

## RADIO SCHOOL TO START WITH 100 SIGNAL CORPS MEN

Troops Arrive From Ellington Field, Houston, and Are Quartered in "B" Hall—Eat at S. M. A.

That all of the rumors regarding the establishment of a Radio School for the training of Government troops as a branch of the University were not mere speculation was fully demonstrated when slightly over one hundred men arrived Saturday morning. They were immediately quartered in University Hall, the men's dormitory. It is understood that the work of the school will begin in earnest Monday morning, but in the absence of Dr. Vinson no definite plans are known.

The soldiers are enlisted men in the Signal Corps of the United States Army. They all came from Ellington Field in Houston, Texas. They are taking their meals at the S. M. A. mess hall, but it is understood that as the school develops, arrangements for feeding the men on the campus will be made. The basement of the Law Building is being converted into additional barracks. According to announcement from F. W. Graff, most of the Engineering Building will be used for instruction. "K" Hall, which was used for class-rooms in the Radio School which was recently conducted here, will also be used.

On Monday work will be begun on the new S. M. A. to be located at Camp Mabry. The work will be rushed as speedily as possible. When sufficiently completed, S. M. A. will move there from the present quarters. The Radio School will then be housed in the present S. M. A. plant.

## Hushed Campus Awaits April 1

All the family skeletons have been safely hidden for many weeks; every vestige of particular personal reputation has entirely disappeared from the campus; old offenders walk circumspectly the straight and narrow campus trails; many buzzards, even, have ceased to "buzzard," at least in the more concentrated manner. There is a positive dirth of delicious scandal. All tongues are carefully guarded, and every action is censored and camouflaged. But why this atmosphere of the faint rustling of wings? Because something is about to happen about which everybody knows everything, and yet nobody knows anything.

One day out of every year Varsity takes off her colored glasses, and rubs her camouflaged eyes, and sees herself as others see her. Then every stude and prof searches diligently for the "bean" (or has it maliciously shown to him), and then conscientiously risks one eye (?) upon the "motes" displayed on all hands.

And it is a valuable day in Varsity's history. The unrevealed is revealed; and everybody grins sheepishly, but incidentally turns over a new leaf.

But this is a war year. Things are different. And the one big question on the campus now is: Will the war, does the war dare, affect this deep-rooted custom of Varsity's. Has even Kaiser Bill a right to touch even remotely this deep-dyed tradition of U. of T.?

There are those who affirm that, come what may, it will happen; there are those who whisper all sorts of diabolical and direful results which are rumored to be the penalty if it does happen; there are those who, remembering secret slips, hope intensely that it can't happen; there are those who know it won't come; there are those who are positive it will come, and still, everybody wonders if, by any grim and cruel chance, the Blunderbuss will fail to appear on All Fools' Day?

### SCIENCE CLUB MEETING.

The University Science Club has its regular monthly meeting Monday night at the University Club house. J. U. Yarbrough will present a paper on "The Delayed Reaction Method." This club is composed of a number of the professors and leading educational men of Austin. Various scientific subjects are presented and discussed from time to time at the regular monthly meetings. The meeting Monday night will begin at 8 o'clock.

## FROSH SPEAKERS READY FOR FRAY

Contests for E. P. Wilmot Prize Will Meet Next Tuesday Night.

In accordance with traditions of the University, the Freshman orators will clash on Tuesday night, April 2, for the Dr. E. P. Wilmot prize. This prize has been given by Dr. Wilmot for several years back to the best orator in the Freshman class.

This is the final contest, following a preliminary on March 22, in which about five entrants were weeded out. Ten men are to be contestants in this final. Each man is permitted to use six minutes on a subject selected by himself. On the night of the contest, the judges will announce the winner.

