

THE DAILY TEXAN

FIRST COLLEGE DAILY IN THE SOUTH

Vol. XIV.

AUSTIN, TEXAS, TUESDAY, APRIL 28, 1914.

NO. 169

FUNDS FOR MEET OF SCHOLASTICS MUCH IN NEED

Committee Must Have \$500 by Wednesday Night—Business Men Are Liberal—Students Are Asked to Contribute.

Having been appointed by the State committee as finance chairman, Mr. Belmont has been engaged in an active city solicitation, hoping in that way to get a starter toward the required \$500. This work has not been in vain, for up to the present time he has collected in cash \$167.25, excepting the unpaid subscriptions.

Every member of the faculty has been the recipient of the following letter. Several contributed, while others did not. The letter:

"Faculty and Officers of the University: We are in urgent need of \$500 to defray the entertainment expenses of 600 high school students who will participate in the annual meeting of the University Interscholastic League, to be held in Austin May 1-2. We are not making a request for a contribution, but merely ask that you purchase the enclosed ticket, good for admission to all track, declamation and debating contests conducted on the dates mentioned above. The minimum price of the ticket is \$1. If, however, you are in a generous mood, you may pay as much additional for your ticket as you desire. The chief aim is to get every faculty member to purchase the enclosed ticket for \$1, and thereby show some interest in this meritorious service being performed by the University for the youth of the State.

"Kindly use the enclosed addressed envelope for remitting the amount your price will allow, or for the return of the ticket. Appreciating hearing from you promptly, I remain,

"Cordially yours,

"L. THEO BELMONT,

"Chairman Finance Committee."

Any person giving a dollar or more will be accorded the privilege of attending all track and athletic contests without additional charge. Since there will be something over 800 preparatory students in the city this week it will be absolutely compulsory that the funds be provided before the day of the meet. A. & M. provided over \$1000 last week for the maintenance of the meet there.

The committee offers no skin game proposition in the least, for the host of representatives which will be here this week is the "cream" of Texas, having won in both county and district preliminaries before coming to Austin. There will be tennis, debate, decla-

(Continued on page 4)

CHAPEL NOTICES

The song service was thoroughly enjoyed by all present. Many of the old favorites were used with good effect.

The soloist, Mrs. W. R. Manning, was unable to be present because of the inclement weather, but we expect her to postpone her song until next Monday. That treat is still in store for us.

The same inclemency of weather kept away a number of regular attendants.

If anyone who does not attend the chapel services will give the chairman of the committee the reason or reasons why he does not attend, the chairman will present these reasons to the committee, and if the committee has the power to remove the difficulty, it will do so. Many helpful suggestions could be made by the students if they would give the matter a little thought. This service is for the good of the students, and should be made attractive for them. Tell us what you want at chapel, and we will comply with your request if it is possible. Whether your reason is one that we can accept as valid or not, we would be glad to have it. Drop us a note or speak to us, and we will be duly grateful.

The same request, of course, is made of those who attend regularly. They are really in a better position to offer suggestions.

Today Dr. E. C. Caldwell of the Presbyterian Theological Seminary will speak. Give him a cordial welcome. You will be glad you came.

BACK FROM LECTURE TRIP.

Mr. F. M. Bralley, director of the Department of Extension, has just returned from an extended trip in the Southern part of the State, making addresses at Corpus Christi, Kingsville, San Benito, Jacksonville, Alto and Longview. At Corpus Christi and Jacksonville he spoke to the high school students; at Kingsville he addressed an educational rally; at San Benito he talked to the delegates to the Gulf Coast Teachers' Association and the delegates to the South and East Texas Farmers' Union; at Longview, also, he spoke before the East Texas Teachers' Association, and at Alto he addressed a mass meeting of citizens in the interest of the consolidation of three rural school districts to build a rural high school. At every place visited the greatest interest and enthusiasm was manifested in the work the University Extension Department is doing for the improvement of country life.

AN ALUMNUS GETS GOVERNMENT JOB

Moodie, L. L. B., '10, Is Appointed Third Assistant District Attorney. Was Noted Lawyer.

Acting under authority given by Attorney General McReynolds, District Attorney Clay Allen yesterday recommended for appointment as Assistant United States District Attorney, Albert Moodie, a lawyer with offices at 653 Colman Building. The recommendation will be sent to Attorney General McReynolds at once for his confirmation and since Moodie had previously been mentioned by the Department at Washington for appointment, it is expected that his selection will be approved without delay.

