AUSTIN, TEXAS, THURSDAY, JANUARY 17, 1918.

No. 81

## SOCIAL CALENDAR FEATURED BY LESS FORMAL AFFAIRS

Arrowheads and Rattlers Combine in Having Their Annual Dances on February 21.

The social calendar for the winter term, which is featured by the limited number of formal events as compared with the past social seasons, has been completed by the calendar committee.

Probably the most notable single change in social events for this term will be the combined and comparatively inexpensive dance given by the Arrowhead and Rattler Clubs on February 21. The complete calendar follows:

Jan. 18, Phi Delta Theta informal dance at chapter house.

Jan. 19, German at K. C. Hall.

Jan. 25, Lambda Chi Alpha informal dance at chapter house.

Jan. 26, German at K. C. Hall.

Feb. 1, S. A. E. informal dance at chapter house; Delta Tau Delta informal dance at Driskill hotel.

Feb. 2, D. K. E. informal dance at chapter house; German at K. C. Hall.

Feb. 8, Lambda Chi Alpha formal dance at Driskill Hotel.

Feb. 9, Alpha Delta Pi formal dance at chapter house; German at K. C. Hall.

Feb. 15, Freshman Reception at K. C. Hall.

Feb. 16, Delta Chi informal dance at Cactus Tea Room; German at K. C. Hall.

Feb. 21, Arrowhead-Rattler formal dance at K. C. Hall; S. A. E. informal dance at chapter house; Sigma Nu informal dance at Cactus Tea Room.

Feb. 22, Delta Tau Delta informal dance at Driskill Hotel; A. T. O. dinner-dance at Driskill Hotel.

Feb. 23, Annual Soph. Reception at K. C. Hall.

March 1, Phi Gamma Delta annual informal masquerade dance at chapter house; Sigma Nu dinner-dance at Driskill Hotel; Phi Delta Theta informal dance at chapter house.

March 2, D. K. E. informal dance at Cactus Tea Room; German at K. C. Hall.

March 8, German at K. C. Hall.

March 16, German at K. C. Hall.

## RAMSHORN DISCUSSES TOPIC OF IRRIGATION; PROF. BANTEL TALKS

The Ramshorn Debating Society had its regular meeting Tuesday at 8 p. m. Two distinguished visitors were present who favored the society with interesting talks. Mr. Haskell and the irrigation engineer for the Government, who gave a clear account of his work in supplying water to a desert place in California. "Banty" gave a thrilling story of what happened to him while he was visiting Germany at the time the present war broke out. He told how five million men responded almost simultaneously to the call for service, all fully equipped, they moved in a wave-like formation into the German war machine and in a short time were on their way to France.

The following committees were appointed by President Weeg: Program committee, Elledge, chairman; Myres and Cox; committee for revising the constitution, Myres, chairman; Walker and Nevin; absentee committee, Clements, chairman; Bunsen and Graham; publicity committee, Bryan, chairman; Miller and Clements.

## DR. LAW IS HONORED.

At the Christmas Meeting of the Modern Language Association, Central Division, at Madison, Wisconsin, Professor R. A. Law of the University faculty was elected a member of the executive council of the association. Professor C. R. Baskerville, now of the University of Chicago, but formerly a member of the faculty of the University of Texas, was also elected a member of the executive council at this meeting.

## NOTICE, MEN STUDENTS.

There are several vacancies on The Texan staff for men reporters. Any men with newspaper experience or any men, especially upperclassmen, who desire to work on The Texan are invited to try out. The managing editor will be in The Texan office every morning between 8 and 9 o'clock.

## KAPPA ALPHAS WIN OVER THE PHI PSI'S

Score Is 9 to 5 in Basketball Contest; Other Inter-Frat Games Tonight.

Last night in the men's gymnasium, the Kappa Alpha Fraternity defeated the Phi Kappa Psi Fraternity by a score of 9 to 5 in the third game of the inter-fraternity league. The game was fought hard by both teams. It was not until the last four minutes of play that the deciding score was made, the Kappa Alphas making four scores, thus deciding the game. The teams were very evenly matched, but the K. A.'s seemed to have had their team a little better organized, and consequently had better team work.

