## Compulsory Fee Predicted for Union Support by Zivley

By J. B. BILLARD

"I believe that within the next few years there will be a union fee placed on the students of the University," Charles N. Zivley, manager of the Texas Union, said last night.

"The Union boards have felt since the building of the Texas Union that a point would be reached where a fee would be necessary."

The set-up committee which laid the original plans for the operation of the student union recommended a fee of \$1.50, but at the last minute this was set aside by a proposal to try to get along without such a fee for a few years, Mr. Zivley added.

This absence of a fee has made the Union operation fund dependent upon student dances, he said, and has placed an emphasis on the all-University dances which was not the purpose for which the Union was built.

"The scope should be broader than just student dances."

**One Ticket Sold**  
Mr. Zivley's statements followed a decree by the social calendar committee frowning on Saturday night dances given by social organizations, a decree resulting from the unprecedented low attendance at the all-University dance last Saturday night.

Only one ticket was sold to the dance, Jimmie Pounds, III, member of the Texas Union Board, said last night. The ticket money was refunded when Mr. Zivley closed the doors at 10 o'clock. Hubert Watson's orchestra, which had been hired to play, was paid, and the Union lost about \$175, Pounds estimated.

According to answers received to a questionnaire sent out by Mr. Zivley last week, ten of fourteen Universities and colleges had compulsory union fees. They ranged from \$1 at Indiana to \$25 at Florida. However, the fee at Indiana does not cover the actual amount paid for Union operation, since this fund is augmented by money from other sources.

**Average Fee \$6.40**  
The average fee (not including Florida's) is \$6.40. Inclusion of that paid at Florida would bring the average up to a much higher figure. The lowest fee paid on which the union actually operates is \$2, assessed on students at Kansas University, Mr. Zivley said.

Three of the universities answering had no union buildings. Enrollment at the institutions answering the questionnaire ranged from 2,000 at S.M.U. to 12,500 at Indiana.

"Give me a compulsory fee of \$1 per semester and I can give the students a union that will by far overshadow this present Texas Union. On that fee I can create an expansion program which will provide game rooms and recreation facilities to make this union one of the best in the country," he added.

**Legislation Required**  
Provision for a compulsory fee at the University will have to be made through an act of the Legislature.

"But if it comes, it will have to be through the wish of a major part of the student body. Then the Legislature will probably pass such a bill."

"Ninety-one per cent of the Union's income accrues from Union dances, the remainder from such things as ballroom rentals, student offices, and miscellaneous funds brought from minor sources—ping pong tables, lost and found sales, and the like," the manager added.

To date the net income of the Union is \$12,640. Expenditures have amounted to \$9,440. The budget net income which is supposed to be made this year is \$15,000.

"We won't make it," Mr. Zivley said, in pointing out that the Texas Union has to make enough before May 15, the last date, to provide operation throughout the summer and up to the middle of September.

**Board Meets May 6**  
A meeting of the Union Board will be held May 6, at which the present situation will be studied and recommendations will probably be made to the social calendar committee, the manager said.

The ban placed Wednesday on Saturday night dances applies to all organizations. It limits Saturday night dances to those held in the host's homes, "unless the organization can show cause otherwise."

## Equestriennes at Best--

165 Horses Entered in Bit and Spur Show Today  
With Seven Out-of-Town Stables Represented

Austin and Central Texas sportsmen and sportswomen will gather at Pease Park this afternoon to witness the climaxing equestrian event of the local season when Bit and Spur gives its annual horse show.

The increase of entries to 165 and of participating riders to seventy-one indicates that this has become more than a University or Austin affair. Seven out-of-town stables have shipped horses from Houston, Cuero, Gonzales, and San Antonio for the show.

Only children's classes and the three Bit and Spur classes, in which members will compete for the cup donated by Lieutenant-Governor Walter Woodul, will be judged solely on horsemanship evidenced. The other twenty-two cups will be awarded for performance, conformation, finish, gait, and manners of the horses. Bill Ehman's champion jumper, Baby Girl, and T. H. McGregor's walking stallion, Sunshine, will give special exhibitions.

Officials will be Theodore Heady of Dallas, D. W. Williams of A. & M. College, and Harry Lewis of Dallas, judges; Charlie Hall of Austin and Williams B. Wilson, student from Sonora, field marshals; R. H. Allison of Houston, announcer; and Mrs. Frances Seybolt, secretary of intramural athletics for women, score-keeper.

