. C. U. and S. M. U.

After Rice had won the team trophy, match play was begun to determine the conference singles champion. Burnett and Albaugh, of Rice, tie for the low medalist honors with a score of 75 each. After the second round of play Burnett and McGonagill of Texas, and Greenwood and Albaugh, of Rice, tied for the low finals. Burnett defeated McGonagill 2 to 1, while Greenwood took over Albaugh 1 up on 20 holes. In the finals Greenwood won from Burnett in the 36 hole match 7 to 5, taking the conference championship.
