Dr. Henryk B. Stenzel  
Bureau of Economic Geology  
Austin, Texas

Dear Dr. Stenzel:

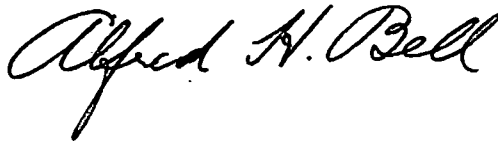

Congratulations on your nomination without opposition. as Editor of the A. A. P. G. You have excellent qualifications for this position and I am sure you will enjoy the experience as much as I have.

The organization of the A. A. P. G. editorial staff and the procedure in the handling of manuscripts that has grown up through the years seem to me to be admirable. That is not to say that perfection has been attained and there is no room for improvement. Each new editor has the opportunity of making such changes as he may deem desirable.

I shall be happy to give you all the help I can in turning the office over to you next April. In the meantime I would be glad to answer any questions you may have.

With kind regards and best wishes

Sincerely yours,

cc Mr. J. P. D. Hull  
Mr. Clarence L. Moody