The first class will be called

promptly at 2 o'clock instead of a half hour later as previously announced. The Pease Park ring may be reached by Shoal Creek Boulevard from Twelfth and Twenty-fourth Streets. Spectators

will be expected to sit in the grandstands, and free parking will be provided. Admission will be 50 cents for adults; 25 cents for children. (See EQUESTRIENNE, page 3)

## Bob Grayson's Young Band Plays Tonight

At the age when most boys and girls are still in school and are wondering about the future, Bob Grayson, whose orchestra plays for the all-University dance tonight, and Maxine Kirk, his solo star, are well along with their profession.

Grayson, 20, who is one of the youngest orchestra leaders in the country, has paid federal income tax annually since he was 12 years old.

Grayson, born in Cleveland, Ohio, started his musical career at the age of 5. He organized his first band while in the eighth grade, and one member of the original orchestra is playing with him today.

Short, husky, good-looking, Grayson is the master of eight different musical instruments and is working on his ninth. He started with the drums and is now working on piano lessons.

Miss Kirk, 18, was born in Chicago. Before she entered high school, Miss Kirk decided she would try the entertainment field. She completed her four years of

## Chemical Society's New Office Here

The American Chemical Society has had the headquarters of its Central Texas Section changed from Waco to Austin. The other section of this state is that of North Texas, located in Dallas. This change was made last week at a national convention of the American Chemical Society in Chapel Hill, N. C.

A meeting of this society will be held in Austin early in May. Dr. H. L. Lochte, professor of chemistry in the University, and secretary of the society, said. Dr. H. R. Henze, University professor of pharmaceutical chemistry, is chairman of the society.

## 'School for Wives' Lacks Punch Class Tries Difficult Assignment

By GERALD PORTER

"We are fortunate here in our remote corner of the world to have an opportunity to see one of the fine plays of all times emerge from the library and the classroom and live before our eyes."

Thus wrote Dr. Katherine Wheatley, associate professor of Romance languages, in her program introduction to Moliere's "The School for Wives" before the curtain went up for the first act of the play in Hogg Memorial Auditorium last night.

Now, after the play is over, we record that the play did get as far as the library door, where it presented a rather pleasant view for the spectators.

The assignment was a difficult one. The final push or punch that was needed to bring the play completely out of the library was lacking, but perhaps no one should be blamed too much for that. If Zack Scott could have added to his mastery of the superficial side, more feeling for the part of Arnolphe, despicable egotist whose ignorance of women was exceeded only by his boasting of knowledge of them, then he might have provided that push.

The play was a comedy of errors in word and deed on the part of Arnolphe, who thought that he knew all about women and wives, but was not able to win for himself the artless young girl, Agnes, played by Connie Schuler, whom he had reared to be his wife. Ernest R. Hardin, instructor in public speaking, staged and directed the play. It was presented by the dramatic classes of the public speaking department.

Borden Tennant with his excellent characterization of the servile Alain, household servant of Arnolphe, did most perhaps to give humor to the not-overly funny play. Miss Schuler gave to the simple lass Agnes a fetching charm that was increased, not diminished, by her naivete.

Albert Wadsworth of Light Opera prominence was Chrysalde, friend to Arnolphe. Wadsworth is always sincere, but more flexibility would aid his acting. Melvin Pape, a leading actor of the Wesley Players, had a minor role as Enrique, brother-in-law to Chrysalde, and, as usual, performed well.

Other members of the cast were Eugene Montgomery, Wilson Phillips, Frank Bryant, and Gene Gregg. Eugene Montgomery made the idealism of Horace, lover of Agnes, seem both believable and fine. The others did well with their bit parts.

Moliere still stands in the door of the library. From this partial view he looks interesting. Certainly his fame as a dramatist is great. He deserves another try at bringing his dramas out onto the green.

## Teachers To Meet, Lunch In Union

Convention Opens With Dr. Pittenger's Study of Trends In Education

Section meetings and a luncheon in the Texas Union are listed as today's business for delegates to the Texas Society of College Teachers of Education convention which began last night with talks on teaching problems in education.

Stressing the need for better material in the teaching profession, Dr. B. F. Pittenger, dean of the School of Education, read a paper on "Improvements in Teacher Education in Texas" at the first meeting in the assembly room of the Architecture Building.

Dr. C. F. Arrowood, professor of education, gave a paper on "Current Trends in the Work of Colleges and Schools of Education in Typical American Universities." He reported on the activities of institutions of higher learning in the North and East.