Moodie has been practicing law in Seattle for the past four years, coming to this city from Texas. He holds the degree of Bachelor of Laws from the University of Texas, where he graduated with the class of 1910. He was born at Fort Worth, Texas, and is 32 years old.

Since coming to Seattle, Moodie has built up a lucrative practice. Recently he has been associated with William H. Gorham to the extent of sharing offices with the latter in the Colman Building.

Besides attending to his professional work, Moodie has been active in the naval militia and at present holds the rank of aide to Adjutant General Fred Jewell of the National Guard of Washington. His duties in the naval militia have been those of the acting paymaster. Moodie was active also in the organization of the naval militia shortly after his arrival in Seattle. He will take up the duties of his new position some time during the coming week.—Seattle Times.

FROSH PLAY FOR CHAMPIONSHIP IN INDOOR BASEBALL

Yesterday's Games Postponed on Account of Rain—Is New Sport Here. Frosh Are Very Enthusiastic Over Game.

The indoor baseball games were postponed yesterday afternoon on account of the rain. The regular schedule will, however, be carried out, beginning this evening at 5 o'clock.

Mr. Belmont gives out the following schedule:

Section 1 vs. Section 12; Section 4 vs. Section 7; Section 2 vs. Section 3. All will be played on Clark Field. Section 6 and Section 10 will play on the east side of the Main Building. Section 5 will play the winner.

Mr. Neely, instructor of Section 12, requests the following students of his section to come out: Meador, Goff, Wiley, Roger, Frank, Goosby, Fuller, Brenner, Roy, Gilbert, Henniger, Davis, O'Hair and Clark.

Indoor baseball is the second new sport that has been inaugurated in the University this season, soccer football being the first. The game originated at the University of Chicago in 1887, and has gained more popularity every year. The freshmen here say that it is one of the most interesting sports they ever had occasion to participate in.

The beginning series for the decision of a championship team will be played on Clark Field, as this will enable the spectators to enjoy the game better.

COLLEGE EDITORS HERE TOMORROW

Press Club Discusses Plans for Entertaining Visitors—New Members Are Elected.

At a meeting of the University Press Club last night, plans for the meeting of the college editors that is to take place here tomorrow and the following day were taken up and discussed. The visitors will arrive about 12 o'clock Wednesday, and will be met at the depot by the members of the Press Club. The afternoon will be devoted to a general get-together meeting with the members of the National Press meet, which will be in session at the time. In the evening the guests, in company with the members of the Press Club, will attend the play given by the Winslow Dramatic Company with the members of the club.

A general get-together meeting will be held Thursday morning at the Y. M. C. A. and a business meeting will be held in the afternoon. In the evening at 7:30 a "pot liquor" banquet will be given in the Y. M. C. A., after which the guests will be taken to The Texan shop on West Sixth Street and there shown how the "First College Daily" works. The guests will leave on the midnight train.

The purpose of this meeting is to promote fraternalism among the college editors of the State. Editors of publications of Baylor, A. & M., Trinity, Southwest Texas Normal and Southwestern will be here.

The following men were received into membership of the Press Club: Paul Adams, P. H. Brown, H. H. Daily, E. L. Holiday, F. A. Loftus, Roy Hawk, George Hexter, C. P. Engleking, Stuart McGregor, R. M. Wagstaff and O. W. Wood.

SCRUB TEAM WILL PLAY INELIGIBLES

Bailey, Bryant, Russell, Manning and Other Star Ineligibles to Play University Reserves Today.

This afternoon on Clark Field an exhibition game will be played between the University second team and the Phi Delta Theta ineligible team. Although only representing a fraternity, the Phi Delta Thetas have an unusually strong line-up, composed of some of the best men who have ever played intercollegiate baseball in Texas. "Dick" Bailey, the former Longhorn pitcher and later with Connie Mack's Athletics, will twirl for the fraternity aggregation. Joe Russell, another former Longhorn, will occupy first base for the ineligibles. Randolph Bryant of Christian Brothers College at St. Louis and afterwards of the Texas-Oklahoma League, will be at second base, while at short-stop Manning, who played with Southwestern last year, will be stationed.