As a matter of explanation, the entrants, their homes, and their topic might be stated below in their order of speaking:

1. A. Alexander of La Grange, on "The National Flag."
2. Milton F. Ling of San Antonio, on "France and America."
3. Joe Spence of Dallas, on "Woman and War."
4. E. N. Simpson, on "German Intrigue for Peace."
5. Henry N. Herndon of San Antonio, on "Woe in Belgium."
6. S. P. Eddins of Texarkana.
7. Albert Gray of Kirkland, on "I Am an American."
8. Sam Acheson of Trinity, on "Death of Lafayette."
9. Judson Francis of Austin, on "An Answer to Lafolette."
10. Max J. Rosenfield, Jr., of Dallas on "The Pacifist and the War."

Much interest, as heretofore, is expected to be shown on the occasion of this contest.

## SENIORS GIVEN LAST OPPORTUNITY TO TAKE LANGUAGE EXAMS

Final examinations for satisfying the foreign language requirement for the B. A. degree from the University will be given on April 4, 5 and 6 by the foreign language committee, of which Miss L. M. Casis is chairman. All Seniors who have not already complied with the requirement will have to take them at this time. Juniors are also allowed to take the examinations at this time by making arrangements with the committee. The examinations given last three hours and are given to test the student's knowledge of any particular language.

In order to be able to take the examination each student must apply beforehand to Miss Casis in room 201 of the Main Building. Such application can be made this week at the following times: Monday, 10-11; Tuesday, 9-10; Wednesday, 11-12; Thursday, 12-1; Friday, 12-1, and Saturday 9-10 and 12-1.

### SENIOR PICNIC MONDAY.

Instead of the party which was planned by the Seniors for the winter term, a picnic will be given Monday afternoon by the graduating class. The start for the grounds will be made at 6 o'clock from the car shed. Every Senior who expects to go must sign up by 4:30, the committee announces. Thirty-five cents each has been assessed for an elaborate spread of broiled steak, buns, pickles, and cakes.

The blanks for signing up may be found on the west end bulletin board in the Main Building and in the Library. The committee is very desirous of a representative attendance.

### FLOCK OF PLANES IN AUSTIN.

Ten aeroplanes flying in beautiful formation were noticed flying over town late Saturday afternoon. Apparently they had come from San Antonio flying fields. They made the usual stop at the landing place near St. Edwards' College and the birdmen were served the customary refreshments by Austin society buds and matrons.

### WILSON APPOINTS HUTCHESON.

Mr. J. A. Hutcheson, Texas-ex, 1900, has been recently appointed to the office of United States District Judge for the Southern District of Texas. President Wilson made this appointment public yesterday, to take effect immediately. Mr. Hutcheson is a brother-in-law of Dr. E. C. Barker of the University.

## WHOLE SCHOOL TO PARADE FOR THIRD LOAN APRIL SIXTH

All Classes Dismissed Saturday Afternoon—University Unit to March in Five Sections.

Half holiday in all departments of the University will be observed Saturday, April 6, when the whole school will take part in the monster third Liberty Loan Parade. University officers and faculty, Red Cross girls, and other girl students, the Reserve Officers' Training Corps battalion, and the University Ladies' Club will all take part in the parade in the University division, which will be in charge of Dr. F. W. Simonds of the faculty.

The University section will leave the campus at 3 p. m. and march to the lower part of Congress Avenue, take its position on one of the side streets, and assume its place in the general parade in the following order, under the various unit leaders: University officers and faculty leader, Dr. J. L. Henderson; Red Cross girls, leader, Elise Bumpass; other girls of the University, leader, Charlotte Spence; R. O. T. C. battalion, leaders, General Hare and Mr. Taylor; University Ladies' Club, leader, Mrs. E. C. H. Bantel.

Dr. Vinson, in his official notice published herewith, urges everyone connected with the University to do his or her part towards making this second "loyalty" parade a complete success. The University made a fine showing last year in the first loyalty parade, and now with the increased organization of the student body through the R. O. T. C., a better showing than ever should be made. In the reviewing stand at Tenth and Congress Avenue will be Governor Hobby, Mayor A. P. Wooldridge, Dr. R. E. Vinson, General W. H. Stacy, and Major B. K. Yount, commandant at S. M. A.

