RECOUNT LEAVES PRESIDENT'S RACE IN DOUBT

SWINGOUT ENDS ANNUAL SENIOR WEEK MAY 10

Gregory and Scott to Lead Seniors in March

GIVE INSTRUCTIONS

Cap and Gown, Mortar Board Members Announced

The annual traditional Senior Swingout will be held Friday as the concluding event of Senior Week which began Monday with senior vespers.

Seniors, led by Cornelia Gregory, president of Cap and Gown, and Alberta Scott, vice president, will start from the Woman's Gymnasium, and passing through Main Building to the south walk, will receive the bluebonnet chain. The chain is now being made by the sophomores and will be given to the junior girls in front of the Main Building. The chain is a symbol of the ideals, powers, traditions, and honors which are being passed on from the seniors to the juniors. The seniors will be met by the juniors coming from walks leading to the Law and Education Buildings.

Sophomore girls will guard the steps to the Main Building. Rose Catherine Woolsey, president of the sophomore girls, will escort Dr. J. B. Wharey, who will deliver the address on the occasion, President Benedict, Miss Ruby Terrill, and Miss Lula Bewley. Following the address by Dr. Wharey, next year's members of Cap and Gown will receive the caps and gowns of the present council. Dr. Wharey will then announce the senior Mortar Board, a national honorary organization.

Besides the Senior Swingout, the program for the remainder of Senior Week includes: the Regan Singing today, and the Y. W. C. A. banquet Friday, which will be held directly following the Swingout.

Instructions for the Swingout have been issued.

Freshman instructions have been given as follows: "All girls dress in white; all girls meet Mary Steger, Betty Bundy, Frances Greenwood, and Claire Caswell at the north door of the Main Library at 6 o'clock Friday afternoon; follow freshman directors and take positions along east and west walks in front of Main Building to keep off the crowd; at end of march, fall in behind juniors and seniors, marching up to band. This position is to be kept throughout ceremony."

Sophomore instructions are as follows: "Dress in white; report at 6 o'clock Friday; meet on the south steps of the Main Building; take positions assigned by your class officers and directors; hold that position until close of ceremony; your duty is to guard the Main Building; remain in place until seniors have finished singing 'T-E-X.'"

Junior instructions are: "Dress in white and meet at 6 o'clock Friday. Juniors with names A to M meet in front of the Law Building. Juniors with names N to Z meet in front of the Education Building."

CURTAIN CLUB SCORES WITH ZANGWILL'S 'MELTING POT'

By DR. L. W. PAYNE, JR.

Professor of English, University of Texas

Ho, ho! The play's the thing! Dramatics are looking up sharply at the University. The Experimental Theater has recently added new laurels to its young head by winning second place at the state tournament held at Houston and first place for original composition.

The Austin Little Theater has this week given two performances of Barrie's "What Every Woman Knows," with two University professors, a professor's wife, and the president of the Curtain Club in leading roles. The Newman Club announces a performance of "It Pays to Advertise" to rival the spring offering of the Curtain Club's "The Melting Pot" on its opening night. So the merry play-game goes on in hot succession. Apparently competition is the life of drama as well as of trade.

The Curtain Club deserves praise for its selection of serious drama like Israel Zangwill's "The Melting Pot." It is a play with a big idea, a noble conception of the destiny of America as the fusing cauldron of the nations. It has many heroic lines, many patriotic outbursts, and a few long speeches in the older tradition.

The Board of Regents, after plans were in definite form, agreed to supplement the \$500,000 with \$600,000 from University funds. With this addition, the success of the project was practically assured, although long months of incessant toil were still ahead of the campaign committee.

The drive was started first among ex-students at the annual

102 MASTER'S APPLICATIONS ARE APPROVED

Graduate Faculty Also Passes on Doctor's Degrees

One hundred and two applications for master's degrees were passed on by the graduate faculty at the Tuesday afternoon meeting.

Seventy-seven masters of arts degree applications were approved.

Others approved were: Eight masters of business administration, one master of education, seven masters of science in chemical engineering, four masters of science in civil engineering, two masters of science in electrical engineering, one master of science in mechanical engineering, and two masters of science.

