LONGHORNS GORE BAYLOR BEARS IN PITCHERS' BATTLE

Jumps Into First Place in Southwestern Conference Falk and Gillett Out

(By Wm. L. McGill.)

Before possibly the largest crowd ever witnessed an intercollegiate baseball game in Austin, Coach Billy Stark's Longhorns Friday again gored the Baylor Bears by a count of 5 to 1, thus eliminating that aggregation from the race for the Southwestern Conference championship. To replace its present position as leader of the Conference percentage column, the Longhorns must win at least two of the three games next week.

Alph Barry came back yesterday in the old form that won many games for the Longhorns last year and again the day for Texas. He allowed much heralded Bears only four hits, the same number that freshman Leissner yielded on Thursday. In addition Barry sent seven of the Bears' men to the bench on strikes. The most encouraging feature of the series is admittedly the fact that with both Falk and Gillett, who were scheduled to win the two games, on account of injuries, two other pitchers of the pitching squad, Leissner and Barry came in and by air-twirling, won for Texas.

Longhorns Hit Unmercifully. All on their batting spree, the Longhorns continued to swat the ball unmercifully in yesterday's affair, registering 12 clouts off of Lyons, the Bear twirler who was called the "nation of the Conference until he was the Longhorns."

The battle Friday was for a time much closer and more uncertain than yesterday's. Baylor tallied in the first round after Chapman was hit, stole second, and scored on a single over second. Texas, in her half of the initial round, by English's two-bagger, McCullough's single, Cannon's sacrifice and Falk's single, English bringing in the run.

The game for a few innings then anybody's with both pitchers good. Lyons and his fellow Bears fate was decided in the fifth. Hart walked but went out second when Barry hit to pitcher, being safe on first. English hit an infield hit advancing Barry to second. McCullough walked, and the bags. Captain Bobbie Cannon, hero of many a Texas athletic feat, again gave a demonstration of that he has entirely recovered from his batting eye, by driving a long hit into center, scoring Barry and English. The irresistible August Falk swooped up and sent the ball to the field for three bases, scoring Cannon and English. The next men went out. Three hits and runs for Texas.

Fielding Air Tight. A distinct feature of the affair Friday was the positive airtight fielding of the Longhorns. Only one error was recorded and that had to be given to Cannon, who, after stopping a drive, threw wild to first. With this one exception, Cannon and the other three infielders, Falk, McCullough, and Robertson, performed in the most sensational manner, giving chances that seemed impossible and fielding them easily. In each of the three outer innings, Cannon, English, and Falk, Fitzgerald received all sky shots of the Bears in professional manner, and without error.

Baylor aggregation played lighter ball than on Thursday, committing only four errors Friday to the day before.

Winners Number in Thousands. Hundreds, probably thousands, of fans under the direction of Casey Stanley, fought right along the team yesterday, as did Col. Reed, Senator Gore, Engineer Pipkins, B. W. George.

Stolen base: Chapman (Baylor); Covington, Cannon, Robertson; sacrifice fly, English; three-base hits, English, Barry, Baylor 1, Texas 5; left fielder, Baylor 4, Texas 7; first on

JUDGES APPOINTED FOR ELECTION TO BE HELD TUESDAY

Rules For Voters Announced. All Are Urged to Cast Their Ballots

Final arrangements have been made for the student election for Tuesday, May 11 according to announcement by B. W. George last night. All academic students will vote in the Main Building, girls voting in the women's study hall, and the men in the upper and lower corridors. Separate boxes will be provided for freshmen and upperclassmen. Business Administration students will vote in R. Hall, Laws and Engineers and Education students will vote in their respective buildings. The polls will be open between the hours of 9 a. m. and 1:30 p. m.

The rule for voters are as follows: Number the candidates in the order of choice and do not permit anyone to give you information as to the proper manner of preparing your ballot, except senior judge of the department. Do not scratch, mark or mutilate the ballot for such marking will invalidate the ballot.

All students are expected to exercise their right of suffrage and thereby secure for the student body their choice of affairs, George declared.

The election officials are as follows: Senior judge, Charles Harritt.

Academic department (men): Geo. Walker, Jack Hickerson; freshmen: Clyde Barnes and McNeil Drumwright; Girls (upperclassmen): Nell Hanger and Frances Malone; freshmen: Mary Hardy and Zoe Kennery.

Business Administration: Sidney Griffen and Bert Rallins.

Education: Richard Jonas and T. W. Gomer.

Law Department (2 and 3 year): Roy L. Arterbury and George Green; (1 year): F. W. Peck and R. C. Ledbetter.

Engineering Department (upperclassmen): Pat Caldwell and N. H. Roy; (freshmen): Vernon Elledge and Bert Hedick.

The counters are George Peddy, Carl Callaway and Charles Harritt. B. W. George requests that all the above students meet in the assembly room, second floor of the Main Building, Monday at 5 o'clock for final instructions.

A. E. F. VETS WILL HAVE BIG TIME ON BARGE RIDE UP LAKE

Final preparations have been made for the barge ride of the former members of the A. E. F. for Wednesday, May 12. Tickets are being sold quite rapidly. All former members of the A. E. F., either army or navy, are urged to go on this trip. It is hoped that they will buy their tickets immediately, as it will enable the committee to know the number for whom lunch shall be prepared. Street cars will be in front of the Y. M. C. A. at 4 p. m., and the boat will leave the Dam at 5 p. m. sharp. Supper will be served at the mouth of Bull Creek, after which the return trip will be made. Arrangements have been made for an orchestra. A large number of former members of the A. E. F. will be played. While fraternizing is not required, it will be encouraged. However anybody expecting to indulge had better have his mademoiselle with him. No cognac will be served to stags; they will have to subsist on vin blanc. No M. P.'s will be allowed on board, and no one will be required to register either upon going aboard or upon leaving.

Tickets can be purchased from any of the following: Bob Field, Albert S. Johnson, Benton Morgan, Montague, Ed. Sehorn, W. Proctor, Louis B. Reed, Senator Gore, Engineer Pipkins, B. W. George.

BELCHER RESIGNS AS EDITOR OF SCALPER

Jerrold Belcher has announced his resignation as Editor-in-Chief of the Scalper. His announcement no doubt comes as a surprise to his many friends, for Mr. Belcher has had a most successful year as editor. Mr. Belcher publicly announced his resignation today, although it took effect ten days ago.