Following the parade, an intensive campaign will be waged in University circles under the direction of Dean T. U. Taylor of the faculty and the various student committees already announced, and an effort will be made to reach everyone connected with the University.

## TEXAS CITIES MUST ENFORCE LOYALTY

Paxton Points Out that Other Cities All Over Country Are Enacting Penalizing Ordinances.

Secretary E. T. Paxton of the Bureau of Municipal Research of the University of Texas says that many cities in the United States have passed civic ordinances affixing penalties for disloyal acts and utterances. These ordinances are on the same order as the "Loyalty Bills" which many of the state Legislatures have passed. Mr. Paxton says that no city in Texas has yet passed an ordinance of this kind. Texas cities are also behind in the matter of food conservation, Mr. Paxton says.

In almost every other State cities have passed ordinances affixing penalties upon the consumer who fails to observe the food laws. In Texas, where no such ordinances have been passed, the consumer himself is liable to no penalty. It is true that the caterer who violates the food laws is liable to have his license revoked, but

### NOTICE.

In order that the students and faculty may take part in the Third Liberty Loan Parade, on Saturday, April 6, all afternoon classes will be suspended on the day indicated. The University section, under the marshaling of Professor F. W. Simonds, will leave the campus at 3 p. m., march to the lower part of the Avenue, take its position on one of the side streets, and assume its place in the general parade, in the following order:

1. University officers and faculty.
2. Red Cross girls.
3. Other girls
4. R. O. T. C. battalion.
5. University Ladies' Club.

I sincerely hope that the organizations indicated will cordially co-operate, and again demonstrate the University's loyalty to the nation.

ROBERT E. VINSON, President.

## MEN'S GLEE CLUB PRESENTS SPRING CONCERT APRIL 6

Performance Given to Students and Austin Public Will Have Many Features.

Arrangements for the last concert of the University Glee Club in Austin for the year have been completed and the date has been set for Saturday night, April 6th, the place to be the men's gymnasium on Speedway. A complete program quite similar to the one which received a great ovation on the recent North Texas tour will be given under the direction of Professor W. E. Metzenthin. All payers of the blanket tax will be admitted by showing their ticket books or receipts at the door and paying a war tax of five cents. Others will be admitted by paying fifty cents. Seats in the center of the gym will be reserved.

A picked team of twenty from the Glee Club will present the program. On the Varsity quartet are Briggs, first tenor; Donald Lee Joseph, second tenor; Glenn Wilson, baritone, and Elledge, bass. The string instrument players are led by Hatcher Pickens, and consists of Pickens, Brown, and Hester, mandolin, and Angly and Wilson, guitars. Solo numbers are given by Donald Lee Joseph, Billy Allen, the noted blind baritone; William Briggs, and Arthur H. Deen.

The feature of the performance is entitled "An Act of up-to-Date Grand Opera," and the principal characters are portrayed by Messrs. Briggs, Dupree, and Wilson. The whole Glee Club comes in on the chorus parts. The scene is laid on the fifth floor of a hotel, when a fire break out at night. Some of the Glee Club members take the part of women guests, and in their make-ups they defy recognition. Kimonas and other feminine attributes belonging to prominent co-eds around the campus are used. The solo work of William Briggs, William Dupree, and Glenn Wilson in their respective roles is very characteristic.

## ORATORS SELECTED

Corenbleth and Blalock Go to Brownwood and Belton, Respectively.

In the elimination preliminary to the State Oratorical Contest, Emil Corenbleth was chosen to represent Varsity at the main contest to be held at Brownwood on April the 19th. The preliminary was held at the beginning of the week and five men participated. Jack Blalock, at the same time, won the right to represent the University at the Peace Prize Contest to be held in Belton, April 15th.