The Scrubs will by no means be a weak team. Winston, also of last year's pitching staff, Oliver, Young, Mays and Simmons will be in the lineup and present a strong combination. No admission will be charged at this game and it is desired that a large crowd be present to see what class of ball even the Scrub team can play against a veteran team.

JESSE WILSON'S SPEECH.

Jesse L. Wilson of the Y. M. C. A. Cabinet spoke to the girls of the University at the regular Y. W. C. A. meeting Monday afternoon at 5 o'clock. Mr. Wilson spoke on "The Christian and His Message." He gave the subject a personal and individual treatment, in such a way that the things he said would apply to the life and living of any individual present. He brought out the fact that each life had a message, just as did the birds, the flowers and the sun, but is our message one of which God would be proud? This message must be based on the individual's life, the message to be lived and practiced before it is preached.

Misses Janet Kaapke and Edleen Begg sang a duet, accompanied by Miss Lucile Nance.

One feature of the meeting was that the Y. M. C. A. Cabinet members were guests of the Association.

BARBS GATHER IN GENERAL CAUCUS

Southwestern Representatives Here. Enthusiastic Speeches Made. To Nominate Monday.

The Barb meeting last night was not so much of a success as has been planned, due to the unfavorable weather conditions. There were something like 200 Barbs present, and a much smaller number of fraternity visitors.

C. F. Richards presided, and several speeches were made. Edgar Soule told about conditions before the organization of the Barb party, comparing the Barbs to a football to be kicked back and forth by the frat parties. He made a strong appeal for unity in the coming fight.

A. J. Weaver reviewed the situation for the past few political years, declared himself in favor of peace, but contended that there was no peace. He reviewed the last year's situation particularly, and summed up the attitude of the Engineers. He said that the Engineers were not to be hoodwinked this year.

Teddy Reese spoke directly of the effect of fraternities on the individual boys and girls. He said that if he should come to visit the University in the future, it would be the University and not a Greek letter house.

After a motion to adjourn, it became known that some men from Southwestern University had arrived. It had been reported that they could not get here on account of the railroad track being washed out. Mr. Webb spoke about "Fraternalism and Principle," according to the conditions in Southwestern. He showed several of the evils there, but said that there was not being waged a fight there this year, owing to the losing fight last year.

Mr. May of Southwestern spoke on the subject of "Fraternalism and Freshmen." He said that the attitude of fraternities toward the freshmen is that they are blackballed until the fraternities see fit to remove the obstructions. He talked about various evils which he believed to exist in fraternities and the fraternity system, commended all the good men in fraternities, and said that he had many friends among them. However, he stated that there never can be unity at Southwestern until fraternities are abolished there.

The Barbs have set next Monday evening at 8 o'clock for the nomination convention. This meeting will also be held in the Auditorium.

TENNIS MEN WIN FROM MO. STATE

Stacy Defeats Missouri Valley Champion—Broad Wins in Straight Sets—Texas Wins Doubles.

Special to The Texan.

Columbia, Mo., April 27.—The University of Texas won all three matches in tennis from Missouri University this afternoon. Stacy won his match with Woods, 6-2, 1-6, 6-2. Broad won from Loomis 6-4, 6-2. Texas won the doubles, 6-2, 6-2. In his match with Woods, Stacy played brilliant tennis. His service was terrific and had his opponent guessing most of the time. He served a number of aces. Broad was going in great style and played the net with good results. He used his Lawford to advantage. Stacy and Broad had the edge on the Missouri boys in the doubles and won easily. They outplayed their opponents in every department of the game and held the net during the whole match. All the attempts of Woods and Loomis to drive them from the net by lobbing were vain, as both Stacy and Broad were killing lobs very freely.

Stacy deserves especial credit for his victory, as Woods was champion of the Missouri Valley.

SOCIETY PROGRAMS.

At both the meeting of the Rusk and the Athenaeum tomorrow, there will be try-out debates for positions on the society debating teams. All members who expect to try-out must have their speeches ready at this time.

Miss Mary Baer spent the week-end at her home in San Antonio.

TO TRAVEL IN EUROPE.