**Enrollment Doubled**  
College enrollment having doubled in the last ten years, a more efficient curricula should be devised for the training and education of teachers, he declared.

Dr. R. A. Smith of T.C.U. gave a short discussion of the papers of Dr. Pittenger and Dr. Arrowood. In a short address, Dr. S. E. Smith of Sam Houston State Teachers College gave a survey of the result of his studying the problems of a model school in a small town in Missouri.

**Place of Mathematics**  
Thomas B. Portwood, assistant superintendent of schools in San Antonio and Professor W. L. Porter of A. & M. College took opposite sides on a discussion "The Place, Present and Future, of Mathematics in the Texas High School."

Philosophy and method will be discussed at 9:30 o'clock this morning in Texas Union 315 with Dr. A. S. Blankenship of East Texas State Teachers' College presiding. Six papers will be read, including "What Shall We Do with the Course in Measurement?" by Dr. H. T. Manuel, professor of educational psychology in the University.

At the same time a discussion of research will be held in Texas Union 316. Dr. E. C. Wiley of Southwest Texas State Teachers' College will preside. Dr. Leigh Peck, Dr. B. F. Holland, and Dr. Hob Gray of the University faculty will talk.

Dr. Brooks will preside over the luncheon meeting in the banquet room of the Texas Union at 12:30 o'clock. A business meeting will be held for the election of officers to hear the reports of the committees.

The program will consist of a paper on "An Evaluation of the Texas Curriculum Program" by George B. Wilcox, of Texas A&M, and Dr. Lorena B. Stretch of Baylor University, and "The Progress of the Texas School Adequacy Survey" by L. D. Stokes, representative of the State Board of Education.

## 'Enter Madame' Cast Airs Likes Madame's Husband Remains Silent

A prima donna, a designing woman, an unfaithful husband, a college boy are pausing between rehearsals to confess a bit about themselves, their likes and dislikes.

"I like everything about Texas," says Helen Campbell, graduate student from Illinois, who plays the Madame role in "Enter Madame," final Curtain Club production of the year which will be presented May 3, 4, and 5.

A graduate of Illinois State Normal in Bloomington, Miss Campbell has had two years of teaching dramatics, and has played with an eastern stock company for one year. In the University, she has been an active member of Gregg House Players, the Austin Little Theatre, and the Curtain Club.

Allan Wheelis, masculine lead for "Enter Madame," played in several productions of the Austin Little Theatre before joining the Curtain Club. Six feet, three and one-half inches tall in sock feet, Wheelis says he has no pet aversions, or particular likes. He does

## House Committee May Get Education Bill Monday

The Senate Friday afternoon passed the \$1,791,125 appropriation for operation of The University of Texas for the next biennium as recommended by the finance committee. In this one afternoon fifty-two million dollars of appropriations, including the \$17,213,000 education bill, were approved, following Governor Allred's veto of new joint rules passed by the Legislature.

## Sigma Delta Chi To Initiate 4 Members May 9

Sigma Delta Chi, honorary and professional journalism fraternity for men, will hold formal initiation services for Marshall Wells, B. Frank White, Robert White, and Bob Baskin on Sunday, May 9. Harry Quinn, president, announced Friday. J. L. C. Beaman, newspaper man from Alice, will also be initiated as an associate member in accordance with a practice of Sigma Delta Chi of electing Texas newspaper men as associate members. Mr. Beaman owns three newspapers in the Valley.

The pledges who are in school will edit The Daily Texan of Sunday, May 9, as a final pledge duty. Baskin will act as night editor, Frank White as sports editor, Wells as society editor, and Robert White as head copyreader for Baskin. This is the usual duty of all pledges initiated by Sigma Delta Chi.

Sigma Delta Chi was organized at DePauw University, April 17, 1909. Its members are chosen from the junior and senior classes and from the sophomore class during the latter half of the sophomore year. The members must show evidence of intellectual ability in the field of journalism and have definite intention of following journalism as a profession. Government of the fraternity is through an annual convention of delegates with recess governmental authority in an executive council of eleven national officers.

The local chapter of Sigma Delta Chi was founded in 1913. Officers serving this year are Harry Quinn, president; Lane Goldsmith, vice-president; Joe Belden, secretary; and Lynn Jackson, treasurer.

Dr. B. F. Pittenger, dean of the School of Education, will be toastmaster at the supper held by the Phi Delta Kappa, honorary education fraternity for men, today at Bastrop State Park. Phi Delta Kappas and guests from all over the state will attend.