INCREASE BLANKET TAX URGES STARK

Prominent Alumnus Advocates Immediate Amendment to Constitution in Letter

Hon. J. L. Stark of Orange, graduate of the University of Texas, in a letter to the students' assembly urges an immediate amendment to the constitution providing for an increase in the student blanket tax. He points out that the present blanket tax is not sufficient to enable the University teams and organizations to maintain the high standards that varsity organizations should maintain. The Oratorical Association, the dramatic clubs, the Mandolin Club, and a number of other organizations need and deserve subsidy from the student body he declares, but they are left entirely upon their own resources for financial support. He points out that we have already lost a number of our athletic coaches and that we are at present on the verge of losing another, William J. Disch.

"A. and M. College," he says "has decided that in athletic they have the greatest advertising and attracting force that is possible. With this in mind, they have voted upon themselves a \$13.50 per capita tax. As you know, our tax is somewhere in the neighborhood of \$6.50. That may have been all right in 1914, but since 1914 expenses have increased 101 per cent. We can never retain athletic supremacy upon a blanket tax of \$6.50. The A. and M. attitude is, that with Bible they have the greatest football coach in the country, and while you and I might not agree with them, the fact remains that under his tutelage they have not lost a game. In Billy Disch, they consider that they may possess the greatest baseball coach in the world. They have offered him \$1,000 more than we are giving him, and also a substantial bonus to sign a three-year contract."

"You may say," he continued, "that I have mentioned things that do not interest you, and my answer to you is that without student demand and without student interest and without student opinion, the University will never grow, and will never amount to a school of the first class authorized by the constitution of the state of Texas. Unless you, the leaders of the student body, do something in the near future, it seems to me that we are doomed to go down to a pit from which it will be practically impossible to rise."

GLEE CLUB WILL SING ON CAMPUS

Open Air Concert to Be Staged Next Thursday in Front of Chemistry Building

Featuring the open air concert of the University Glee Club, which is to be given on the campus in front of the Chemistry Building on Thursday night, May 13, will be the rendition of two martial songs the club is now working up, entitled "The Song of the Camp," and "Invictus."

The words for "The Song of the Camp" were written by Bayard Taylor, an American writer, and the music was composed by H. J. Stuart. The scene described is that of the English camp on the night before a battle in the Crimean war, and the story is said to be founded on fact. The theme of the old English song, "Annie Laurie" runs through the first part, the soldiers being represented as singing "Annie Laurie" on the night before the battle. The latter part, representing the renewing of the bombardment with dawn, and the closing dirge are vivid in their picturization. Two baritone incidental solos will be sung by Vernon Elledge, manager of the club.

The poem "Invictus" was written by William E. Henley, an English poet, and has been set to music by Bruno Huhn, an American composer. The poem is the fearless declaration of a man who is not afraid of whatever fate may bring him. The setting is stirring, and expresses thoroughly the spirit of the invincible soul of the dying poet.

The club will repeat some of the numbers from the other concerts of the year, and will in addition present some other new songs.

MCINTYRE STATES COUNCIL POLICIES

Candidate for Chairman Announces Objects for Which He Makes Race

McCord McIntyre

McCord (Mac) McIntyre of Dallas, assistant yell leader, who is candidate for the office of chairman of the men's council, subject to the student body election next Tuesday, has given the following statement of information in regard to his policies, if elected to the office:

"1. The affairs of the council should be administered in a sane and wholesome manner and with a proper regard for the honest opinion of the student body. This consideration of the student body is absolutely essential to the equitable settlement of cases coming under the jurisdiction of the council. Without consideration of student opinion there can be no correct functioning of this phase of student self-government.

"2. The council should be administered in such a way as to foster the further development of student self-government. The University is one of the pioneers in this field, and everything should be done to insure her leadership among other colleges. The council should be a model for other colleges from the point of view of satisfactory service to the best interests of the student body of the University.

"3. The administration of the laws of the students' assembly should be characterized by a sense of justice and fairness coupled with the maximum of respect for the interests of the student body.

"4. There should be a minimum of conflict between the jurisdiction of the council and faculty discipline committee, and the line of demarcation should be strictly adhered to in order to insure proper and satisfactory performance of student self-government.

"The satisfaction of the student body, and the success of the men's council can best be served by placing the council administration under the direction of one who is directly interested in every phase of student activities, and who is always in close personal contact with the sentiment of the students themselves."

H. Y. BENEDICT, Dean of the College of Arts.

ATTENTION: Prospective August, 1920, Graduates of the College of Arts. Candidates for the College of Arts degrees in August, 1920, should

(a) During May leave their names with the Dean of the College so that their degree cards may be made out or brought down to date, and should

S. M. U. TO INVADE LOCAL LOT MONDAY

Methodists Bringing Down the Same Nine That White-washed Texas on Trip

S. M. U., the team which defeated the Longhorns on their northern trip will be in town Monday for a game with Coach Disch's nine. The Methodists are bringing the same team with them which put the skids under Varsity on the Dallas diamond, and they are coming with the avowed intention of making it two straight this year.

At Dallas the main cause of the slaughter was Scott, the Mustang stellar pitcher. He has since added to his laurels by defeating T. C. U. 5 to 0. With this record to keep he will be sure to pitch his best brand against the home team.

Texas has also been showing good form of late. The batters have been ruining the hopes of every young pitcher they have gone up against. Fielding has been good. Baserunning has been of a high order. The only trouble is going to be pitchers.

Coach Disch has been hampered all along in this line by scarcity of pitching material. In addition to this there has been a good deal of trouble because of sore arms with various members of the staff. The result has been that two regular pitchers and one or two who were off and on the staff have had to do the work. Falk or Gillett will probably be put in Monday.

At present, however, there is only one thing certain. A big crowd of rooters is needed to back up the team. A good game is almost certain to result. There should be a big crowd out to see that the final outcome is successful.

MEET CANCELLED BECAUSE OF RAIN

Inclement Weather Washes Out S. M. U.'s Track-Team to Participate at Houston

Heavy rain at Dallas was the cause of the cancellation of the track meet supposed to be held yesterday, according to an announcement made last night by W. J. Juneau, coach of track. A telegram was received from Coach Burton Rix of Southern Methodist University stating that the track was washed out and that it would be impossible to use the cinder path.

Whether or not the meet will be held before the end of the scholastic term could not be foretold by Coach Juneau last night, but the probability is great that the contest will be permanently postponed. Arrangements have been made by the Texas Athletic Council to have a return engagement at Dallas next year.