Two members of the Department of Romance Languages, Dr. B. M. Woodbridge and Miss Nin Weisinger, will spend the summer vacation studying and traveling in Spain. Mrs. Woodbridge, who is also a French and Spanish scholar, will accompany them. The party will sail from Galveston immediately after the spring term examinations. Attendance upon a course of lectures by professors of the University of Madrid, given especially for foreigners, and visits to the Escorial, the Alhambra and other places of historic and literary interest will be included in the trip. Both Dr. Woodbridge and Miss Weisinger have definite plans of work for which they wish to make research in the great libraries of Madrid and other cities. Also a short visit will be made to Paris before the return to the United States in September.

GYMNASIUM TEAM IS HARD AT WORK

Will Give Exhibit May 8—Some Old and Many New Men Are Trying Out—"T's" Awarded.

The annual gymnasium exhibition and contest will take place this year on May 8 in the University Auditorium. Mr. A. C. Scurlock, who is coach and captain of the gymnasium team, has worked hard to put out a team that will be a credit to the institution, and everything is being done to make the coming exhibition a success. There will not only be individual work, but also stunts performed by the whole class. Amusing clown stunts will play an important part and Indian clubs will be swung by an artist. A good orchestra will be employed to play through the entire performance in order to make the exhibition more interesting to the spectators.

Among the men who were on last year's team are Griffin, Neeley, Scurlock and Broad. These men are all expert gymnasts and will do some hair-raising stunts. Several new men are also showing well and will do individual work. Among these men are Pennybacker, Deatherage, Dennis, Roensch and Glaze.

At this meet an unqualified "T" and a modified "T" will be awarded, as gymnasium contests have been considered an intercollegiate sport by the Athletic Council. However, this does not mean that every man who participates will be so honored, but only those who do the best work, as all contestants will be graded on the work by competent judges.

The exhibition will be under the management of the Athletic Council and season ticket coupons will admit bearers.

CO-EDS TO ELECT OFFICERS UPON FRIDAY, MAY 8TH

Election Was Postponed From May 1—All Girls Are Eligible to Nomination by Handing Names to Miss Bird by May 1.

The annual election of officers of the Women Students' Association has been postponed from Friday, May 1, to Friday, May 8. All girls can hand in names of girls they wish for these offices, provided they are given to Miss Alice Otis Bird by May 1.

The reason for the postponement of the election is that the social committee has a party planned for May Day. This party is given by the girls for all the girls in the University. The committee will not give out any of their plans yet, but they guarantee everyone a good time, plenty to eat and a souvenir to take home with them. The upper classmen will all want to come to this party, because they remember what pleasure other Women Students' Association parties have been, and the freshmen will want to come to see what it is like.

Hugh Davis of Galveston is visiting at the Sigma Chi house.

WEATHER REPORT.

University observatory up to 6 p. m. yesterday
Maximum temperature, 77.
Minimum Temperature, 62.
Precipitation, 3.6 inches.
Forecast: Fair and warmer.

TEXAS DEFEATS WESTMINSTER U IN 8 TO 1 GAME

Varsity Wins Twenty-Third Straight. Play Errorless Game—Wimmer and Cartwright Star. Meet M. U. Tomorrow.

Special to The Texan.

Fulton, Mo., April 27.—The University of Texas won from Westminster this afternoon by the score of 8 to 1. The game was very close up to the fifth inning and the Texas boys showed the effects of the long trip they had made. The Texas team came to their own in the fifth inning and the Westminster boys had no look in after that inning. Moore started the game for Texas and worked in fine style. Cone relieved him in the fifth inning and held the Westminster batters helpless. In spite of the consequent stiffness due to the long trip, the Texas team played an errorless game. Wimmer was the fielding star of the game, accepting thirteen chances perfectly. Cartwright wielded the big stick for Texas and secured three bingles out of four times up. Edmond brought the stands to their feet by making a sensational one-handed catch of a hard drive. The runs of the Texas team came as the result of bunching hits in the fifth inning with the aid of several errors. This makes the twenty-third straight game for the Texas team.

The University of Missouri team was at the game in full force and will work their star twirler tomorrow when they meet Texas. Missouri State has made an enviable record this year and bid fair to put up a fast game. It will be interesting to the Texas fans to know that Missouri tied a 1 to 1 game with the Chinese team and won the other, 6 to 3.

