Mr. H. B. Stenzel,
Agricultural & Mechanical College of Texas,
College Station, Texas.

Dear Sir:

I have your letter of April 16th, in connection with I-GN
R.R. bench marks 317 and 321, near Wellborn.

Am very sorry to advise that we do not have a record of the
bench marks referred to. These have probably been established by the
U.S. Geological Survey or the U.S. Coast and Geodetic Survey and you
can probably get these from the U.S. Government.

Yours very truly,

C. S. Kirkpatrick