Fourteen candidates for doctor's degrees also received the approval of the graduate faculty.

FINAL W. A. A. BANQUET HELD MAY 18

Expect 200 at Dinner Dance; Awards to Be Made

'T' NIGHT COMBINED

Texas Decorations Planned for Occasion

Approximately two hundred girls are expected to attend the "T" banquet, final and largest social affair of the year sponsored by W. A. A., which will be given Saturday, May 18, from 6:30 to 10 o'clock at the University Commons, according to information received from Miss Elizabeth Lewis, faculty advisor for the affair.

Everyone who has participated in any of the activities sponsored by W. A. A. such as inter-class games, clubs, and inter group sports, is eligible to attend the banquet. All awards will be given out on "T" night.

"T" night and "T" banquet, two traditional functions of W. A. A., are being combined into a semi-formal dinner-dance this year. Until last year only those people who had earned awards were eligible but all girls who have in any way been active in W. A. A. may attend this year.

A theme of Texas decorations will be used, according to LaVerne Nowotny, vice president of W. A. A. and chairman of the committee in charge of the banquet.

A formal invitation is being mailed to guests for the occasion, and a form letter is being sent to all girls who are eligible to attend the banquet.

Committees in charge of the banquet are: decoration committee, Dadeane Halls, chairman; Courtney Ward, Emma Ruth Randerson, Merceille Leissner, Irene Nyquist, Marie Kennedy, Cecile Worley, and Mildred Shafer; banquet committee, Margaret Cunningham, chairman, Imabel Philips, and Jewel Rigler; music committee, Katherine Wier, chairman; table committee, Lucille Collins, chairman, Mary Henry, and Louise Hinyard; place card committee, Zeda LaCina, chairman, Veva Shafer, Maurine Mathews, Gladys Maddox, and Ida Parry; finance and miscellaneous committee, Miss Lewis, LaVerne Nowotny, and Miss Anna Hiss; club and inter-group committee, Billie Weston, Margetta Talbot, Nadeane Hall, Hermasella Braden, Zeda LaCina, Mildred Tarver, and Miriam Collier; publicity committee, Peggie Banks, Jimmie Crozier, Gyneth Stugard, and Marjory Vogan; and invitation committee, Essie Roots and Bernice Erwin.

Tickets for the occasion are 75 cents and may be secured from anyone on the club and inter-group committee or from the following girls: Dorothy Peacock, Doris Newberry, Eola Clifton, Frances Laughlin, and Louise Robinson, it has been announced.

HILDEBRAND ATTENDS A.L.I.

Dean Ira P. Hildebrand of the School of Law is in Washington, D. C. today attending the first session of the annual meeting of the American Law Institute. The meetings will also be held Friday and Saturday. He is a life member of the institute.

Dean Hildebrand will return to the campus Tuesday.

EIKEL HEADS CLUB

Election of officers for the next long session was the main business at the regular meeting of Deutscher Verein Wednesday night.

Officers elected were: President, Fred Eikel; vice president, Wesley Kuennemann; secretary-treasurer, Margaret Schade.

PAYNE TAKES SIX VOTE LEAD WEDNESDAY IN SECOND CHECK; RE-TOTAL ME CACTUS RACE

A second recount of ballots in the race for president of the Student's Association was begun last night at 10 o'clock after the first recount had given Bob Payne a six vote margin over Spurgeon Bell. Bell led Payne in the first count by seven votes, but the check gave Payne 1,437 and Bell 1,431.

A re count was ordered in the race for managing editorship of the Cactus also, "because of the closeness of the first totals." Bill Stuart led Jimmy Rutland in the initial tally. All the votes will be counted regardless of the fact that some may have been cast in the wrong box, provided no one voted twice, Byron Skelton, president of the Students' Association, said last night. A careful check on all irregularity will be made today, and all votes will be finally recounted.

Tommy Hughes still maintained his lead of one vote over Bill Ford, for the most popular athlete, but this race will be reckoned today.

Work on the second recount was still incomplete at 12:30 o'clock last night. Final results will not be available until the final check over all ballots has been made today.

Commenting further, Coach Walker said that every suggestion that he had made was with the desire for improving the University, and that he thinks there is enough talent on the campus to produce such a fight song.

