

December 21, 1949

Mr. Edward R. Dewey, Director
Foundation for the Study of Cycles
Riverside, Connecticut

Dear Sir:

I wish to thank you for notifying me of my election as a member of the Foundation for the Study of Cycles. I appreciate the honor and enclose the information card.

My plans are to present a paper on "Cycles" as my presidential address before the next annual meeting of the Society of Economic Paleontologists and Mineralogists, which is to be held jointly with that of the American Association of Petroleum Geologists and the Society of Exploration Geophysicists, April 24-27, 1949, in Chicago. I suppose the Foundation might be interested.

Sincerely yours,

H. B. STENZEL
Professor of Geology