Throwing out of this meet will mean that the Longhorns have only one meet left this year. This is the Southwestern Conference at Houston Friday and Saturday. Here representatives of the various colleges will meet to see which can claim the championship. A close, hard fought meet is expected in which results can not be safely predicted. Texas, Rice, A. and M. and Baylor have all shown stuff that may enable them to come out leading in the end.

TEXAS GIRLS MAY GO TO ESTES PARK FOR Y. W. MEETING

Plans for the annual Y. W. C. A. summer conference to be held at Estes Park, Colorado, August 17-27, will be presented at the vesper service on Monday afternoon.

Every year the United States is divided into districts, and a convention point is located in each. Hollister, Missouri, has been the meeting point for Texas students for the past five years, but Estes Park has been selected for this year. It is hoped that Texas will have a large representation among the girls.

An informal play with camp setting and lantern views of Estes Park will add much to the attractiveness of the meeting. The following girls who have attended a summer conference before will be in charge: Sadie Scovell, Linda Lancaster, Tommie Pinckney, Edith Cousins, Lillian Ross, Vera Spears, Arabella Odell, and Crystal Spears.

TENTH INERSCHOLASTIC MEET GREAT SUCCESS

Number of Delegates Surpasses Previous Attendance--Jackson of Dalhart Again Raises Pole Vault Record--Mathis Wins Debate Over Uvalde

With more than 2,000 delegates, including 1,115 contestants representing 325 high schools and rural schools in all parts of the state, in attendance, the tenth annual meet of the University Interscholastic League held Thursday, Friday and Saturday, surpassed all former ones. More delegates were on hand this year than ever before, and there were more schools enrolled in the league than ever before. Preliminaries in all events were held Thursday and Friday and the finals were held Friday and Saturday. The final events were hotly contested, especially in athletics, three records being broken.

Forest High School at Dalhart and Ferris High School won the track meets in Class A and B respectively. A new record in the pole vault was set at 12 feet by G. P. Jackson of Dalhart. Richardson of Cleburne threw the discus 123 feet and 5 inches, breaking the former record of 115 feet and 3 inches. Tyler and Austin won the tennis, doubles and singles respectively, for the boys, and Taylor and San Antonio were successful in the girls' tennis matches. Mathis was victorious over Uvalde in the high school debate final.

MATHIS DEFEATS UVALDE IN HIGH SCHOOL DEBATE

Girls Advocating Government Ownership of Railroads Get Decision

Helen Hardy and Mae Mathews, representing Mathis High School, won the judges' decision over Avalette Getzendaner and Phil Nowell, representing Uvalde High School, in the high school debate finals held last night at the Capitol. The girls had the affirmative side of the question, "Resolved, That the United States should own and operate the railways." The debate was hotly contested and great interest was manifested in the arguments advanced by both sides. Both sides showed adequate preparation for the debate and each debater showed his familiarity with the material and all phases of the question. All literary events of the league meet were closer this year than ever before.

Senior Boys' Declamation: first, Arthur Stieren (Brackenridge); second, John Mayfield (Austin); third, Robert J. Lyles (Navasota).

Senior Girls' Declamation: first, Marie Potts (Oak Cliff); second, Mary Margaret Goepfinger (Belton); third, Thelma Suttle (New Braunfels).

Junior Boys' Declamation: first, Carroll Hill (Midland); second, Ernest Cochran (Livingston); third, Milton Lindell (Georgetown).

Junior Girls' Declamation: first, Mamie Tom Andrews (Eastland); second, Dorothy Reed (Wichita Falls); third, Mary Elizabeth Blanton (Alto).

Rural Boys' Declamation: first, Edwin Dubose (Union); second, Lester Kilpatrick (Jean); third, Cecil Donaho (Kickapoo).

Rural Girls' Declamation: first, Anna Mae Causey (Lissie); second, Idell Davis (Farmers Valley); third, Bessie Senior.

Extempore Speaking: first, Robert Truex (Brackenridge, San Antonio); second, James Hamilton (Austin); third, Mary Lucy Seymour (Wichita Falls).

Rural School Debate: first, Boyd Monk and Cassie M. Thomas (Haynes); second, Milton Copper and Ben Featherstone (Novice, Coleman).

Spelling: first, Jean McDonald (Temple); second, Blanche Humphreys (Llano); third, J. Wiley Taylor (Midland).

Class A High School Essay: first, Duane Hodges (Georgetown); second, Marie Arthur (Denison); third, Elizabeth Burdette (Hillsboro).

Class B High School Essay: first, Wallace McKee (Lorena); second, Estha Perry (Navasota); third, Burgess Riddle (Winters).

Ward School Essay: first, Claude Florence (Marsh, Tyler); second, Ruth Clark (Junior High, Cleburne); third, Marjorie Hudson (West Marshall).

Rural School Essay: first, Jettie May Barber (Hurley); second, Pearl Maurice Mills (Osceola); third, Thelma Awalt (Katemey).

Track--Class A. By taking first place in the 120-yard low hurdles, the 220-yard hurdles, and the running broad jump, Wilson of the Forest High School at Dallas was high point man in Class A division with a total of 15 points. Forest high of Dallas was the winning school in Class A with 27 points.

Results were as follows: 120-yard low hurdles: first, Wilson (Forest High, Dallas); second, Stanford (Austin); third, B. Crass (Electra); fourth, S. Brown (Electra). Time 14:1.

100-yard dash: first, Lay (Cuero); second, Budd (Austin); third, Marder (Dallas); fourth, Womack (Greenville). Time 10:2-5 seconds.

220-yard hurdles: first, Wilson (Dallas); second, Stanford (Austin); third, Brown (Electra); fourth, Crass (Electra). Time 27 1-5 seconds.

440-yard dash: first, Marder (Dallas); second, Ready (Strawn); third, Stroble (Taylor); fourth, Williams (Terrell). Time 54 seconds.

220-yard dash: first, Mitchell (Austin); second, Stephenson (Austin); third, Combe (Brownsville); fourth, Moses (McKinney). Time 24 seconds.

880-yard run: first, Youngblood (Ft. Worth); second, Vickers (Cleburne); third, Reese (Comanche); fourth, Sheppard (Waco). Time 2 minutes, 53-5 seconds.

One mile relay: first, Austin High School; second, Forest High School; third, Greenville High School; fourth, Cleburne High School. Time 3 minutes, 37 seconds.

Running broad jump: first, Wilson (Dallas); second, Stewart (Waxahatchie); third, Chambers (Port Arthur); fourth, Cochran (Port Worth). Distance 20 feet, 7 inches.