University Needs Fight Song, Says Coach F. Walker

Recent editorial comment that he favors the abolition of "The Eyes of Texas" as an Alma Mater song has been denied by Coach Fred Walker.

Mr. Walker stated that he had said that it would be wise for the University to have a fight song in addition; however, he declares that reports that he advocated its abolition were false.

Commenting further, Coach Walker said that every suggestion that he had made was with the desire for improving the University, and that he thinks there is enough talent on the campus to produce such a fight song.

Facts About Former U.T. Students Who Now Fill Solon Chairs

"I hold the record for the standing high jump both in the University of Virginia and the University of Texas, and it never will be taken away from me," declared R. M. Hubbard of New Boston, member of the House from Bowie County. "The reason I'm pretty certain of keeping the record, is because the standing high jump has been done away with," he added.

He entered the University School of Law in 1895 as a transfer from the University of Virginia, where he received a bachelor of arts degree in literature. In 1897 he received his bachelor of law degree from the University.

He belongs to Beta Theta Pi fraternity and Skelton Hand and was

a member of the track team. "I was one of the organizers of the German Club and the first president of that organization," Hubbard stated.

"I have consistently supported all University legislation," he said, "and I was on the committee that worked out the plan whereby two Regents and the land commissioner were to form a land leasing board."

He was drafted by Governor Hobby as one of the first members of the highway commission; was re-appointed to that position by Governor Pat M. Neff, and served as chairman of the commission for approximately seven years.

He is now serving his first term in the House of Representatives.

4. Faded beauty.

We have now a proposed zeppelin race over the Atlantic. The Graf Zeppelin has by far the greater "edge" over the "lighter-than-air" craft of the world, since it is already tested and tried, but the new British dirigible R-100 is to be tested soon and will make a flight over the Atlantic with 100 passengers. Wonder when a round-the-world dirigible flight will come.

A preacher in England claims to own Oliver Cromwell's skull and has documents to prove that the skull is that of the English Lord Protector. The relic lies in a century-old oaken chest in a secret drawer of the Suffolk rector's study. He claims that his great grandfather came into possession of the skull more than 100 years ago.

D. W. Griffith, famous film magnate, may direct a picture called "Birth of Texas" in Austin and central Texas. Conferences with Governor Dan Moody concerning picture rights have already been held. The brief truce of Chicago's gangland was shattered yesterday with the triple slaying of three badmen on a rural road. Police believe the killing was in retribution for the slaying of George "Bugs" Moran's seven clansmen by a machine gun barrage last Valentine's day. The slain were identified as henchmen of Scarface Al Capone.

The Waldorf-Astoria Hotel in New York, now under the auctioneer's hammer, is likened to a faded beauty, having all the remnants of a once glorious past. But like beauty, the ancient hostility must bow to the march of time, fade before the newness of progress, and make way for gigantic, steel-girded skyscrapers, to which the once elite and fashionable palace for kings and social stars could not compare.

\$207,000 GIFT TO U. T. PROPOSED

Legislation providing that approximately \$207,000 of the E. D. Farmer estate be given to the University was revived in the Legislature Wednesday, when a bill to that effect was introduced in the Senate by Senator A. J. Wirtz of Seguin. The same bill passed the Senate during the last regular session, but died with the end of the session in the House.

 Why, I'd as leave be sick in bed
 Or covered o'er with boils.

He makes an awful lazy hum
 For one who is so busy
 And yet his energy's enough
 To make a fellow dizzy.

Work and work and work he does
 And maketh naught but honey
 A business man, too, works and works
 And maketh only money.

If I could make a primrose
 Or else a daffy-dilly
 I wouldn't find such energy
 As quite so awful silly.

There isn't much percentage
 To working hard as that
 I'd rather sit and sit until
 I grew to where I sat.

The election is over now and the candidates, victorious and otherwise, will have a chance to do a little peaceful cramming before the finals strike us. Juniors meet seniors at fountain and march south on the Main Walk, juniors on outside of line. At signal seniors will give chain to juniors. Follow the leaders. Hold chain until seniors have finished singing "T-E-X."