The line-up of the teams was as follows: Kappa Alpha, forwards, Red and Swift; center, Winfrey; guards, Bering and Porter. Phi Psi, forwards, Hoskins and Beavers; center, Moss; guards, Durham and Armour.

Substitutions were few, only one being made by K. A., McFarland for Porter, and three were made by the Phi Psi, Crawford for Beavers, Norris for Moss, and Collier for Norris. The star of the evening was Winfrey, who played the best individual game.

This evening at 7:45 in the men's gym, the next game of the schedule will be played. The A. T. O's will meet the Delta Tau Deltas, and the Sigma Chis will meet the D. K. E.'s.

## SOPHS TO MEET FRIDAY AFTERNOON

President for Spring Term to be Elected; Basketball Men From Class Urged to Attend

A number of important matters will have to be disposed of by the Sophomore class, and for this reason a meeting has been called for Friday at 5 p. m. in the Law auditorium. At this meeting a new president for the spring term will be elected, owing to the withdrawal of Henderson, who had previously been elected to that office.

The matter of the reception will be discussed, as well as the weighty problem of putting out a winning Sophomore class basketball team for the intramural contests. Those men students who are members of the class and are interested in basketball will be shown ways and means for developing an "all around" team. Hoffer Russell and Lucien Dinwiddie have been representing the class in the meetings called by Coach Juneau. They will have valuable suggestions to make to Soph basketball men.

The last payment has been made on the Sophomore Liberty Bond of \$50 and the class treasure will soon be in the hands of the bond trustee, Dr. Parlin.

## ORPHANS ARE BEING WRITTEN TO BY GIRLS FROM WOMAN'S BLDG.

A letter has come to Mrs. Carothers from Mrs. H. L. Hodgkins, secretary of the War Relief Service Commission, giving the names and addresses of the war orphans adopted by the Woman's Building girls and the Andrew Carothers Chapter, D. A. R. The orphans adopted are, respectively, Marie Brodin, age 9, St. Mars l' Egreune, Dept. del' Orne, France, and Emilien Bruneau, age 10 years, La Chapelle Souell, Dept. del' Orne, France. Marshal Joffre is president of the committee in France, who sees that each orphan is supplied with the sum of \$36.50, that is sent for their maintenance for one year, and the name and address of the contributor.

The co-eds of the Woman's Building are very much interested in their new charges, and expect to keep in communication with the little girls with weekly letters, as gifts cannot be sent to individual orphans. The girls will write in rotation, and it is very probable that the French students in the building will be very much in demand.

## WOMAN'S BUILDING TO HAVE SERVICE FLAG WITH STARS

The University of Texas campus is not to be without a service flag. The flying of these flags has become an established custom among many colleges, and the Woman's Building is to have a large one, on which the stars will represent the patriotic brothers of the Building girls who are in service in every part of the United States.

(Continued on page four.)

## COUNCIL OF CLASS REPRESENTATIVES MAKES SCHEDULE

Intramural Basketball Games Given Ideal Dates in Meeting With Coach Juneau.

The men appointed by the class presidents as representatives to the intramural council met with Coach Juneau in his office for the purpose of organizing and of drawing up a schedule for the basketball games to be played in the near future.

The representatives are: Laws, Watt Baldwin and Wright; Engineers, Marvin Nichols and W. H. Collins; Freshmen, Joe Spence and King; Sophomores, Hoffer Russell and Lucien Dinwiddie; Juniors, Norman Bering and Alan Montgomery; Seniors, Jack Goforth and Lamar Hart. Goforth was elected president of the organization, Bering vice-president, Collins secretary, and Juneau will act as treasurer. Elliott was appointed as assistant to the coach for basketball. The by-laws and rules are to be the same practically as those last year. It is necessary for each class to elect or appoint a manager for each sport.

