Dr. P. K. Sutherland
Sedgwick Museum
Downing Street
Cambridge, England

Dear Dr. Sutherland:

Thank you very much for your informative letter of July 27, 1954. I am very sorry that only \$25 has been made available to you. Next time we hope to do better. But you realize all of these things need longer preparation and advance notices than were made this time.

It will be quite alright for you to send the collections collect in care of the Department of Geology, the University of Houston. In fact I had expected you to do that under the circumstances. I believe the collecting you have done at the Isle of Wight will be quite valuable. Offhand I do not know of any localities to visit. Really any type localities available will be good. However time is getting so short that I do not wish to burden you with any additional collecting.

Wishing you the best of luck. I'll be seeing you.

Sincerely,

Henryk B. Stenzel