Senior instructions are: "Meet at the Woman's Gymnasium at 6 o'clock Friday. Dress in cap and gown. Carry bluebonnet chain into Main Building on outside shoulder. Keep three feet apart. When Cornelia Gregory gives the signal, march down the south steps of Main Building, carrying the chain on outside shoulder. Walk slowly. Meet a junior who will walk by you. shall fuse and remold the nations of all the earth. Occasionally the lines run into a sort of sophomoric declamation, and the speeches become more rhetorical than artistic or dramatic. Mr. Dyke fought against the tendency to "orate," and for the most part he kept his voice on the proper key. His gesture and facial expression were excellent, and he carried the whole conception off well.

Virginia Griffin as Vera Revendal, the heroine, is too petite, and demure and refined to play the heroic role assigned to her, but in this first performance she managed to carry off her part better than one might have expected in the face of her handicaps. At moments of crisis she rose to genuine dramatic expression of her part, and the quick but deep pathos of her voice reached the hearts of her audience.

Barnett Shaw as Uncle Mendel, and Seymour Rootkins as Frau Quixano, mother of Mendel and grandmother of David played their respective characters well, and Herr Pappelmast, the orchestra conductor was all that could be desired in make-up and in interpretation.

Ray Thurmond as Quincy Daventport, the American millionaire, Commodore Cumley as Baron Revendal, and Mary Aden Everett as Baroness Revendal were all on

the opposition side of the plot and naturally their roles were less attractive to the audience than those on the side of the hero. But each one of these gave a creditable performance.

Last but by no means least in the cast is the Irish maid Kathleen, played by Mary Jo Young. Her interpretation of the hot-headed but tender-hearted Irish girl was one of the best things in the play. Perhaps she spoke a little too rapidly and loudly at times, but she made much more of the character than a mere comic figure such as the Irish maid usually appears on the American stage.

The play was directed by Mrs. Lydia M. Kirk and Morton Brown. Much praise is due to them and to their heroic helpers in the management of the play. The designing of the cyclorama by Harold Jensen is to be especially commended.

BRIAN SPINKS

Note—Current shows reviewed in this column will be listed in the order of their entertainment value, as judged by the Theater Editor of The Daily Texan, on the basis of his own standards of criticism. The best show in town will always be listed first and so on.

Johnny Erp, editor-elect of the Arkansas Traveler, says in a recent letter: "Tell Brian Spinks that I enjoy his movie reviews—especially since we have most of the pictures after you do."

Thank you. I think so too.

"SYNCOPEATION." An extravaganza of sound, music, and tripe. Fred Waring's Pennsylvanians explain their reputation, but not sufficiently. It is no fault of theirs, however. Music swelters. Repeatedly: "I'll Always Be in Love With You." Knockout number: "Jericho." By the orchestra. Pleading: "Tin Pan Parade." With whoops and gasps: "Do Something." Dorothy Lee is the restless one who craves activity. And many times more: "I'll Always Be in Love With You." The tripe has been on hand for some time, used over and over. If endurance means anything, it must be good. Barbara Bennett needs a face that doesn't break the lenses of your spectacles. Also, she needs some algebraic graphs. But Ian Hunter is relief. Through Friday at the Hancock.

"WEST OF ZANZIBAR." Lon Chaney and Lionel Barrymore cross bats in the middle of the black belt. Jungle atmosphere, in both meanings of the word. A story of revenge—not sweet—but sour. More dependence on makeup for the creation of character by Mr. Chaney. "Dead Leg Flint" is the distorted creature that calls himself a man this time. White voodooism. And a paralyzed white man rules a tribe of black devil worshippers with uncanny showmanship. But in the end, the revenge boomerangs, and like a Frankenstein monster devours the executor. Interesting at least. Last times at the Texas.

"CLEAR THE DECKS." Reginald Denny breaks loose with another court-cylinder comedy. This is nautical somewhat. Reggie is

human, and although he resorts to slap-stick for laughs, he does it with guarded license. Adroitly, perhaps I should say. At any rate, as comedians go, he's superior. In all likelihood this is typically a Reginald Denny film, but I don't see how he can possibly exercise his penchant for fast cars in a setting so marine. But his other weaknesses are fast women and fast action. He'll have some latitude there for reversion to type. Opens at the Queen today for three days.

