Dear Dr. Stenzel:

I have today received your manuscript "Aturias from the Eocene of Texas and Alabama" and I appreciate your cooperation in meeting both suggestions of the censor and our editorial practices. The plates are in our keeping.

I have sent the manuscript to Dr. John B. Reeside, Jr. of the Paleontological Society, suggesting that possibly this paper dealing with a restricted group from which no broad generalizations can be made, would be more adapted to the new Journal of Paleontology. Would you be agreeable to its presentation in that journal if the manuscript is acceptable to its editor.

Your change of address has been made.

Yours very truly,

W. P. Alamy

Assistant Secretary