The schedule is as follows:

Jan. 22, Laws-Juniors.

Jan. 24, Freshmen-Engineers.

Jan. 26, Sophomores-Seniors.

Jan. 29, Laws-Freshmen.

Jan. 31, Engineers-Sophomores.

Feb. 2, Juniors-Seniors.

Feb. 5, Laws-Seniors.

Feb. 7, Freshmen-Sophomores.

Feb. 9, Juniors-Engineers.

Feb. 12, Freshmen-Juniors.

Feb. 14, Engineers-Seniors.

Feb. 16, Laws-Sophomores.

Feb. 19, Juniors-Sophomores.

Feb. 21, Freshmen-Seniors.

Feb. 23, Laws-Engineers.

The time of these games has not yet been finally decided upon.

The schedules for the other sports to be participated in will be determined in their season. Other sports that will help determine the winner of the large trophy cup now on exhibition in the corridor of the old gym are, baseball, track, cross country, tennis, swimming, handball, and possibly gym.

## ANDREW CAROTHERS CHAPTER.

Andrew Carothers Chapter, D. A. R., will meet with the regent, Mrs. Thomas Currie, Thursday afternoon from 3:30 to 5:30. The usual literary and musical program will be omitted and the chapter will engage in the practical work of sewing for the unfortunate babies of France and Belgium. This program was adopted in response to the demand for this kind of Red Cross work which can be done at home. A full attendance is desired, and each member is requested to bring her work basket.

## THE UNIVERSITY'S WAR CATALOGUE.

Students are really keeping back information that is highly valuable when they fail to fill out a blank for every friend in the service. At the risk of duplication, write and write and write the names of the men you know who were former University students and who are now encased in a uniform. Drop the slips in the tin box on the table in the corridor. They will be collected and catalogued.

Thanks.

## VARSIITY DEBATERS SELECTED IN BIG CONTEST OF YEAR

Jerome Crossman Wins \$100 Prize, Blalock and Corenbleth Win Other Honors.

With an auditorium packed with intent listeners, twelve men contested for the debating prizes and for a place on the University debating team last night at the auditorium of the Law Building. Jerome Crossman, the first speaker of the affirmative of the compulsory arbitration question, was awarded the W. E. Pope prize of \$100. Jack Blalock received the Stelfox watch valued at \$50 as winner of second place. Emil Corenbleth was awarded the Delta Sigma Rho prize of \$100.

The following men were chosen as members of the debating team for 1918: Crossman, Blalock, Hexter, Hedick, Cofer, May, Dale, Knight.

There were two sets of judges—the one for the warding of the prizes was as follows: Lieut. R. J. Roger, and Representative Spencer, both of the Legislature; J. W. Brady of Austin, L. J. Heath, and Judge Tarlton. The judges for the selection of the debating team was as follows: Dr. E. D. Shurter, Judge I. P. Hildebrand, Profs. Cunningham, Yarbrough, and Duffey.

The question debated was, Resolved, That the Federal Government shall require compulsory arbitration (with power to enforce decisions) between organized labor and interstate public service corporations. Main speeches were five minutes in length, and rebuttals followed, three minutes in length. The contest was the most vigorous one ever waged in the Law auditorium, and a notable feature was the enthusiasm shown in the rebuttals.

The eight men who were chosen have passed two previous preliminary contests, the first one of which was participated in by about forty debaters.

## "SEND FRENCH BOOKS TO SOLDIERS," URGED BY EDUCATIONAL DIRECTOR

Mr. W. R. Raymond, educational director of "The National War Work Council of the Y. M. C. A.," makes a most earnest request that all students and members of the faculty who have any French literature for which they have no use, donate it to the soldiers at Camp Travis. Anything will do; and old French grammar, a novel, or even a newspaper—anything French.

Such gifts are but a small sacrifice of the donor, but a great pleasure to the recipient. So, hunt up some old French books, take them to the Y. M. C. A., put them into the hands of Miss Ray Perrenot, and tell her for what purpose they are to be used. She will see that they reach their destination.