"SPITE MARRIAGE." Disjointed amblings by our old pal Buster Keaton, who has yet to wrinkle his face. Ludicrously amusing. Too slow. And very little continuity between the different episodes. Things happen without explanation, and you wonder why. Stony mobility bespeaking of intellectual vacuity is always comical. Even when it isn't supposed to be. Dorothy Sebastian plays with him, and the children all enjoy themselves. And here's an invitation for Dorothy to put on her best gingham frock and come play with us in our backyard some afternoon when mother is away. Fires at sea, a deserted yacht, revenue runners, and even a squall. But somehow I wonder if the poor egg knew what he was actually getting. Majestic through Friday.

"THE GATE CRASHER." Glenn Tryon and Patsy Ruth Miller work up a case of pitter-patters for your and my gratification. Another chance to feed your insatiable desire for romance and

burned-out comedy. Crescent today for the last round.

"THE MELTING POT." A lot of heavy characterization of American types, including the Jew, the German, and all the others, Americans all. Play by Israel Zangwill. Produced by the Curtin Club under the direction of Morton Brown. Three more nights down in the S Hall Studio, 8:15.

COMING

"SHOWBOAT." This note from the Sunday New York Times: "The pictorial edition of 'Showboat,' now at the Globe Theater, has been tightened up considerably. According to Universal's spokesman, 1,500 feet of film have been clipped out, and it assuredly improves part of this production, the outstanding features of which are the singing and the staging. It is still very long and the later chapters are somewhat tedious." And judging from reports from San Antonio, where it showed before, it opened in New York, many more feet could be sliced. Opens at the Queen Sunday. Preview tonight at 11:15.

"SPEAKEASY." Paul Page and Lola Lane converse with feeling over Fox Movietone. New York

STEER THINLY-CLADS LEAVE FOR CONFERENCE TRACK MEET

SPORT TALK

By WILBURN VAN FLEET

We feel it our duty to set our friends right as to the why and wherefore of the injured left foot and the cane which we have been leaning on the last day or so. It all came about because of the publications banquet last Friday. We were persuaded to give our interpretation of a Grecian dance—and we did! As we finished the "fling" and stepped off the stage, we had the misfortune to step on a coil of rope, and 15 minutes later we were on our way to Seton Infirmary where we reposed in peace and restfulness until late Monday afternoon. We take this opportunity to correct all the rumors which we have heard as to the cause of our ailment.

Carl Hubbell, who used to southpaw the foes of the lowly Beaumont Exporters into submission, stepped into the circle of select baseball twirlers yesterday afternoon when he set the mighty Pirates from Pittsburgh down without a bingle or run for nine long rounds. Hubbell has been one of the best wrong-handers in the majors for the past couple of seasons. Elmer Hanson down at Beaumont narrowly missed a perfect game when he set Shreveport down with one blow and "nary a run" yesterday afternoon.

Ineligibility has wrecked the Arkansas track squad. The Porkers boasted some good men, but poor grades have robbed the Razorbacks of a good chance to decide the conference track champ. Had the Arkansas thinly-clads been able to enter their full strength, they would have caused considerable trouble in the meet this week-end, as they boasted of a good miler, hurdler, broad jumper and pole vaulter; then they had fair men in all the rest of the events.

The count on the most popular athlete remains as it was at the end of the first day with Big Tex Hughes leading Wild Bill Ford by one lonely ballot. It is said that there will be a recount in this race, as several of the judges and backers believe that the result will be changed. This recount will probably not be completed before late this afternoon.

The University Co-Op has been pretty generous in their trophy giving to Steer athletes this year. Right at the present, the establishment is giving pencils to the members of the Steer baseball team as they hit circuit blows, and engraving the score of the game in which the blow came. Higgins, Hughes, Bassett, Lamm, Leach, and Rhoads are the proud possessors of such pencils now. Higgins and Hughes each have four notations on their pencils, while the others are all singles. The Co-Op officials further have said that they will give pencils to letter men on the track squad should the Longhorn thinly-clads win the conference title, with pens going to those who break conference records.