T. D. Brooks, president of the Texas Society of College Teachers of Education, is expected to speak in the afternoon.

Those who will go to the picnic will leave from the west side of Sutton Hall at 1 to 1:30 o'clock. They will drive down to the park for golf, horseshoe pitching, tennis, quoits, badminton, and swimming.

## Parties in Store For Press Meet

Exhibits for the Interscholastic League Press Conference sponsored by the local chapter of Sigma Delta Chi are nearing completion, according to a report from DeWitt Reddick, associate professor of journalism and director of the conference.

Posters showing the good and bad points of Texas high school newspapers have been prepared and will be shown at the convention May 7 and 8. Criticisms of the papers have been written by students of journalism and will be presented to the delegates of each paper.

Approximately two hundred and fifty high school students have accepted invitations to the conference. The Austin High School chapter of Quill and Scroll, journalism society, will entertain the delegates at a reception Thursday night, May 6. A dinner-dance will be held in the junior ballroom of the Texas Union on Friday night, May 7.

Friday and Saturday the delegates will attend several lectures and discussion meetings, conducted by sponsors of high school papers and other authorities on high school newspaper editing.

# Longhorns Nose Out Rice Owls, 8 to 7, to Stretch Conference Lead

## University Wrestling Team to Vie With State's Best in Open Amateur Tournament

### Hughson Credited With Sixth Win Of Season

Special to The Daily Texan  
HOUSTON, April 30—Uncle Billy Ditch's Longhorns continued to win the close ones here Friday as they chased over runs in the eighth and ninth innings to nose out the Rice Owls, 8 to 7. Speedy Charlie Haas started the trouble in the ninth as he beat out a grounder to short, took second as Munro bunted out and raced home on Jackie Conway's single to center.

The Longhorns trailed, 6 to 7, going into the eighth. Lawson was safe on Vickers's bobbie, took second on a passed ball and gained third on Maedgen's infield hit. Hughson popped out, but Lawson romped home with the typing marker on Rigby's long fly to center.

Cecil Hughson, ace Texas hurler, was credited with his sixth victory of the season but was far from effective. He was touched for 11 safeties, passed five and struck out ten. Five of the Rice bingles came in the third to account for three runs. Three of the bases on balls were issued in the fourth and forced over a run. Rice's defensive was unsteady and errors of omission proved more costly to Floyd Mechler, Owl pitcher, than those listed in the box score.

J. C. Munro delivered the longest base knock of the afternoon, smacking a pitch far over right fielder Frankie's head in the third for the circuit. The homer came with Westerman on base.

Lawson of the Longhorns and Steen of the Owls were the leading hitters with three safeties apiece.

The teams complete the series here Saturday afternoon.

Last summer she was councillor of horseback riding at Camp Mystic, Kerrville.

## Highly Touted Rice Thinly Clads Face Longhorns This Afternoon

### Steers Weakened By Injuries

By BILL DURNAL

A battle between the two most bitter rivals in the conference. This will be the fare for fans who turn out this afternoon to see the clash between the cinder-path art-ists of Rice Institute and The University of Texas at 3 o'clock in Memorial Stadium.

Injuries have riddled the ranks of the Longhorns and the Owls are perched in the position of favorites. Clyde Littlefield, coach, said he does not expect his boys to win. Littlefield said he would enter Jack Vickrey in the high jump but is uncertain whether he will be able to perform. In this case, the event will be a toss-up between Greenlee and Chovance of Texas and Neece and Patterson of the Owls. Of the other injured Texas men, Lewis and Jones, javelin throwers, will not be able to compete. Seay will be entered in the pole-vault but will participate only if his injuries sufficiently respond to treatment. Reeves, dash man, is definitely out.

Regardless of who takes the meet, several races designed to please the most critical will be un-rehearsed. Jud Atchison, subbing for the injured Reeves, has been looking good in the dashes and will team with Hugh Graves and Henry Ramsdell in an effort to best the Rice speedsters, Moser and Carr, in the 100-yard dash. Another interesting race will be the mile event between Co-captain Thomas of the Longhorns and Bell of Rice. Thomas has shown excellent form in the mile recently and is anxious to avenge a defeat by the Rice ace in the Texas Relays. Each of the relay races is expected to be a thriller. The Rice team has consistently bested Texas in these events at every meeting this year but the races have been exceedingly close in every case.