## THRIFT WORKERS SELL 1000 CARDS

Committee Is Busily at Work, but Stamps May be Procured at the Sub-station Also.

According to the latest reports, the thrift campaign of the University is progressing rapidly. There have been sold in the University community more than 1000 thrift cards. This means that if each one of the thrift cards is filled, we will have loaned the Government approximately \$5000 in twenty-five-cent savings. However, it is not doubted that before the campaign ends in the University community every student, as well as every faculty member will be the proud possessor of one of these thrift cards.

So successful has been every effort in the University here and the almost unanimous support of the student body and faculty, that it is reported a similar plan to the one followed here will be used in almost every college in the State. Once again, in this tangible way has the student body of the University of Texas proved its loyalty in this hour of need.

The committee is still busily engaged and the stamps may be had at the University Sub-station also.

## BISHOP MCCONNELL POSTPONES HIS VISIT

Denver Evangelist Soon Leaves for France to work Among Soldiers; Expected Here in April.

Because of some very important war work which he finds necessary to perform, Bishop Francis McConnell will have to postpone his Austin evangelistic campaign until the latter part of April.

It is true that this will be a great disappointment to many of the University students who were expecting him on the 22nd of this month, but it is to be hoped that this disappointment will be alleviated when they hear that his postponed engagement is due to the fact that he is to spend the months of January and February in England and France, there doing valuable and essential war work. He is now in Denver, making preparations for his trip.

It is expected that Bishop McConnell's campaign will very much resemble Dr. Truett's, which was held here last year.

Bishop McConnell intends his campaign to be principally for the University students, and, if no unforeseen incident occurs to again change his plans, he will be here from the 23rd to the 28th of April.

## CLYDE BALSEY FROM UNIVERSITY IS HONORED FOR AVIATION FEATS

H. Clyde Balsey, class of '14, a San Antonio man, who has been in France for the past three years, is home on a thirty-day furlough. He is the youngest American aviator in the famous Lafayette Escadrille, in which he has the rank of sergeant. His experiences in the war make quite a thrilling story. He was wounded severely once by a German flyer, because of which he received the war cross and insignia. He lay for many months in an army hospital behind the lines; he was also decorated with a military cross for bravery. He expects to go back to France in February.

At the time he was wounded he was flying at an altitude of 12,000 feet above the battle lines. He attacked a German, and when several enemy planes came to the rescue of the German, dropping on him from above, he turned and was flying upside down to evade them, when one of the Germans wounded him. The act so benumbed him that he lost control of his machine and fell from the height of 12,000 feet to 2000 feet before he regained control of his machine.

He says in an interesting talk on war, that all America needs to be awakened to the reality and seriousness of the war.

## "FATS" CONLEY WITHDRAWS.

Gordon Conley, commonly known as "Fats," was called home to Quanah on account of his brother's leaving for the army. "Fats" withdrew yesterday from the University, and may not enter any more this year.

Conley was a member of the Students' Council, as well as being the stellar guard on the football team.

## DR. VINSON HAS DETAILS ON UNIT OF RESERVE CORPS

Telegram States Varsity Will be a Military Training School, but Particulars Await Prexy's Arrival.

Whether or not Military Training for students of the University will be compulsory, or adequate barracks will be provided, or courses be dropped when the work is taken over, is not known in University circles, nor will it be known until Dr. Vinson returns from Washington either Friday or Saturday of this week. As soon as he arrives, it is expected that the details of the military work will be quickly formulated and plans be put into effect.

A telegram from Dr. Vinson, who is now in Washington attending a conference of college heads, which has for its purpose the establishment in colleges and universities of the country courses tending to better prepare students for vocational work in the army, received here yesterday, stated merely that a unit of the Reserve Officers Training Corps would be established at the University. This is to be established under the provisions of the Act of Congress of June 3rd, 1916, providing for the establishment and maintenance of such corps at universities and colleges throughout the country. The University of Texas unit will be part of the Senior division of the Reserve Officers' Training Corps, and therefore subject to all the rules and regulations prescribed for the Senior division by the Government.

