Dr. H. B. Stenzel  
Shell Development Company  
Exploration and Production  
Research Division  
P. O. Box 481  
Houston 1, Texas

Dear Dr. Stenzel:

I am afraid I am not of much help to you concerning your problem with sturgeons. I would recommend that you write to Dr. Robert R. Miller, Museum of Zoology, University of Michigan, Ann Arbor, Michigan, for more up-to-date information. He not only would know the literature better than I, but also might have available some scutes.

Sincerely yours,

Clark Hubbs  
Professor of Zoology