Coach Littlefield will certainly be a busy man this summer. He will be instructor at three different coaching schools in three different sections of the country. At each of the three he will teach track classes, and take work in football.

The vanguard of the Steer thinly-clads will embark for Dallas late this afternoon in time to participate in the preliminaries in the dash events and the hurdles. Eight men and Littlefield will make the trip today, while 20 other men will follow Friday at noon.

We hope that the Steers have several dozen more hits left in their war clubs after their North Texas trip, as they're certainly going to need them in their last four games of the season with the Owls and Aggies.

WIRE INSULATION BURNS
The Austin Fire Department was called to 2390 Rio Grande Street Wednesday night at 8:40 o'clock to extinguish burning insulation on wires leading to a street light. A short in the light started the trouble. Little damage was done.

Sigma Eta Chi And Alecs Favored To Win

The annual intramural swimming meet will get under way this afternoon at 4:15 o'clock at Deep Eddy with approximately twenty-five men entered from the various divisions. The engineers are favored to cop the departmental league, and Sigma Eta Chi is in the same position for the frats. The independent fight will be the closest of the afternoon, and will decide the winner of the independent cup.

The race for the frat cup will also be decided by the event today, but the rest of the teams will have to do some high scoring to overtake the D. K. E.'s who apparently have the cup won. The swimming meet will tighten the departmental race, and send the engineers ahead, but the Alecs lost their chance to win the cup when they failed to enter a man in the fencing tourney which gets under way Friday.

What records will fall or be equalled, no one has any way of telling as the performances of the entries have not been noted at any time this season.

Shorty Alderson will act as referee, while B. M. Whitaker will be official starter. B. Rutland will be clerk of the course, Chester Day recorder, and O. B. Manes, Albert Smith, D. Bell, and John Keel will be judges of the finish. George Seay and Howard Jones will manipulate the stop watches, while Dr. D. K. Brace, Roy Henderson, and Shorty Alderson will judge the dives as to quality. H. Hoppenstein will record the results of these flights from the spring board, while Garner Surginer will keep the crowd informed as to what is happening.

As the aquatic stars start their pursuit of the records, they will have the following marks to shoot at:
100-foot free style: 16.9 seconds, M. Taylor (A. T. O.), 1927.
200-yard free style: 2 minutes, 32.1 seconds, Pat Frank (Eng.), 1927.

100-foot breast stroke: 23.1 seconds, Panama Fields (Sigma Eta Chi) 1928.

100-foot swim on back: 21.5 seconds, Rupert Harkrider (D. K. E.) 1928.

400-foot relay, 1 minute, 14 seconds. (Sigma Chi) 1928.

REAGAN GIRLS GIVE SENIOR SING TODAY

Reagan Literary Society will give the annual senior sing for senior girls this Thursday afternoon in the girls' study hall in the Main Building from 4 to 6 o'clock.

Carol Chandler and Salome McAllen are in charge of the program, which will consist of Texas and popular songs. Several feature numbers will be on the program.

Ada Snyder will have charge of refreshments.

Frosh Continue To Win; Take Pair From Allen

Marty Karow's frosh nine returned Tuesday night from Bryan where they copped a pair of games from the Allen Academy nine, by the scores of 7-5, and 18-5, respectively. The first game went ten innings before the first year men were able to prove their superiority. The Yearlings hammered a trio of Academy hurlers hard in the second game.

T. J. Hunt received credit for both wins, as he took over the hurling duties in the eighth in the first game and started the second day, and retired in favor of Lefty Hart, who loafed along under a commanding lead.

The work of Raymond Ater at shortstop for the first year men was the outstanding feature of the series, as this youngster handled 16 chances in the two games without a bobble, and many of them were difficult chances. Howard Tyson continued to hit and was one of the figures in the great scoring spree in the second game.

SUTTON ED CLUB ELECTS OFFICERS

Sutton Education Club elected officers for next year at its last meeting of the semester held Wednesday afternoon. The newly elected officers were: Lee Davenport, president; Mrs. Thomas, vice port, president Mrs. Thomas, vice president; and Carl Eis, secretary-treasurer.