The primary object of the Government in establishing a unit of the Reserve Officers' Training Corps at the University and other colleges is to qualify the students, by systematic and standard methods of training, for reserve officers in the army.

The system of instruction is to be under the direction of the War Department, and the military training, which will be of both a theoretical and practical nature, will be of a standardized measure necessary in order to prepare the students to perform, after graduation, the duties of commissioned officers.

The organization and control of the University unit will be under the supervision of the Secretary of War. Department commanders of the Southern Department will probably have supervision over matters and questions of administration, maintenance and inspection.

While it is the policy of the War Department to issue to institutions maintaining units of the Reserve Officers' Training Corps the latest model arms and equipment, it is not improbable that this equipment will be furnished the unit here for some time, due to the existing shortage of arms. The number and kind of arms and equipment to be issued will, in general, conform to those used by the regular army.

Brigadier General Luther R. Hare, West Point graduate, being a member of the class of 1873. He saw service in the battle of Little Big Horn, where General Custer met defeat in 1876. During the Spanish-American war, General Hare was colonel of the First Texas Cavalry. He commanded the expedition which rescued Lieutenant Gilmore in the Philippines, and was commissioned a brigadier general soon after the Spanish-American war. He was retired from active service in 1903.

## FLOYD SUCCEEDS BRUCE AS LAW DEPT. SECRETARY

J. S. Floyd of Corpus Christi has been appointed by the Law faculty to succeed H. J. Bruce as secretary of the Law Department. The selection was made after much deliberation on the part of the faculty, for the secretary has to have unusually high scholarship, office experience in stenography and bookkeeping, and a good knowledge of the various law courses.

The Law Department regrets very much to lose Mr. Bruce, as he had become very efficient in his work, and was well liked by both faculty members and students. Mr. Bruce has resigned his position to engage in law practice at Mission.

Mr. Floyd was formerly a stenographer in the Correspondence Division, and is well qualified to assume his new duties. He is president of the Middle Law class for the spring term.

## THE DAILY TEXAN

The Student Daily Publication of the University of Texas.

Published every morning except Monday during the college year.

Entered as second-class matter at the Postoffice at Austin, Texas, under the Act of Congress, March 3, 1879.

Subscription price \$2.50 per year—provided for each student through the Student Activity fee.

## A MILITARY SCHOOL.

The military drill instituted in the University last spring had an effect of democratizing the entire student body; never before had any one movement done so much in leveling all social and class differences. These results came about because of regular and constant association and because of the general spirit which prevailed during the drill hour.

Because we have seen the consequential good of military drill, we welcome the news that University students will be given a chance to become members of the Reserve Officers' Training Corps. All we can hope for now is that temporary barracks be built so that we and our fellow students will get a real taste of military life.

And the drill should be made compulsory. Despite the fact that 100 per cent of our students are patriotic, there is a certain number that will not take drill unless they are forced to it. And the force should be applied in this case in order to get the men out so as to level all differences and to bridge all cleavages.

The R. O. T. C. privilege secured by Dr. Vinson will also have another salient effect on the University—it will keep men students in school until they have finished their collegiate courses, and will turn them out prepared to become commissioned officers. This provision should insure no depreciation in attendance on future sessions.

Every branch of service will be studied by the students, it being provided that infantry, coast and field artillery, cavalry, engineers, signal, and medical units be organized and the general work studied. This will give each individual a wide scope of choice for work and will fit the exigencies of every case, it appears.

Specific and final information concerning the new order will be brought by Dr. Vinson when he returns Friday or Saturday. At least this one time, the Prexy will be welcomed home for what he has in the little "mysterious black satchel."

## SNOW BRINGS VERSE.

Springtime is the usual time for poets, but as far as The Texan is concerned, if it snowed twice a decade instead of once, it would be swamped with metrical attempts. Wednesday no less than three brilliant ideas were slanted our way, and in each case the writer preferred verse to more appropriate prose.