These same men, Corenbleth and Blalock, will meet the University of Tulane in the House of Representatives, on April 22nd. Both men won prizes in the final debating contest, and are expected to come off with the honors in this intercollegiate debate.

the individual consumer cannot be touched. Mr. Paxton thinks that the cities of Texas should awake and do their patriotic duty in these matters. With this end in view, the bureau is drawing up an ordinance on each one of these two measures, and it will be glad to furnish them to the officials of any city for the asking. They will be completed in a few days.

## REVIVALS CLOSE AT EASTER CHURCH SERVICES TODAY

Special Music and Speakers at All Churches—Glee Club at Methodist in the Morning.

Today marks the beginning of the changing of time by moving the clock up one hour. Last night at 12 o'clock all the clocks over the United States were moved up one hour in order to save fuel. The church services will begin at their usual time, with clocks moved up so that the services at 11 o'clock will really be at 10 o'clock. Today, Easter Sunday, the revival meetings which have been in progress throughout the entire city will be brought to a close. The services on this important Sabbath promise to be especially good, and the students are urged to attend he one of their choice. Rev. Paul B. Bern of Dallas, at the University Methodist Church, and Rev. James Hardie of Taylor at the University Presbyterian Church, offer good sermons to the students. The University Glee Club will sing at the University Methodist Church. The programs are as follows:

University Methodist Church, corner of 24th and Guadalupe, Rev. A. Frank Smith pastor. Sunday School at 9:30 at the Y. M. C. A.; Rev. Kerns will address the men at this hour; service at 11 o'clock by Rev. Paul B. Kerns, "The Divine Redeemer;" at 7:30, "The Christian Challenge;" special program by the University Glee Club; Epworth League at 6:45.

University Presbyterian Church, back of the Y. M. C. A., Rev. R. W. Jopling, pastor. Sunday school at 9:30 at the church; service at 11 by Rev. James Hardie of Taylor, and at 8; Christian Endeavor at 7.

University Baptist Church, Nueces, between 22nd and 23rd, Rev. Charles Maddy, pastor. Sunday School for men and women at the Y. M. C. A. at 9:30; service at 11 o'clock, "The Wealth of the Soul in Christ;" at 7:30, "What Think Ye of Christ;" B. Y. P. U. at 6:30.

University Catholic Church, corner of 21st and Guadalupe, Father Ross, pastor. First mass at 7; second mass at 10; Sunday School at 9:15; evening service at 8.

University Episcopal Church, corner 27th and Whitis Avenue, Rev. G. W. R. Cadman, rector. Early service at 7:30; Sunday School at 9:30; morning service at 11; evening service at 8.

University Bible Chair, corner of 21st and University Avenue, Dr. Frank L. Jewett, lecturer. Lecture at 9:40 on an Easter theme. All students cordially invited.

Church of Christ, corner of 19th and University Avenue, Rev. W. M. Davis, pastor. Sunday School at 10; services at 11 and 8; prayer meeting Wednesday evening at 7:30.

## WOMAN'S BLDG. HAS 26 ON HONOR ROLL

Thirty-Three Per Cent of Dormitory Girls Are Placed on Benny's High Grade List.

More than thirty-three per cent of the girls in the Woman's Building made honor roll grades in the winter term. Twenty-six of the girls actually achieved Dean Benny's roll, while several others in other departments of the University made the high averages, although not on the honor list. Two out of the eleven students making all A's were Woman's Building girls, and one girl made 6 A's. This is an increase over the fall term record.

One of the girls, Miss Ruth Stocking, whose name appeared on the honor roll for the past term, left the University last week to go to Washington, where she has accepted a Government position. She was a Senior in the University, and an assistant in Mathematics. She will work in the United States Bureau of Statistics, in connection with the Food Administration, in Washington. She was chosen for the position because of her qualifications in mathematics.

She left immediately for the Capital City, but she will probably receive her degree anyway doing the remainder of her work by correspondence.

Miss Stocking was also quite a prominent student in all the larger activities of Varsity.