The box score is as follows:

Texas:	r.	h.	p.	a.	e.
Gambrell, 2b.....	2	2	3	2	0
Massey, ss.....	2	2	2	0	0
Fowler, l. f.....	1	1	1	0	0
Cartwright, c. f.....	0	3	0	0	0
Edmond, 3b.....	1	1	1	4	0
Hooper, r. f.....	0	1	2	1	0
Wimmer, lb.....	0	1	12	1	0
Brown, c.....	1	0	4	3	0
Moore, p.....	0	0	2	0	0
Cone, p.....	1	1	0	1	0

Total	8	12	25	14	0
Score by innings:	R. H. E.				
Texas	000	050	012	—	8 12 0
Westminster	000	010	000	—	1 6 3

SIGMA NU PLEDGE.

The Sigma Nu fraternity announces the pledging of E. W. Dibrell of Seguin.

OFFICIAL NOTICES

The ticket sale of the Students' Association will take place tomorrow in the main corridor.

Notice, Baraca Men.

Please pay subscriptions for suits today from 8:30 to 12:30 in the rotunda of Main Building.

Meeting of the men on reception committees for meeting trains during the Interscholastic meet at 7 p. m. in the Students' Council office. This is the last meeting, and everyone is urged to be present.

The reports of those students in the English I class on the study of the psychology of leadership are coming in very liberally, but a few have not responded. We hope that each section may be complete, for then our calculation will be of much higher value. Let each member of the various classes attend to the matter at once, so as to make the study a complete success. L. W. SACKETT.

PIERIAN.

Regular meeting of Pierian Literary Society at 5 o'clock today. Election of officers and other important business. It is necessary for all members to be present.

GRACE SIDEBOTTOM,
President.

Invitations have been issued by the Delta Delta Deltas for a reception to be given Thursday afternoon in honor of Miss Bess Key.

THE DAILY TEXAN

First College Daily in the South

The Student Daily Publication of the University of Texas.

Published every morning except Monday during the college year.

Entered as second-class matter at the Postoffice at Austin, Texas, under the Act of Congress of March 8, 1879.

Subscription price \$2.50 in advance, \$3.00 if not paid by Dec. 1st.

YOUR SUPPORT SOLICITED.

The success of our annual interscholastic meeting here on May 1 and 2, as compared with that of A. & M., will depend very largely on the support accorded this meeting by the students, faculty and citizens of Austin. The entertainment fund will be drawn upon for a luncheon to be given at the Law Building on Saturday night, for extra meals at the Cafeteria, and in part for the purchase of cots and bedding. Regular admission charges to the events of the two days' meetings—preliminary try-outs in athletics at Clark Field Friday morning, the junior athletic meet Friday afternoon, the declamation contests Friday night, the academy and high school athletic meet Saturday afternoon and the final debate Saturday night—amounts to \$1.75. Contributors' tickets to the entertainment fund are sold for not less than \$1, and these tickets will admit the holders to all the events.

If the students, faculty and citizens of Austin will support this interscholastic organization by purchasing such contributors' tickets, sufficient funds will be provided for pulling off the final meeting here in a satisfactory manner. Without such support, there is great danger of our guests going away far more dissatisfied than is the case with the ample entertainment provided by the A. & M. College in their annual meeting.

E. D. S.

AN ITEM OF EXPENSE.

Among the items of expense in handling the annual meeting of the University Interscholastic League on Friday and Saturday next is the necessary purchase of a number of canvas cots and bedding. This will cost some \$300 or \$400. The Department of Extension fund will be used to defray this expense so far as the appropriation will permit, but approximately one-half of the cost of this outfit for lodging the overflow of delegates on the Campus will have to be drawn from the entertainment fund

which is being raised by means of the sale of contributors' tickets by the committee of which Mr. Bellmont is chairman.

The executive committee of the League purchased last year a number of blankets, pillows, sheets, etc. Upon checking up the stock, it is found that there are missing: One pillow, three pillow slips, eleven sheets and four blankets. It is not known as yet who took these supplies, but they disappeared from the Department of Extension tent during last year's meet. It is hoped that no student is responsible for this loss, but the point we wish to urge upon the attention of every student is that these supplies are the property not primarily of the interscholastic organization, but of the whole student body; in fact, of every one who is interested in or has contributed to the entertainment fund.

It is planned to put a number of cots this year in the basement of the Law Building, and every student should constitute himself a guardian of this property and insure it against loss either through the thoughtlessness of any student who may feel that it is the property of the Pullman Company or some other corporation, or through the dishonesty of sneak thieves.

E. D. S.

THE SCHOOL OF MINES.