One writer mitigated his punishment—this scathing article should be punishment—by writing on the back of his paper,

## The University German

### A Dance at K. of C. Hall Saturday Night

"For The Texan or the wastebasket thereof." Another wrote the advice that we should not destroy the stanzas until we had reached the last line; so we turned and read the last line first, and it was so unequivocally impossible that we tore the whole sheet in shreds.

But keep 'em coming. We like to be amused, even if we are selfish with it and keep it to ourselves.

## FRATERNITIES AND SORORITIES, NOTICE.

One fraternity yesterday turned in approximately twenty names of its members who were now in the service of the Government. This is the largest single contribution to the tin box which is located just outside The Texan office.

Some organized action on the part of fraternities and sororities of the University will greatly increase the probability of the war catalogue's being complete. Girls in the various sorority houses know many addresses; they should turn these in.

There is to be a last day soon. Do it now.

## S. M. A. NOTES

Lewis B. Walker  
William J. Weeg

Squadron 27 Mounts Airplane. Squadron 27, recently graduated from S. M. A., departed from the previously well established custom of painting some symbol representing their class to be hung on one of the buildings, in celebration of having completed their course successfully. This squadron mounted a model airplane at the tower of one of the dormitories, with the figures "27" painted on the under side of the wings. The model is a very clever copy of a modern high speed fighting machine, and being made of tin, will doubtless continue to fly above the school for many months to come.

## Georgia Men Received.

The full quota of men from the Ground Training School at Georgia Tech in Atlanta was received at this S. M. A. last Monday. From their appearance, they seem to be up to the standard of students heretofore received here, and will do as good work as the other cadets who have received all of their training here. It seems that the course at Atlanta varied in a few particulars from that given here, and that will naturally place them at a slight disadvantage, but knowing it, they are anxious and willing to work harder, if possible, to complete the course here without additional work.

## Cadets Celebrate Payday.

Yesterday afternoon was marked with joy in the ranks of the cadet corps because the men received their regular stipend. The large crowd of civilians who daily witness retreat preceding mess was entertained by the different groups of cadets. Laying aside all cares occasioned by quizzes, drills, lectures, etc., the embryo officers celebrated by pulling off various stunts, such as building pyramids, turning handsprings, playing leap frog, and above all, singing their favorite college songs. It was indeed the end of a perfect day for the hard-working aviators.

## New Stores Opened.

With the advent of the School of Military Aeronautics that part of East Austin in the neighborhood of East Avenue and Red River Street has been transformed from a dull, quiet suburb to a live, bustling little community. Realizing this, a number of Austin merchants have erected cafes, cold drink establishments, and drug stores, and are daily serving the wants of the cadets. Not only are the inner wants of the men satisfied, but the genial proprietors of these establishments cater to the literary needs of the men by handling all the latest technical and short-story magazines, as well as postcards and stationery.

The latest addition to this community is a tailoring and pressing establishment.

## FIRING LINE

Dear Zeke:

Since you have the same sentiments as I have concerning the "Co-ops," would like to suggest that you advise a course in arithmetical division for them. Today one of them told me that a package of typewriting paper was seventy-five cents, and that half of it would be sixty cents. We advise that the said clerk learn that a nought's a nought and a figger's a figger.

A Sympathizer and Admirer.

## WORK ON WAR CATALOGUE.

The work on the War Catalogue is progressing rather fast. There are eight hundred names in the list now, and it is estimated that it will reach over a thousand, however, this does not include the men who are enlisting every day from the University. The present enlistment will swell the list considerably over the present number.

Get that suit pressed today at the TINHORN, 25 cents. Phone 1505.

## SOCIETY

Eudora Hawkins, Editor.

Miss Martha Sweet, Senior Academ, who lives in the Woman's Building, was called to her home Tuesday on account of the death of her father, B. G. Sweet.

Mrs. Willie Howard of San Antonio, formerly Miss Ewing Reynolds, is visiting University friends.