## DISCHMEN START ON INITIAL TRIP LOADED FOR BEAR

Coach Predicts Hard Game With Baylor—Fifteen Men Will Make the Trip.

Monday morning at 10 Coach Disch and his crew of ball-tossers will leave for Waco, where they are to cross bats with the Baylor Bears, returning to Austin Tuesday night. The Longhorns can be none too sure of annexing both games. The Baylor team was defeated twice recently by A & M. Coach Disch has said that it is much easier to beat a team after it has won two games than after it has lost two. Hence, it is expected that the Longhorns will have to extend themselves to duplicate the Aggies' two tricks. Furthermore, the Dischmen appear to have run into a batting slump in the past week.

Yesterday afternoon the coach put the entire squad through a stiff workout. The men came out of the White Sox massacre humbled, but wiser ball players. The Longhorn mentor was extremely fortunate in being able to put his men to such a test at this stage of the season. In Friday's game, some one or two elements in Disch's machine did not exactly crack under the strain, but they did not show the strength that was expected of them. The game with the White Sox has given the coach a good idea of what his men are capable of doing under fire. The test came opportunely. Coach Disch is fortunate in having two complete teams of about equal ability. As a result, when any player slackens his pace he will probably lose his place.

The Aggies have started their season with a rush, having four victories to their credit in the Conference race, two over Baylor and two over T. C. U. Texas has not yet scratched, since the games with Howard Payne are not counted.

Fourteen players and Manager Alfred E. DeViney will accompany Coach Disch to Waco. The remaining men of the squad will work out on Clark Field Monday and Tuesday. Those making the trip are: Hart, Murray, Thomas, Falk, Gillett, Barry, McCullough, Greer, Beall, D. English, W. English, Ross, Collins or Williams, Bolanz or Robertson.

## PRE-MEDICS MEET

Annual Banquet at Next Regular Meeting—Committees Appointed Two New Members.

Texas Pre-Medical students met last Thursday night in the Y. M. C. A. and enjoyed themselves for a short while. A very good attendance was present. It was decided to have the regular annual banquet at the next regular meeting, and at once a committee, composed of the president, Granberry, Mrs. Marshall, and Miss Brooks, was appointed to arrange for same.

During the business session, an amendment was introduced to elect officers for each term, instead of having only one set of officers for the whole year. The amendment was reported on favorably, and will be acted on at the next meeting.

The program for the evening was as follows:

1. Dietetics, by Miss Elizabeth Donaldson, which was enjoyed very much.
2. Clarinet solo, Mr. Seiser.
3. A short talk on "Mumps," by Richard Grandberry. Several interesting points were brought out about this subject which has affected so many students lately.

Two new members were received into the society, who were Miss Virginia Hale and Miss Virginia Weaver.

### HELP GIRLS SAVE TIME.

Filled with the desire of conservation of time some girls have started a move to secure a mechanical pencil sharpener for the Girls' Study Hall. They have placed several contribution boxes around the Main Building, each bearing a sign requesting the passers-by to drop their small change and pennies therein. These are located in the Co-op Building and at the Main Building branch, and at various places in the study hall itself. When a Texan reporter examined the contents of one of the boxes Saturday he found that it contained a rusty nail as well as a paper clip.

## THE DAILY TEXAN

The Student Daily Publication of the University of Texas.

Published every morning except Monday during the college year.

Entered as second-class matter at the Postoffice at Austin, Texas, under the Act of Congress, March 3, 1879.

Subscription price \$2.50 per year—provided for each student through the Student Activity fee.

## BROMIDIC DUTIES.

If the editor of the student paper did not occasionally take it upon himself to reform the mass of young people in school—to change the action of the faculty or some other autocratic sub-organization, he would be scorned and scoffed as a namby pamby, willy-nillying nonentity without a backbone. And his immense stipend would not be forthcoming when he called for it—simply because the students would rebel at reimbursing a jellyfish for his spineless work. So from time to time, when we jut into trite subjects, close your eyes, swallow your medicine, remembering all the time that if we are to hold the right to punch the worn-out keys on this typewriter we must write what our predecessors have written at various times.