The following item will prove of interest to the public, as it shows how deeply concerned is the University of Texas in promoting the welfare of the entire commonwealth. The Fort Worth Star-Telegram admirably says:

Public pride has given to the State an institution which promises much in its relation to future development of mineral resources as well as training young Texans in mining engineering and the sort. For the Chamber of Commerce at El Paso announces completion of a popular fund of \$50,000 for the purchase of grounds and buildings to be used by the State for a School of Mines. The property will be immediately transferred to the Regents of the University, who promise the School of Mines shall open in September for its initial session. The last Legislature provided for maintenance. Here is an institution, an enterprise, long delayed. Texas has need for a School of Mines to direct home talent to the development of home mineral resources as well as equipping young men for work in other fields of economic geology. Congratulations to the hustling citizenship of El Paso.

LAST CALL FOR THE SONG.

The song contest closes May 1, and the prizes will be awarded shortly thereafter. If you have any intention of entering a song in the contest, you should not fail to do so at once.

WHERE YOU CAN HELP.

The after-effects of the annual meeting of the University Interscholastic League will be very beneficial to the University, provided true reports of the work accomplished here this week get to the fathers and mothers of the students who attend.

The Texan is going to do its part. It will attempt to put into the home of every high school graduate in the State an accurate account of the meet. Your part is the more important. You should closely observe the week's events, and catch the spirit of the meet, and then convey your impressions to the people back home. A personal letter from you to the home paper giving, not the details, but the spirit of the meet, will do much to help the University.

Pay close attention to the events, and then write a news letter to your home paper next Sunday. Can you estimate the amount of good that would come to the University if 2000 letters were written?

Mr. Carl Hollingsworth of Crosby, who graduated from the Law Department last year, has set up his law office at Pleasanton, Texas. Mr. Hollingsworth has gone in with Hon. Frank H. Burmeister.

PHUNNIGRAPHS

If You Don't Like 'Em You Still Have the Ads

Texas now has the chance to see in how many instances colonelship involves anything more than gold braid.

"Stacy and Broad Leave."—Sunday's headline. North-bound, you noticed?

Inasmuch as it now appears rather doubtful whether the authorities can be induced to furnish guns for our noble company to drill with, we forecast a systematic disappearance of near-by clothes line props and bean poles.

Of course we can't exactly say that the weather man reigns in Mexico, but no doubt he has done much of late to dampen the ardor of the recently departed soldier boys.

"Contributions Called For."—Texan headline. Considering the frenzied financial campaign being indulged in, might this not be characterized as the "call of the wild?"

The seniors are to get credit for the rest of the term's work, in case they volunteer and go to the front. In other words, they have the option of fighting it out with the mosquitoes or with the quiz-masters, just as they like.

THE FIRING LINE

Let Them Skate.

Skating on the "Perip" has been forbidden, but very probably on first thought. For a second thought tells us (1) that skating as an exercise is only inferior to swimming; (2) that skating is the child's physical diversion; (3) that skating takes the child away from the evils of the street. Skating, therefore, does the child a great deal of good. Moreover, the University is a State institution, and as such, one of its functions is to produce good citizens. But here the University has sacrificed its duty for an economical end. It has put money above an aid in the development of the children of the State, and yet is supported by the State. It has sacrificed its ideals for materialism, a direct transgression of its own teachings. Since the harm exceeds the good in forbidding the children to skate, it follows that the law should be repealed, and skating be permitted.

A-Z.

DR. SHULER SPEAKS.

Methodist Minister Speaks to Baraca Class Upon Subject of "The Yaller Streak."

Dr. Shuler of the University Methodist Church gave a very interesting talk on "The Yaller Streak" last Sunday morning to the Baraca class. In defining the "yaller streak" he said that no man would have a "yaller streak" who had been through a war and came out whole.

He spoke at length on the three symptoms of the "yaller streak." The first was pointed out as being moral cowardice—the inability of one to decide as to right and wrong—those men are moral cowards, he said, who crawl among their fellow men. His second point was selfishness, and the general idea left here was that it is the task of every man to strive to help the other fellow, as well as himself. The last point he brought out was dishonor. Here he left the idea that men should not only be honest with their fellow men, but they should be honest with their wives and children.

There is a contest on at present between the University Methodist Church and the First Methodist Church of Temple. The winning of the contest depends to a large degree on the attendance of the Baraca class. Dr. Shuler talks next Sunday on "The Feather Weight." Every Methodist student, as well as students of other denominations, are urged to come out.