Pole vault: first, Stewart (Waxahatchie); second, Smith (Cleburne); and Reese (Comanche) tied but Smith won on toss; third, Weaver (Hartigan); fourth, Patterson (San Angelo). Height 10 feet and 6 inches.

Running high jump: first, Allen (San Angelo); second, Kent (Harrisburg); third, Harrell (Dallas); fourth, Goodrich (Brownsville).

12 lb. shot put: first, Richardson (Cleburne); second, Reese (Comanche); third, Watkins (Bay City); fourth, Standliff (El Campo). Distance 41 feet, 5 inches.

Discus throw: first, Richardson (Cleburne); second, Moore (Electra); third, Whitten (Bishop); fourth, Celaya (Brownsville). Distance 123 feet, 5 inches.

The three highest teams were as follows: Forest High School (Dallas) 27 points; Austin High School 22 points; Cleburne 19 1/2.

One mile run: first, Youngblood (Forest Worth); second, Goldman (Cleburne); third, Ready (strawn); fourth, Burnett (Electra). Time 4 minutes, 47 2-5 seconds.

Track--Class B. Cheaney of Santa Anna was individual high point man in Class B, taking first place in the 50-yard dash, second place in the 100-yard dash and third place in the 220-yard dash. Of the schools, Ferris took first place, with 17 1-9 points. The results were as follows:

120-yard low hurdles: first, Wa-teer (Hearne); second, Martin (Port Stockton); third, Walter (Pal-

ANOTHER WORD ABOUT THE BAND.

Those who believed the band when it gave reasons for its reelection of Stanley, can well say that their belief was vindicated by the action of President Vinson in reinstating the band director. There are still a few stubborn souls who say that in giving such reasons, the band resorted to a ruse to hide its open defiance, and that it succeeded in duping most of the school, and, later, President Vinson himself. As for the Schoch incident, some suspicious persons say that what partly impelled the President to reinstate the band director was a desire to save the face of a faculty member who undoubtedly made an unfortunate intimation that was unwarranted at the time it was made.

We shall not attempt to offer any opinion about these doubts and suspicions. To do so would be to try to interpret the motives of the President, which would be even more pretentious than to try to interpret the motives of the band.

We merely observe that if the President had informed himself of all the facts about the band before he sentenced Stanley, his first sentence might have allowed Stanley to direct the band for the remainder of the year, and both a large amount of needless commotion and a great deal of costly news-print paper would have been saved.

IN HONOR OF MOTHER.

This day has been set aside throughout the nation to honor American mothers. On this day most sons and daughters will wear some symbol of their respect and love for the women to whom they are most deeply indebted.

However numerous the sins of college men and women might be, we do not believe that disrespect for their mothers is found among them. College students are often rash and inconsiderate, and they nearly always cause their parents a great amount of worry, but most of them would rather contribute to the happiness of their mothers than to that of any others.

Nearly every student here comes as a result of a sacrifice on the part of his mother. In some cases the mother denies herself—to what extent the child is rarely able to guess—some of the comforts of life in order that her son or daughter may gain a college education. But even in those cases in which the money for the child's education is never missed, there is always the sacrifice—how keen the child scarcely can realize—of the absence from home of the loved one.

The wearing of a flower is a small thing in itself. We hope that it will remind us, however, of a great debt of gratitude.

PETE SEZ.

(Mother)

To her to whom the most is due:
A friend unchanged, kind and true;
Who stands close by through thick and thin,
And lends her hand that we might win;
Who never tires and never frets
When called upon to pay life's debts,
Who gives us courage, strength to stand

Upon the pedestal of man:
Who wears a glory all her own,
Uncrowned on earth, but better shown
To her of whom the angles sing
When on this earth good news they bring:

To MOTHER.
And on this day let those who care,
That love her still, a flower wear;
And by its color, white or red,
Show there's a heart that is not dead.

UNIVERSITY QUARTET TO SING

The University Quartet will sing this morning at the eleven o'clock service at the University Methodist Church, the number to be rendered being a quartet arranged by Rhys-Herbert of "Prayer," by Koesyer. The quartet is composed of Hooton, King, Park, and Ellidge, and is the same which was so popular at the football rallies last fall, and which sang in the twelve concerts given by the Glee Club this year.

Incidentally Baylor's two defeats dropped her from first place to third place in the Southwestern Conference. The Longhorns lead with an average of .778.

CHAPEL NOTICE

"The righteous shall live by faith."

The prophet Habakkuk was troubled over the fact that there was so much evil in the world about him, and wicked men seemed to be prospering while the righteous were in distress. Altho he saw that God was raising up the Chaldeans, "that bitter and hasty nation," he believed firmly that "God is of purer eyes than to behold evil." That wicked people may be prospering now, but they cannot long be felt in society because they have disregarded fundamental laws. They have increased that which is not theirs. They have set their nest on high in a selfish effort to be free from the effects of their evil. They have gained ascendancy by a disregard for the lives of others. They have worked to get their neighbors into a position where they can easily be taken advantage of. They have worshipped idols. Habakkuk ends by saying that whatever happens he is willing to trust God, and exercise his faith by conforming to the great spiritual laws of the universe as a natural philosopher conforms to the natural laws.

FIRING LINE

PAY THE BASEBALL COACH A LIVING WAGE.

It is not generally known among the students of the University that we are in danger of losing one of the best baseball coaches who ever trained a college team in Texas. When the Longhorns went to A. and M. a few weeks ago, Coach Billy Disch was approached by a prominent alumnus of that school, who offered to guarantee that if Mr. Disch would accept a position as baseball coach at A. and M. he would receive a salary much higher than he now receives, besides other valuable considerations.

There is no necessity to review the achievements of Billy Disch since he has been with the University, for, if we had not seen him year after year take a group of boys who never played anything but town ball and make of them a championship team, we would know from the testimony of the leading baseball critics of the state that he is the best baseball coach in Texas. To lose this man simply for the consideration of a few hundred dollars a year is out of the question.

During his connection with the University, Mr. Disch has not only coached the baseball team, but also he has trained the football teams and performed other duties that would not be required of him at other institutions, all for a salary that shows that it is only his loyalty to Texas that keeps him here. This loyalty is an admirable quality, but it doesn't buy any ninety dollar suits of clothes or pay any doctors' and grocers' bills. It is possible to impose too much on this loyalty, because A. and M. is not the only institution that has made flattering offers to Mr. Disch. With prices as they now are, no one could blame Mr. Disch for leaving the University and going to another school that thinks enough of his abilities to pay him a living salary. The athletic authorities in the University can not dodge the issue by saying that these offers were not official, because if Mr. Disch should ever express his willingness to consider those offers, they would become official in a very short time.

