Dear Professor Bennett:

Thank you for the books of reference on Minoan archaeology.

I am glad to learn that you will be able to spend a whole year in Greece to continue your work and that you will probably spend a month or two in Crete. I shall be happy to have word from you about any new developments in the Minoan world that turn up.

At Reunion in June, I had an opportunity to talk with Arnold Whitridge who, you will recall, spent a year at the University of Athens. He too had been to Crete and had seen Dr. Yamalakis' collection.

I trust that I will have the pleasure of meeting you in person at New Haven some time this fall before you go to Greece. I am planning to spend September abroad but will not get as far east as Greece.

Cordially yours,

Walter N. Maguire