And with that lengthy introduction we will say beware of the spring—beware of the effects of the rejuvenated sunshine and the budding trees and poets. And the moon—take great care that this heavenly headlight does not turn your mind to light-headed things. And the call of creeks, the lure of the woodland, the cry of the mountains—all these must be heard with due care and forethought because oftentimes dire results supplement such voices.

Do not allow anything to turn your attention away from your school work. Last year, just about the time spring broke out, war did likewise, and the entire student body had the best alibi in the world. The faculty never had to recognize the general prevalence of a tendency to quit working by allowing us to drop a course and yet receive full credit. But from all appearances, it seems that no such god-send will be ours this year.

So it behooves "each and every" to crack books with due regularity and persistence. War, supposedly, is an old thing now, and we are not to let it mislead our thoughts. Spring is certainly as traditional, and here, too, it is unlikely that any mercy will be shown us if we try to present its coming as an excuse for non-action.

Remember the June finals—and bone occasionally during April and May.

If you failed to set your watch according to the time saving rule of running the hand up one hour, remember that Sunday School and church begin this morning at 8:45 and 10 o'clock, respectively. But if you have compiled with the directions of re-setting your watch, just forget the change and go to services at the regular time.

Seniors should not forget to sign up for the April first picnic

which will be held tomorrow afternoon at six o'clock. This will substitute for the party which was planned for the winter term, and the degree candidates are planning several hours of unrestrained joy.

The Texan wishes to extend to the radio men who have arrived to begin their work here a most sincere welcome. You will live within the environs of an institution that has given the very heart of its being to the winning of the war. Men students were put to more or less trouble in order to vacate a building for you. We have gone out of our way at various times in order to help the Government. And we are ready to sacrifice anything else.

We hope your stay here will be as pleasant as the strenuous duties of the intensive course will allow.

April first, we hope, will bring with it the usual supply of bricked hats, bogus purses, soaped candy, and quinned water. All Fools' Day would not be respected if a single item were missing.

## OFFICIAL NOTICE

In order to place the Engineering Building, as far as possible, at the disposal of the new Radio School, the following rearrangement in the schedule will be effective Monday, April 1:

**Monday, Wednesday, Friday at 9.**  
Electrical Engineering 22, E. B. 102; E. B. 1. English 2.1, E. B. 106; "U" Hall 9. History 2 Quiz, Friday, "U" Hall 9; M. B. 402. Civil Engineering 30, E. B. 209; E. B. 109. Applied Mathematics labc.1, E. B. 210; E. B. 207.

### STIRRING RED-BLOODED BATTLE FOR LIFE IS TERRIBLY REAL.

An authority says:

"After a man has viewed 'When a Man Sees Red,' he finds that his finger-nails have gripped the arms of his chair, and that his forehead is moist with the tenseness of the scenes. It is the kind of picture that words cannot adequately describe. One must see this wonderful picturization of a strong man's emotions.

"I have seen William Farnum in some great pictures, but 'When a Man Sees Red' is greater than any. I can appreciate its exactness of detail. Once I was a sailor, and never have I seen on the screen such remarkable reproductions of sailor life and atmosphere. There isn't a scene in the marine 'locations' or aboard ship that would disturb a mariner's oft ignored ideas of exactness. Your real sailor-man frowns upon the landlubber's interpretations of sea life.

"The shipwreck is wonderful. No one can mistake the absoluteness of the vessel pounding on the rocks, and

her crew and passengers struggling for their lives. One involuntarily holds tight to his chair to keep from slipping when the cabin is flooded with water and the lurchings of the craft in her death struggles are so realistically shown. Of the types they are true to their calling.

"The light effects of the night scenes is an exhibition of magnificent photography, and in the cafes the director, R. A. Walsh, has added touches that to the man of the world are actual-real.