It will be much easier to forestall the loss of our coach by raising his salary and diminishing his duties now, than to try to meet the figures of some other institution after their offer is already made. If we can not raise his salary under the present regulations, it is high time for us to find the ways and means of doing so. Raise the blanket tax is necessary. Surely the prospect of having a winning baseball team each year is worth twenty-five or fifty cents additional to every one of us. If a little school like T. C. U. can offer \$3,500 to one of A. and M.'s under coaches, then certainly the largest University in the state can give that much to its head baseball coach.

This is not merely an alarmist attitude. The danger is real. The facts are before us. If we do not act quickly we are going to lose a man whom it will be almost impossible to replace.

A RECOMMENDATION

By Those In a Position to Know

We wish to take the opportunity to publicly endorse Mr. Foster's candidacy for Editor-in-Chief of the 1921 Cactus. It is our opinion that he is better fitted to make a success of that publication, because of his experience, ability and energy, than either of his opponents. He has done more actual work than any other candidate. On the basis of merit he deserves the office.

We believe that Mr. Foster's election is essential to insure the success of next year's Cactus.

INDUSTRIAL WORK

WILL BE OFFERED

IN SUMMER SCHOOL

Courses in industrial education will be offered in the summer school of the University.

A practicum will be held for teachers, supervisors and administrators of vocational work. In this course legislative enactments, the origin, development and present needs of industrial training will be discussed. A general survey of national, state and local problems will be made. The subject of vocational education will be viewed from a social, economic and educational viewpoint. Any one interested in industrial training, whether employer, employee or teacher will profit by this course, it is stated.

A course in related subjects will be given to manual training and home economics teachers and others who have had trade contact and wish to become teachers. Included in this work will be a study of industrial education, its origin, development and application to present day needs. There will be a special study of unit courses to be used in trade extension and trade preparatory classes. The related subjects—trade mathematics, trade science and trade drawing will be discussed. The non-related subjects—English, industrial history and civics also will be formulated into courses.

L. W. Sackett, adjunct professor of psychology of education, will give a course in vocational psychology. It will include such problems as the acquirement of skill and dexterity, relation of speed to errors, fatigue of the workers, use of incentives effects of suggestion on employee and customer, laws of memorizing, scoring of personality, tests for the general and special abilities involved in employment management.

A course for educational directors in department stores will be offered. Vocational shop teachers course will provide teacher-training for women who have had trade experience and wish to become shop teachers. Shop mathematics, with problems for the various tradesmen, shop drawing and a study of industrial history will complete the course.

During the past few months the University has been active in establishing classes for women engaged in the trades and industries. The teacher training work has been done by Miss Laura Murary, assistant director of industrial education. The University leads all Southern universities in its work for women and is the only state in the Union to have a woman in charge of the teacher training for women in trades and industries.

BOTANY PLANS COMPLETED

Plans have been completed by the school of botany of the University for courses and instructors during the summer school. Botany I, which is the elementary study of plant structure, will be given during the first term. An advanced course will also be given.

REEL CHATTER.

Jack Pickford, having finished his second Goldwyn picture "Double Dyed Deceiver," expects to start work within a few days on "The Man Who Had Everything" under the direction of Al Green.

Olive Thomas, Selznick star, is expected on the West Coast in a few days, where her next production will be made. It will also be the re-union of Mr. and Mrs. Jack Pickford, having been separated for several months by motion picture contracts, which kept Miss Thomas in New York and Jack Pickford on the Coast.

Ann May has been selected by Chas. Ray as leading woman for "Peaceful Valley," his first National production.

Robert Gordon, Blackton star, has been loaned to Vitagraph for the production of "Dollars and the Woman" with Alice Joyce.

Shirley Mason and her sister, Viola

Dana, are planning to vacation together in Arizona, where Miss Mason has mining interests.

Governor William D. Stephens of California, spent Monday visiting the Goldwyn Studios at Culver City. The governor and his party were escorted through the studio by Abraham Lehr, vice-president. The governor is a great movie fan.

Miss Helen Taft, youngest college president in the world and daughter of former president Wm. H. Taft, was a recent visitor at the Metro Studio in Los Angeles.

The art department of the Goldwyn Studios in Culver City, California, were taxed to the limit in erecting the gorgeous sets used in "The Slim Princess" starring Mabel Normand.

Mildred Harris Chaplin, who recently suffered from sea-sickness while getting marine "shots" of the California coast, believes with many others that

"Pacific" is a misnomer for the western sea.

Grace Darmond makes her debut on the Goldwyn lot in the new Pauline Frederick picture, "Roads of Destiny," which Frank Lloyd is directing.

Wanda Hawley, a full-fledged Realart star, now fully realizes her advancement, as she has been given the star's dressing room at the Realart studio in Los Angeles.

FITZGERALD HONORED.

The 17 year old freshman who popped a long one over the left field fence in the T. C. U. game when the score stood 4 to 2 against Texas and there was one out with Falk and Cannon on base has broken into the hall of fame to stay. A large picture of Howard Fitzgerald, the young slugger, in his baseball togs, has been framed and hung in the athletic office. Under the picture is a brief account of him and the reason why his picture is there.

ANOTHER WORD ABOUT THE BAND.

Those who believed the band when it gave reasons for its reelection of Stanley, can well say that their belief was vindicated by the action of President Vinson in reinstating the band director. There are still a few stubborn souls who say that in giving such reasons, the band resorted to a ruse to hide its open defiance, and that it succeeded in duping most of the school, and, later, President Vinson himself. As for the Schoch incident, some suspicious persons say that what partly impelled the President to reinstate the band director was a desire to save the face of a faculty member who undoubtedly made an unfortunate intimation that was unwarranted at the time it was made.

We shall not attempt to offer any opinion about these doubts and suspicions. To do so would be to try to interpret the motives of the President, which would be even more pretentious than to try to interpret the motives of the band.

We merely observe that if the President had informed himself of all the facts about the band before he sentenced Stanley, his first sentence might have allowed Stanley to direct the band for the remainder of the year, and both a large amount of needless commotion and a great deal of costly news-print paper would have been saved.

IN HONOR OF MOTHER.