Littlefield said yesterday he has not received an entry list of the

## Bible Wants Team to Win Games But Wants School-Minded Men

"We want college men who are football players, not just football players who incidentally are college men," said Dana X. Bible, director of athletics, before a group of Texas exes at a luncheon in San Antonio Wednesday. "At the same time, however, we're going to build teams, because frankly, we want to win! We're going to be open and above board in our attempts to induce deserving athletes to come to Texas. We're going to have a large central fund to pay players who honestly earn their way through college."

Mr. Bible, talking before Texas exes at a luncheon Wednesday, and again before a public group at a dinner the same night, outlined his plans for making The University of Texas great in the sports world, and at the same time build character in the athletes serving under him.

Asked whether he would produce a championship team at Texas next fall, Mr. Bible replied: "I can't answer that, other than to say that the current's going to be mighty swift on Satur-

### Texas Netmen Play Rice Owls In Conference Meet Today

This afternoon Penick Courts will be the scene of the most interesting conference tennis meet played here thus far in 1937. Texas netmen will have their hands full defeating the Rice Owls. One reason for the heated contest of the dual meet is that the winner will be the conference champion.

McCampbell, who is playing the number one position for the Owls, has shown splendid tennis ability throughout the season and will have blood in his eye when he meets the number one man of Texas, D. A. Penick. Texas coach, has not yet stated his lineup for this afternoon, but it is reasonably certain that Kamrath, Weller, Franklin, and Dullnig will see action in the singles.

Yesterday, two of these players, Franklin and Dullnig, took very light workouts and the other two did not play. The meet will begin at 2 o'clock on the Penick courts. With the exception of the meet with Tulane, which was a non-conference affair, the Longhorn netmen have a perfect record for the season. None of the other conference teams that the Longhorns have played have given competition of any consequence.

Rice team and is not certain of the Texas list but gave the probable list as follows:

440-yard dash—Seay, Currie, and McSpadden of Texas; Steakley, Saunders, and Johnson of Rice.

1 mile run—Thomas and Patillo of Texas; Bell of Rice.

100-yard dash—Atchison, Graves, and Ramsdell of Texas; Moser, Carr, and Steakley of Rice.

120-yard high hurdles—Hartenberger and Collins of Texas; Patterson and Anderson of Rice.

220-yard dash—Graves, Morris, and Ramsdell of Texas; Moser, Carr, and Ellington of Rice.

880-yard run—Law, Fisher, Thomas, and Patillo of Texas; Bell and Johnson of Rice.

440-yard relay—Graves, Atchison, Morris, Ramsdell, and Wolfe (See NETMEN, page 3)

day next fall. After looking over the present squad in spring training—they adapted themselves to a new style of play very easily—I find that Texas has an unusually fine backfield, but that there's a slight weakness in the line, which to my way of thinking, is the most important part of the team."

Mr. Bible promised Texas followers a game with a "team you'll be glad to have Texas play"—probably Nebraska, since he was speaking of the Big Six Conference at the moment—within the next season or two.

After his brief visit in San Antonio, Mr. Bible left Thursday morning for Edinburg.

### Matches Begin This Afternoon At 3:30 o'Clock

By BOBBY MCKINLEY

Matching their one year of experience against the State's grapplers, proteges of Harry Broad-bent, University wrestling coach and last year's intercollegiate wrestling champion, will seek to win the team championship today at Gregory Gym in the first State-wide open amateur tournament ever to be held in Texas.

Advance entries seem to indicate that the tournament will be a dual meet between the University matmen and the various leading Y.M.C.A. groups who are sending only their best men.

Houston, Dallas, and San Antonio teams have already arrived and are well represented by most of the State "Y" titleholders. Other institutions expected to send last minute entries to vie for state honors are Texas A. & M., Southwest State Teachers' College, Tech, and the Fort Worth Y.M.C.A.

Matches will begin this afternoon at 3:30 o'clock. Finals and consolation bouts will begin at 8 o'clock. Blanket tax holders will be admitted free to both sessions of the tournament; to others there will be a 25 cents general admission.

Of special interest will be a performance of the University gymnastic squad, and a demonstration of weight-lifting by University men who have been working under Edward Wurzel, physical training instructor.

Broadbent declined to offer any comments on the outcome of the tournament other than to say that anything may happen in the process of a tournament where one man is called upon to wrestle three or five times in one day.

The following is the list of entries in their respective weight divisions:

118-pound class: Jack Harris, Jerry Stone, U. of T.; Arthur Corbett, Dallas; Gene Raymonds, San Antonio; K. K. Moore, Fort Worth.