## SOCIETY

Laura Davis, Editor.

### Putnam-McQueen.

Lieut. Paul Putnam and Miss Frances McQueen will be married April 6 at the home of the bride in Hearne. Miss McQueen lived in Austin several years while attending the University of Texas, where she took her Law degree, among the first women of the department, with the class of 1916. She was one of the most popular University girls during her entire stay in school and represented the Kappa Kappa Gamma fraternity, of which she is a member, very creditably on many occasions.

Lieutenant Putnam won his commission at the second training camp at Leon Springs and is now stationed with the Signal Corps at Kelly Field, San Antonio. He is a former University student and member of the Kappa Alpha Fraternity. He was with the Statesman editorial staff for some time and was with the Dallas News when he enlisted in the army.

### Beta Dance.

One of the most delightful dances of the season was given Friday night by the Beta Theta Pi Fraternity. The chapter house was simply but tastefully decorated with flowers and a novel lighting effect was gained by the use of candles along the railings of the stairs. Punch was served throughout the evening and at midnight, salad, ices and coffee were served to the members and their guests. Those favored were: Misses Mary Wilkins, Susie Fisher, Mary Johns, Margaret Bozman, Jeannette Collett, Agnes Doran, Steiner Booty, Margaret DuPuy, Elizabeth Penn, Julia Mae Sheppard, Laura McGee, Louise Bland, Margaret Montgomery, Blanche Lee, Martha Laprelle, Betty Mathis, Aurelia Jones, Dorothy Evans, Katherine Priest. Mrs. Penn chaperoned.

### Phi Gm Dance.

The Phi Gamma Delta Fraternity held its spring term dance at the chapter house last Friday night. A salad and ice course was served at midnight to about twenty-five couples. Among those present were Misses Madeline Blocker, Honey Harwood, Belle Trimble, Gussie Snodgrass, Kathleen McCallum, Pearl Zilker, Hallie Kelley, Katherine Brown, Leonora Bell, Eleanor Covert, Gertrude Bailey, Frances Bussy, Emily Bramlett, Carrie Mae Smith, Olivette Wise, Laura West, Mary Camp, Ruth Chumney, Elizabeth Cartledge, Frances Cummings, Frances Dohoney, May Proctor, Mary Bell Strauss. The chaperones were Mr. and Mrs. Goddard.

Miss Aime Fortier of New Orleans, is the guest of Miss Margaret Montgomery at the home of her aunt, Mrs. Duren. Miss Fortier is a member of the Sophie Newcomb Chapter of Kappa Alpha Theta and is spending a part of her time with the girls at the Theta House.

Major Rufus Scott, Lieuts. Ed Norment, Tom Broad, and Ralph Randolph of Kelly Field are guests at the Phi Delta Theta House.

Mrs. Broad of Paris is visiting her daughter, Miss Dorothy Broad.

Miss Hazel Platt of Groveton is visiting at the Alpha Delta Pi House.

M. C. Nichols is in San Antonio, having gone there to attend the wedding of Floyd McGowan.

Miss Casse Paul has returned from Seton, where she has been ill with the mumps.

Lieut. Albert Graves is spending the week-end at the S. A. E. House.

Claire Reed of the University of Colorado is visiting at the Delta Chi House.

Lieut. A. C. Gillespie will leave soon for a United States flying field. Jack Goforth is spending the week-end at his home in San Antonio.

Misses Ruth Martin, Gladys Bush, and Elizabeth Cartledge will attend the R. V. hop at A. & M. College next Thursday night.

Lieut. Joe Noyes of Camp Travis attended the Phi Delta Theta dance.

Misses Lois Eldridge and Gladys Rountree are spending the week-end in San Antonio.

Mrs. Hopkins, who was injured in a fall, is recovering at the Zeta House.

J. R. Reed of the University of Colorado is visiting at the Phi Gamma Delta House.

Miss Bernice Hartel of Galveston will enter the University Monday for the spring term.