This day has been set aside throughout the nation to honor American mothers. On this day most sons and daughters will wear some symbol of their respect and love for the women to whom they are most deeply indebted.

However numerous the sins of college men and women might be, we do not believe that disrespect for their mothers is found among them. College students are often rash and inconsiderate, and they nearly always cause their parents a great amount of worry, but most of them would rather contribute to the happiness of their mothers than to that of any others.

Nearly every student here comes as a result of a sacrifice on the part of his mother. In some cases the mother denies herself—to what extent the child is rarely able to guess—some of the comforts of life in order that her son or daughter may gain a college education. But even in those cases in which the money for the child's education is never missed, there is always the sacrifice—how keen the child scarcely can realize—of the absence from home of the loved one.

The wearing of a flower is a small thing in itself. We hope that it will remind us, however, of a great debt of gratitude.

PETE SEZ.

(Mother)

To her to whom the most is due:
A friend unchanged, kind and true;
Who stands close by through thick and thin,
And lends her hand that we might win;
Who never tires and never frets
When called upon to pay life's debts,
Who gives us courage, strength to stand
Upon the pedestal of man:

Who wears a glory all her own,
Uncrowned on earth, but better shown
To her of whom the angles sing
When on this earth good news they bring:

TO MOTHER.
And on this day let those who care,
That love her still, a flower wear;
And by its color, white or red,
Show there's a heart that is not dead.

UNIVERSITY QUARTET TO SING

The University Quartet will sing this morning at the eleven o'clock service at the University Methodist Church, the number to be rendered being a quartet arranged by Rhys-Herbert of "Prayer," by Kocsy. The quartet is composed of Hooton, King, Park, and Elledge, and is the same which was so popular at the football rallies last fall, and which sang in the twelve concerts given by the Glee Club this year.

Incidentally Baylor's two defeats dropped her from first place to third place in the Southwestern Conference. The Longhorns lead with an average of .778.

CHAPEL NOTICE

"The righteous shall live by faith."

The prophet Habakkuk was troubled over the fact that there was so much evil in the world about him, and wicked men seemed to be prospering while the righteous were in distress. Altho he saw that God was raising up the Chaldeans, "that bitter and hasty nation," he believed firmly that "God is of purer eyes than to behold evil." That wicked people may be prospering now, but they cannot long be felt in society because they have disregarded fundamental laws. They have increased that which is not theirs. They have set their nest on high in a selfish effort to be free from the effects of their evil. They have gained ascendancy by a disregard for the lives of others. They have worked to get their neighbors into a position where they can easily be taken advantage of. They have worshipped idols. Habakkuk ends by saying that whatever happens he is willing to trust God, and exercise his faith by conforming to the great spiritual laws of the universe as a natural philosopher conforms to the natural laws.

FIRING LINE

PAY THE BASEBALL COACH A LIVING WAGE.

It is not generally known among the students of the University that we are in danger of losing one of the best baseball coaches who ever trained a college team in Texas. When the Longhorns went to A. and M. a few weeks ago, Coach Billy Disch was approached by a prominent alumnus of that school, who offered to guarantee that if Mr. Disch would accept a position as baseball coach at A. and M. he would receive a salary much higher than he now receives, besides other valuable considerations.

There is no necessity to review the achievements of Billy Disch since he has been with the University, for, if we had not seen him year after year take a group of boys who never played anything but town ball and make of them a championship team, we would know from the testimony of the leading baseball critics of the state that he is the best baseball coach in Texas. To lose this man simply for the consideration of a few hundred dollars a year is out of the question.

During his connection with the University, Mr. Disch has not only coached the baseball team, but also he has trained the football teams and performed other duties that would not be required of him at other institutions, all for a salary that shows that it is only his loyalty to Texas that keeps him here. This loyalty is an admirable quality, but it doesn't buy any ninety dollar suits of clothes or pay any doctors' and grocers' bills. It is possible to impose too much on this loyalty, because A. and M. is not the only institution that has made flattering offers to Mr. Disch. With prices as they now are, no one could blame Mr. Disch for leaving the University and going to another school that thinks enough of his abilities to pay him a living salary. The athletic authorities in the University can not dodge the issue by saying that these offers were not official, because if Mr. Disch should ever express his willingness to consider those offers, they would become official in a very short time.

It will be much easier to forestall the loss of our coach by raising his salary and diminishing his duties now, than to try to meet the figures of some other institution after their offer is already made. If we can not raise his salary under the present regulations, it is high time for us to find the ways and means of doing so. Raise the blanket tax is necessary. Surely the prospect of having a winning baseball team each year is worth twenty-five or fifty cents additional to every one of us. If a little school like T. C. U. can offer \$3,500 to one of A. and M.'s under coaches, then certainly the largest University in the state can give that much to its head baseball coach.

This is not merely an alarmist attitude. The danger is real. The facts are before us. If we do not act quickly we are going to lose a man whom it will be almost impossible to replace.

JUNIOR COUNCILMAN AT LARGE

Arno "Shorty" Nowotny

The following named prominent students endorse his record and recommend for your consideration his candidacy

"Bobbie" Cannon
Wesley W. Brown
"Bib" Falk
Frank Coates
Maxie Hart
Charles Dittert
P. A. Peyton

George McCullough
Leon Stanley
Tom Dennis
W. H. Jack
O. W. Scurlock
Carl McNamara
Sawnie Robertson

Julian Masten
Jack Blalock
W. L. McGill
"Pete" Bounds
W. S. Blackshear
R. C. Ledbetter
Abe Yeager

REEL CHATTER.

Jack Pickford, having finished his second Goldwyn picture "Double Dyed Deceiver," expects to start work within a few days on "The Man Who Had Everything" under the direction of Al Green.

Olive Thomas, Selznick star, is expected on the West Coast in a few days, where her next production will be made. It will also be the re-union of Mr. and Mrs. Jack Pickford, having been separated for several months by motion picture contracts, which kept Miss Thomas in New York and Jack Pickford on the Coast.

Ann May has been selected by Chas. Ray as leading woman for "Peaceful Valley," his first National production.

Robert Gordon, Blackton star, has been loaned to Vitagraph for the production of "Dollars and the Woman" with Alice Joyce.

Shirley Mason and her sister, Viola

Dana, are planning to vacation together in Arizona, where Miss Mason has mining interests.

Governor William D. Stephens of California, spent Monday visiting the Goldwyn Studios at Culver City. The governor and his party were escorted through the studio by Abraham Lehr, vice-president. The governor is a great movie fan.