Miss Mary Le Read of Lampasas is in school again this term.

Mrs. Carothers, matron of the Woman's Building, has been sick for several days.

Mrs. Lowe, the Alpha Delta Pi chaperone, is ill with la grippe.

Miss Martha Candler has returned from the Sanitarium.

Mr. and Mrs. Duval West of San Antonio have returned home. Mrs. West was formerly Miss Ruth Bramlett. She was here for Kappa Kappa Gamma initiation.

Mr. A. R. Eidson of Hamilton visited his daughters, J. A. and Eunice, yesterday.

The Phi Delta Theta Fraternity will entertain with a dance tonight.

Miss Hallie Kelley returned yesterday from the Austin Sanitarium, where she has been ill for several days.

Out of an enrollment of some 150 students in the course of shorthand and typewriting, which was recently instituted at the University of Texas, there are about 79 co-eds.

The social calendar for the winter term shows but two events scheduled to be given by the co-eds—and one of these is history.

Certainly these two facts array themselves squarely against any assertion that the co-eds of the University are not awake to the conditions of this year, extraordinary with demands and obligations challenging more than ever before the newly stirred feminine ambition to have an active part in the world's affairs.

In the more passive lines of patriotism, this year has exhibited a marked readiness on the girls' part to do their share. The argument is supported by such facts: The University chapter of Red Cross is intensely alive and active, as manifested by the zeal and zest which characterized the sweeping Cactus campaign conducted by the Red Cross. The army of "Hoovers" (and you may even include here those who for more deeply feminine reasons refuse the taboos articles), has a large enlistment from among the girls of Varsity, and, finally, more co-eds subscribed individually to the Liberty Bonds than did the eds. The economic warfare has certainly not "passed over the heads" of the co-eds.

But taking a course in Business Training, or giving up something quite tangible is, we affirm, a more definite and active step that the Varsity co-ed has taken in the commercial phase of the war. There is a grim determination about the manner in which the co-eds have gone in for the Business Training, and often they are the co-eds who had never dreamed of taking a place in the world of business, but had rather quite different dreams and aspirations.

Then the several co-ed clubs are to be especially commended in the foregoing of the elaborate dances, which were their much-looked-forward-to functions of the year. Herein lies a finer distinction, but experience will bear us out that it is perhaps a little harder to give up something which one has planned and anticipated than to take up a new line of endeavor. Just as the sins of omission are the easier to perpetrate, so by the same reasoning, will the virtues of omission be the harder to accomplish. Be that as it may, the University of Texas has no reason to be other than proud of her army of co-eds, who have enlisted, almost to the last co-ed, with all the Varsity zeal in the cause of Uncle Sam—as they find it. The slackerline must be searched for dili-

Lucien Crockett, Associate.

## Triangular Debates.

Under the new system adopted this year, triangular debates will be held between Yale, Harvard and Princeton. There is to be a seventeen-day period of preparation preceding each debate, while the number of judges will be increased from three to four. This is done in order that the debates may be judged decisively or not at all.

## "Tie-Up Scraps" at Penn.

The student council at Pennsylvania State College has inaugurated a contest known as "Tie-up Scraps." The object of the contest is for the opposing sides to tie up as many of their opponents as they possibly can in the as many five-minute periods as are required to get all the contestants tied. Fifty men from each class will take part in the scrap.

## Hockey at Harvard.

Hockey is the leading winter sport at Harvard this year. Proceeds from the contests played will be devoted to some relief work.

## Boston University.

For the first time in years Boston University will be represented in a college athletic league. A hockey seven is to be entered in the annual tournament against the Massachusetts Institute of Technology, and the team from Tufts College.

The quartermaster's office in the commandant's headquarters at Iowa City was alive with Freshmen the other day. The University Frosh were receiving their new uniforms. Marked in blue on the sleeves of their shirts were the letters, U. S. R. O. T. C. For this, and the remainder of their uniform, they paid \$23.90.

