

AGRICULTURAL AND MECHANICAL COLLEGE OF TEXAS

COLLEGE STATION, TEXAS

GEOLOGY DEPARTMENT

May 15, 1947

Dr. H. B. Stenzel
Bureau of Economic Geology
Austin, Texas

Dear Doctor Stenzel:

All of us here would be most happy to have you drop over and see us, and I would particularly like to have a chance to go over the situation here with you. Since you work for the State, you, of course, realize that none of us know definitely what will happen financially until the appropriation bills have been finally approved and the local budgets adjusted. However, I have in mind a full professorship for you and the matter of salary should be satisfactory, I feel sure. I will be here through Monday, May 19th, and then will be gone for a few days. Dr. C. E. Zobell of the Scripps Institute of Oceanography will be here Monday for a conference concerning the Oyster Mortality Investigation and I will leave with him for a few days flight and study along the Louisiana coast, probably returning in the neighborhood of May 22-23.

We shall be glad to see you any time you may come.

Sincerely yours,

S. A. Lynch