Miss Helen Taft, youngest college president in the world and daughter of former president Wm. H. Taft, was a recent visitor at the Metro Studio in Los Angeles.

The art department of the Goldwyn Studios in Culver City, California, were taxed to the limit in erecting the gorgeous sets used in "The Slim Princess" starring Mabel Normand.

Mildred Harris Chaplin, who recently suffered from sea-sickness while getting marine "shots" of the California coast, believes with many others that

"Pacific" is a misnomer for the western sea.

Grace Darmond makes her debut on the Goldwyn lot in the new Pauline Frederick picture, "Roads of Destiny," which Frank Lloyd is directing.

Wanda Hawley, a full-fledged Realart star, now fully realizes her advancement, as she has been given the star's dressing room at the Realart studio in Los Angeles.

FITZGERALD HONORED.

The 17 year old freshman who popped a long one over the left field fence in the T. C. U. game when the score stood 4 to 2 against Texas and there was one out with Falk and Cannon on base has broken into the hall of fame to stay. A large picture of Howard Fitzgerald, the young slugger, in his baseball togs, has been framed and hung in the athletic office. Under the picture is a brief account of him and the reason why his picture is there.

All men of the Academic Department are eligible to vote for the candidates for this office.

OSCAR R. STRACKBEIN

Oscar R. Strackbein

Solicits your vote for Senior Academic Councilman upon the basis of—

1. Active Participation in student affairs as:

President of the Senior Academic Class for winter term 1920.

King of the Kane Klub.
Vice President of La Tertulia.

Member of Rusk Literary Society, Longhorn Rifle Club.

Manager of two intramural basketball teams.

2. Scholarship:

University Scholarship in Economics, 1919-20.
Phi Beta Kappa.

quet to be held May 15. The program and invitation committee reported tentative plans as being formulated. The menu and decorations committees gave a report on the place and price of the banquet, which is to be held at the Driskill Hotel. Distribution of pins followed the adjournment of the meeting.

BANKS AND STORES PROFIT BY DEMISE OF NATION'S BARS

National Bank Deposits Increase and More Money Is Spent on Luxuries

The nation went dry under wartime prohibition on July 1. In national banks alone 880,949 new accounts were opened between June 30 and November 17, according to reports to John Skelton Williams, Controller of Currency. New depositors obtained by national banks represent only a small percentage of the total in the country, treasury officials say. The increase of the number of depositors in state and private banks, although not available, is known to be far greater than the increase in national banks. Total national banks increase from June 30 to November 17 was \$1,422,883,000. High government officials mention the increase in national bank deposits in directly traceable to prohibition. Other officials attribute the increase to economic causes. Theaters, mercantile and jewelry stores, and all dealers in luxuries are getting the former liquor expenditures, government reports indicate. Importation of furs increased nearly two million dollars from June to December. Diamonds are now being imported at the rate of \$333,000 per day, or ten million dollars per month. Federal Reserve Bank notes in circulation increased \$477,944,000 between June 27 and February 20, indicating that business and spending are increasing at a fast rate. Taxes on amusements and admission to theaters and circuses have made a big jump since July 1, according to reports of the Internal Revenue Bureau. In July, the government collected \$4,681,000 from entertainment admissions. By October the total collections had jumped to \$6,500,000. Tobacco taxes showed an increase. Total collections in July were \$21,613,000 and in October \$27,991,000. In October, 1919, the traveling tax total had soared to \$9,491,000.

MANY IMPROVEMENTS AND REPAIRS MADE REPORTS LOCHRIDGE

I. P. Lochridge, business manager of the University of Texas, has just submitted to President R. E. Vinson and the Board of Regents of that institution his seventh annual report. It sets forth that a considerable amount of repair work was done to the various buildings during the past year, particularly on the temporary buildings known as "shacks," for the reason that some of them are beginning to deteriorate rapidly.

On account of the large increase in the student body, particularly in the school of Chemistry, it was found necessary to erect a large shack known as "F" Hall. The brick chemistry building, Mr. Lochridge says, is not in good condition, and he recommends that a larger and modern building be erected in its place.

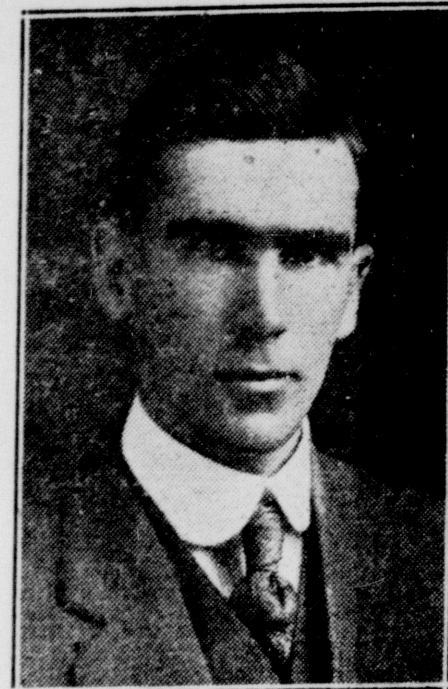

The twelve temporary barracks buildings of the shack type which were built on the east side of the campus for the use of the Students' Army Training Corps and naval units at a cost of some \$78,000 are now being used for class rooms and offices of different schools. The athletic council occupies two of these frame structures.

In addition to these shacks and F Hall three other temporary buildings were erected since his last report at a cost of \$67,835.29. In this connection Mr. Lochridge comments as follows:

"In my judgment we have already over-stepped the safety of our entire plant by placing so many frame structures upon the campus. And while I am using every precaution to prevent damage by fire, yet should a fire start and get under good headway with a strong wind, I fear our plant would be reduced to ashes. The State Fire Marshal's office is beginning to complain, and I would not be surprised to see a protest from the insurance companies canceling our insurance or materially increasing the premiums thereon. The situation looks critical to me."

Mr. Lochridge's report shows that the financial condition of the Woman's Building and annex is very satisfactory. The co-ed students in the annexes are under the same supervision as those in the Woman's Building and each pays a monthly board and room rent of \$25.