## "Experience" Plays at Nebraska.

The Daily Nebraskain reports that the presentation of "Experience" by the University players was a decided success in spite of the inexperienced players and difficult stage settings. The curtain rose promptly, the scenes were changed quickly, and each performer put himself wholly into the success of the performance.

## CHAPEL NOTICE.

The attendance showed marked improvement yesterday; there were more men present, including several of the Y. M. C. A. leaders. We appeal to these and other religious leaders to attend and bring their friends.

The speaker of the day was Prof. Thos. Fletcher. His theme was unselfish service in connection with the world war. His main thought was that services valuable principally in proportion as it demands sacrifice. We may knit for the soldiers, but unless we give up something that will help the war, unless we conserve, the knitting may have to be kept up indefinitely.

gently if found in the ranks of the co-eds of Texas University.

Referring to The Texan's campaign for the noiseless Library, we may observe that the type is mightier than the rule(r).

Get that suit pressed today at the TINHORN, 25 cents. Phone 1505.

## RAEGAN SOCIETY MEETS.

Tuesday afternoon the Reagan Literary Society held its regular meeting. The program consisted of "Tom-Tit-Tot and its Variants" by Adele Henderson, and "Incidental Features of Rumpelstiltskin" by Mabel Heith. Both features were enjoyed by all. After the literary program two new members, Misses Alice Schiebliek and Pauline Brydson, were initiated. The resignation of Miss Lydia Wiseman

as treasurer was accepted, and Miss Evelyn Kerns was elected to the office.

## Suppose Fatimas were NOT Sensible

It isn't possible to fool men for long. Lincoln said that better than we could. Surely, if Fatimas were not as comfortable to the throat and tongue as we say they are—if they did not leave a man feeling keen and "fit" after a long-smoking day—do you suppose that more Fatimas would be sold every day than any other high-grade cigarette? Remember these facts as you try Fatimas and observe how comfortable, how sensible they really are.

(Continued from page 1.)

on the high seas, and "Somewhere in France."

The meeting to consider the service flag was held Monday night, and the girls voted unanimously to secure the flag. It has been ordered, and will be of excellent wool material that is supposed to stand both Texas wind and weather. According to the last count it will contain a large number of stars, and space will be left for others later.

## DR. ROYSTER ON WAY TO ATLANTA, GEORGIA, FOR GOVERNMENT WORK

The last word received from Dr. Royster was sent from Atlanta, Ga., and since no word has been received from him later than this. It is supposed that he has been delayed by the snow storms, which have tied up traffic all over the United States.

Dr. Royster, formerly a member of the English faculty of the University, has gone to take up work for the Government in Washington. He is to be in the Intelligence Department of the Navy, where he will have work to do concerning the census reports. He is a lieutenant in this branch. While doing this Government work, Dr. Royster is also to work on a history of the war, which will be completed after the close of the war.

## TEXAN WANT ADS

TEXAN want ads bring results. Rates, 1 cent per word for the first insertion, three insertions for 2 cents. Absolutely no ad taken over the phone. Call at room 109, Main Building. No ad taken for less than 25 cents. Payment in advance always required.

## Richmond Straight Cut CIGARETTES Plain or Cork Tip

"... even the sophomores treated me with some respect when I produced the Virginia cigarettes which I'd brought up from Richmond."

That fine old Southern Aristocrat—"Richmond Straight Cuts." There's never been another cigarette quite like them. Their "bright" Virginia tobacco has a naturally refreshing flavor that makes even the best of Turkish cigarettes taste almost tame and characterless by contrast. You'll wish you'd tried them before.

IN NEAT BOXES—FIFTEEN CENTS

Also in attractive tins, 50 for 40 cents; 100 for 75 cents. Sent prepaid if your dealer cannot supply you.

Allen & Ginter RICHMOND, VIRGINIA, U.S.A.  
LIBBETT & MYERS TOBACCO CO. SUCCESSORS.

NOTE: Unlike Turkish tobacco, Virginia tobacco pays no import duty—all the value is in the cigarette.