126-pound class: Jimmy Horany, Walter Sellers, U. of T.; Fred Smith, University Club; Ted Garvin, Dallas; Chuck Hall, U. of T.; George Bennett, San Antonio; Jonny Burk, Austin.

135-pound class: Vince Krejci, James Hunt, Sam Aker, U. of T.; Arthur Robinson, Robert Morgan, Houston; Ken Ahernzen, San Antonio; and Bob Heller, Dallas.

145-pound class: Homer Harris, Pipkin Young, U. of T.; Oscar Baker, Houston; Sonny Noel, Shreveport; Warren Mooreman, Clifton, Joe Salinas, Austin; Howard Sigler, Dallas.

155-pound class: Ward Blacklock, James Sadler, U. of T.; Cecil Puryear, Houston; J. T. Hooks, Dallas; Banjo Attar, Austin; Bob Walker, San Antonio.

165-pound class: Leonard Stolaroff, William Cloud, Fred Lewis, U. of T.; Bud Brin, University Club, Tom Williams, Ray Tomlinson, San Antonio; Bob Martin, Southwest Texas Teachers.

SIGMA DELTA PI DINNER

## Smith Hits Homer With Bags Loaded to Win for Yearlings

An eighth-inning home run from the bat of Smith, Texas freshman third baseman, with three mates aboard, proved to be the winning margin yesterday at Clark Field, and the U. T. Yearlings defeated the A.&M. freshmen in the first of a new intercollegiate-freshmen series, 7 to 4.

Before that inning, however, the game had threatened to turn into a real old-fashioned pitcher's battle, with Lindsey of the Ags and Aldridge of the Texas frosh holding their opponents about even. The Ags had found Aldridge for four runs and the Yearlings had got to Lindsey for one less.

Both sides showed promise, with Armstrong, Smith, Pfeil, and Aldridge standing out for the Yearlings, and Stiles, Alsbrook, and Saltonstall showing class for the young Ags. The hitting star of the afternoon was Smith of the Yearlings, who pounded Lindsey for 4 homers and two singles.

Not far behind was Aldridge, who supplied his own cause with a double and two singles. Armstrong, Yearling second sacker, also had a field day at bat, re-deeming himself for two errors by two timely doubles and a single, besides drawing a pass once.

The Yearlings put a double and single together for a run in the second; Pfeil's triple, Shuck's fly, Langerhans single, Armstrong's

single for two more in the third frame. The final and winning four runs came in the eighth on Everett's single, a pass to Armstrong, Aldridge's single, and Smith's homer.

The Aggie frosh scored their first tally in the second and added another in the fourth on Stone's single, an error by Armstrong on the catchers' throw to second, and a run stolen when Stiles was being chased down between second and first.

Only one league game was played in intramural baseball Friday afternoon, the Blomquist Swedes running over the Rinky-Dinks with a 7-2 score. The star of the game was pint-sized Jack Harris, Blomquist pitcher, who displayed a steaming fast ball and who proved equally effective at the bat. It was his homer in the fifth inning which broke a 2-2 tie between the two teams and won the game.

### Sports Notice

ALL FRESHMAN tennis players who have had matches scheduled and have not played them will please make arrangements with their opponents and play them off. It is advisable that those freshmen who do not have matches come to Penick Courts to watch the playing there.

Reviewed Today  
"NIGHT MUST FALL."—At the State. Original story by Emyln Williams. Produced by Hunt Stromberg. Directed by Richard Thorpe. Released by Metro-Goldwyn-Mayer.

The cast: Robert Montgomery, Rosalind Russell, Dame May Whitty, and others.

A MONTGOMERY of valid dramatic reputation registers in "Night Must Fall." Whatever "Night Must Fall" means to the career of Robert Montgomery, it also carries significance for Rosalind Russell.

Taut and highly suspenseful, this film brings Montgomery to the serious characterization of a murderer. Miss Russell, placid as ever, yet develops a merited role of the fear-stricken woman who breaks through to Montgomery's innermost thoughts, observes that he is acting well to hide the murder he has committed.

The Emyln Williams play has been skillfully handled before the cameras. Many anti-climaxes have been reached which hold the audience in suspense and wonderment at what Montgomery will do.

Dame May Whitty has played her role excellently. Aside from Russell and Montgomery, the cast is British, but each member is consistently in good characterization. —P.A.