The cafeteria, Mr. Lochridge says, continues to be a most popular eating place, especially for the students in moderate circumstances or for the student working his way through the University. All supplies are purchased on a competitive basis and only the best grades of commodities are used. Early contracts were made for sugar, thus saving several hundred dollars. Advantage was also taken of the government prices on canned and other goods, saving in some cases more than 50 per cent. During the period from March 1, 1919 to February 29, 1920, excluding the summer school, there were served in the cafeteria 249,083 meals at an average cost of a little more than 17 cents a meal. The auditor's books show a balance to

believe that five years in the University, a B. A. degree, a former membership in the assembly, former membership of the inter-collegiate debating team, membership in the Hogg Debating Club, membership in the Hildebrand Law Society, and candidacy for the LL. B. degree in 1921 qualify him for the office;

If you believe that there should be an exact interpretation and delineation of the jurisdiction of the Students' Council and Faculty Discipline Committee.

If you believe in a just, liberal, and impartial interpretation of the rules governing the student body.

chased on a competitive basis and only the best grades of commodities are used. Early contracts were made for sugar, thus saving several hundred dollars. Advantage was also taken of the government prices on canned and other goods, saving in some cases more than 50 per cent. During the period from March 1, 1919 to February 29, 1920, excluding the summer school, there were served in the cafeteria 249,083 meals at an average cost of a little more than 17 cents a meal. The auditor's books show a balance to

the credit of the cafeteria of \$9,257.66 with an inventory of goods in the store room paid for of \$2,738.41, making a total credit of \$11,996.07, from which there should be deducted bills vouchered but not paid amounting to \$5,694.93, leaving a net balance to the credit of the cafeteria of \$6,301.14.

A total of \$964,000 of insurance is carried on Main University property. Mr. Lochridge states that the Stenographic Bureau and mailing station of the University is being run on a most efficient basis under the direction

of George J. Stevens. He says: "We are able with our system to show where every stamp, letter, envelope or pencil is used, and what school or department. Besides we can show the cost of the stenographic work of each school. The bureau has proved a money saver from the start and is becoming more popular and efficient all the time. Insurance to the amount of \$300,000 is carried on the property of the Department of Medicine of the University at Galveston."

Did you ever stop to think of the many reasons why

HILL COCKE

deserves your support for

Managing Editor of the Daily Texan?

1. Experience on Newspapers:

- Reporter on the Texan
- Assistant issue editor on Texan
- Issue Editor on Texan
- Acting managing editor on Texan
- One summer on San Antonio Evening News
- Five months on Galveston Daily News.
- One year on Cactus.
- One year on Longhorn Magazine
- One year as correspondent for San Antonio Express.
- One year as correspondent for Houston Post

2. Honors and activities in school:

- Member of Rusk Society during 1915-16
- Active interest in Y. M. C. A. work, serving on Finance committee
- Member Delta Sigma Chi, honorary journalistic fraternity
- Three years on campus, which has given him an insight into student life
- Student in School of Journalism, in which he will take a master's degree in 1922
- Believer in and upholder of clean student politics
- Long experience in interviewing members of faculty, thus allowing a fairly intimate knowledge of many

3. Policies toward the Texan:

- To make a newspaper portraying student life, written in correct news-
paper style
- To give reporters and members of the staff an opportunity of advancing
to higher positions
- To improve the style of news items
- To teach thorough correct instruction how to write articles
- To improve the paper in every way, removing the slipshod fashion in
which the editorial department has been conducted during the past
several years
- To organize and systematize the Texan

4. The staff of the Texan has chosen him to run for this office

These are the reasons for his candidacy
Do they qualify him for the position?

TENNIS EVENTS ARE HOTLY CONTESTED

Match Between Tyler and Taylor Requires 50 Games. Tyler Wins

Due to the fact that eleven fewer courts were available on the campus this year than last year and because of the large number of contestants, the tennis matches had to be played off partly on courts of private individuals and clubs. In spite of this handicap, and with favorable weather the matches were faster than usual and were more hotly contested than ever before.

The match between Tyler and Taylor broke the Interscholastic League record in the number of games played

in one set. The first set went to 50 games, the final score being 26 to 24 in Taylor's favor. Tyler won the last two sets. Her representatives were Seth Birdwell and Charles Willis.

Louis White of Austin made a remarkable record in the singles. He won all four of his matches, six of the nine sets played being love sets; he lost only seven games in the four matches.

The final matches were as follows: Boys' Doubles: Seth Birdwell and Charles Willis of Tyler defeated Desha Patton and Emmet McCleary of Waco, 7-5, 7-5, 3-6, 4-6, 6-4.

Boys' Singles: Louis White of Austin defeated Clyde Woodson of Temple, 6-3, 6-0.

Girls' Doubles: Virginia Mantor and Ruth Beck of Taylor defeated Minerva Jones and Altha Yates of Alpine, 9-7, 6-4.

Girls' Singles: Maria Taylor of San Antonio defeated Virginia Mantor of Taylor, 9-7, 9-9, and the remainder by default.

LONGHORNS GORE BAYLOR BEARS IN PITCHERS' BATTLE

For President of the Students' Association

Robert M. Field

MY PLATFORM—A NEWSY TEXAN

The function of the Daily Texan is to get campus news before the student body as soon as possible after it happens. Only when it gets all of the news of any importance whatsoever and brings it to its readers with dispatch can it be called newsy. Two things are necessary for it to do this.

First, it must have a steady and hardworking staff who will go out and cover the day's happenings and will come back knowing how to write them up in the form of news stories.

REAVIS COX

Second, it must have a managing editor who knows where to send them for news, and how they ought to write it up. He is the man who must be responsible for every day's news.

Without a managing editor who can fill these needs, the Texan can not hope to be a real newspaper. You voters are the ones who select the managing editor. If you want a man who can fill this bill

VOTE FOR H. R. COX

For Managing Editor of the Daily Texan

Because—

1. He knows where to go for a good strong staff, since he has been associated with University publications and with the University School of Journalism for the last three years.
2. He knows where to send them for news as a result of wide acquaintance with the many different branches of student activities.
3. He knows how this should be written up, because of studies in news-gathering and reporting in the School of Journalism, because of long experience in writing for the Texan, and because of correspondence work for State newspapers while in school.

"A FOOL AND HIS MONEY"

By George Barr McCutcheon

A fool and his money are soon parted. All men are fools, only some are more so. A fool and his money—A dangerous combination. Don't lend your money to your fiancée's husband. It takes Cupid to estimate a man's nerve. She didn't come with the deed, but his deeds of heroism won her heart.

EARLE WILLIAMS

"THE FORTUNE HUNTER"

By Winchell Smith

Love is an uncontrollable emotion. It goeth where it listeth. It is no respecter of wealth. These truths are gathered from "The Fortune Hunter," in which Earle Williams, the master love-maker, illustrates the way to select the "right girl."