Lieut. Chas. S. Davis, who has been visiting at the Deke House, will return to Rich Field tonight.

Miss Dorothy Miller has returned from a visit to her home in Hillsboro.

Louis Hexter is visiting friends in San Antonio.

Miss Evelyn Byrd is spending the week-end in Dallas.

Miss Eleanor Wright has been forced to withdraw from school on account of illness.

## Trolley Dodgers and Red Sox Will Play in Austin

It would be hard to get together a greater galaxy of famous baseball players than is represented by the Boston American and Brooklyn National League teams, which meet here next Thursday. Among them are Hooper, Hoblitzel, Marquard, Leonard, Evers, Strunk, and Coombs.

The people of Austin will have an opportunity of witnessing the greatest game of baseball ever played in Texas when the Boston and Brooklyn

clubs clash here next Thursday on Clark Field. Both of these teams have been in training for some time and are in mid-season form, so the game promises to be a very close one. All Austin baseball fans will have an opportunity to see their favorite players in action just as they would see them in any big league game.

Manager Walker has just received the line-up of the clubs that will be used in Austin next Thursday:

Brooklyn—Olson, shortstop; O'Mara, second base; Daubert, first base; Myers, center field; Johnston, left field; Hickman, right field; Miller, catcher; Mammox, pitcher; Marquard, pitcher; Coombs, pitcher.

Boston—Hooper, left field; Scott, shortstop; Strunk, center field; McInnis, 3rd base; Hoblitzel, first base; Evers, second base; Agnew, catcher; Ruth, pitcher; Mays, pitcher; Leonard, right field.

## FACE the FACTS

LET us face the facts. The war situation is critical. Unless the Allies fight as they never yet have fought, defeat threatens. Hungry men cannot fight at their best; nor hungry nations. France, England, and Italy are going hungry unless we feed them.

**Wheat Savings**—They must have wheat. It is the best food to fight on. It is the easiest to ship. We alone can spare it to them. By saving just a little—less than a quarter of what we ate last year—we can support those who are fighting our battles. And we can do it without stinting ourselves. We have only to substitute another food just as good.

**The Corn of Plenty**—Corn is that food. There's a surplus of it. Providence has been generous in the hour of our need. It has given us corn in such bounty as was never known before. Tons of corn. Trainloads of corn. Five hundred million bushels over and above our regular needs. All we have to do is to learn to appreciate it. Was ever patriotic duty made so easy? And so clear?

**America's Own Food**—Corn! It is the true American food. The Indians, hardiest of races, lived on it. Our forefathers adopted the diet and conquered a continent. For a great section of our country it has long been the staff of life. How well the South fought on it, history tells. Now it can help America win a world war.

**Learn Something**—Corn! It isn't one food. It's a dozen. It's a cereal. It's a vegetable. It's a bread. It's a dessert. It's nutritious; more food value in it, dollar for dollar, than meat or eggs or most other vegetables. It's good to eat; how good you don't know until you've had corn-bread properly cooked. Best of all, it's plentiful and it's patriotic.

**Corn's Infinite Variety**—How much do you know about corn? About how good it is? About the many delicious ways of cooking it? And what you miss by not knowing more about it? Here are a few of its uses:

There are at least fifty ways to use corn meal to make good dishes for dinner, supper, lunch or breakfast. Here are some suggestions:

<b>HOT BREADS</b>	<b>DESSERTS</b>
Boston brown bread.	Corn-meal molasses cake.
Hoecake.	Apple corn bread.
Muffins.	Dumplings.
Biscuits.	Gingerbread.
Griddle cakes.	Fruit gems.
Waffles.	

### HEARTY DISHES

Corn-meal croquettes.	Corn-meal fish balls.
Meat and corn-meal dumplings.	
Italian polenta.	Tamales.
The recipes are in <b>Farmers' Bulletin 565</b> , "Corn Meal as a Food and Ways of Using It," free from the Department of Agriculture.