STUDENT GETS SCHOLARSHIP.

Floyd Vaughn Gets Departmental Scholarship from Wisconsin—To Study for Ph. D.

Floyd L. Vaughn is the recipient of a departmental scholarship from the University of Wisconsin. Vaughn took his B. A. last year, finishing his course in three years. He takes the M. A. degree this year. For the last two years he has served as fellow in the School of Economics, and the scholarship which he has received is granted for work in that subject.

While at Wisconsin, Vaughn will work for the Ph. D., making economics his major subject. He is a Phi Beta Kappa student and is said to be the youngest man to whom the scholarship has ever been awarded. Mr. Vaughn hails from Kiowa, Okla.

FUNDS FOR MEET
OF SCHOLASTICS
MUCH IN NEED

(Continued from page 1)

mation and track contests, all of which will require money to stage, and unless the students respond to the call more readily than the faculty, a deficit will be found in the funds.

Below is an itemized list showing business men who have given freely, faculty and student subscriptions. These are paid subscriptions only, and a list will be published from day to day showing the amount contributed and the amount needed. The show begins Friday morning. Any student having a desire to make a donation and thereby secure a ticket, may see Mr. Belmont or Lang, Knight, Glenney, Hinton, Thomas, O'Hair and Linn, members of student committee.

COLLEGE NOTES

Kansas.

A controversy has been going on recently between the Chancellor of the University and the Topeka Capitol, a daily newspaper, the latter having made an attack upon the morals of the University and of the Daily Kansan. The Chancellor is opposed to the revival of class fights.

Colorado.

The co-eds, lead by Mrs. Farrand, the president's wife, have started a campaign to decorate the lake adjoining the Campus, by planting a myriad of iris plants around its shore.

Inter-Collegiate.

Practically every college of note in the United States has organized companies for the coming war with Mexico.

Chicago.

A grand May fete will be held in which 180 co-eds will take part.

Vanderbilt.

Quite a number of burglaries have taken place on the Campus lately. As yet no clue has been found concerning the identity of the culprits.

Wisconsin.

Recently the faculty appeals committee refused to alter a decision of the Student Court on the ground that the Court is supreme in cases of this nature.

Minnesota.

At a cry of "War, War," about 300 students formed a company which marched up and down the streets for several minutes, the result being that a recruiting station has been formed where war talk abounds.

Missouri.

Great excitement concerning the war with Mexico prevails here. The front page of the college paper contains practically nothing but war news.

Indiana.

The second annual Conference of the Intercollegiate Association of Woman's Self-Government of the Middle West held its first session at the Student Building.

LA TERTULIA AND THE BALCONY

The balcony scene to be presented by La Tertulia in connection with the "Wisdom Tooth" will be a faithful reproduction of the hazard of love-making in the days of chivalry. Don Quixote, clad in a genuine steel armor of the sixteenth century, will be fully prepared to meet the assaults of a fiery lover, who has been interrupted in his expressions of affection for the charming senorita in the balcony.

Picturesque fountains, massive walls and the "aguador" with his great load of water jugs will bring the audience back completely to the days of the Gentleman of La Mancha.

LITTLE JOKES
 ON THE FACULTY

Block and the Hair Net.

If any reader of this story does not believe that the president of the Y. M. C. A. is guilty of the crime he is here charged with, we would refer him to Mr. Smith, himself, with the firm conviction that he will tell the truth in the matter. In fact, "Block" seems rather proud of his sin. The train rushed on through the darkness, the porter made down berths and the crowd told stories. "Well," said one member of the party, "I know one on 'Block' that beats anything you ever heard. One day 'Block' came to class early and sat with a far-away look in his eyes gazing into space. The young lady that was seated next to him looked speculatively and minutely. Ah, she discovered a telltale emblem on his coat. Perhaps you would guess a hair. Nay, verily, not a hair, but a whole hair net hung to the side of his coat." The funny man ceased, the crowd had its laugh and all was still.

"Well," said Dr. Mather, "I don't see what he wanted to be so rough for." True, "Block" isn't a faculty member—but what's the difference.

Mrs. H. C. Pipkin of Amarillo has returned home after a visit at the Theta house.

Miss Ella Landus of Houston is an expected guest at the Zeta house.
